FOREWORD

I grew up surrounded by woods and blueberry fields, and spent much of my childhood outdoors, picking flowers, chasing dragonflies, and collecting leaves. Not surprisingly, I developed an early fascination with nature—a fascination I've never outgrown. When I learned to crochet, I was excited to discover that groups of stitches often resembled natural forms. A few twists of the hook, and I'd find myself looking at the serrated edge of a leaf, the overlapping petals of a flower, or the gentle curve of a butterfly's wing.

This collection includes patterns for many of my favorite flowers, leaves, and insects. From tulips and sunflowers to ivy and maple leaves, the designs reflect the color and variety found in nature itself. Whether your aim is to make a few lacy blossoms, or to create a whole crochet garden, you'll find plenty of inspiration. So gather some colored threads, settle into your favorite chair, and enjoy!

ABOUT THIS BOOK

This book presents an enchanting selection of 100 flower patterns for you to crochet, as well as a selection of stunning and inspirational project ideas. Each of these delicate creations can be used to embellish garments, gifts, accessories, housewares, and much more.

SECTION 1: THE BASICS (PAGES 10–21)

The book begins with basic crochet information about equipment, symbols, abbreviations, and terminology, as well as some notes on how to work the key stitches featured in the book. If you are new to crochet or just need a refresher, you will find all of the know-how you need to get started.

SECTION 2: FLORAL COLLECTION (PAGES 22–43)

The Floral Collection displays the 100 beautiful designs that feature in this book. Flick through this colorful visual guide, select your design, and then turn to the relevant page of instructions to create your chosen piece.

Each design is shown at actual size and in proportion to the others on the page, which gives an idea of size and scale.

Full instructions are provided for each flower design.

SECTION 3: INSTRUCTIONS (PAGES 44–113)

In this chapter you'll find instructions on how to create every design featured in the Floral Collection. The flower designs each feature a chart, finished photograph, and written instructions. This is so that you can use either method or, better still, combine both. All the flowers have been designed for size 10 thread and a size 5 (1.90 mm) hook, and the patterns are organized by degree of difficulty—basic, intermediate, or advanced.

58 FLUMERIA
(Real Garden page 47)

Finished diameter: 2 1/2 in (70 mm)

Thread required: Color A—yellow 3 yd (2.7 m); Color B—light pink, 3 yd (2.7 m)

Foundation ring: Using color A, ch 6 and join with st at first ch.

Row 1: ch 2, st in ring, ch 6 and st in ring. Repeat from * 4 times. Cut off color A.

Row 2: Using color B, st in between two petals, cover it, and into.

Foundation Ring: ch 2, st in top of ch 6 space (dc 3) in st ch 2 (2 st) in next dc; ch 6 in 5 spaces, ch 5 in over it, st and into ring. Repeat from * 4 times.

Row 3: ch 15, st in ch 5 space. Skip hdc, 2 dc in dc (dc 3), st in [2] ch 2, 2 st in ch 2 space (dc 3) in 2 dc in dc. Skip hdc, 5 st in ch 5 space. ** st same as dc and into ring. Repeat from * 3 times, and from ** to ** same more, join with st at st. Fasten off where in ends.

59 CONEFLOWER
(Real Garden page 47)

Finished diameter: 4 in (102 mm)

Thread required: Color A—brown 2 yd (1.8 m); Color B—bright pink, 1 yd (0.9 m)

CENTER

Foundation ring: Using color A, ch 4 and join with st at first ch.

Row 1: ch 1 (counts as st), 1 st in ring, join with st at first ch.

Row 2: ch 1 (counts as st), st in same st as last st in the ring (that joined Row 1), st in middle of the 7 remaining st, join with st at first ch.

Row 3: ch 1 (counts as st), st in the back strand only of 1 st, join with st at first ch.

PETALS

Row 4: ch 1 (counts as st), st in the back strand only of 1 st. Using color B, join with st at first ch. 1. Continue with color B.

Row 5: ch 1 (8 hds in 4th ch from hook. Working back down the petals, ch 1 skip 1 ch and hds in 1 ch) 7 times. ** st in the same as the last st in working in the back strand only of each of the next 17 st in st, st repeat from * to ** all in same st. Fasten off where in ends.

60 TEA TREE BLOSSOM
(Real Garden page 47)

Finished diameter: 1 1/2 in (44 mm)

Thread required: Color A—light green, 2 yd (1.8 m); Color B—white, 1 yd (0.9 m); Color C—bright pink, 2 yd (2.7 m)

CENTER

Foundation ring: Using color A, ch 4 and join with st at first ch.

Row 1: ch 1 (counts as st), 9 st in ring, join with st at first ch.

Row 2: ch 1 (counts as st), st in same st as last st in the ring (that joined Row 1), st in middle of the 8 st. Using color B, join with st at first ch.

PETALS

Row 3: ch 5, st in 1 st. Using color C, st at ch 4 to dc in 1 st, ch 1 and st in ch 4 to dc in 1 st. ** Using color B, st in 1 st, ch 4 and st in next st. Repeat from * 3 times, and from ** same more.

Charts are provided for each design as a visual accompaniment to the written instructions.

Floral cushion
Transform a plain cushion into the focal point of your sofa by adding more eye-catching blooms to the cover. Flowers used here: chrys, rose, daisy, lily.

SECTION 4: PROJECTS (PAGES 114–125)

The beauty of these flower designs is that they can all be used to embellish a number of items, from garments and gifts to home accessories. This chapter presents a selection of ideas to inspire and encourage you to use the featured designs in a variety of ways.

A close-up photograph of each project shows in detail how the item has been made and put together.

The Basics

In this chapter, you will find detailed information on tools, materials, and patterns, as well as all of the crochet techniques you'll need to make the flowers, leaves, and insects in this collection.

