INSTRUCTIONS

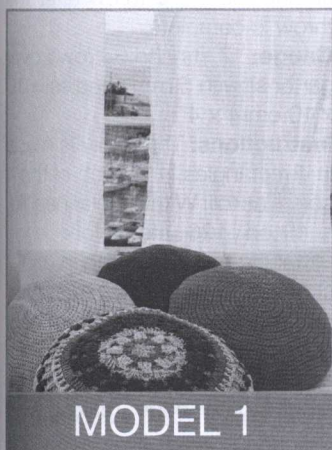

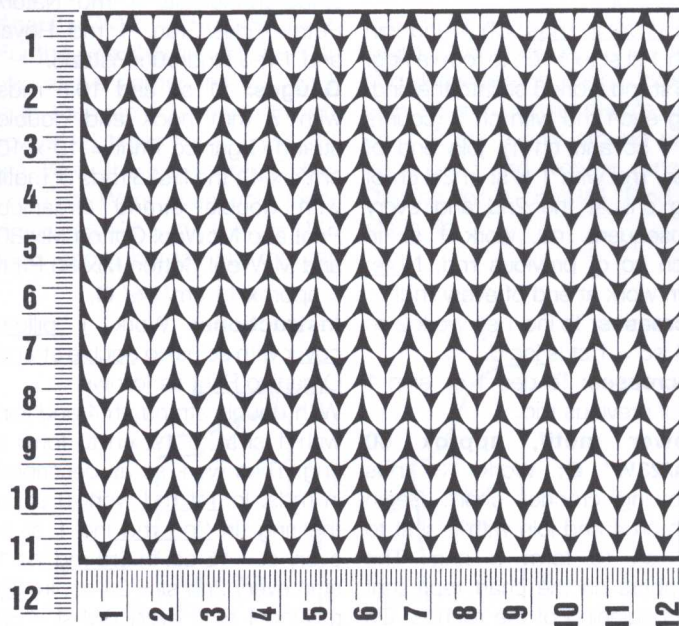

GAUGE

Always make a gauge swatch! Make a 12 x 12 cm/4¾ x 4¾" swatch in the pattern stitch of the desired Model. Then measure the stitches and rows over a 10 x 10 cm/4 x 4" area. If there are fewer stitches than specified in the instructions: either knit tighter, or use smaller needles (1/2 or a whole needle size). If you have more stitches: Try to knit looser or use larger needles.

Please note: Knitting will vary. Therefore, the gauge and needle information stated on the yarn label is simply a suggestion. Also, the gauge is always given over stockinette stitch. Therefore, for perfect results it is a must to take your gauge in the pattern stitch. And by doing so, your favorite model will not only look good, but will also fit!

Gauge: 16,5 sts and 24 rows over Lace Pat with 6 mm needles = 10 x 10 cm/4 x 4".

Back: With 5,5 mm needles, cast on 74 (82 - 90) sts. For the border work Ribbing for 2 cm/¾" = 6 rows. Change to 6 mm needles and work in Lace Pat until piece measures 37 (38 - 39) cm/14½ (15 - 15½)" = 90 (92 -

94) rows above border. Place a marker each side of row for beg of armhole. Work even until armhole measures 15 (16 - 17) cm/6 (6¼ - 6½)" = 36 (38 - 40) rows above markers. For the neck shaping, bind off center 40 sts, and working both sides at once, bind off from each neck edge 3 sts once. When neck depth measures 2 cm/¾" = 6 rows, bind off rem 14 (18 - 22) sts each side for shoulders.

Front: Work same as back, but work neck shaping when armhole measures 9 (10 - 11) cm/3½ (4 - 4½)" = 22 (24 - 26) rows above markers, as follows: bind off center 36 sts and working both sides at once, bind off from each neck edge 3 sts once and 2 sts once. When same length as back, bind off rem 14 (18 - 22) sts each side for shoulders.

