Hello!

*I'm walking on sunshine, whoaaaa... it's hard not to get joyous songs like that stuck in your head when you flick through this all-new, bustling issue of Let's Get Crafting. It's just happiness personified! From the rainbow-esque bear (p42) to the **knitted pigs** having a party on page 8, there's certainly something to be giddy about.*

It all started with this edition's **fantabulous yarn kit**. Your Esme collection is brimming with eight bright colours that work brilliantly together, no matter the combination. Your pack also comes with a **3mm gold hook** – let me hear your 'oooh's – and a pair of 3mm bamboo needles. So there's nothing stopping you from crafting right away.

We've pulled out all the stops when it comes to toys. Noodle the sausage dog (p10) is an absolute hero, the **knitted seahorses** (p44) are undeniably lovely, and our **crocheted prince and princess** (p13) will certainly melt your hearts. I've also been utterly obsessed with Nancy; this lovingly crafted doll is busy doing her weekly shop over on page 33.

More delight abounds. Part four of our **baby playmat crochet-along** brings everything together and the result is truly mesmerising – take a look-see on page 20. I've gathered together some crafty ideas for your next camping trip (p26) and there's a rather **wonderful poem** on page 41 for you to enjoy as well.

Happy crafting, everyone.

CREATE AMBIENCE WITH

Stuart Hillard

The end of summer is almost here and it's bittersweet. I don't want the light evenings to end, and I've got so used to living outdoors that it's going to be hard to retreat back inside for autumn. Yet I love this time of year too... the colours are so intense, even the sun-parched grass has a glint of gold. Our yarn pack this issue reflects those gorgeous hues. The mauve, purple and yellow are just like the velvety pansies that I plant every year in tubs outside my kitchen door. The latte and orange work beautifully together, and teamed with the pink will bring a tropical flavour to any project. The colours remind me of blended fruits; all I need is a tall glass and paper umbrella, and I could believe that summer will last forever! There's also a rich and glossy green, like leaves in a jungle, and if nature has taught me one thing it's that green goes with everything. Grab your needles or hook and let's get crafting right away! Why not throw a party and adorn the table with yarn-decorated candle holders? Use a clean jam jar and soak the label off before you start. Either tie a 'foundation' yarn around the top of the jar or crochet a chain if you prefer. Cut long strands, loop through the foundation and tie with a lark's head knot. Repeat this all around the foundation using an even number of strands. You could trim them to create a fringe or start knotting them together to make a net over the surface. Repeat until you have at least three or four rows of knots, then snip the ends evenly to create a final fringe. Pop a battery-powered tealight in the bottom of the jar and get ready to party!

ADDING HAIR

Cut strands of Sunset Orange 30cm long for Princess hair and 12cm long for Prince hair. Add hair to Rnds 1-4 of Head, by folding two strands of yarn together, then inserting your hook around the post of a stitch where you want to add the hair on the head. Catch the centre fold of the strands with your hook. Pull the strands under the stitch to make a loop on the other side, just large enough to pull the tail ends through, then cinch into a knot close to the head. Trim to length. Tie back front strands for princess.

Rnds 6-17: 1dc in each st to end Fasten off

to make up

Firmly stuff Head. Add hair (see panel). Sew Head to Body, embroider mouth over Rnds 15-16 using Coral Pink. Using black embroidery thread, stitch two eyelashes by each eye of Princess.

Add blusher to cheeks (optional). Leaving Arms unstuffed, attach to either side of Body. Sew Tunic Bottom or Skirt to Rnd 22 of Body. Sew Crown to Head and Epaulettes to top of Prince's arms. Weave in all ends

TOP TIP

MANY SECTIONS ARE WORKED IN CONTINUOUS RNDs SO PLACE A ST MARKER IN THE TOP OF THE FIRST ST TO MARK THE START OF A RND

Blow the cobwebs away with these quick-knit kites by **DAWN FINNEY** and see if you can get the decorated tails to flutter in the wind! Keep an eye on your tension to give a firm fabric, and if you've not knitted an i-cord before, this is a great project to give it a go. These kites are also perfect for appliqué onto projects; why not brighten up a blanket or transform plain cushions?

DIANNE WINS THREE BALLS
OF LA MIA BLA BLA YARN
FROM HOBIUM,
HOBIUMYARNS.COM

HEAR US ROAR

I thought you might like to see the mini dinos I knitted from issue 110 – I just love Sachiyo Ishii's patterns. They are made using variegated yarns from my stash. I also crocheted some shells for them to hatch out of. I gave them to my grandchildren for Easter and they loved them!

DIANNE JONES, SOUTH WALES

TUTU CUTE

I've been crocheting for around eight years. I learned when I was pregnant with my son and came down with the flu. I was staying with my mum at the time, and we worked from an old book she had – I was so ill, it was all I could do to sit all day and crochet and it finally sunk in! I've been designing amigurumi for about a year now, and this is my latest pattern: a ballerina called Betty.

**KATE MCCULLY,
EASTBOURNE**

CHASING RAINBOWS

I made this small selection of tiny teds for my latest craft fair stall. After running out of bear-coloured yarn, I decided to make this latest batch in rainbow shades. It was hard to part with them on the day as each sale messed up my rainbow! But I'm happy to report that all of them found good homes in the end.

KATH GLOVER, CHESHIRE

SATISFIED CUSTOMER

I crocheted this little ballerina elephant from your 50 Toys to Crochet bookazine. She was a gift for a friend's baby, along with a mouse. I really enjoyed making them, and the baby was delighted too! Since then I have become absolutely addicted to crochet and have made many more amigurumis.

SAFFRON JONES, CUMBRIA

EXPECTO PATRONUM

My family are Harry Potter nuts and when these kits became available at Aldi I just couldn't resist. It's my niece and nephew's christening soon and I couldn't think of a better present for them. I've been crocheting since my gran taught me at the age of six, but I've only been making toys for the last five years.

TERI HAMILTON, NORTH LINCOLNSHIRE

"I paint and decoupage pebbles, which are hidden for others to find and keep or rehide. Thousands do it!"

RACHEL LEE

"Sewing – I just recycled an old apron into a shopping bag"

MARIAN WHITE

"Draw, paint, sculpt, make bath bombs, paint board game miniatures, and crochet – I'll try anything!"

SOPHIE BROWN

"The only thing I totally failed to do was tatting; my great aunt got so frustrated trying to teach me that she threw the shuttle at me"

JANET JOHNS

UTTERLY PURR-FECT

Hi Let's Get Crafting. I was inspired to make this after reading *Puss in Boots* to children at the school where I'm a Teaching Assistant. I told them I would use my magic and bring him to life – they were very excited! So I looked and found the pattern amongst my huge Jean Greenhowe collection, and now he's ready to see the children. I hope they like him.

DONNA CHRISTLOW, COUNTY DURHAM

STRIPY STAR

Thank you for liking my hoodie on Facebook! This is Sophie Rose, my first and only grandchild. My daughter-in-law loves hoodies and so I designed this one for Sophie. It was knitted in James C. Brett Party Time PT1. I saw the leggings in a craft shop in Ballycastle, Northern Ireland, and just had to buy them to complete the outfit. She's been the star of nursery in it and I think I may have to open up an order book for them.

CHRISTINE STRINGER, NORTHERN IRELAND

STASH MAKE

Here's my little ombré creation made from your Juliet yarn pack from many issues back. I chose TOFT's Bridget the Elephant pattern and I made her for my friend's daughter. I thought a nice bright colour would make her stand out. She reminds me of a sunset! I am pleased to say her new owner is very happy.

SARAH STEVENS, SHROPSHIRE

CLASS ACT

Hello! I crocheted this super cute Poppy the Penguin using a Wool Couture kit. The yarn I used was Beau Baby DK Yarn and I really enjoyed making it. My granny taught me to crochet but I did struggle, so two years ago I joined a beginner's class where I live and it's the best thing I've ever done. I am literally hooked. I find crocheting very mindful and I love creating different things.

“Welcome
to the last
part of our

baby playmat crochet series, everyone! This time we're not only using the plushy pineapple stitch, but making more fun zig-zag squares, plus another pocket with a tinkling bell attached. Then we'll be ready to block our squares and join them all together! Remember that if you're planning to give the finished blanket to a very young baby, sew on the embellishments really securely and leave off any hard decorations, like the bell. If you've missed the first three instalments, visit topcrochetpatterns.com and search 'playmat' to download them. I really hope you've enjoyed these designs, have learned some new stitches, and that your playmat will become a family treasure!”

LET'S GO CAMPING

ENJOY THE GREAT
OUTDOORS EVEN MORE
WITH OUR CRAFTY
ACCOMPANIMENTS

We love camping at Let's Get Crafting. It feels like a real adventure – cooking outdoors, embracing nature and, in an ideal world, sleeping under the stars. But it goes without saying that it can prove tricky being without your essentials. So how about surrounding yourself and your loved ones with some handcrafted home comforts? It's sure to make your trip even more incredible. And if you don't have a camping trip on the cards... who's to say you can't have a faux getaway in your garden? We're all for it.

On the road again

It doesn't matter if you are a glamping goddess or prefer roughing it, you deserve pretty crocheted accessories for your trip. We've got you sorted with a cover for your inflatable pillow, a holder for your water bottle and a sturdy bag for odds and sods. The latter features a gorgeous caravan motif, but we've also got options for you to work up a campervan or tent as well. Find the pattern and charts at topcrochetpatterns.com

Make it pretty!

Take bunting – better still, make your own! – and battery-operated fairy lights to create a cosy, decorative feel

CAN'T BEAT A CLASSIC

Isn't this blanket incredible? Sian Brown's design uses intarsia colourwork and moss stitch to create the traditional tartan effect and, let's face it, a picnic's not a picnic without a dash of tartan. Discover the pattern at letsknit.co.uk.

DON'T FORGET TO
TAKE MARSHMALLOWS
FOR TOASTING!

GAME ON

One of the best things about a holiday is the games, whether it's cards or something more active at the campsite. You can't deny that tic-tac-toe is a firm favourite too - it's easy to learn and small enough to transport. Make our crochet version at topcrochetpatterns.com.

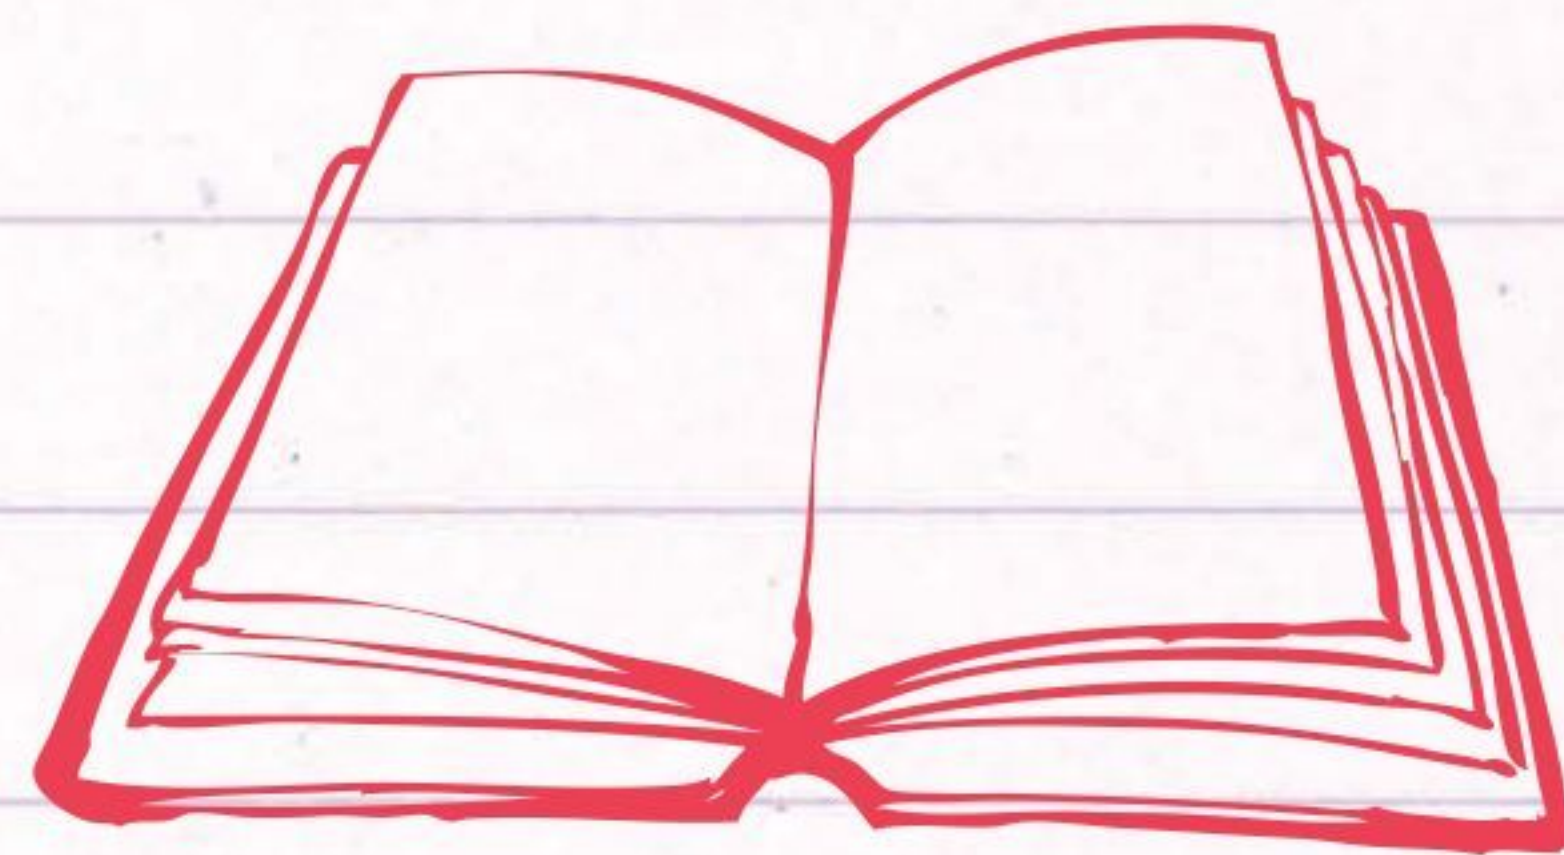

Tuck in

Keep pesky critters away from your grub with these simply doily-style food covers. Whip them up in a flash in all shapes and sizes, then perhaps add some beads around the perimeter to weight them down a little. Find the pattern at topcrochetpatterns.com.