TOOLS AND MATERIALS

One of the attractions of crochet flowers is that they do not require a large collection of specialized tools or materials. Select a steel hook, a few brightly colored threads, and a sharp pair of scissors, and you'll be ready to begin.

CROCHET THREAD

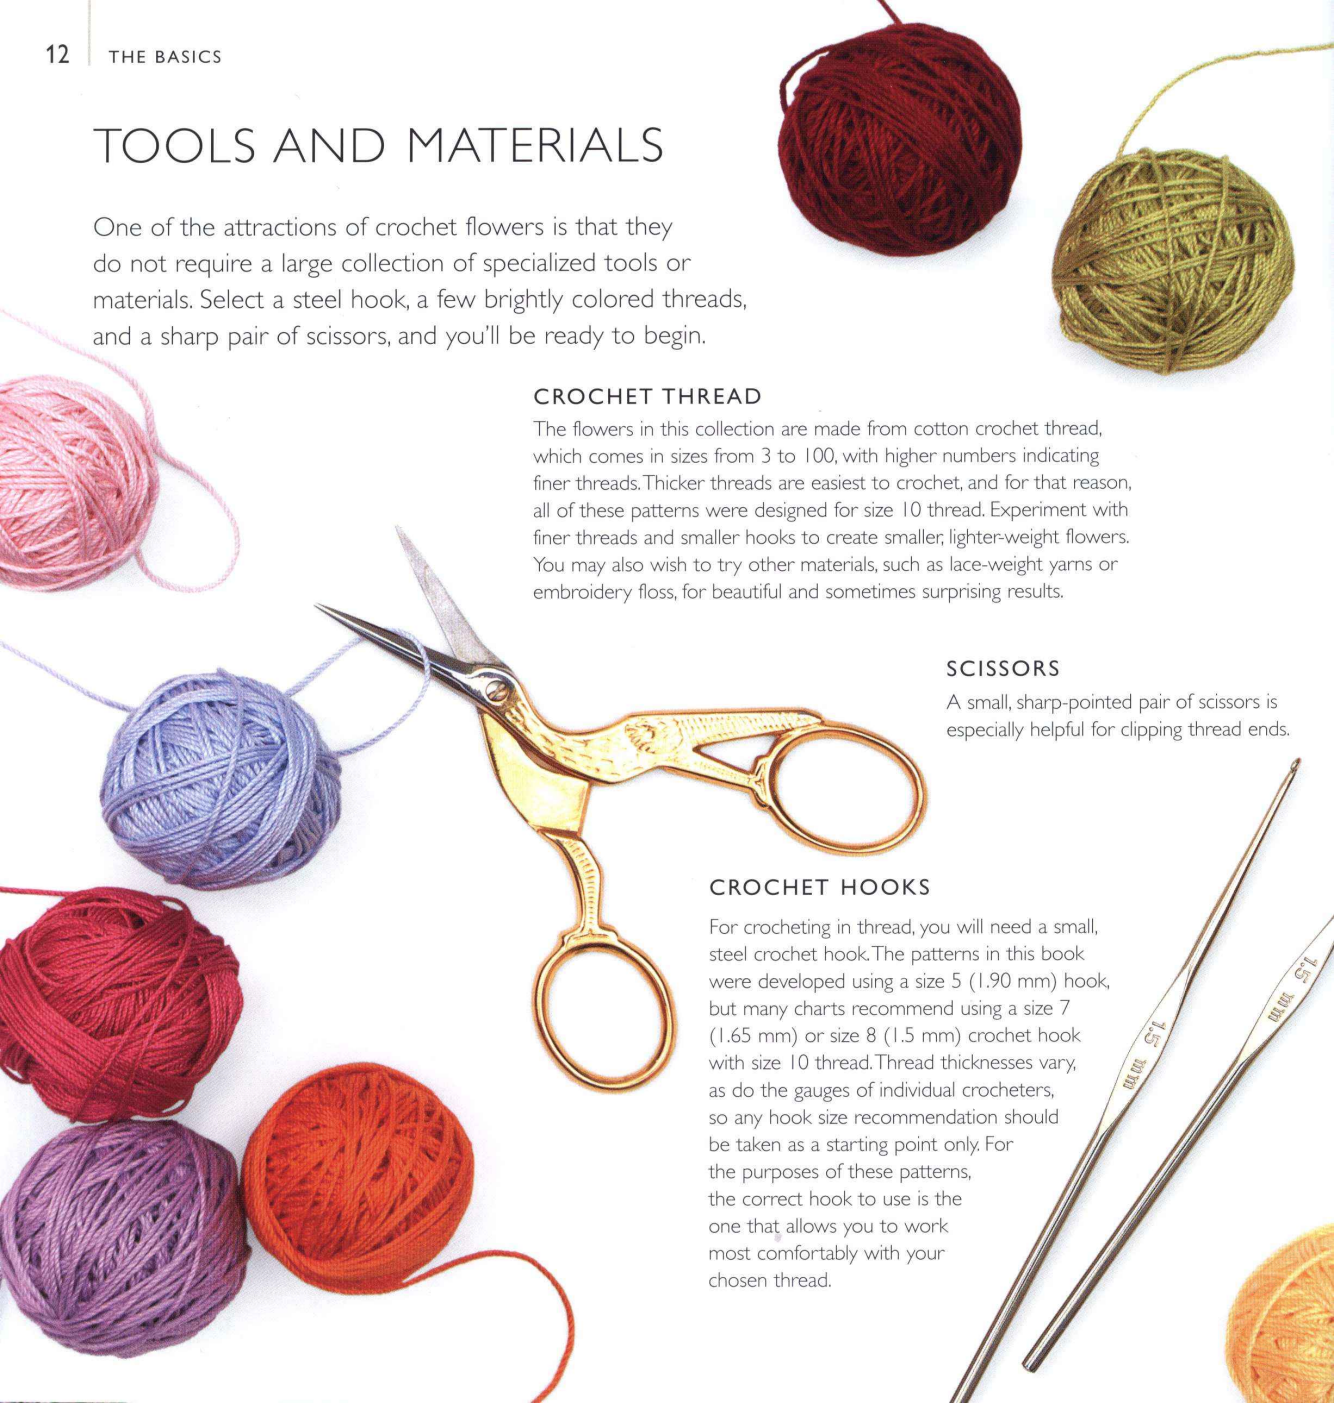

The flowers in this collection are made from cotton crochet thread, which comes in sizes from 3 to 100, with higher numbers indicating finer threads. Thicker threads are easiest to crochet, and for that reason, all of these patterns were designed for size 10 thread. Experiment with finer threads and smaller hooks to create smaller, lighter-weight flowers. You may also wish to try other materials, such as lace-weight yarns or embroidery floss, for beautiful and sometimes surprising results.

SCISSORS

A small, sharp-pointed pair of scissors is especially helpful for clipping thread ends.

CROCHET HOOKS

For crocheting in thread, you will need a small, steel crochet hook. The patterns in this book were developed using a size 5 (1.90 mm) hook, but many charts recommend using a size 7 (1.65 mm) or size 8 (1.5 mm) crochet hook with size 10 thread. Thread thicknesses vary, as do the gauges of individual crocheters, so any hook size recommendation should be taken as a starting point only. For the purposes of these patterns, the correct hook to use is the one that allows you to work most comfortably with your chosen thread.

SYMBOLS AND ABBREVIATIONS

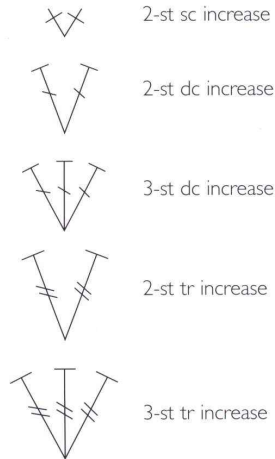

On these pages you will find information on the abbreviations, symbols, and terminology used in the Instructions chapter (see pages 44–113), and elsewhere in this book.

BASIC SYMBOLS AND ABBREVIATIONS

	Chain	ch
	Slip stitch	ss
	Single crochet	sc
	Half double crochet	hdc
	Double crochet	dc
	Treble	tr
	Double treble	dtr
	Work in the single front strand of the stitch below.	
	Work in the single back strand of the stitch below.	
	Work around the stem of a stitch.	