Sleeves: With 5,5 mm needles, cast on 48 sts. For the border work Ribbing for 2 cm/¾" = 6 rows. On the last WS work, inc 6 sts evenly spaced across = 54 sts. Change to 6 mm needles

and work in Lace Pat. For the side shaping, inc 1 st each side after 36 (34 - 32) cm/14 (13¼ - 12½)" = 86 (82 - 78) rows above border, then every 18th (14th - 8th) row 1(2-4) times = 58 (60 - 64) sts. Work the inc sts into rev St st. Work even until piece measures 15 (17 - 19) cm/6 (6½ - 7½)" = 38 (42 - 46) rows above 1st inc. Bind off all sts.

Finishing: Block pieces to

measurements. Sew shoulder seams. With center of bound-off edge of sleeve at shoulder seam, sew top of sleeve to front and back between armhole markers. Sew side and sleeve seams. For the neckband, with 5,5 mm circular needle, pick up 128 sts evenly around neck edge. Join and work in rnds in Ribbing for 3 cm/1¼" = 6 rnds. Bind off sts in rib.

Garter st: K every row. In rnds, alternate P 1 rnd and K 1 rnd.

Slip st pat: Follow stitch chart below. The numbers on the right side of the chart represent RS rows, on the left side, WS rows. Read RS rows from right to left, WS rows from left to right. The letters with numbers SB-610 and SB 611 stand for Secondo Big in Türkisblau #610 and Royal #611. When working across the row, beg with the sts before the 1st arrow, work the rep = 6 sts between the arrows, end with the sts after the 2nd arrow. For clarity

2 reps are shown. Rep rows 1 - 12.

Gauges: 21,5 sts and 35,5 rows over Slip st pat with 4 mm needles and Secondo Big = 10 x 10 cm/4 x 4"; 16,5 sts and 34 rows over garter st with 4 mm needles and Terzo = 10 x 10 cm/4 x 4".

Instructions: Work the head, begin with the **mouth**, see arrow on diagram. This shows direction of work!

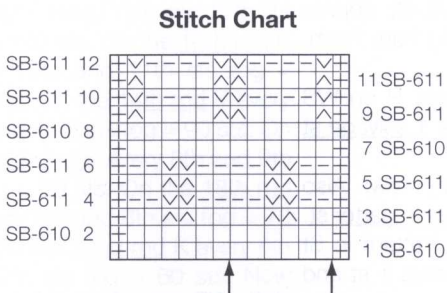

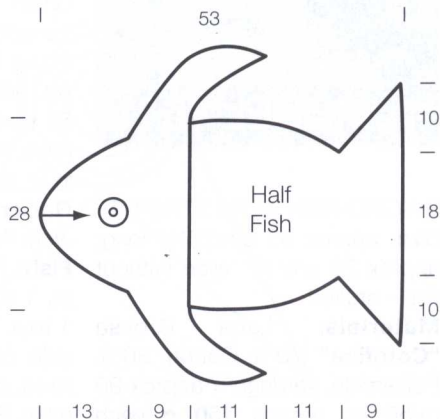

With dpn and Terzo cast on 8 sts. Divide sts evenly over 4 needles = 2 sts on each needle and join to work in rnds. Place a marker for beg of rnd. Work in garter st in rnds. For the head, on 2nd rnd from beg, work incs as foll: **1st and 3rd needle:** K1, M1 (insert

needle: K2, M1, K1 = 16 sts. **6th rnd:** **1st and 3rd needle:** K1, M1, K3; **2nd and 4th needle:** K3, M1, K1 = 20 sts. **8th rnd:** **1st and 3rd needle:** K1, M1, K4; **2nd and 4th needle:** K4, M1, K1 = 24 sts.

Cont to inc 4 sts in this way every 2nd rnd 14 times more, then every 4th rnd 2 times = 88 sts.

When there are too many sts to fit on dpn, change to 4 mm circular needle. Then for the belly- and Back fins cont incs as before (1 st on each needle) every 2nd rnd 15 times = 148 sts. Then place the fins sts on a holder as foll: on the **1st and 3rd needle** the first 16 sts, on the **2nd and 4th needle** the last 16 sts, therefore 32 sts per fin. Then cont over the 42 sts in between = sts on the 1st and 2nd needle as well as the sts on the 3rd and 4th needle the body continue in Slip st pat with Secondo Big.

