Sew back seam on Cuff. Weave in all ends.

TIES (MAKE 2)

Cut two 8 foot long pieces of mint. With both pieces held together, ch 75. Finish off.

Weave tie through ch-1 sps on Row 2 of Cuff.

POMPONS

Make 4 pompons with white, lime and mint according to pompon instructions on page 80. Attach pompons to each end of ties.

General Directions

Abbreviations and Symbols

Crochet patterns are written in a special shorthand which is used so that instructions don't take up too much space. They sometimes seem confusing, but once you learn them, you'll have no trouble following them.

Abbreviations

Beg	beginning
CL(S)	cluster(s)
Ch(s)	chain(s)
Dc	double crochet
Dec	decrease
Hdc	half double crochet
Inc	Increase(ing)
Lp(s)	loop(s)
Mm	millimeters
Oz	ounces
Prev	previous
Rem	remaining
Rep	repeat(ing)
Rnd(s)	round(s)
Sc	single crochet
Sl st	slip stitch
Sp(s)	space(s)
St(s)	stitch(es)
Tog	together
Tr	triple crochet
YO	yarn over hook

These are Standard Symbols

*An asterisk (or double asterisks**) in a pattern row, indicates a portion of instructions to be used more than once. For instance, "rep from * three times" means that after working the

instructions once, you must work them again three times for a total of 4 times in all.

: The number of stitches after a colon tells you the number of stitches you will have when you have completed the row or round.

() Parentheses enclose instructions which are to be worked the number of times following the parentheses. For instance, "(ch 1, sc, ch 1) 3 times" means that you will chain one, work one sc, and then chain one again three times for a total of six chains and three sc's.

Parentheses often set off or clarify a group of stitches to be worked into the same space of stitch. For instance, "(dc, ch 2, dc) in corner sp".

[] Brackets and () parentheses are also used to give you additional information.

Terms

Join—This means to join with a sl st unless another stitch is specified.

Finish Off—This means to end your piece by pulling the cut yarn end through the last loop remaining on the hook. This will prevent the work from unraveling.

Continue in Pattern as

Established—This means to follow the pattern stitch as it has been set up, working any increases or decreases in such a way that the pattern remains the same as it was established.

Work even—This means that the work is continued in the pattern as established without increasing or decreasing.

Gauge

This is probably the most important aspect of crocheting!

Gauge simply means the number of stitches per inch, and the number of rows per inch that result from a specified yarn worked with a hook in a specified size. But since everyone crochets differently—some loosely, some tightly, some in between—the measurements of individual work can vary greatly, even when the crocheters use the same pattern and the same size yarn and hook.

If you don't work to the gauge specified in the pattern, your project will never be the correct size, and you may not have enough yarn to finish your project. The hook size given in the instructions is merely a guide and should never be used without a gauge swatch.

To make a gauge swatch, crochet a swatch that is about 4" square, using the suggested hook and the number of stitches given in the pattern. Measure your swatch. If the number of stitches is fewer than those listed in the pattern, try making another swatch with a smaller hook. If the number of stitches is more than is called for in the pattern, try making another swatch with a larger hook. It is your responsibility to make sure you achieve the gauge specified in the pattern.

Pompons

Cut a piece of cardboard 3" wide and as long as you want the diameter of your finished pompon to be. Wind the yarn around the cardboard until it is approximately 1/2" thick in the middle (**Fig. 1**). Carefully slip the yarn off the cardboard and firmly tie an 18" length of yarn around the middle

Fig 1

(**Fig 2**). Leave yarn ends long enough to attach the pompon. Cut the loops on both ends and trim the pompon into a smooth ball (**Fig 3**).

Fig 2

Fig 3

Tassels

Cut a piece of cardboard about 6" wide and the desired length of the finished tassel. Wind the yarn around the length of the cardboard the number of times necessary to make the desired tassel. Cut a piece of yarn about 20" long and thread a double strand into a tapestry needle. Insert the needle through all strands at the top of the cardboard, pull up tightly and knot securely, leaving ends for attaching. Cut the yarn at the opposite end of the cardboard, and remove the cardboard.

Cut another strand of yarn 12" long and wrap it tightly twice around the tassel approximately 1/2" below the top knot. Knot securely and allow excess ends to fall in as part of the tassel.

Yarn Information

Each item in this leaflet was made with Light Worsted Weight Yarn. Any brand of the same weight yarn may be used. It is best to refer to the yardage when determining how many balls or skeins to purchase. Remember, to arrive at the finished size, it is the GAUGE that is important, not the brand of yarn.

For your convenience, listed below are the specific yarns used to create our photographed models.