	An arrowhead indicates the beginning of a row or round where this is not immediately apparent.	

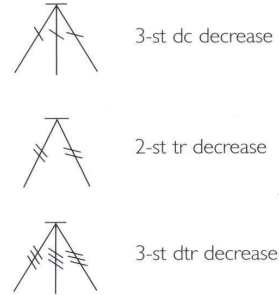

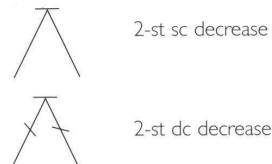

INCREASES

Symbols joined at the base show stitches worked in a single stitch or space to make an increase. They are usually described as "work so many stitches in the next stitch," or at the beginning of a row "work so many stitches in the stitch below."

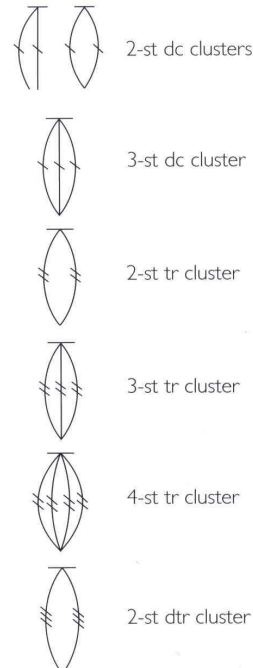

DECREASES

Symbols joined at the top show stitches gathered into one stitch to form a decrease. Each stitch of the group (dc, tr; etc., according to the symbol) is made without working the last wrap (a wrap is: yarn round hook then pull yarn through loop). This leaves one loop on the hook for each incomplete stitch plus the original loop. The decrease is completed by taking the yarn round the hook and then pulling the yarn through all loops on the hook.

CLUSTERS

A cluster is made exactly like a decrease (see left) except that the stitches are all worked in a single stitch or space before being gathered together at the top.

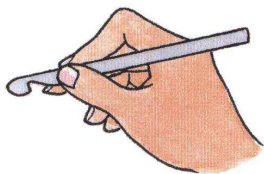

CROCHET REFRESHER COURSE

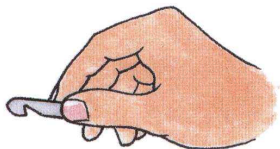

For readers who are new to crochet (and those who could use a review), this section provides instruction on the stitches used in this book. If you've never crocheted before, start by working the stitches with a large crochet hook in medium-weight yarn. Once you are comfortable with them, switch to thread.

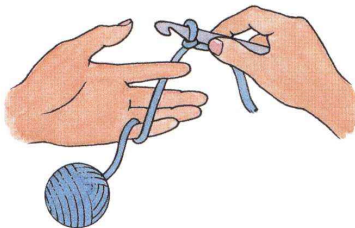

HOLDING THE HOOK AND YARN

1 Holding the hook as if it were a pen is the most widely used method. Center the tips of your right thumb and forefinger over the flat section of the hook.

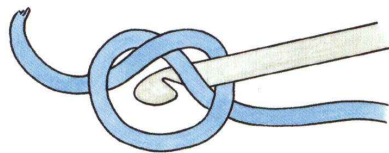

2 An alternative way to hold the hook is to grasp the flat section of the hook between your right thumb and forefinger as if you were holding a knife.

