Materials:

Yarn: Worsted weight in 3 colors:

Color 1: (Main Color)

Color 2: (Lid)

Color 3: (Coffee)

Crochet Hook: Size G

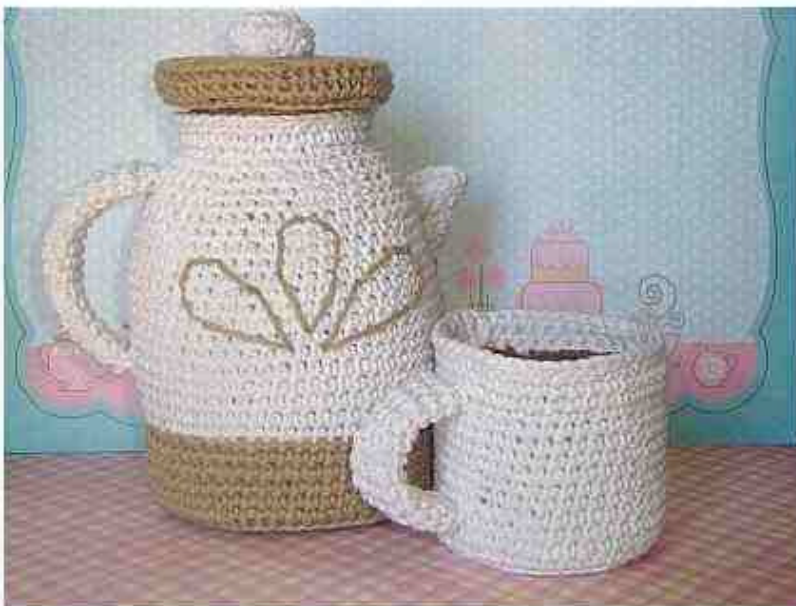

Tapestry needle

Fiberfill (or your preferred type of stuffing)

Cardboard

All parts of the pot and cup; except for the spout, are made in the spiral.

There are no joined rounds. Mark your rounds with a stitch marker or safety pin. Gauge is not important as long as you keep your tension even through the entire piece. Using a smaller yarn and hook will give you a smaller pot, as well as increasing the size of yarn and hook will give you a bigger pot. I used card board for my coffee pot to make it look flatter. I used a double thick corrugated cardboard. If you do not have cardboard that thick you can use layers, or you can use just regular stuffing or a combination of both.

Abbreviations:

st - stitch

sc - single crochet

inc - increase (place 2 stitches in next stitch)

sc2tog - single crochet 2 stitches together

Lines done in blue are stitches or special directions that are not repeated through out the pattern.

Pattern for personal use only. Not for retail or commercial use with out written permission from Amber Jolly.