Then place the 3rd and 4th sts on st holder and cont over the sts on the 1st and 2nd needle, and inc 20 sts evenly on the 1st row = 62 sts. For the body shaping on the 25th row above beg of Slip st pat, dec 1 st each side, then rep dec every 6th row 6 times, every 4th row 3 times and every 2nd row 2 times = 38 sts.

For the **caudal fin** beg with a RS row, cast on 2 sts at beg of next 16 rows, then inc 1 st each side every 2nd row 6 times = 82 sts.

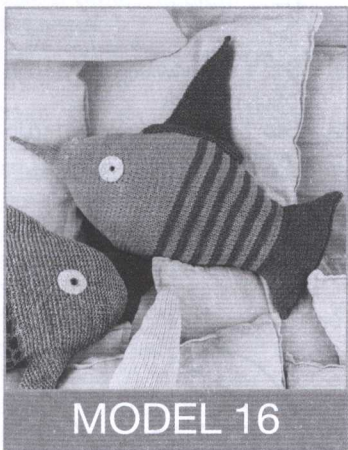

Work the inc sts into Slip st pat. After at total of 31 cm/12¼" = 110 rows from beg of Slip st pat = after a pat row 2, bind off sts. Work over the 42 sts on holder in same way for the other half of body.

Belly fin: With 4 mm dpn and Terzo, work over 32 sts on holder in rnds of garter st. Divide sts evenly over 4 needles. Place a marker for beg of rnd at belly side. For the fin shaping, work decs as foll: at beg and end of rnd work K2tog. Rep this dec every 2nd rnd 4 times more and in every 4th rnd 2 times more = 18 sts. Then in every 4th rnd dec 3 sts evenly around 5 times. Cut yarn and draw through rem 3 sts. Sew end of yarn to inside.

Back fin: Work same as belly fin.

Eye (make 2): With 3,5 mm hook and Secondo Big in Weiß, ch 5. Join with sl st to first ch to form ring. **Rnd 1** Ch 2 (counts as 1st dc), work 11 dc inc ring = 12 dc, join with sl st in top of beg ch-2. **Rnd 2** Ch 2, work 1 dc in same sp as sl st, work 2 dc in each dc around = 24 dc. Join with 1 sl st. Fasten off.

Finishing: Fold piece exactly in half. Sew side seams of head and caudal fin, leaving an opening for stuffing. Stuff the body. Sew the rest of the seam. Sew crochet eyes to body, see photo for placement. Sew animal eye in center of crochet eye.

Washing and felting: Wash at 40°C/104°F including spin cycle in washing machine. It is best to add 2 stain-resistance cloths from the drugstore and a couple of towels of similar color in the washing machine. Then wash with liquid color detergent without energy-saving, and use the quick wash program. Form the shell

into shape when wet, then stuff firmly with lots of crumpled paper. Dab the dry shell from the outside with metallic paint to make a mottled appearance. Let paint dry. When the paint has dried, apply paint again in some places, particularly at the edge for strength, see photo.

Note: The dabbing with metallic paint requires a bit of patience, therefore is more suitable for experienced crafters.

IMPORTANT NOTES OF FELTING WOOL

Felting wool is a pure **natural product**. Therefore, the **properties and behaviors of felting can vary**. Here are the various reasons:

1) Product-related causes

Between large quotas of **raw wool** – the starting materials for the production – differences in quality may be present. These differences come through in the final product. Likewise, the **intensity of each color** has an effect on the shrinkage behavior when felting. Bright colors tend to shrink more than dark. Ultimately, manipulation also **effects** the felting properties. So the wool must be dyed before spinning to produce certain effects (such as melange) – however, with other effects, the pressure on the spun yarn is already applied. This changes the density and the volume of the yarn (thick/thin), even though the identical material is processed, which in turn is reflected directly in the felting process.

2) Wash-related reasons

During washing in the machine, many factors of the knitted piece can contribute to the effects of the felting. Along with the type of washing machine, and above all, the type of detergent and the water temperature are crucial.