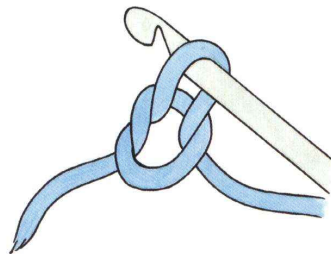

3 To control the supply and keep an even gauge on the yarn, hold the short end of the yarn in place with your right thumb. Take the yarn coming from the ball loosely around the little finger of your left hand and loop it over the left forefinger. Use the middle finger on the same hand to help hold the work. If you are left-handed, hold the hook in the left hand and the yarn in the right.

MAKING A SLIP KNOT

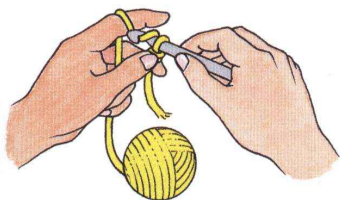

1 Loop the yarn as shown, insert the hook into the loop, catch the yarn with the hook, and pull it through to make a loop over the hook.

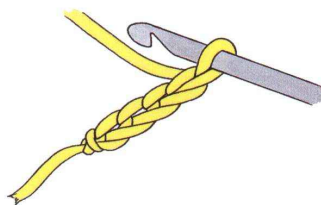

2 Gently pull the yarn to tighten the loop around the hook and complete the slip knot.

WORKING A FOUNDATION CHAIN (CH)

The foundation chain is the equivalent of casting on in knitting and it's important to make sure that you have made the required number of chains for the pattern you are going to work. Count each V-shaped loop on the front of the chain as one chain stitch, except for the loop on the hook, which is not counted. You may find it easier to turn the chain over and count the stitches on the back of the chain. When working the first row of stitches (usually called the foundation row) into the chain, insert the hook under one thread or two, depending on your preference.

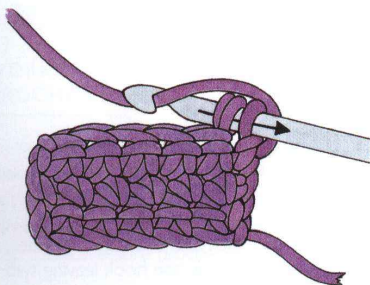

1 Holding the hook with the slip knot in your right hand and the yarn in your left, wrap the yarn over the hook. Draw the yarn through to make a new loop and complete the first chain stitch.

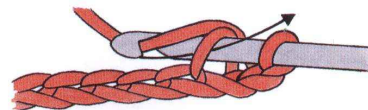

2 Repeat this step, drawing a new loop of yarn through the loop already on the hook until the chain is the required length. Move the thumb and second finger that are grasping the chain upward after every few stitches to keep the gauge even. When working into the chain, insert the hook under one thread (for a looser edge) or two (for a firmer edge), depending on your preference.

WORKING A SLIP STITCH (SL ST)

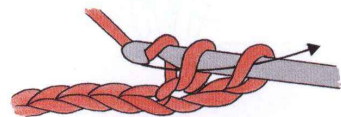

Slip stitch is the shortest of all the crochet stitches and its main uses are for joining rounds, making seams, and carrying the hook and yarn from one place to another. Insert the hook from front to back into the required stitch. Wrap the yarn over the hook (yarn over) and draw it through both the work and the loop on the hook. One loop remains on the hook and one slip stitch has been worked.

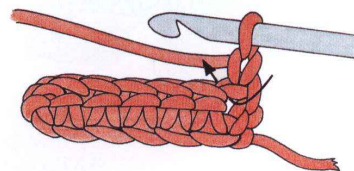

WORKING A SINGLE CROCHET (SC)

1 Begin with a foundation chain (see left) and insert the hook from front to back into the second chain from the hook. Wrap the yarn over the hook (yarn over) and draw it through the first loop, leaving two loops on the hook.

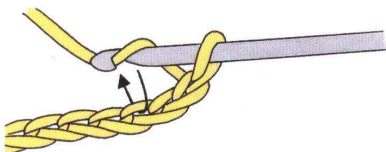

2 To complete the stitch, yarn over and draw it through both loops on the hook, leaving one loop on the hook. Continue in this way, working one single crochet into each chain.

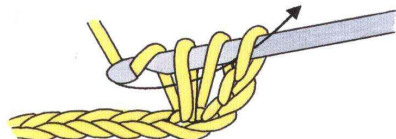

3 At the end of the row, turn and work one chain for the turning chain (remember that this chain does not count as a stitch). Insert the hook into the first single crochet at the beginning of the row. Work a single crochet into each stitch of the previous row, being careful to work the final stitch into the last stitch of the row, but not into the turning chain.

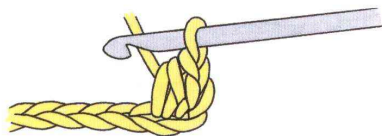

WORKING A HALF DOUBLE CROCHET (HDC)

1 Begin with a foundation chain (see page 15), wrap the yarn over the hook (yarn over), and insert the hook into the third chain from the hook.

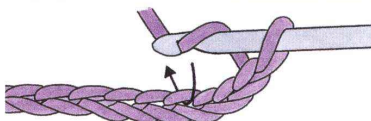

2 Draw the yarn through the chain, leaving three loops on the hook. Yarn over and draw through all three loops on the hook, leaving one loop on the hook. One half double crochet complete.