WARM TOOTSIES = happy campers

Camping is all well and good until someone gets chilly. Feeling cold can make us irritable and unhappy, so ensure that doesn't happen and knit everyone a pair of cosy socks! We have lots of designs at letsknit.co.uk for you to peruse.

There's nothing like a spot of reading on holiday and our crocheted Kindle cases at topcrochetpatterns.com will help to keep them in tip-top condition.

HOME AWAY FROM HOME

Not intimidated by intarsia? This pattern is for you. Dawn Finney's teepee cushion is certainly worth changing colours for - plus it's the perfect addition to your camping trip, is it not? Find the project at letsknit.co.uk.

Floral coasters

Give your favourite fabrics a home in one of **CORINNE BRADD'S** homely table accessories, and enjoy seeing them every time you settle down with a cuppa. We're loving these vintage-style floral prints, but any cotton fabric will do. Make up the lightly padded fabric middles first before crocheting around the edge. FABRIC CENTRE

Cut an 11cm circle from patterned and plain fabrics and pin RS tog onto wadding. Sew through all three layers, 5mm from the edge and leaving a 4cm gap for turning. Trim the wadding close to the seam line, turn RS out and press. Fold in the raw edges of the gap (you can use a little glue here). Using a sharp needle and double thickness of matching thread, sew a neat blanket stitch evenly around the edge of the disc. Keep the stitches about 4mm apart and aim for an even number of around 70 stitches in total

with 'I just love it' by*

SALLY BYE

With yarn that is red or yellow or blue,
I'm never stuck for something to do.
I can knit a scarf and make it long,
Nothing you knit can ever be wrong.
Gloves with fingers, all different shades,
Carnival dresses to go on parades.
Hats for seamen on the big cold ocean,
Keeping them warm while the ship is in motion.
Bonnets for babies with sweet little boots,
All cradled in shawls and looking so cute.
Cardis for granddad to keep him all snug,
And while I am at it I will make him a rug.
Grandma would love a thick woolly jumper,
But if it's too thick it will make her look plumper.
Children like colours so intarsia's the way,
To keep them happy and laughing all day.
There are dozens of patterns when your work has begun,
So get out your needles and knit up some fun.

COME ONE, COME ALL WITH Circus Sam

Let's have a big round of applause for our clever bear! OK, so he can't quite juggle, but he can move his arms and legs, and take his hat off for a bow. **SARAH LOUISE READ** has added jolly bobbles to his hat and shoes, and a frilly ruff for his neck, while working him in classic rainbow stripes that every child will adore.

GREAT ADVICE

MAKE BOBBLE (MB)

WE NAMED HIM SAM BECAUSE...

...Leanne Alix Bell got in touch with us on Facebook to say that her son Sam, aged 14, has an incurable degenerative lung condition. He joined the local circus school a year ago, as it requires strength and flexibility but not lots of cardio, which he can't do. He recently performed a trapeze act blindfolded at Whitley Bay Carnival. The circus has been his lifeline and joy as he deals with daily nebulisers, physiotherapy, medication and horrible procedures. We are honoured to name our circus bear after you, Sam!

slip knot

You need to make a slip knot on your needle before casting on. It counts as your first cast-on stitch

1 Hold the yarn under your left thumb, wrap it twice around your left index and middle fingers, with the second loop closer to the base of the fingers. With the backs of the fingers uppermost, insert the tip of the needle beneath the first loop and over the second, then pull the second loop under the first.

2 Remove your two fingers and gently tug on both ends of yarn to tighten the slip knot around the needle.

TOY SAFETY:

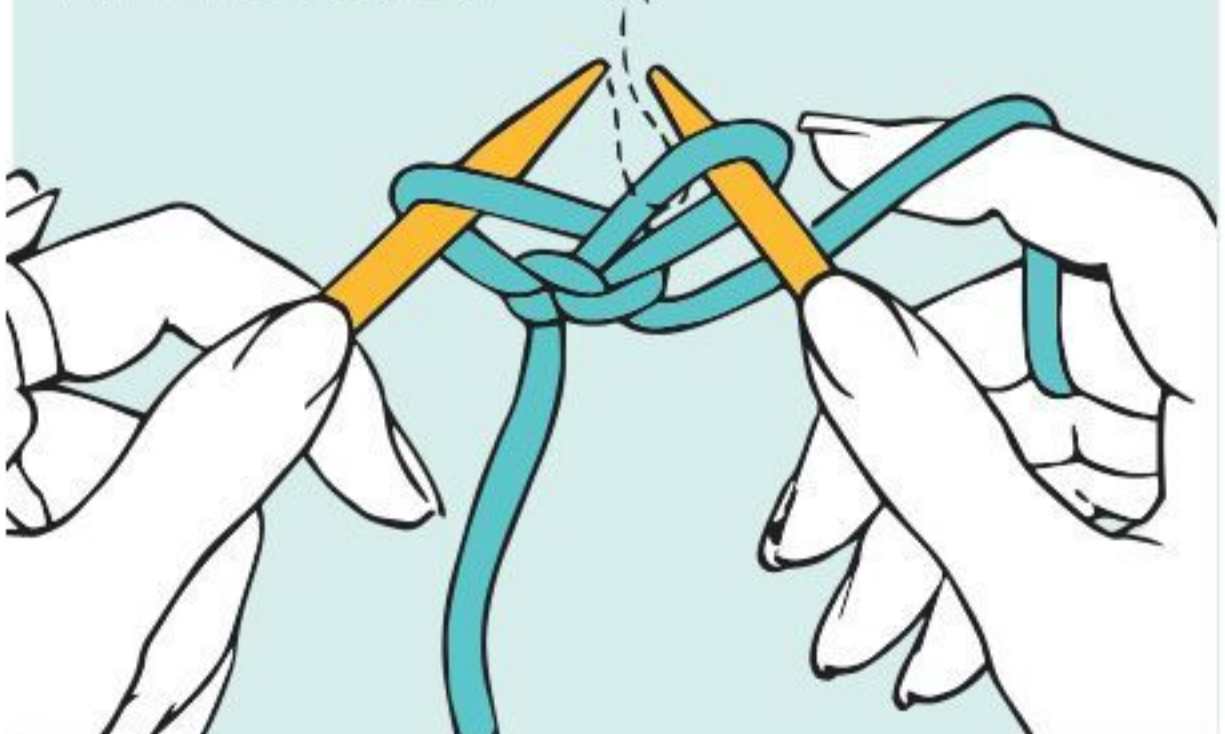

PLEASE NOTE THAT TOYS WITH SMALL PARTS ARE NOT SUITABLE FOR CHILDREN UNDER THREE YEARS OF AGE. IF MAKING A TOY FOR A VERY YOUNG CHILD OMIT ANY BUTTONS AND EMBROIDER THE DETAILS INSTEAD. BABIES SHOULD BE SUPERVISED WHEN PLAYING WITH TOYS.

cast on

This method, also called the 'two-needle method', is great for beginners

1 Make a slip knot on the LH needle and pull it taut. Insert the RH needle into the knot from front to back, passing under the LH needle. Wrap the ball end of yarn anti-clockwise around the point of the RH needle.

2 Pull the loop that forms back through the original stitch and insert the tip of the LH needle into the new stitch from underneath to transfer from the RH to LH needle. There should now be two stitches on the LH needle.

3 Repeat the above steps, knitting into the top stitch on the LH needle and returning the new stitches from the RH to the LH needle until you have the required number of stitches.

COMING UP...

Every issue we give away incredible yarn packs! Here's what you can look forward to receiving soon...

***Issue 115:** 3.5mm hook and needles, plus six-ball Snowball yarn kit featuring fluffy yarn

Rosie Savage, Editor

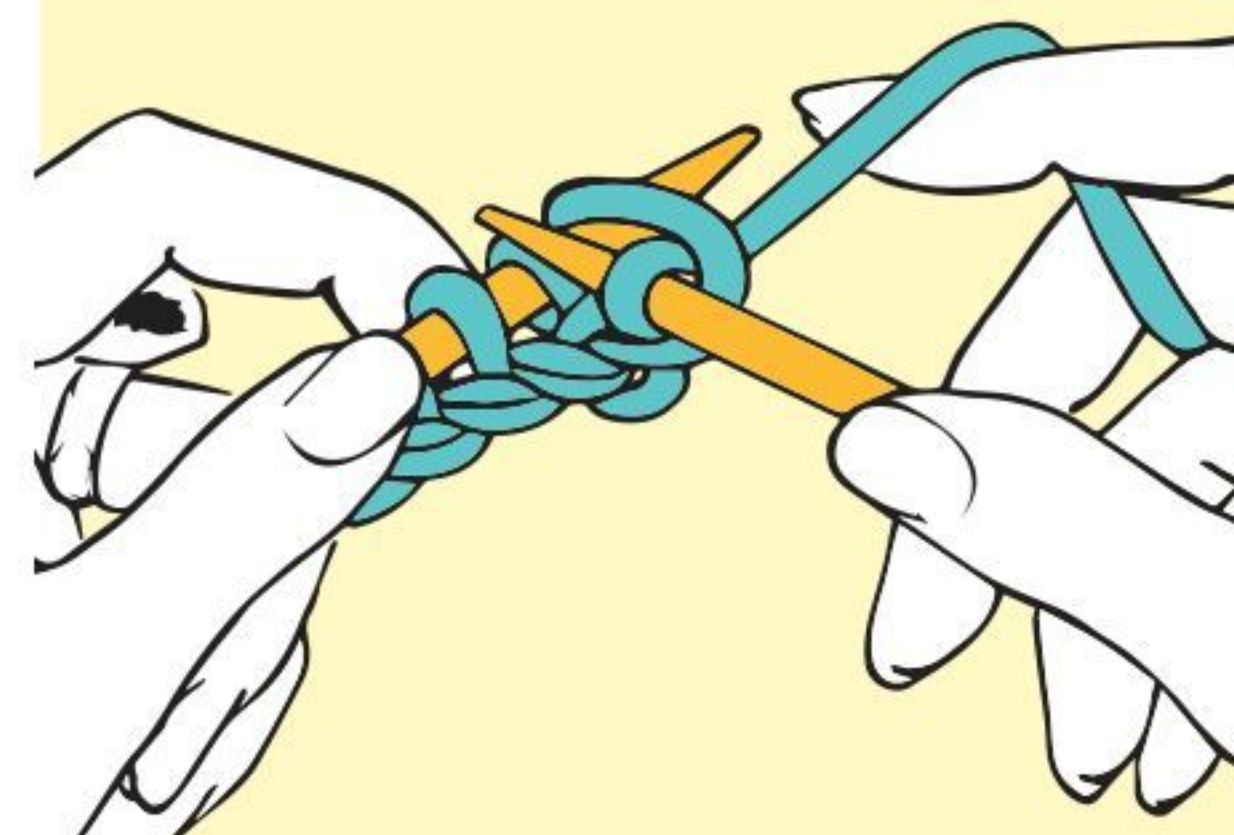

knit stitch (k)

