TASSEL (Make 4)

Cut piece of cardboard 3" (7.5 cm) wide x 5" (12.5 cm) long. Wind a double strand of Ecru yarn around the cardboard approximately 38 times. Cut an 18" (45.5 cm) length of yarn and insert it under all of the strands at the top of the cardboard; pull up **tightly** and tie securely. Leave the yarn ends long enough to attach the tassel. Cut the yarn at the opposite end of the cardboard and then remove it (Fig. B). Cut a 6" (15 cm) length of yarn and wrap it **tightly** around the tassel twice, 1" (2.5 cm) below the top; tie securely (Fig. C). Trim ends.

GAUGE

Exact gauge is **essential** for proper size. Before beginning your project, make the sample swatch given in the individual instructions in the yarn and hook specified. After completing the swatch, measure it, counting your stitches and rows carefully. If your swatch is larger or smaller than specified, **make another, changing hook size to get the correct gauge.** Keep trying until you find the size hook that will give you the specified gauge.

HINTS

As in all crocheted pieces, good finishing techniques make a big difference in the quality of the piece. Make a habit of taking care of loose ends as you work. Thread a yarn needle with the yarn end. With **wrong** side facing, weave the needle through several stitches, then reverse the direction and weave it back through several stitches. When ends are secure, clip them off close to work.

BEGINNER	Projects for first-time crocheters using basic stitches. Minimal shaping.
EASY	Projects using yarn with basic stitches, repetitive stitch patterns, simple color changes, and simple shaping and finishing.
INTERMEDIATE	Projects using a variety of techniques, such as basic lace patterns or color patterns, mid-level shaping and finishing.
EXPERIENCED	Projects with intricate stitch patterns, techniques and dimension, such as non-repeating patterns, multi-color techniques, fine threads, small hooks, detailed shaping and refined finishing.

MARKERS

Markers are used to help distinguish the beginning of each round being worked. Place a 2" (5 cm) scrap piece of yarn before the first stitch of each round, moving marker after each round is complete.

JOINING WITH SC

When instructed to join with sc, begin with a slip knot on hook. Insert hook in stitch or space indicated, YO and pull up a loop, YO and draw through both loops on hook.

POST STITCH

Work around post of stitch indicated, inserting hook in direction of arrow (Fig. 1).

Fig. 1

WORKING AROUND

Work in stitch or space indicated, inserting hook in direction of arrow (Fig. 2).

Fig. 2

WORKING IN FRONT OR BEHIND

Work in front or behind st(s) as indicated (Fig. 3a or Fig. 3b).

Fig. 3a

Fig. 3b

WHIPSTITCH

Place two Squares or Strips with **wrong** sides together. Beginning in center sc of first corner 3-sc group, sew through both pieces once to secure the beginning of the seam, leaving an ample yarn end to weave in later. Insert the needle from **front to back** through **inside** loops only of each stitch on **both** pieces (Fig. 4). Bring the needle around and insert it from **front to back** through next loops of both pieces. Continue in this manner across center sc of next corner 3-sc group, keeping the sewing yarn fairly loose.

FREE LOOPS

When instructed to work in free loops of a chain, work in loop indicated by arrow (Fig. 5).