3) Different types of knitting

Everyone knits differently and thus gets a different knitted fabric. Looser knit pieces shrink more when washed, firmer knits shrink less. Therefore, specified standards of shrinkage are taken from an average knitting tension and may differ due to the factors

mentioned above. Because of all these factors mentioned, it is very important to make a **gauge swatch** and **felt** the swatch. Wash the swatch at 40°C/104°F in the normal setting with spin cycle and liquid color detergent – non energy saving – or select the quick wash program. For best results, add 2 stain-resistant cloths from the drugstore and a couple of towels of similar color in the washing machine. The machine will not be completely full. You can also add 1 or 2 tennis balls for friction, to achieve a better felted result. The more friction and pressure combined with heat and moisture, the faster and better the felting process will be.

GAUGE

To get the required Gauge of your desired project, knit a large rectangle with the suggested needle size and stated pattern stitch. Since the knitted pieces will be felted, the gauge swatch must be quite large, that is, larger than 10 x 10 cm/4 x 4". It should be at least 25 – 30 stitches and 40 rows. Then measure the swatch in the center across the stitches over 10 cm/4" and along the rows over 10 cm/4", because the center of the swatch is the most even. Mark this 10 cm/4" square with a length of contrast color yarn and make a note of the number of stitches and rows. When you wash the swatch, you will no longer be able to count the stitches and rows, but the contrast yarn will still be visible and you can measure within it. The difference in the size after felting is considerable.

CROCHET HAT WITH BRIM

On the 1st rnd, ch 1, which counts as 1st sc and work 11 sc into ring = 12 sc. Join every rnd with 1 sl st. On the 3rd rnd, work the tr and sc around the ch-sp of the previous rnd. The rnds are shown in full. After the 3rd rnd, the motif is complete. For the 2nd motif and all foll motifs, crochet the motif in the 3rd rnd to the previous motif, therefore instead of the center ch-sp, work 1 sc in the adjacent sp. The crochet chart F

shows how the motifs are joined to each at the corner.

Scalloped edge: Foll crochet chart F on page 91, the lower and RH edges are shown, work 2 rnds = a and b. For easier reading, turn the crochet chart around 180°. For the rnd a, join to one motif corner with 1 sl st. Then crochet around the motifs as shown with 1 sc and ch 3. Beg rnd b with 2 sl sts and ch 2 instead of sc, and as shown with crochet scallops, therefore work rep between the arrows. Join every rnd with 1 sl st.

How it's done

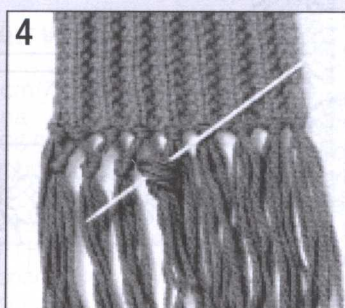

In order to get all the strands the same length, wrap the strands around a breakfast tray or solid cardboard in a suitable size. Depending on the desired length, cut the strands at one or two sides while still on the board. You need twice the length of the finished fringe length, plus approximately 1 cm/1/4" extra for knotting

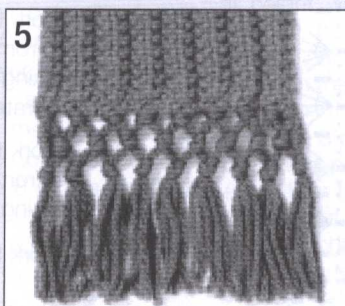

Use 2 to 4 strands for each fringe, depending on the desired thickness of the finished fringe, when doubled. Using a latch hook or crochet hook, insert hook from back to front into the designated spaced through the knitted piece, place the strands around the open hook or crochet hook and pull them carefully through the knitted piece.

Bring the threads from front to back through the loop and pull the strands tight. This forms a firm knot. When all fringe have been attached, trim the ends to the same length.

If you prefer a more decorative fringe, tie half the threads of two adjacent fringe together. So that all the knots are at the same height, carefully run a double-pointed needle through the knots and adjust to the correct height, before tightening the knot.

This procedure can be repeated as many times as desired. However, you should note that you will need to make the fringe longer to offset this extra knotting. Test the knotting over a few fringe before cutting all the strands to be sure of the correct length

For the border along the narrow edges work 11 flower motifs for each edge, for the long sides work 14 motifs for each side, from the 2nd square, and over the corner, join as described, see diagram. Along the inner edge of the border, work rnd a, alternating sc and ch 3. Work scallop edge of rnds a and b as described, around outer edge.