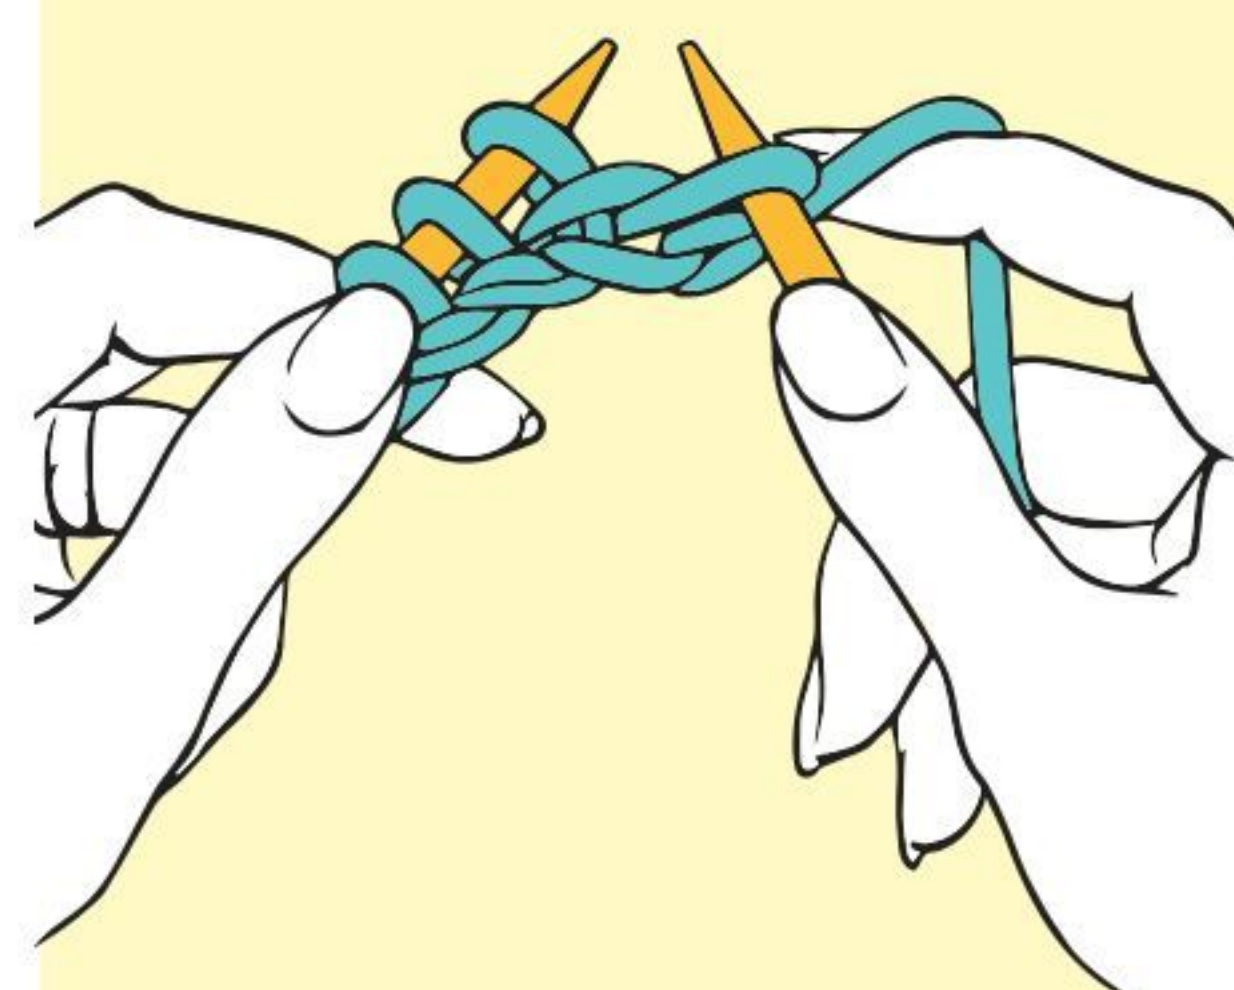

Also known as garter stitch, the knit stitch is the foundation of knitting

1 Once cast on, insert the tip of the RH needle upwards and from front to back into the top stitch on the LH needle. The RH needle should sit behind the LH one. Wrap the ball end of yarn anti-clockwise around the tip of the RH needle.

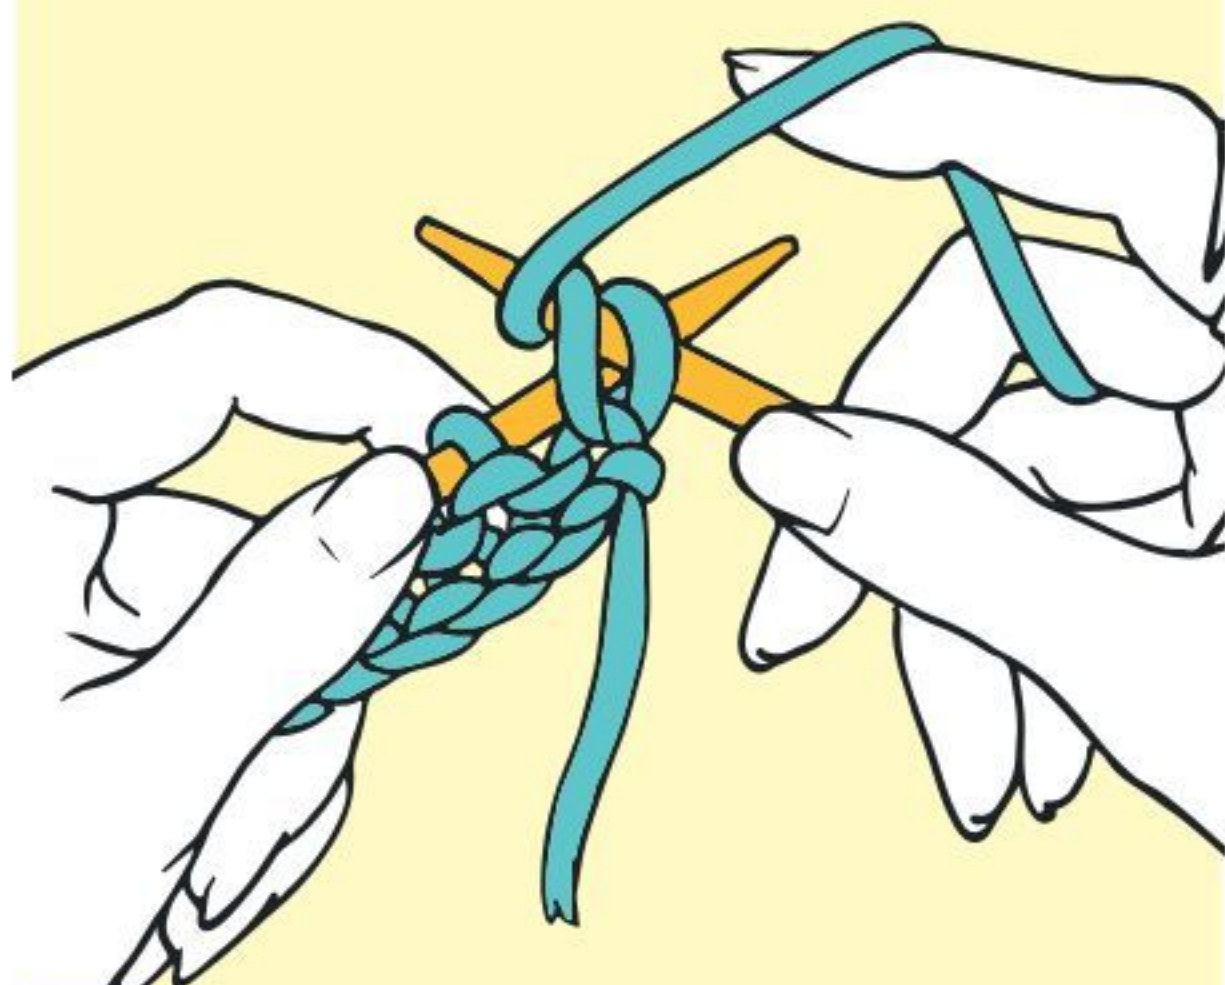

2 Using the RH needle, pull a loop of the wrapped yarn through the original stitch to create a new one on the RH needle.

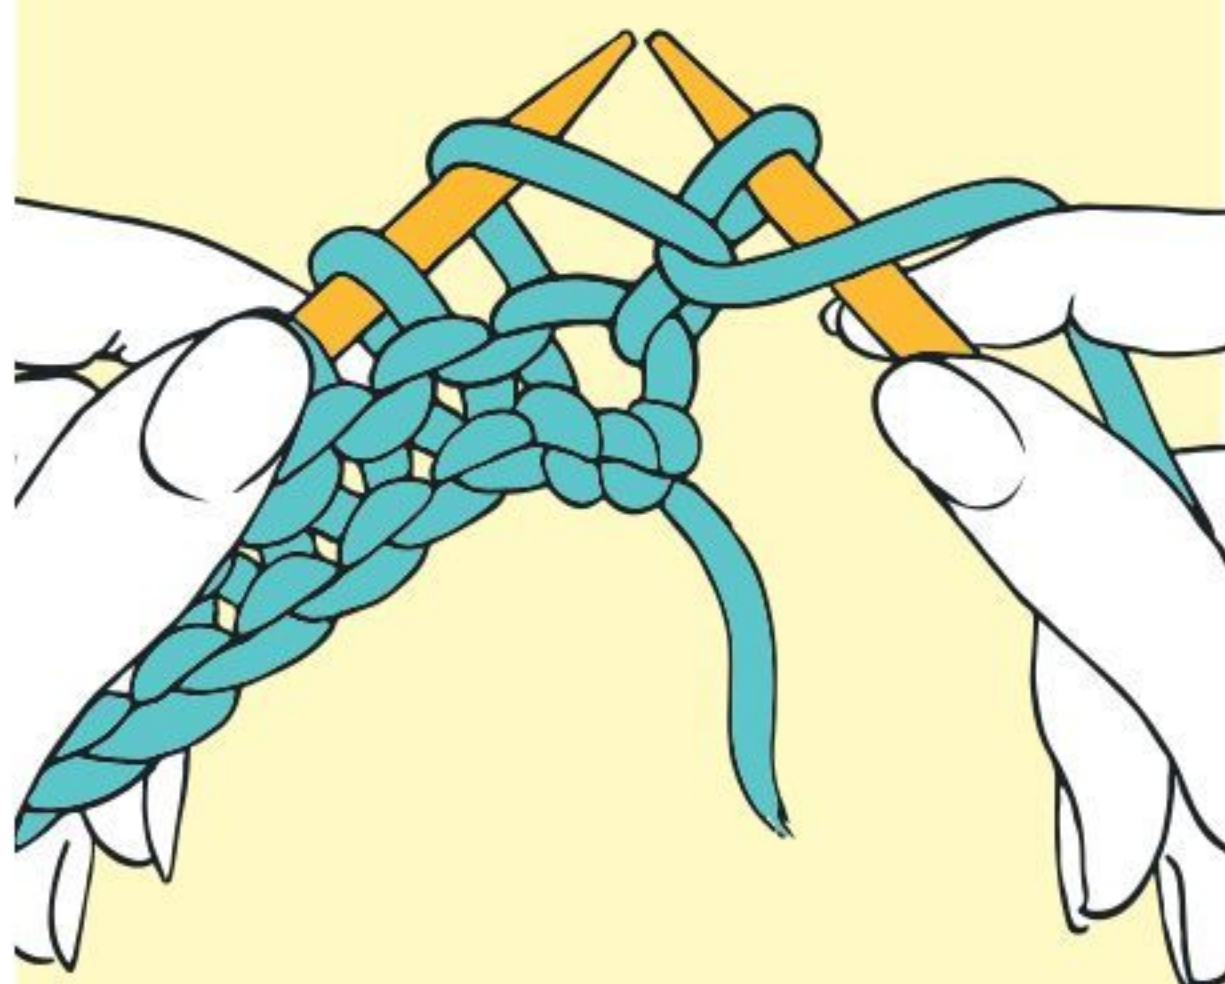

3 Slide the original stitch off the LH needle. Repeat from step 1.

purl stitch (p)