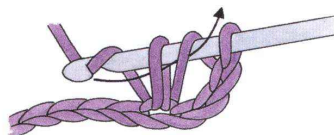

3 Continue along the row, working one half double crochet into each chain. At the end of the row, work two chains to turn. Skip the first stitch and work a half double crochet into each stitch made on the previous row. At the end of the row, work the last stitch into the top of the turning chain.

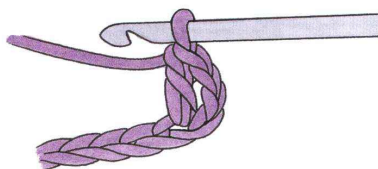

WORKING A DOUBLE CROCHET (DC)

1 Begin with a foundation chain (see page 15), wrap the yarn over the hook twice (yarn over twice), and insert the hook into the fifth chain from the hook.

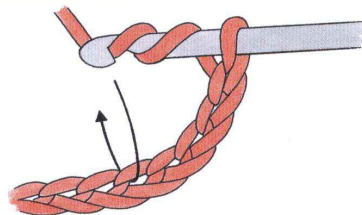

2 Draw the yarn through the chain, leaving four loops on the hook. Yarn over again and draw the yarn through the first two loops on the hook, leaving three loops on the hook.

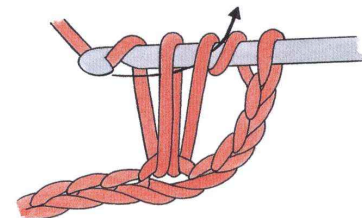

3 Yarn over and draw the yarn through the two loops on the hook leaving one loop on the hook. One double crochet complete. Continue along the row, working one double crochet stitch into each chain. At the end of the row, work three chains to turn. Skip the first stitch and work a double crochet into each stitch made on the previous row. At the end of the row, work the last stitch into the top of the turning chain.

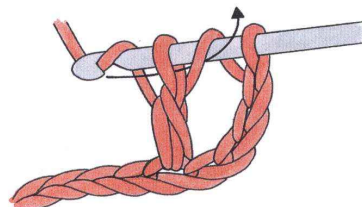

WORKING A TREBLE CROCHET (TR)

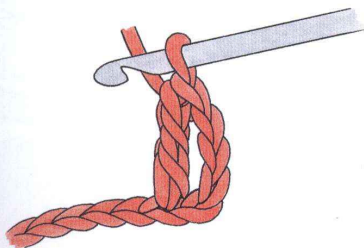

1 Begin with a foundation chain (see page 15), wrap the yarn over the hook twice (yarn over twice), and insert the hook into the fifth chain from the hook.

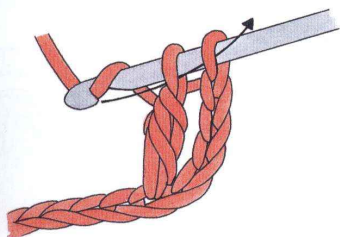

2 Draw the yarn through the chain, leaving four loops on the hook. Yarn over again and draw the yarn through the first two loops on the hook, leaving three loops on the hook.

3 Yarn over again and draw through the first two loops on the hook leaving two loops on the hook.

4 Yarn over again and draw through the two remaining loops, leaving one loop on the hook. Treble crochet is now complete.

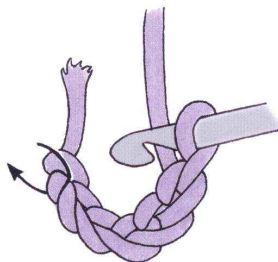

5 Continue along the row, working one treble crochet stitch into each chain. At the end of the row, work four chains to turn. Skip the first stitch and work a treble crochet into each stitch made on the previous row. At the end of the row, work the last stitch into the top of the turning chain.

WORKING A DOUBLE TREBLE CROCHET (DTR)

A double treble stitch is similar to a treble. To make this stitch, follow the treble instructions, but at step 1, wrap the yarn over the hook three times. Work step 2, and then work step 3 twice, before proceeding to step 4.

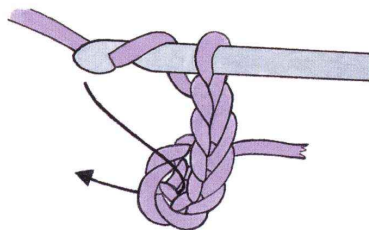

WORKING IN ROUNDS

Most flowers are worked in rounds, which means that they are worked outward from a central ring called a foundation ring.

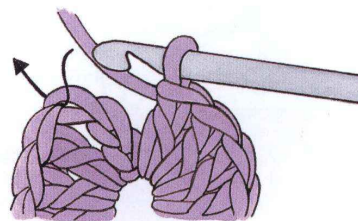

Making a foundation ring

Work a short length of foundation chain (see page 15) as specified in the pattern. Join the chains into a ring by working a slip stitch into the first stitch of the foundation chain.

Working into the ring

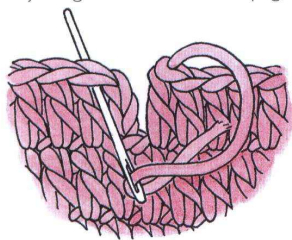

Work the number of turning chains specified in the pattern—three chains are shown here (counting as a double crochet stitch). Inserting the hook into the space at the center of the ring each time, work the number of stitches specified in the pattern into the ring. Count the stitches at the end of the round to check you have worked the correct number.

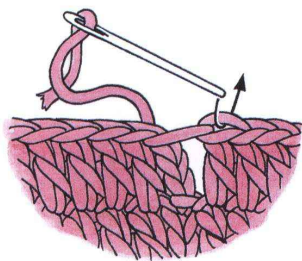

2 Join the first and last stitches of the round together by working a slip stitch into the top of the turning chain.

FINISHING OFF THE FINAL ROUND

To make a neat edge, finish off the final round by using this method of sewing the first and last stitches together in preference to the slip stitch joining method shown on page 17.