Finishing: Sew the flower border around the inner side. Sew in ends carefully. Block to measurements.

THREE PILLOW COVERS WITH WRAPPED BOBBLES

approx 40 x 56 cm/16 x 22"

Materials: Lana Grossa "Biolino" (60 % (Bio) Cotton, 40 % Linen, yardage = approx 115 m/50 g): for each pillow cover approx 250 g Natur meliert – natural mix (#1) and Lana Grossa "Lace Lux" (67 % Viscose, 33 % Wool (Merino extrafine), yardage = approx 310 m/50 g): for each pillow cover approx 50 g Limette - lime (#29) or Mauve meliert – mauve mix (#18) or Helltürkis meliert – light turquoise mx (#21); Knitting needles, one pair size 4 mm (US 6), 1 crochet hook size 3 mm (US D-3); 1 blunt embroidery needle; 2 buttons, 20 mm Ø (optional).

Textured Pat: Follow stitch chart on page 93. The numbers on the right side of the chart represent RS rows. On the WS rows, P all sts. When working across rows, beg with the sts before the 1st arrow, work the rep = 6 sts between the arrows, end with the

sts after the 2nd arrow. Work rows 1 – 10 once, then rep rows 3 – 10.

Wrap st: Work 1 wrap st over 1 P st of Textured Pat as foll: On the knitted piece, with der embroidery needle and Lace Lux, insert needle from the WS to the left of the P st and draw through to the RS, leaving a length of yarn hanging on the WS. Secure the yarn end. Then to the right of the P st, insert the needle in and out again, but do not draw the yarn through and do not tighten the yarn, but wrap the yarn, not too firmly 12 times around the needle point with the left hand. Then hold the wraps and pull the needle with the yarn care through. Now insert again at the same place and tighten the thread. The wraps lay like a caterpillar around the yarn. Sew the yarn ends carefully to the WS.

Gauge: 20 sts and 30 rows over Textured Pat with 4 mm needles

= 10 x 10 cm/4 x 4".

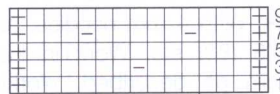

Front and Back: Worked in one piece horizontally. The arrow on the schematic shows the direction of work! Beg in the **center back**. With Biolino cast on 81 sts. Work the 1st half of the **back** piece in Textured Pat. When piece measures 28 cm/11" = 84 rows from beg, place a marker each end of row for end of back. Work another 56 cm/22" = 168 rows and place a marker each end of row for the end of the **front** piece. Work the 2nd half of the **back** piece in pat for another 28 cm/11" = 84 rows from the 2nd set of markers. Bind off sts. Make 3 pillow covers.

Finishing: Block each pillow cover to measurements. On the front piece, work wrap st over the purl sts with Lace Lux – working 1 different color on each cover. Fold the back pieces at the markers to the WS. Join the cast-on and bound-off edges over 11

cm/4½" each side, leaving the center 18 cm/7" open. Then sew the top and lower edge of the pillow seam. Insert pillow form then sew remainder of opening.

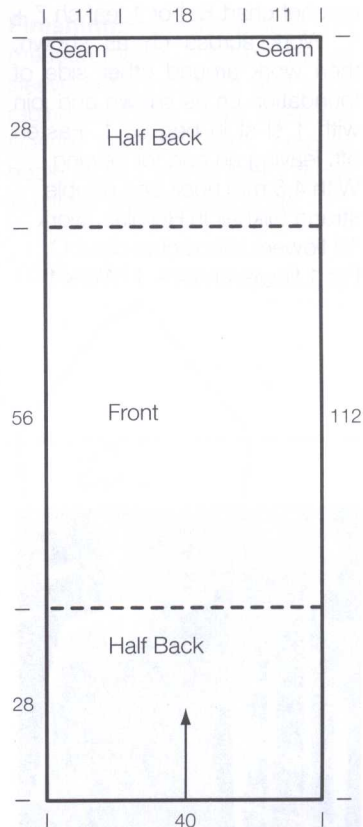

Tip: If desired, instead of sewing the last opening, you can make two ch-5 button loops on one edge and sew buttons to opposite edge.