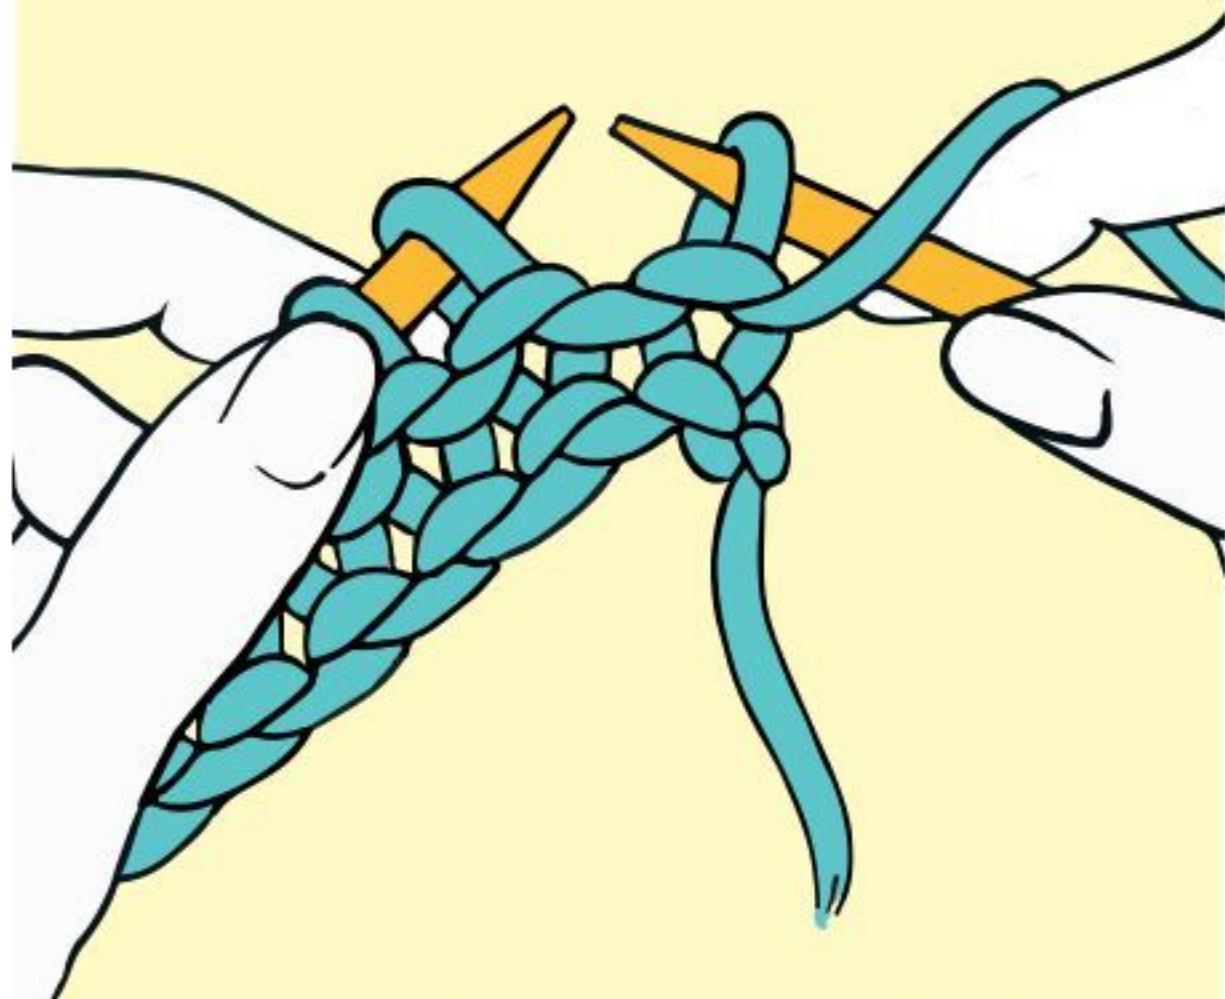

Most frequently seen paired with the knit stitch to create different stitch patterns like stocking stitch and ribbing

1 With the ball-end of the yarn at the front (towards you), insert the tip of the RH needle into the front loop of the first stitch from right to left, with the RH needle in front of the LH one. Wrap the ball end of the yarn anti-clockwise around the RH needle.

2 Draw this needle backwards and upwards, forming a new stitch on the RH needle.

3 Once the new stitch has been formed on the RH needle you can let the loop from the LH needle slide off the end. Repeat until all the stitches have been purred and you have completed the row.

INCREASING & DECREASING

knit two together (k2tog)

Decrease two stitches to one by knitting them together

Insert the RH needle into the front loops of the next two stitches on the LH needle. Then wrap the yarn anti-clockwise around the tip and knit both stitches at the same time.

make one (m1)

Form a new stitch and increase your stitch count by one

1 Insert the LH needle into the horizontal bar of yarn lying between the stitch just knitted and the next stitch to be knitted. Hook and lift it with the needle tip in a backwards direction (away from you).

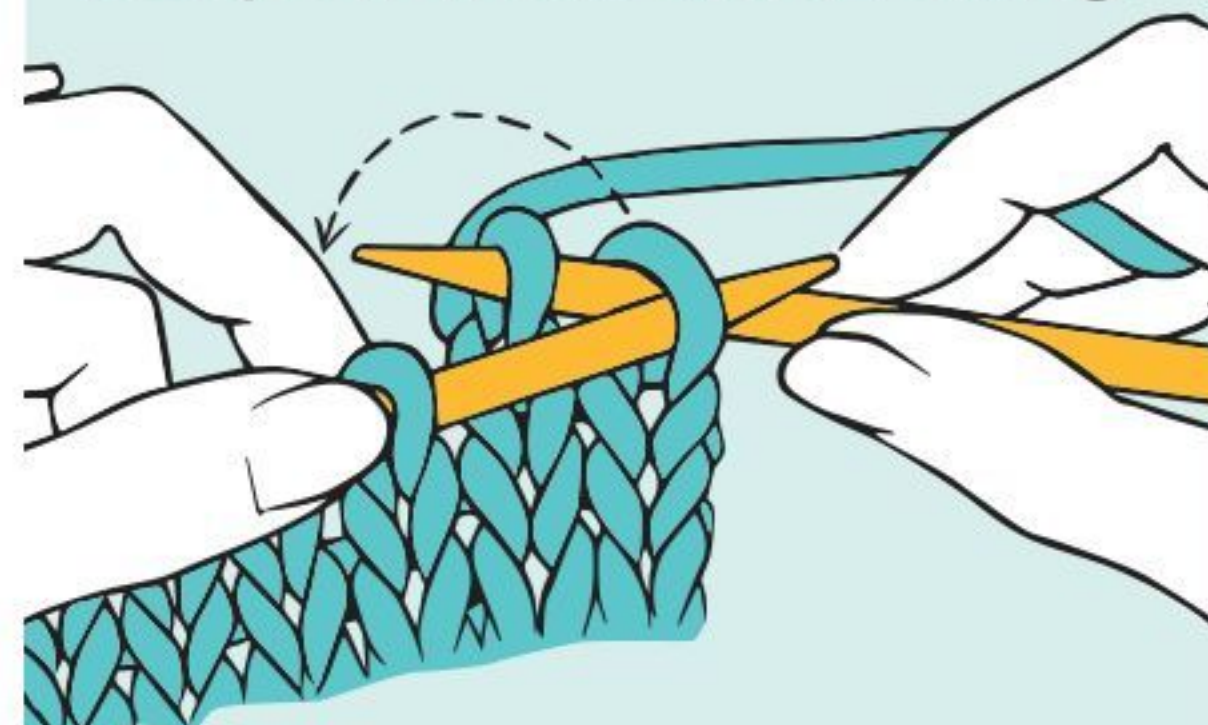

2 Push the RH needle into the back part of the loop that now lies over the LH needle and knit this stitch. You will now have an additional stitch on the RH needle.

FINISH HERE

cast off

Once you have completed the number of rows needed for your project, you'll need to cast off. This fastens the work and keeps it from unravelling

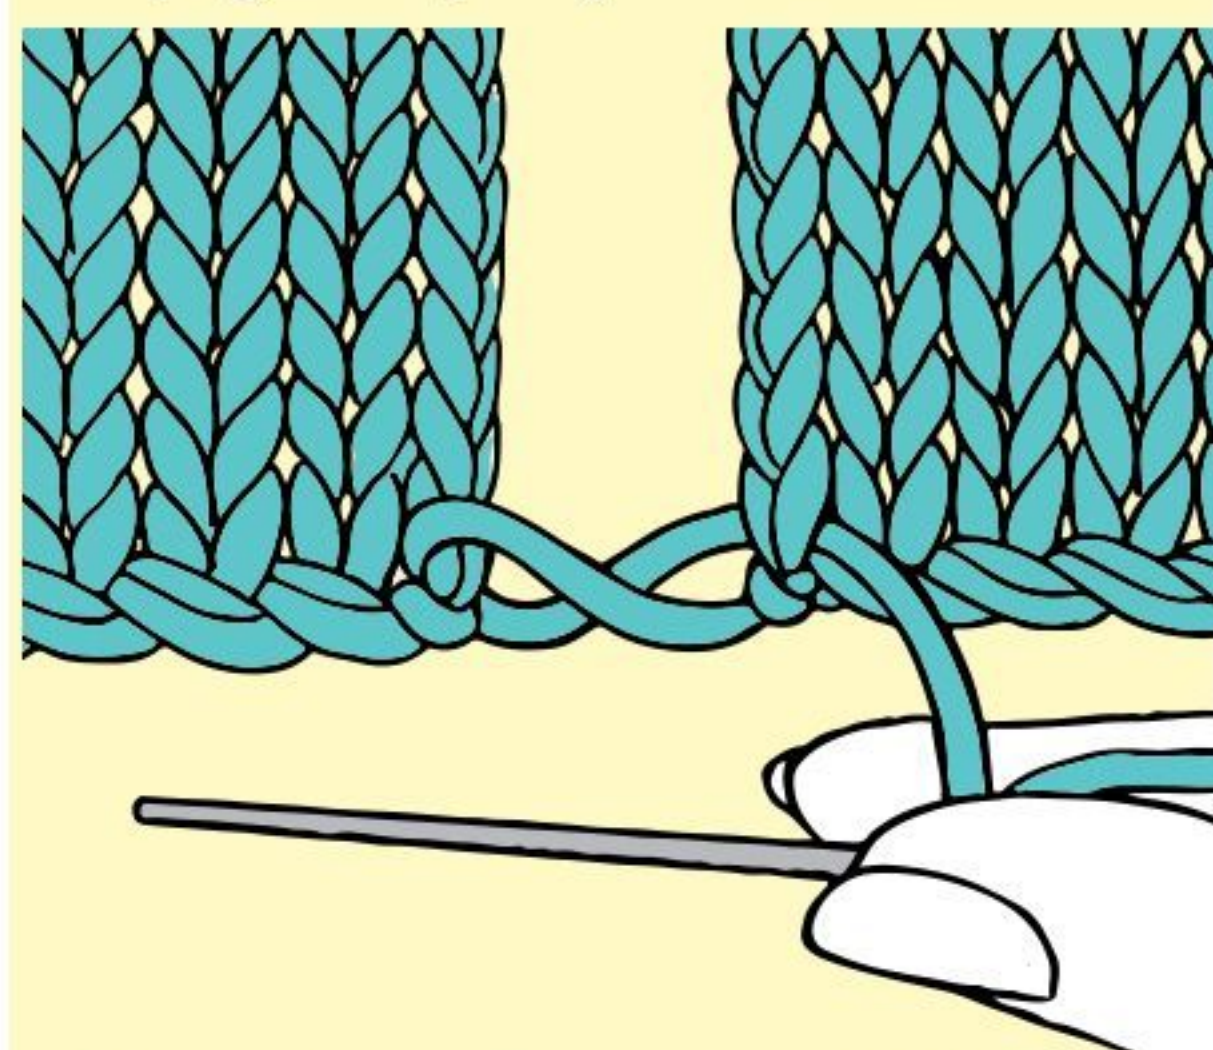

1 Knit two stitches as normal. Insert the tip of the LH needle into the second stitch on the RH needle (the stitch closest to you). Carefully lift it up and over the top stitch, dropping it off the tip of the RH needle and pulling the yarn to tighten. There is now one stitch on the RH needle.

2 Knit one more stitch and repeat the process in step one. Continue until there is one stitch remaining. Cut the yarn, leaving a long tail. Slip the loop off the needle and pull the tail through, pulling it tight.

beginning a seam

How to start sewing up your project

Place the pieces next to each other RS up, push a threaded tapestry needle through the fabric after the first stitch, moving from front to back. Push through after the first stitch on the second piece, moving from back to front.

mattress stitch

Join knitted pieces together with this invisible method

With the two pieces next to each other, hook the horizontal bar of the first stitch with a needle. Move to the other piece and hook the first horizontal bar of the stitch on that side. Repeat, moving from one piece to the next.

slip knot & chain (ch)

Many projects start with a series of chain stitches. To begin you need to make a slip knot on your hook (see page 62)

1 Make a slip knot and put it on the neck of the hook – don't pull it too tight or it will be difficult to stitch with. Coming from behind, wrap the yarn around the hook from right to left, across the 'neck'.