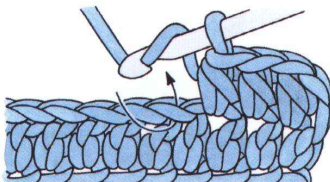

1 Cut the yarn, leaving an end of about 4 in (10 cm) and draw it through the last stitch. With right side facing, thread the end in a large tapestry needle and take it under both loops of the stitch next to the turning chain.

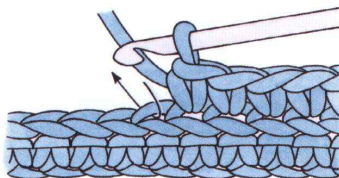

2 Pull the needle through and insert it into the center of the last stitch of the round. On the wrong side, pull the needle through to complete the stitch, adjust the length of the stitch to close the round, then weave in the end on the wrong side in the usual way.

WORKING INTO THE FRONT AND BACK OF STITCHES

Unless pattern details instruct you otherwise, it's usual to work crochet stitches under both loops of the stitches made on the previous row.

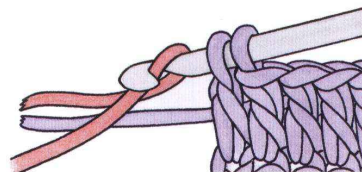

**Working into the front**

When instructions tell you to work into the front of the stitches, insert the hook only under the front loops of stitches on the previous row.

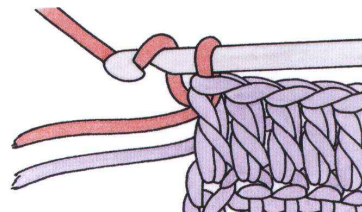

**Working into the back**

Likewise, to work into the back of the stitches, insert the hook only under the back loops of stitches on the previous row.

CHANGING COLORS

1 To make a neat join between colors, leave the last stitch of the old color incomplete so there are two loops on the hook and wrap the new color around the hook.

2 Draw the new color through to complete the stitch and continue working in the new color. The illustrations show a color change in a row of double crochet stitches—the method is the same for single crochet and other stitches.

BLOCKING

Some flowers, particularly those with very broad or long petals, will have a tendency to curl or twist when they are first crocheted. You can correct this by soaking the flower in cold water, pressing it to the desired shape, and setting it on a towel until it is completely dry.

STEMS AND LEAVES

For some projects, you may wish to have stems and leaves for your flowers. There are several methods of making them, including an adaptable stem and leaf pattern, shown here, and other generic leaf patterns, shown on pages 20–21.

ADAPTABLE STEM AND LEAF PATTERN

Adapt this pattern to suit your flower:

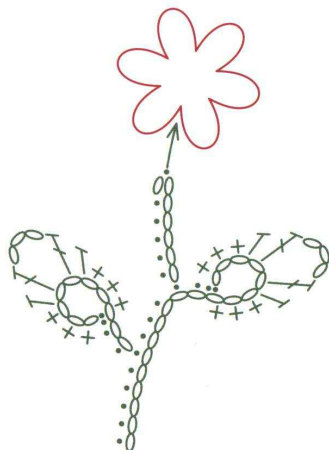

Lower stem: Make a chain of the desired length.

Right Leaf: ch 2 to form the leaf's stem. ch 8, and sl st in 8th ch from hook to form a ring. Bypass stem (pass thread under the stem), and work the following stitches into the ring: [3 sc, hdc, dc, ch 3, dc, hdc, 3 sc]. sl st in the same ch as last sl st (at the base of the ring), and in the 2 ch of the leaf's stem.

Upper Stem: Make a chain long enough to attach to the back of the flower (usually at least 6 ch). Join to the back of the flower with a sl st. (Depending on the project, you can also leave the flower off and sew or glue it to the stem later.) ch 1. Starting in the 3rd ch from the hook, sl st back down the stem, until you get to the desired location of the left leaf.

Left Leaf: Repeat Right Leaf.

Lower Stem: sl st in each of the stem's remaining ch. Fasten off; weave in ends.

Small, grouped leaves with chamomile, page 55

This pattern can be modified in a variety of ways:

- **Make single or multiple leaves** on each side.
- **Create bigger or smaller leaves** by changing the size of the leaf's foundation ring, and by increasing or decreasing the number of stitches you work into the ring. (Generally, you'll want to work about 2 more stitches into the ring than there are chains. For example, if you chain 6 for your foundation ring, you'll likely work 8 stitches into that ring.)
- **Change the shape of the leaf** by changing the stitches you use: the pattern above uses a progression of single, half double, and double crochets, but you can use only single crochets to make a smaller, rounder leaf, or add taller stitches like trebles to make a larger, flatter leaf.
- **For a small, flat leaf**, dispense with the foundation ring altogether and make the leaves as in the burning bush branch pattern on page 84. (That pattern also illustrates a method of making a sharper-pointed leaf with a picot or small loop at the tip.)
- **Try grouping small leaves together** on a stem, to form a lacy leaf cluster.

GENERIC LEAF PATTERNS

These leaves do not represent any specific plant but can be paired with any of the flowers in the book. Patterns for any unlabeled leaves in the Floral collection (pages 22–43) can be found here.

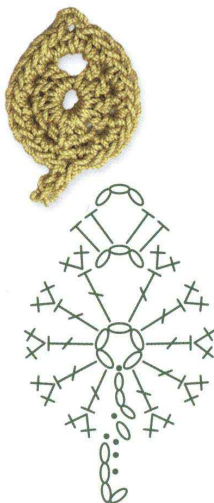

Finished length: 1½ in (35 mm)
Thread required: green, 2 yd (1.8 m)

Foundation ring: ch 5, and join with sl st in first ch.

