Triangle Shawl

SKILL LEVEL

INTERMEDIATE

FINISHED SIZE

24 x 59 inches

MATERIALS

- Universal Yarn Swiss Mohair super fine (fingering) weight yarn (3½ oz/601 yds/100g per skein): 3 skeins #2502 edelweiss
- Size I/9/5.5mm crochet hook or size needed to obtain gauge

GAUGE

3 V-sts = 2 inches; 7 V-st rows = 4 inches

PATTERN NOTES

Mohair is quite a challenging yarn to pull out, which can be particularly frustrating when learning a new stitch. To make your crochet experience pleasant, first make a swatch of the pattern using yarn of your preference until you become confident with the crocodile stitch. It will not take long for you to master it.

Gauge is not important for this project. The choice of a large hook is intentional to provide better drape for the Shawl.

The shawl is worked from the bottom up. This type of construction gives you freedom to choose Shawl size of your preference. A neck warmer, a medium or a large shawl are all possible size variations with this single pattern.

If making larger Shawl, you may need more yarn than stated in Materials.

If making smaller Shawl, you may not use all the yarn stated in Materials.

In short, the crocodile stitch is formed by a two-row repeat: a row of V-stitches followed by a row of scales (or shells). This is a fairly easy pattern to execute and is fast to memorize. The only novelty about this design is that the scales are crocheted in front of the V-stitches with clusters of front post double crochets from top to bottom, then from bottom to top, as opposed to working them on top of the row like most shell patterns.

The first scale is worked in a round that is not joined; the remainder of the pattern is worked in rows. Each row of scales will increase the number of scales by one, forming the triangular shape.

Photos used are worked with larger hook and yarn in order to show more detail.

Chain-3 at beginning of row or round counts as first double crochet unless otherwise stated.

Chain-4 at beginning of row or round counts as first double crochet and chain-1 unless otherwise stated.

Join with slip stitch as indicated unless otherwise stated.

- Tapestry needle
- Size 50mm/2-inch toggle button

GAUGE

PATTERN NOTES

In short, the crocodile stitch is formed by a two-row repeat: a row of V-stitches followed by a row of scales (or shells). This is a fairly easy pattern to execute and is fast to memorize. The only novelty about this design is that the scales are crocheted in front of the V-stitches with clusters of front post double crochets from top to bottom, then from bottom to top, as opposed to working them on top of the row, like in most shell patterns.

Photos used are worked with larger hook and yarn in order to show more detail.

Chain-3 at beginning of row or round counts as first double crochet unless otherwise stated.