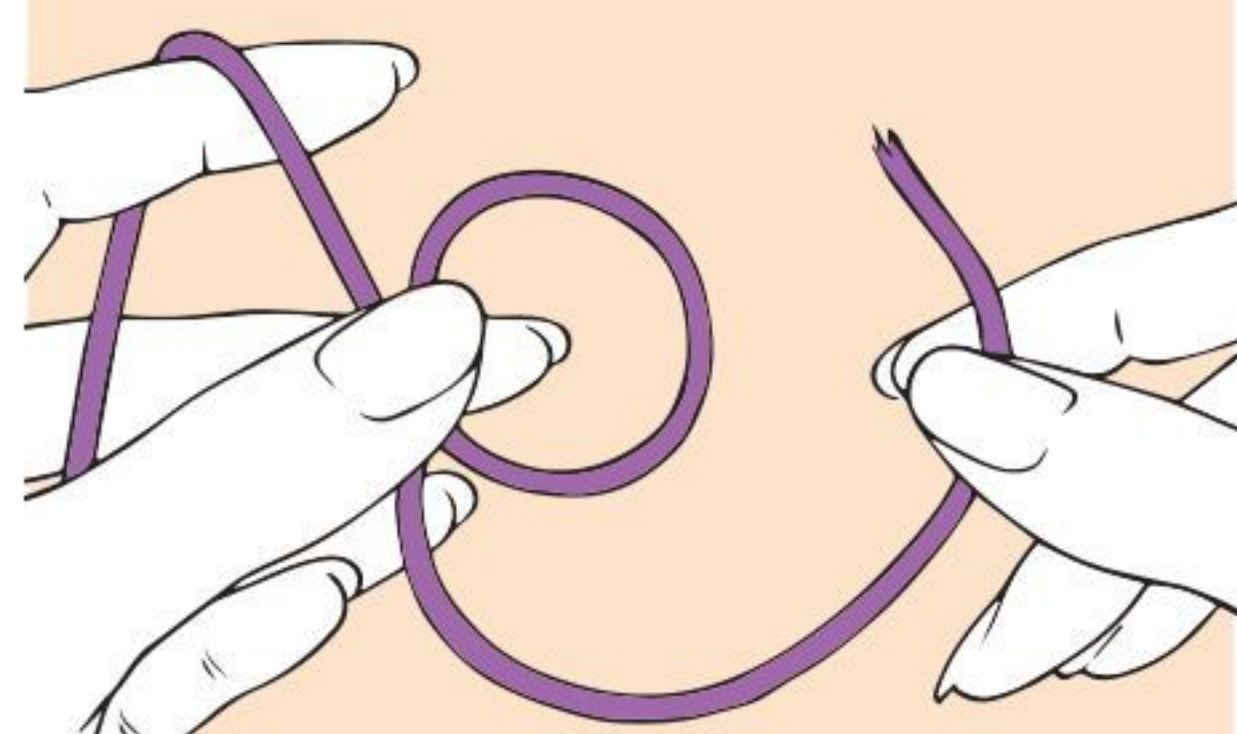

2 Catch the yarn and use the hook to pull it down through the slip knot. You have now made one chain (ch). Continue to make more chains, as directed in the pattern.

magic ring

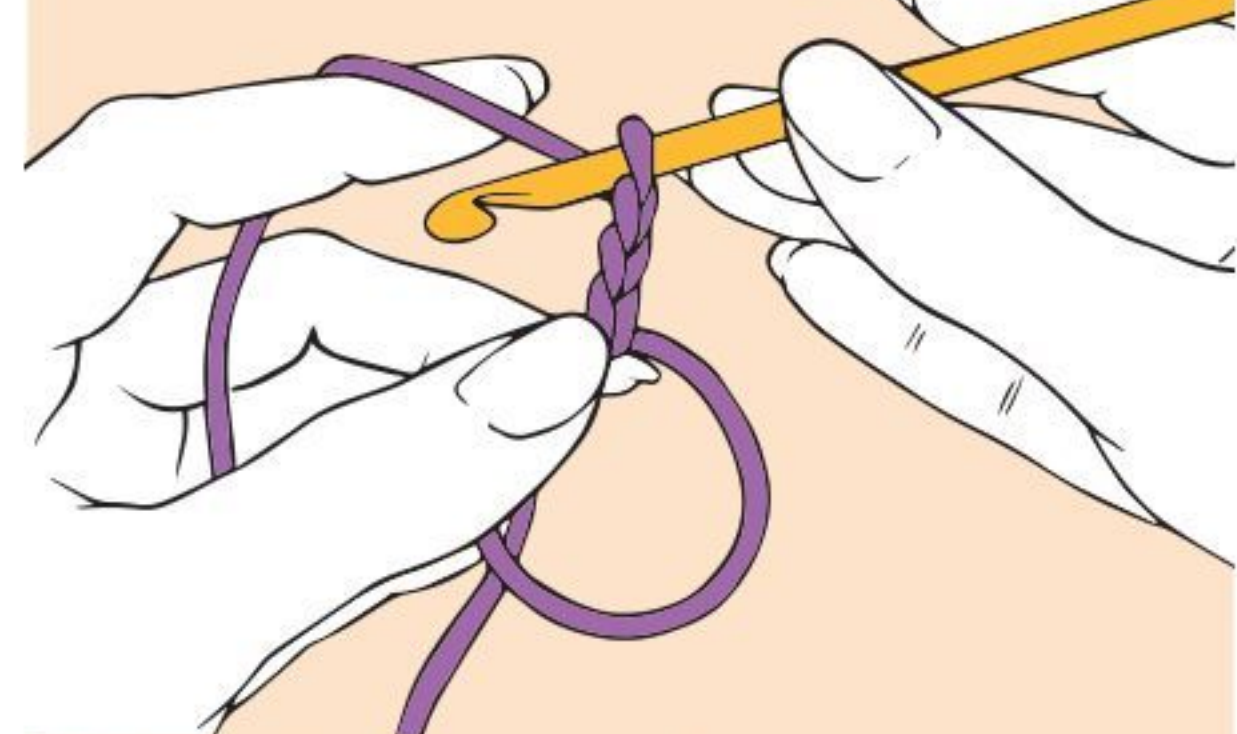

The magic ring is an easy way of beginning to work in the round. It is often used when making amigurumi toys

1 Make a large loop by putting the yarn tail behind the working yarn.

2 With your hook, draw the working yarn through the loop, so you have one loop on the hook.

3 Make three chain stitches (counts as first treble), work a treble into the loop, crocheting over the tail.

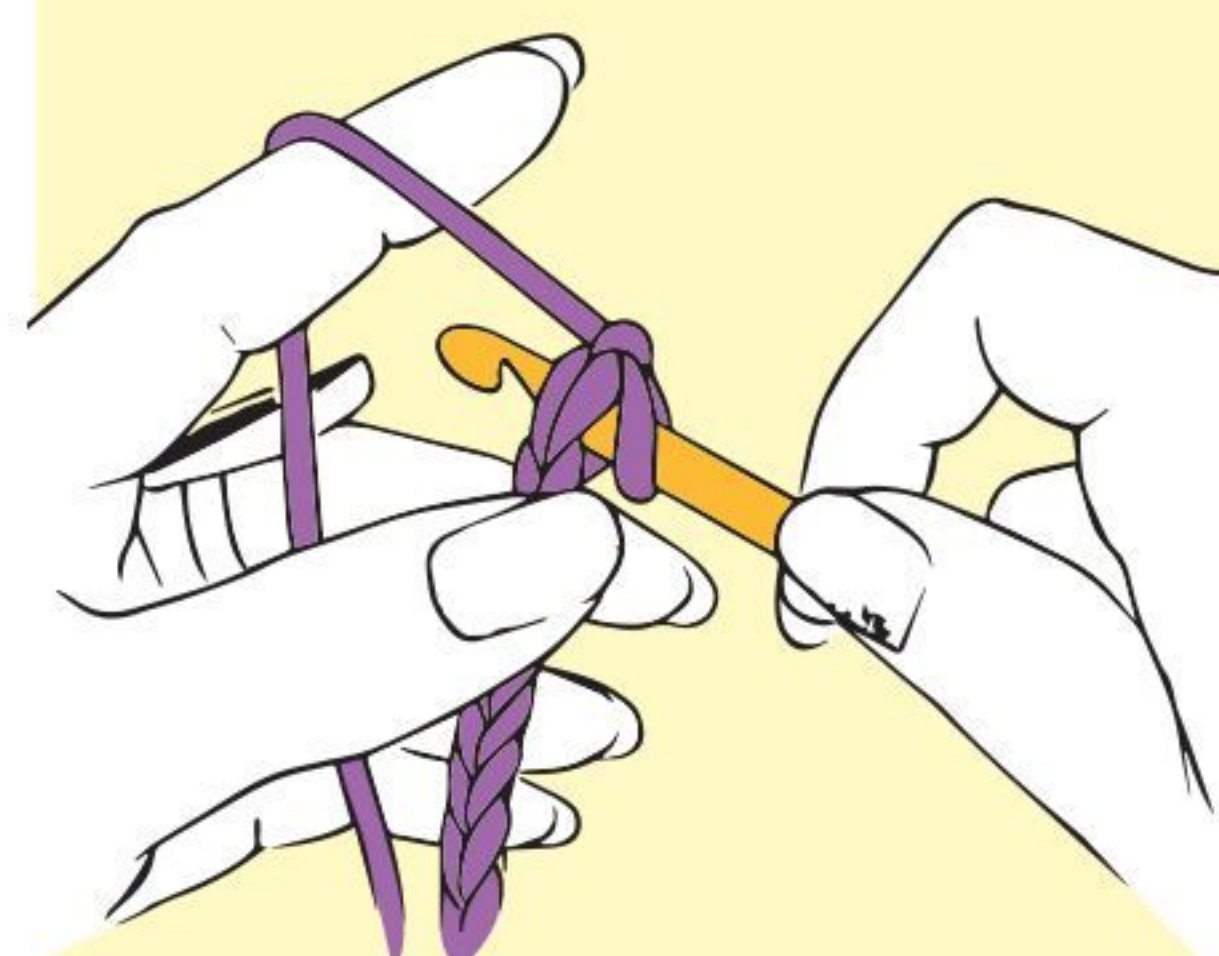

4 Continue to work as many stitches as needed into the loop. Once finished, untwist the tail if necessary and then pull to close the loop.

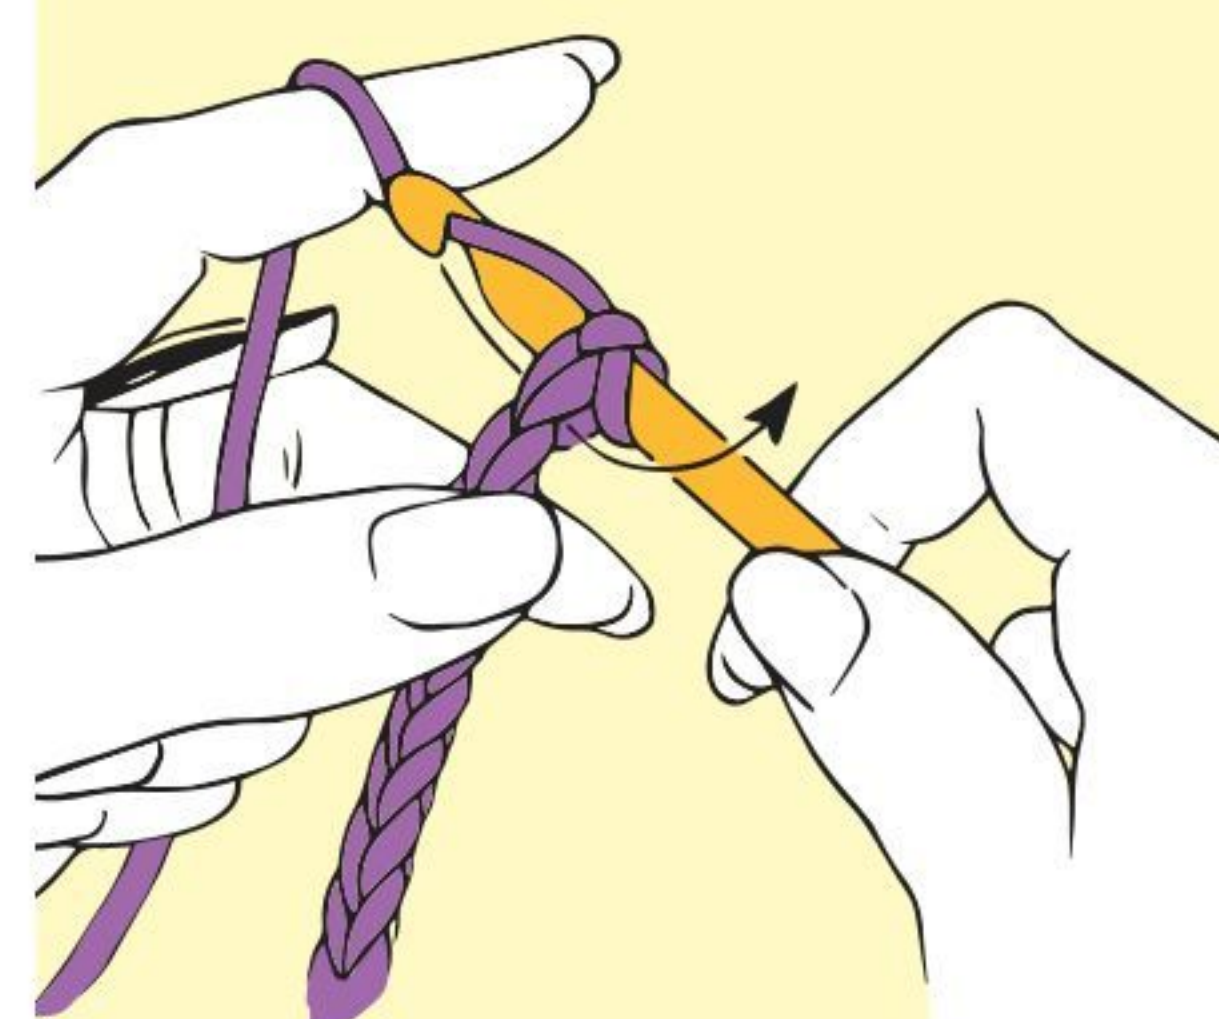

THE BASIC STITCHES

double crochet (dc)