Rnd 1: ch 3 (counts as dc). [5 dc, ch 3, 5 dc] in ring. Join with sl st in 3rd ch of initial ch 3.

Rnd 2: ch 1 (counts as sc). 2 sc in each of 5 dc. [2 hdc, ch 3, 2 hdc] in ch 3 point. 2 sc in each of 5 dc. Join with sl st in initial ch 1.

Stem: ch 4. Working back up stem, skip 2 ch, and sl st in 2 ch. Join with sl st in the base of the leaf. Fasten off; weave in ends.

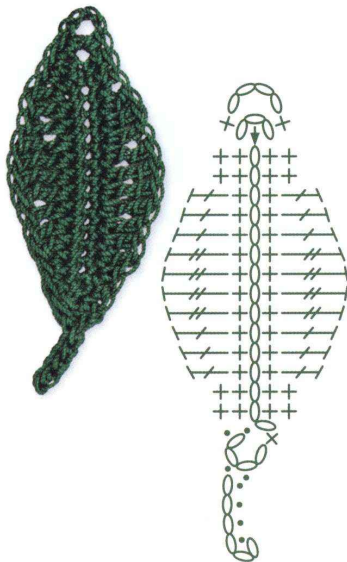

Finished length: 2½ in (64 mm)
Thread required: green, 3 yd (2.7 m)

Foundation chain: ch 15.

Rnd 1: Working back up the chain, skip 1 ch, and sc in 13 ch. [sc, ch 3, sc] in 1 ch. Continuing down the other side of the ch, sc in 13 ch. Join with sl st in the ch at the base of the leaf.

Rnd 2: ch 1 (counts as sc). ch 3, and sc in same ch as last sl st. *sc in 2 sc, and dc in 3 sc, tr in 4 sc. dc in 3 sc, and sc in 2 sc.** [sc, ch 4, sc] in ch 3 point. Repeat from * to **. Join with sl st in initial ch 1.

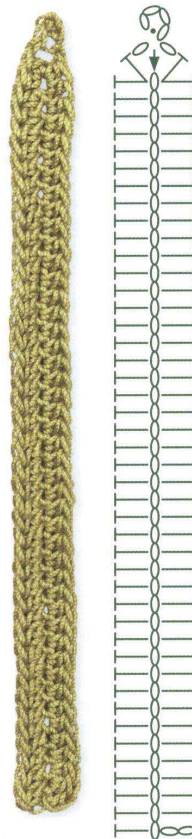

Stem: sl st in ch 3 point. ch 6. Working back up stem, skip 2 ch, and sl st in 4 ch. Join with sl st in the ch 3 point. Fasten off; weave in ends.

Finished length: 4¾ in (121 mm)
Thread required: green, 5 yd (4.6 m)

Foundation chain: ch 44.

Rnd 1: ch 2 (counts as hdc). Beginning in 4th ch from hook, hdc in 42 ch. In next ch: [2 hdc; ch 5 and sl st in 4th ch from hook to form loop; ch 1; 2 hdc]. Continuing down the other side of the chain, hdc in 43 ch. Fasten off; weave in ends.

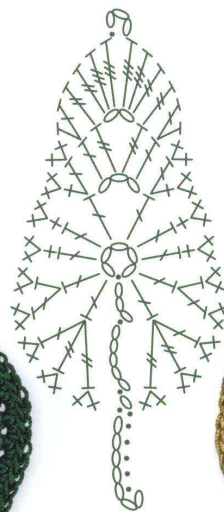

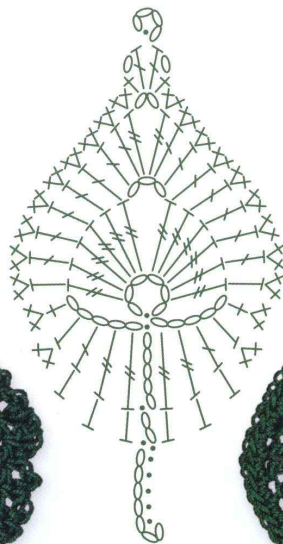

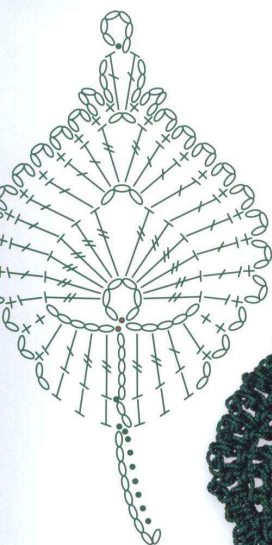

Finished length: 2¾ in (70 mm)
Thread required: green, 2 yd (1.8 m)

Foundation chain: ch 19.

Rnd 1: Working back up the chain, skip 1 ch, and sc in 17 ch. [sc, ch 3, sc] in 1 ch. Continuing down the other side of the ch, sc in 17 ch. Join with sl st in the ch at the base of the leaf.

Stem: ch 7. Working back up stem, skip 2 ch, and sl st in 5 ch. Join with sl st in the ch at the base of the leaf. Fasten off; weave in ends.

Finished length: 3 in (76 mm)
Thread required: green, 6 yd (5.5 m)

Foundation ring: ch 6, and join with sl st in first ch.

Rnd 1: ch 5. 6 tr in ring. ch 3. 6 tr in ring. ch 5. sl st in ring.

Rnd 2: ch 5 (counts as tr). [2 tr; dc, hdc, sc] in ch 5 space. hdc in 1 tr: dc in 5 tr: [2 dc, tr; ch 2, tr; 2 dc] in ch 3 point. dc in 5 tr: hdc in 1 tr: [sc, hdc, dc, 2 tr] in ch 5 space. Join with sl st in 5th ch of initial ch 5.