Double crochet is the shortest and most commonly-used crochet stitch

1 Insert hook through both strands of the next stitch.

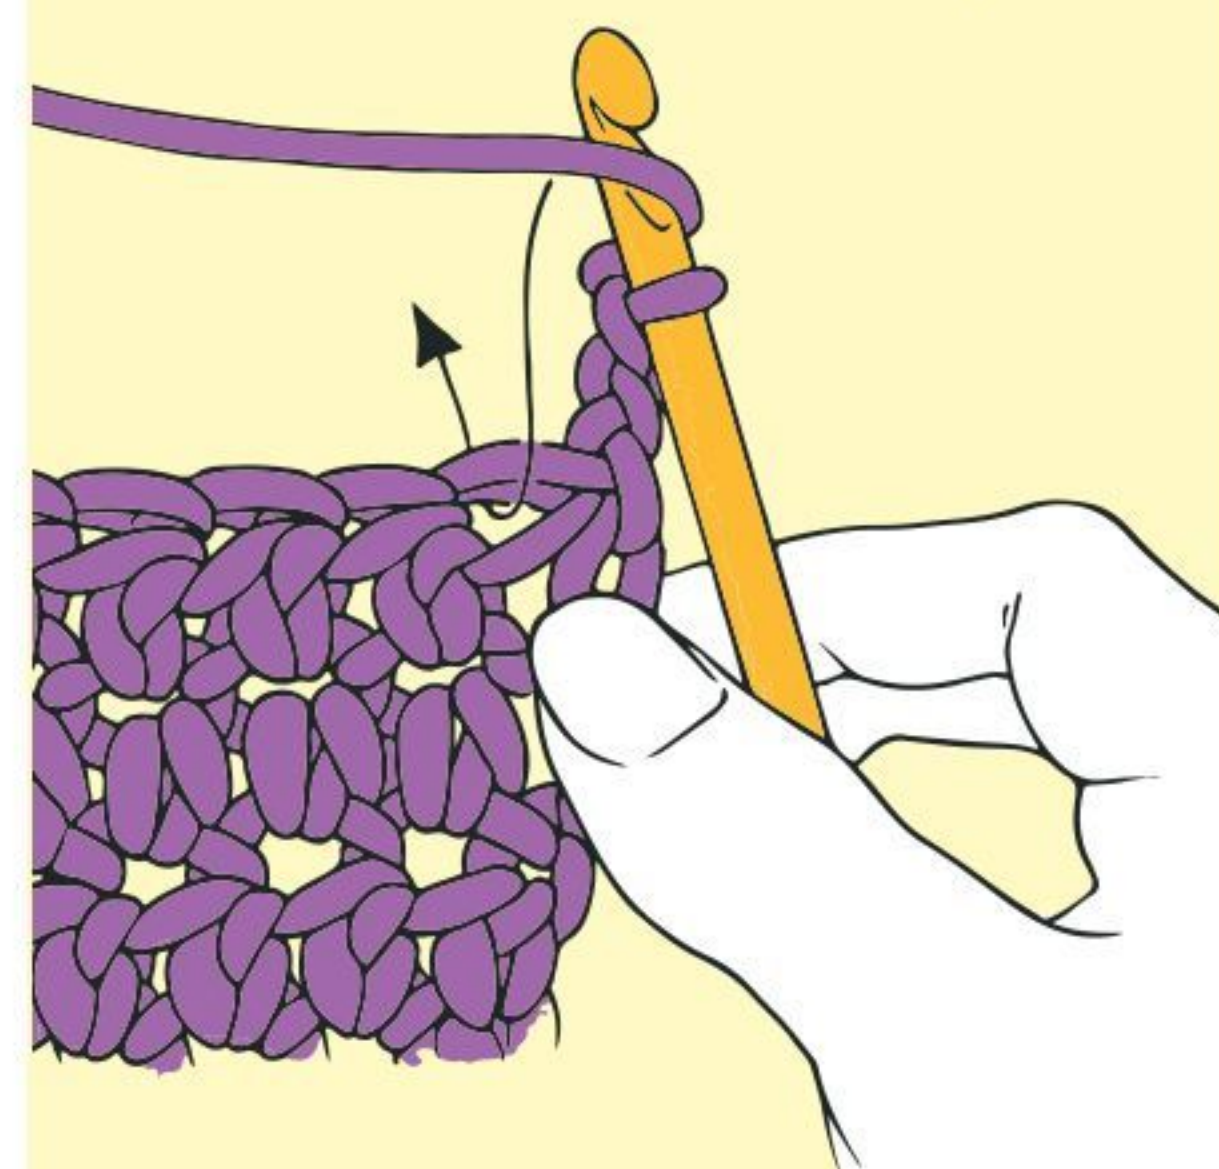

2 Yarn over the hook and draw back through the work. There will be two loops of yarn on the hook.

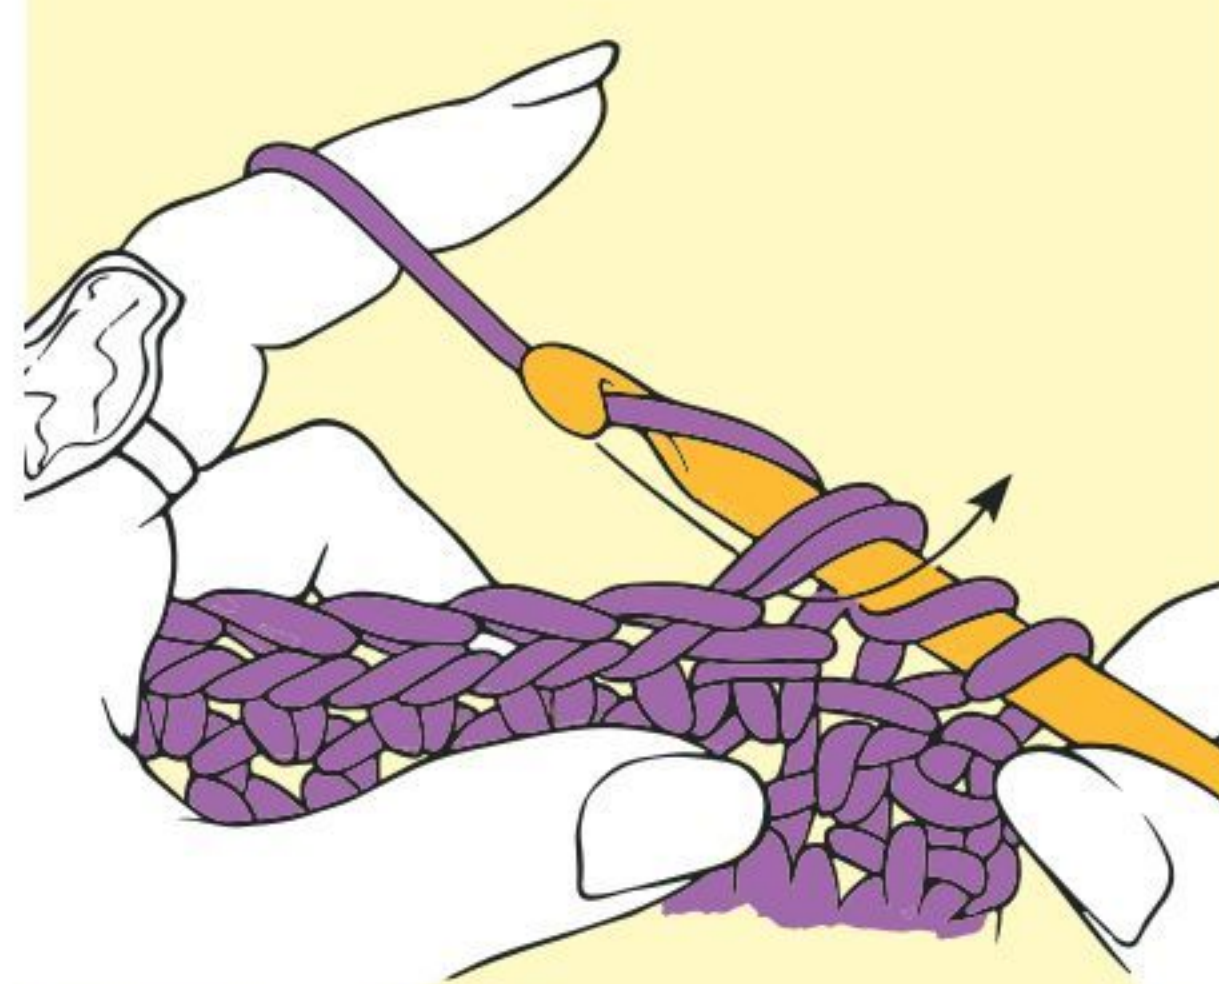

3 Yarn over the hook again and draw through both loops.

half treble (htr)

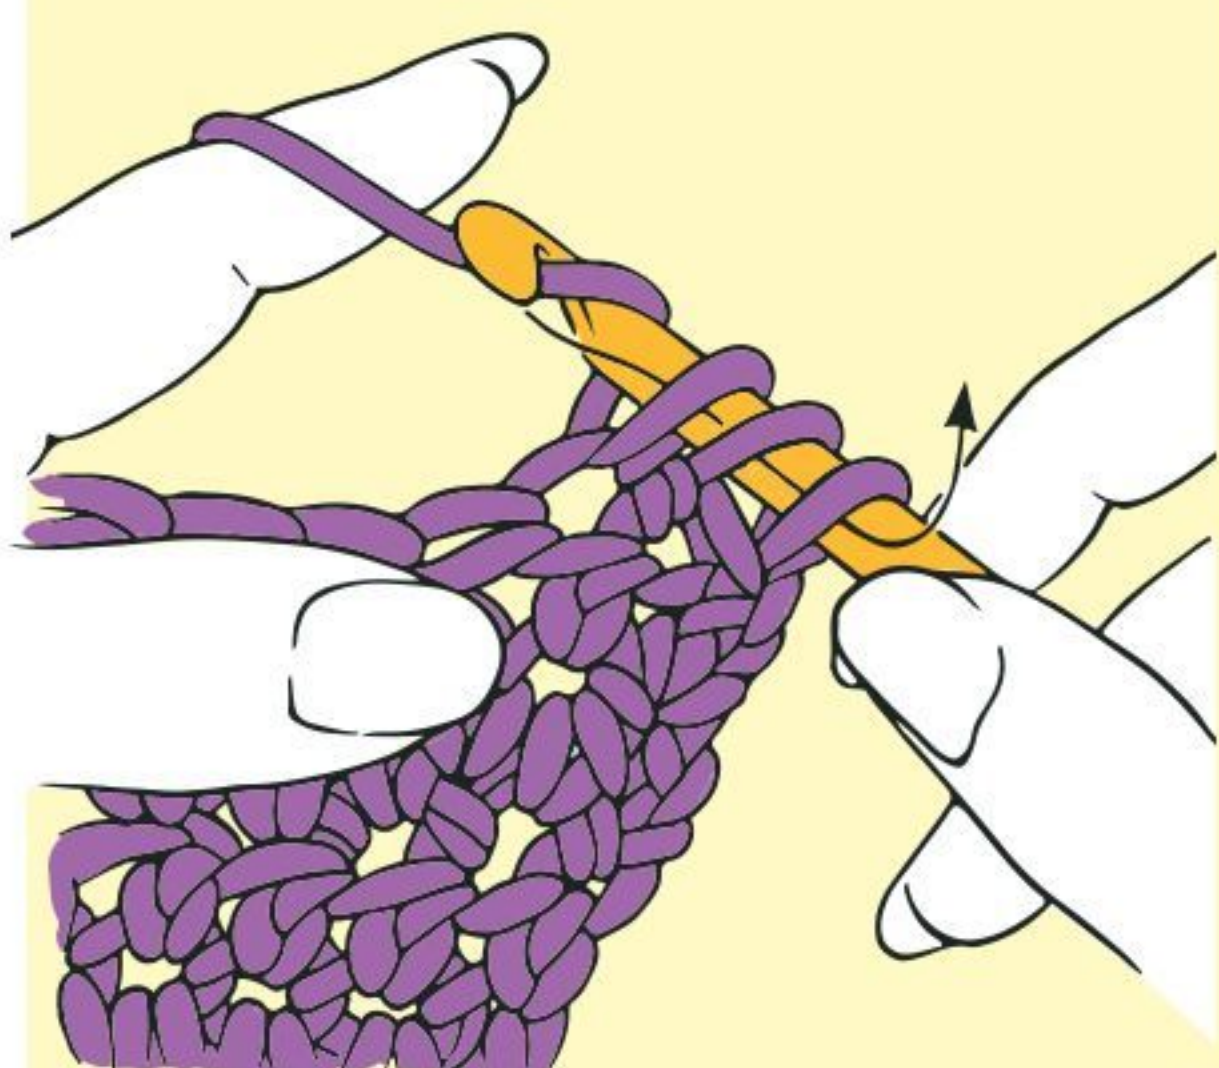

This stitch is longer than a double crochet and involves one extra step

1 (You will need a turning chain of two stitches.) Yarn over the hook and insert through the stitch.

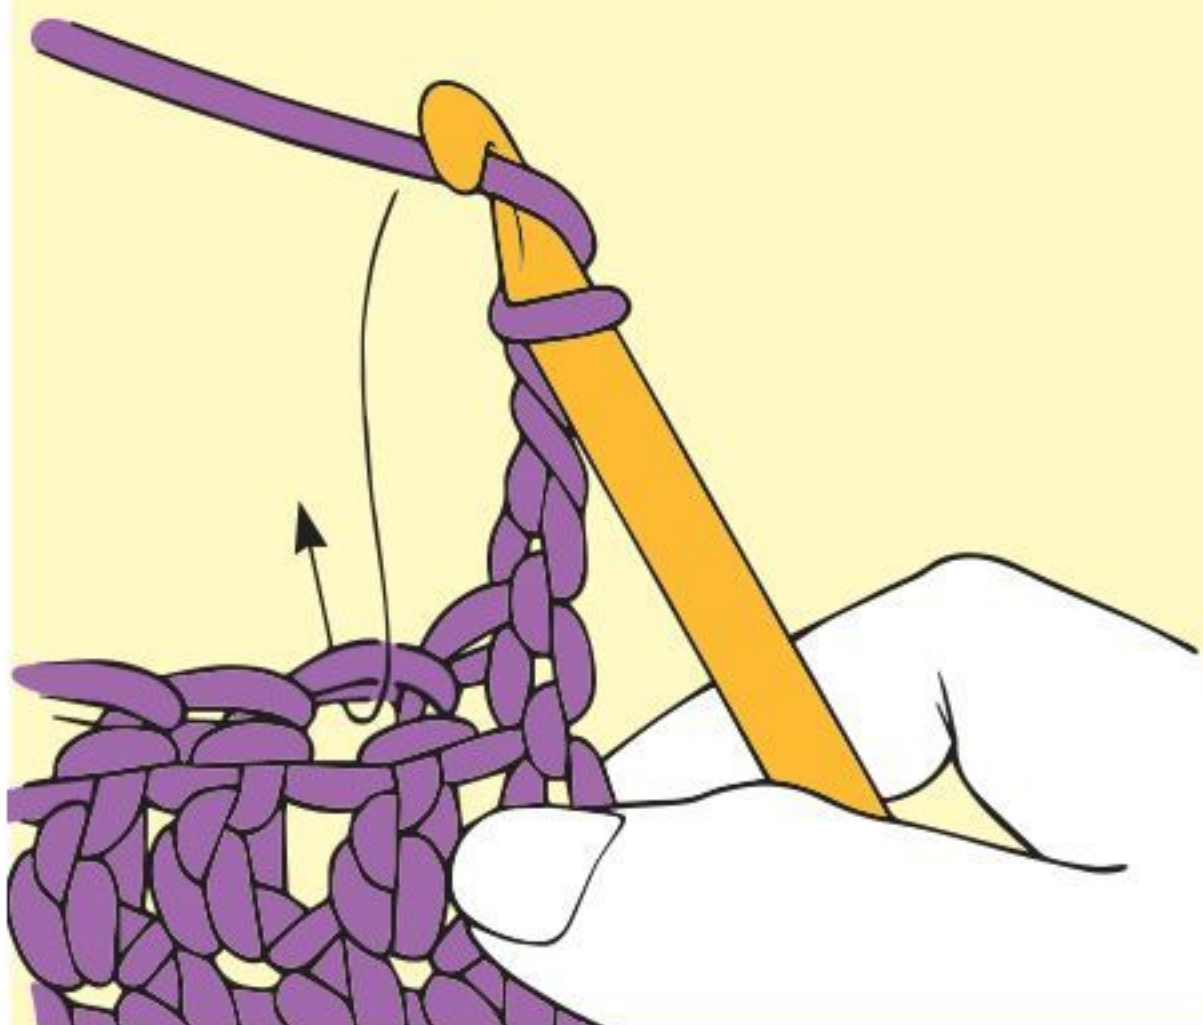

2 Yarn over the hook and draw back through the work. There will be three loops of yarn on the hook.

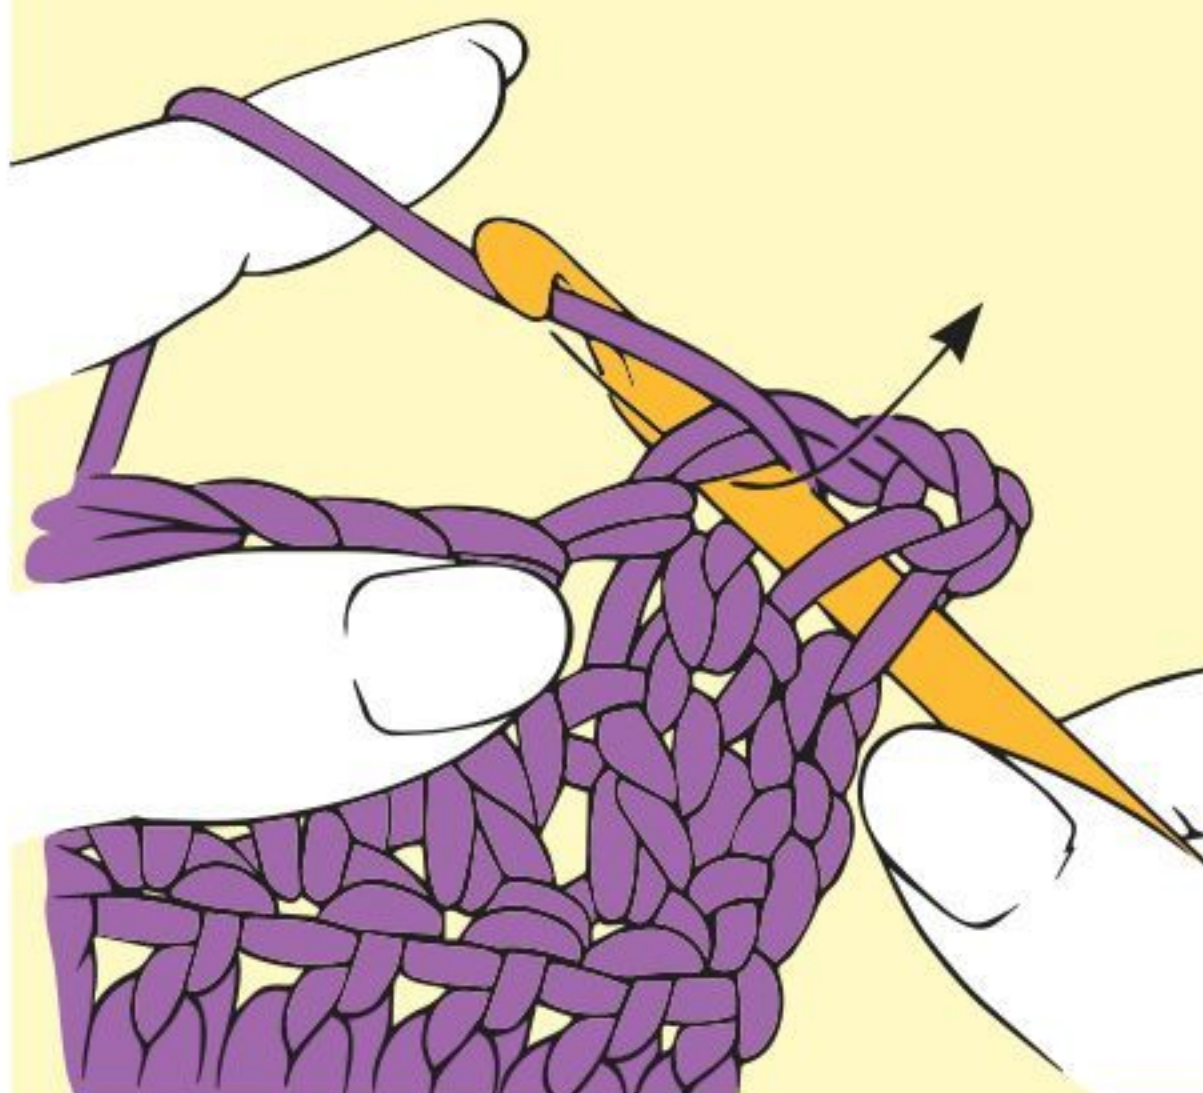

3 Yarn over the hook and draw through all three loops.

treble (tr)

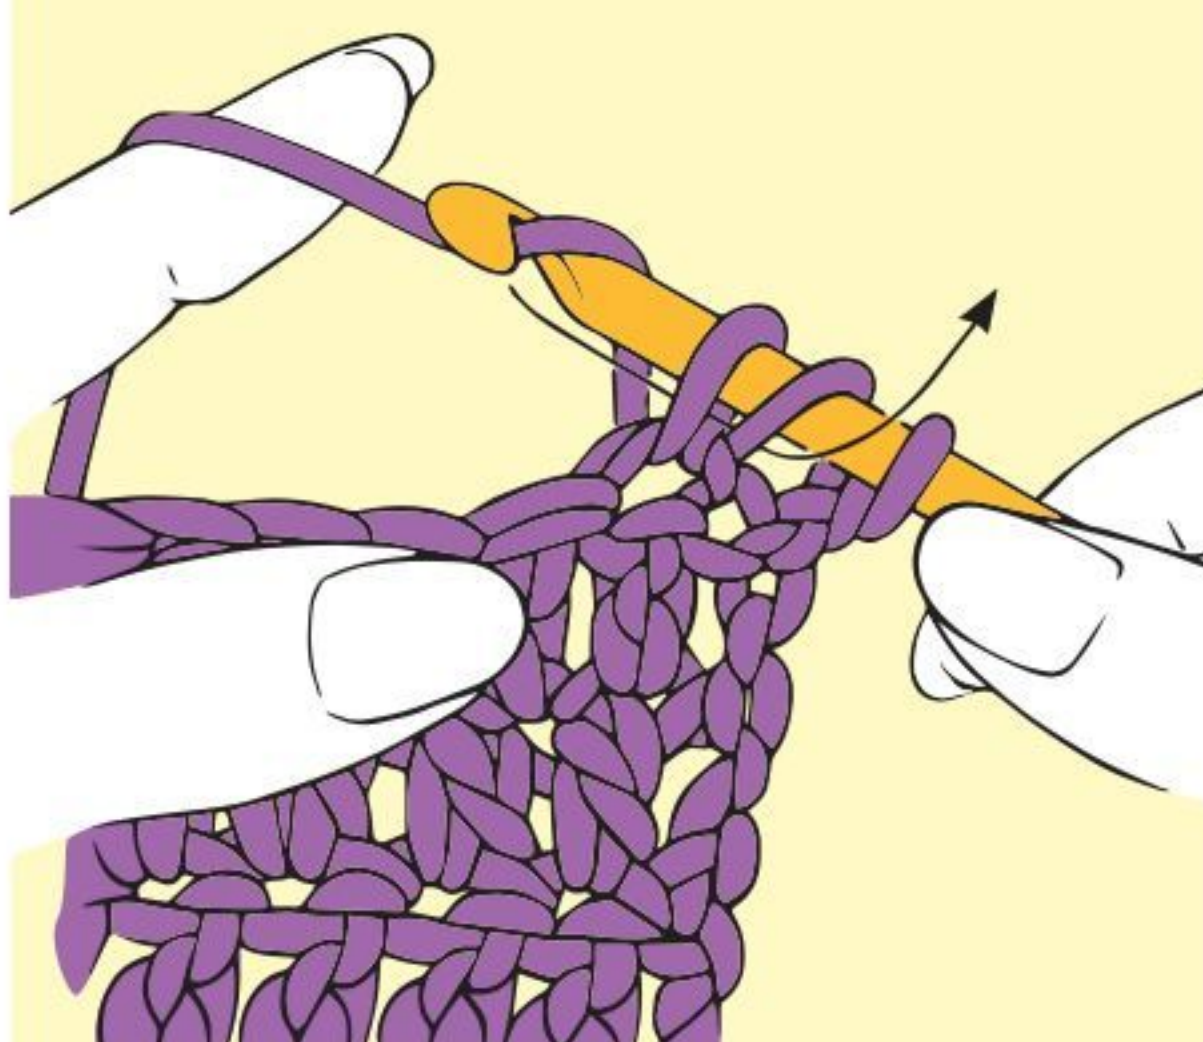

Treble crochet is slightly taller than half treble crochet but is made in a similar way