Rnd 3: ch 2 (counts as hdc). hdc in 2 tr; and in dc. [ch 2, sc] in hdc, in sc, and in hdc. [ch 3, sc] in 7 dc, and in tr: ch 4. Work the following stitches in the ch 2 point: [sc; ch 3; dc; ch 6 and sl st in 6th ch from hook to form loop; dc; ch 3; sc]. ch 4. [sc, ch 3] in tr; and in 7 dc. [sc, ch 2] in hdc, in sc, and in hdc. hdc in dc, and in 2 tr: join with sl st in 2nd ch of initial ch 2.

Stem: ch 7. Working back up stem, skip 2 ch, and sl st in 5 ch. Join with sl st in the base of the leaf. Fasten off; weave in ends.

Finished length: 2¾ in (70 mm)
Thread required: green, 6 yd (5.5 m)

Foundation ring: ch 6, and join with sl st in first ch.

Rnd 1: ch 5. 6 tr in ring. ch 3. 6 tr in ring. ch 5. sl st in ring.

Rnd 2: ch 5 (counts as tr). [2 tr; dc, hdc, sc] in ch 5 space. hdc in 1 tr: dc in 5 tr: [2 dc, tr; ch 2, tr; 2 dc] in ch 3 point. dc in 5 tr: hdc in 1 tr: [sc, hdc, dc, 2 tr] in ch 5 space. Join with sl st in 5th ch of initial ch 5.

Rnd 3: ch 2 (counts as hdc). hdc in 2 tr; and in dc. 2 sc in each of the next 11 stitches. Work the following stitches in the ch 2 point: [sc; ch 1; dc; ch 4 and sl st in 4th ch from hook to form loop; dc; ch 1; sc]. 2 sc in each of the next 11 stitches. hdc in dc, and in 2 tr: join with sl st in 2nd ch of initial ch 2.

Stem: ch 7. Working back up stem, skip 2 ch, and sl st in 5 ch. Join with sl st in the base of the leaf. Fasten off; weave in ends.

Finished length: 2¾ in (70 mm)

Using color A, ch 20, ch 5, and sl st in 5th ch from hook, to form the leaf's foundation ring. Bypass stem (pass thread under the stem), and work in the ring: [ch 4, tr; ch 1, tr; ch 4, sl st] 3 times. Reach hook under the leaf, and sl st in the first ch of the last ch 5 (the stitch at the base of the ring). Working back down the stem, sl st in next 3 ch, ch 5. Skip 2 ch, and sl st in 20 ch. (Only sl st in empty chains; do not sl st in the base of the leaf's stem.) Fasten off color A.

FLOWER

Using color B, ch 14. *ch 6, sl st in 6th ch from hook. Working back down the ch 14, sl st in 1 ch. Repeat from * 13 times. As you work the chain, it will want to coil into a spiral. When you've finished, gather it into a tight spiral, so that the hook is at the bottom. Remove hook, insert it down through the top of the spiral just to one side of the center; and pull the loop of thread through. Remove hook, insert it up through the bottom of the spiral on the opposite side of the center; and pull the loop back down through. Attach the flower to the top of the stem with a sl st. Fasten off; weave in ends.

Projects

The flowers in this book can be used to decorate almost anything and everything. These inspirational projects demonstrate just a few suggestions, from decorations to accessories, from gifts to housewares.

Fall place settings

Apply flowers and leaves to place mats and napkin rings to create bright and welcoming place settings. Flowers used here: black-eyed Susan, oak leaf, marigold, rowan leaf, California poppy, impatiens, gazania, birch leaf.

Colorful corsage

Sew together a selection of your favorite flowers to create a unique corsage that will make a pretty addition to any outfit. Flowers used here: fern, dusty miller, orchid, clover with flower, snow on the mountain.

Christmas mirror

Add lace flowers to your Christmas decorations and adorn a mirror with seasonal (or unseasonal) foliage. Flowers used here: poinsettia, holly, ivy, cypress vine, columbine, burning bush branch.

Blossom branches

Brighten a dark corner by tying small blossoms to fairy lights attached to branches. Flower used here: jasmine.

Flower power garland

Create a striking visual display by stringing a number of colorful flowers together and hanging the garland in a prominent place. Flowers used here: coleus leaf, rain lily, hibiscus, dianthus, petunia, impatiens, cosmos, lily, African daisy.

Spring tea cozy

Enliven a tea cozy by appliqueing a selection of spring flowers to the lid and sides. Flowers used here: daffodil, primrose, flax, bellflower, fern, cloudless sulphur butterfly.

Baby booties

Personalize a pair of baby booties by attaching a small flower to each one. Flowers used here: (left) chicory; daisy, (right) aster.

Floral cushion

Transform a plain cushion into the focal point of your sofa by sewing some eye-catching blooms to the cover. Flowers used here: clematis, coneflower, lily.

100 Lace Flowers to Crochet

Re-create the beauty of a summer garden with this gorgeous selection of flowers, leaves and plants to crochet. From lacy blossoms to delicate ferns, you'll find patterns to suit any color, style or season. Small

and quick to crochet, these flowers work wonderfully as accents for larger projects, as a creative use for leftover thread or a colorful introduction to thread crochet.

Whether you're new to thread crochet, or a longtime enthusiast, you'll find clear instructions, along with all the basics needed.

With the color and variety of their outdoor counterparts, these flowers can be used to embellish clothing and housewares, create decorative arrangements or wall hangings, make lovely and original cards, and more!

Caitlin Sainio has been crocheting for most of her life, and especially loves the delicate geometries of thread crochet. Trained as a mechanical engineer, she's turned her engineering talents to crochet design, concentrating particularly on flowers, snowflakes, and the other beautiful patterns found in nature. She is the author of *100 Snowflakes to Crochet*.