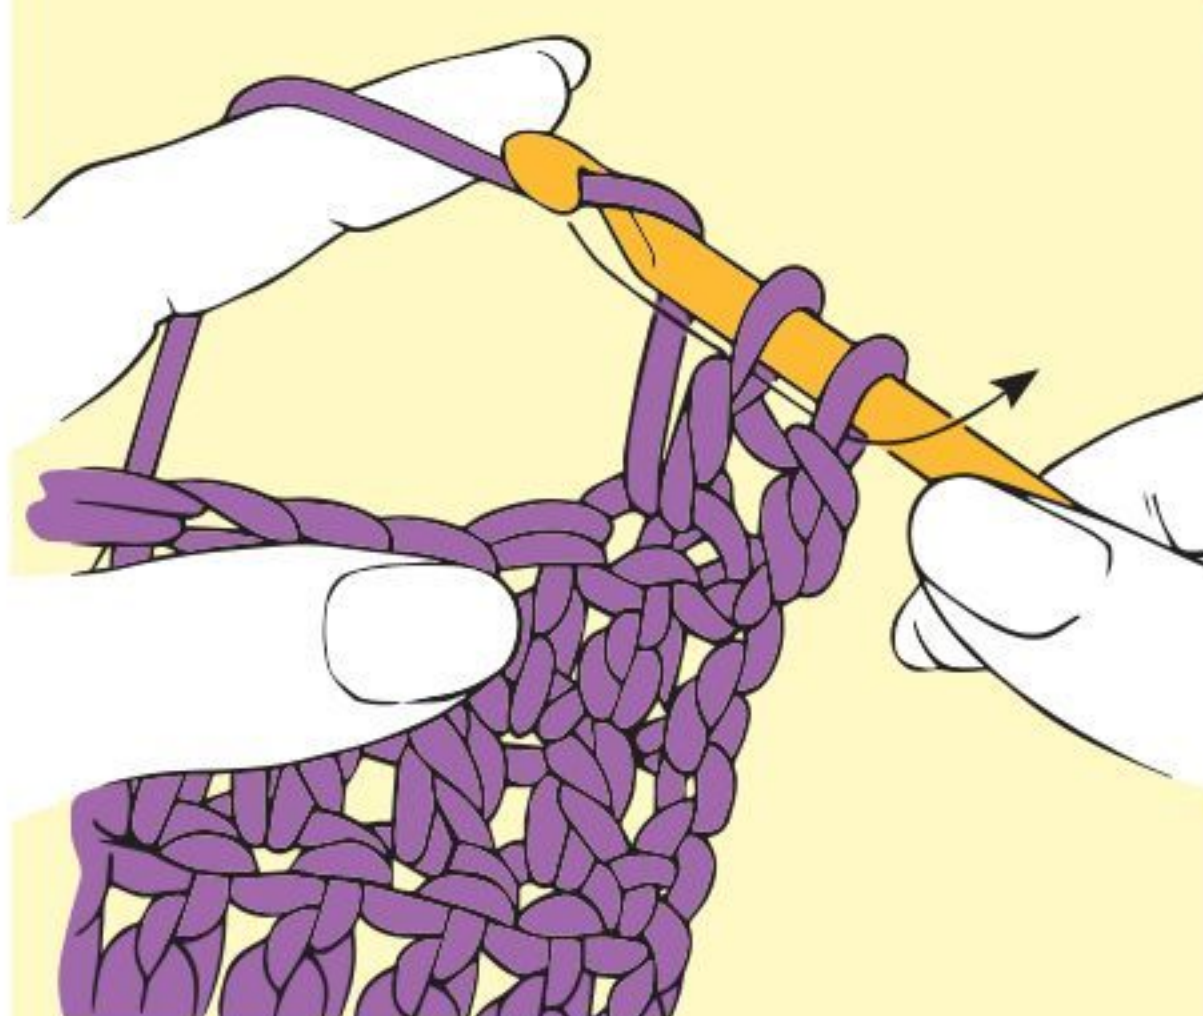

1 (You will need a turning chain of three stitches). Yarn over the hook. Insert the hook through the stitch.

2 Yarn over the hook and draw back through the work, there will be three loops of yarn on the hook.

3 Yarn over the hook and draw through the first two loops. This will leave two loops on the hook.

4 Yarn over the hook and draw through all the loops. This will leave one loop on the hook.

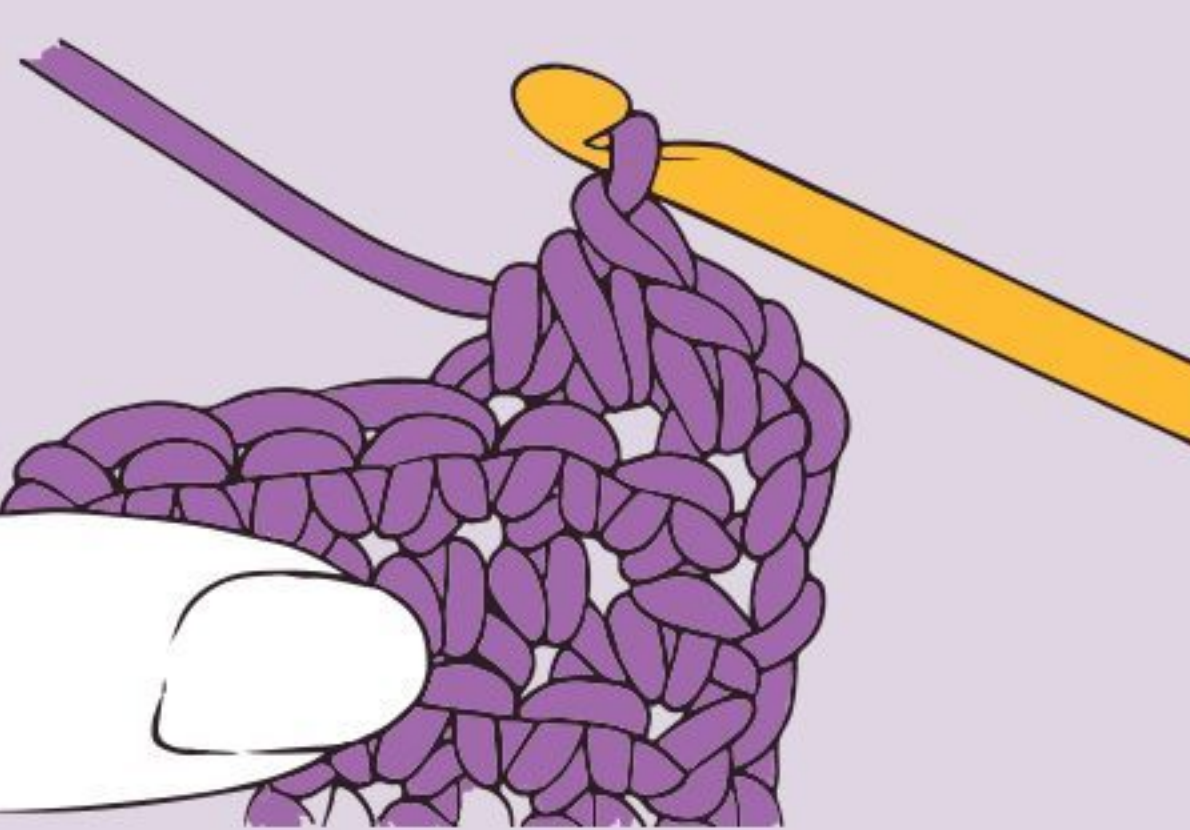

DECREASING

double crochet two together (dc2tog)

Turn two crochet stitches into one with this simple method

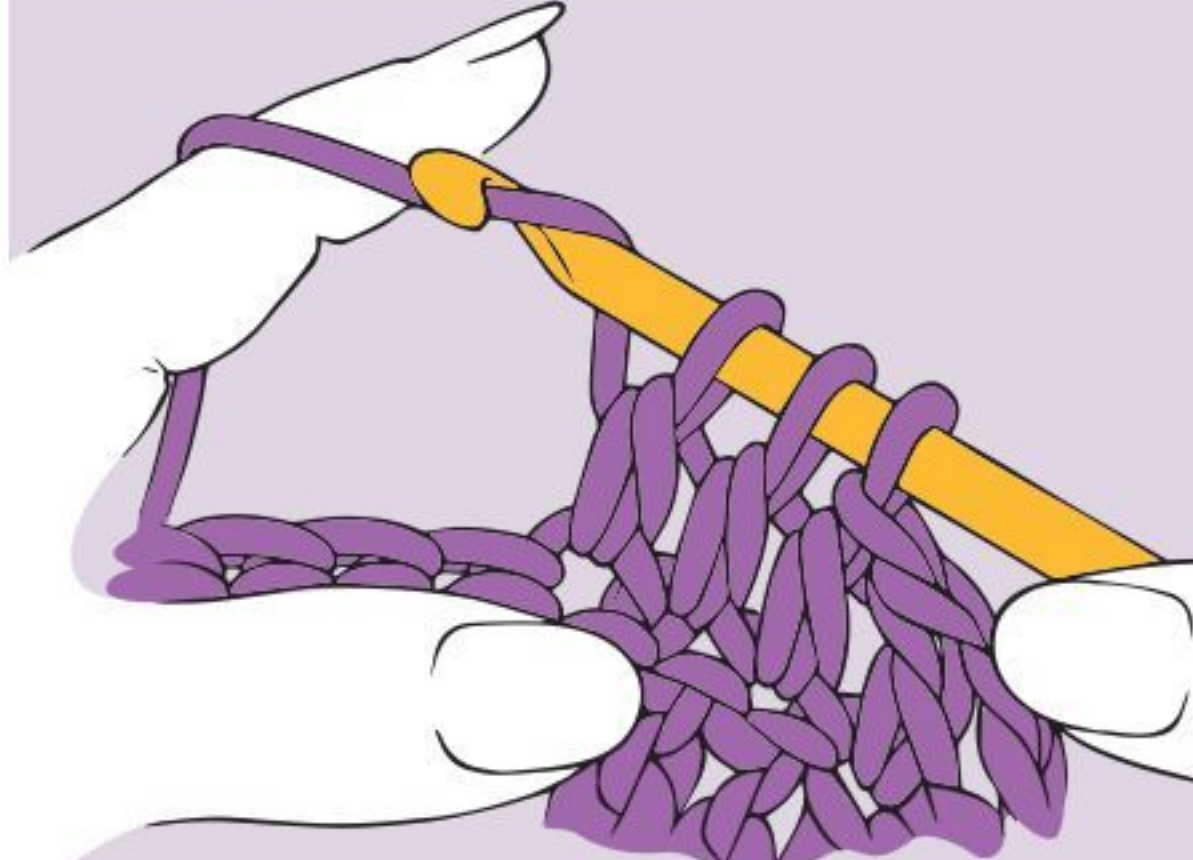

1 Insert hook through next stitch, yarn over hook, draw back through work. Two loops on hook. Insert hook into next stitch, yarn over hook, draw back through. Three loops on hook.

2 Yarn over hook, draw through all three loops. One loop on hook.

treble two together (tr2tog)

This is similar to 'dc2tog' but is worked with treble stitches

1 Yarn over the hook. Insert the hook through the stitch. Yarn over the hook and draw back through the work. There will be three loops of yarn on the hook. Yarn over the hook and draw through the first two loops. This will leave two loops on the hook. Yarn over the hook and insert through the next stitch, yarn over the hook and draw through the work. There will be four loops of yarn on the hook. Yarn over hook and draw through two loops. This will leave three loops on the hook.

2 Yarn over hook and draw through all three loops on the hook. This will leave one loop on the hook.

TEA AND A CHAT WITH...

Sari Nordlund

This Novita designer's Instagram bio reads: Mostly knitting with a big chance of cats. What's not to love?

Sari Nordlund – a Finnish knit designer with an affinity for autumnal hues – loves that knitting isn't all-consuming. "While it keeps my hands busy, my mind is still free to wander," she confirms. "If I'm reading a book, I'm completely absorbed in that world but I can knit while I do other things – talk with friends, watch TV, sit on the bus, watch my son at the playground,

and still be present in the situation." Not only that, no tidying is required! "I like how I can knit a stitch or two and just put my knitting down if I'm needed somewhere else, so it's not like many other hobbies where you have to set up and clean for a long time before and after."

NOVITA CALLING

As is the case with many a professional, Sari was introduced to the craft as a youngster. "All Finnish kids are taught basic knitting in school, but I didn't like it back then. Once I'd made the compulsory pair of socks and mittens, I gave up knitting for ten years." Thankfully, she had a change of heart in her early twenties. Now she's proud to call herself a designer for Novita, a family business established in 1928, whose spinning mill in Kouvola, Finland manufactures ten million balls of yarn every year. Insert gasp here!

Novita's ever-so-popular Moomin toy was created by Sari. "It took me a couple of tries to get the shape right – especially the nose!" she admits. "There are quite a lot of techniques too. The head is started in the same way as a toe-up sock, the tail and thumbs are worked with i-cord, and the nose and feet are shaped with short rows. So it's not the easiest project to knit, but it's still a fun one." As well as being thrilled to collaborate on the Moomins range, Sari's affiliation with Novita runs deep. "The yarns are mostly made in Finland, so they are local to me," she says fondly. "They're very responsible in regards to animal welfare, the working conditions in their spinneries and the environmental issues of producing and dyeing wool. The yarns themselves are inspired by Nordic nature, which is also really close to my heart."

KEEP FOCUS

In contrast to Sari's love of mindless knitting, she also appreciates the exact opposite: mindfulness. "It can require your full attention as well, especially when knitting intricate lace patterns, colourwork or cable patterns. Designing is often problem-solving. I need everything to be really quiet around me so I can focus without disruptions. I always have more than one project on my needles too, so that I can pick the project that suits the situation best – there's no point trying to knit anything complicated while watching the *Game of Thrones* finale, but sometimes after a hectic day I want to knit something completely absorbing so that I can leave all my worries behind for a while." And which yarn would she choose to lose herself in? "I especially love Novita's Nordic Wool for the colours and rustic feel," Sari enthuses. "I prefer knitting cables and all kinds of textured stitches, and this yarn has a really great stitch definition."

"There's no point trying to knit anything complicated while watching the *Game of Thrones* finale"

Finally, we asked Sari to share her best knit ever. Her response? "I hope I haven't knitted the best thing yet!"
