Materials:

Yarn: Worsted weight in 2 colors:

Color 1: (main color)

Color 2: (stripe)

Color 3: (tea)

Yarn scraps for teabag

Crochet Hook: Size G

Tapestry needle

Fiberfill (or your preferred type of stuffing)

All parts of the pot and cup are made in the spiral, there are no joined rounds. Mark your rounds with a stitch marker or safety pin. Gauge is not important as long as you keep your tension even through the entire piece. Using a smaller yarn and hook will give you a smaller doll, as well as increasing the size of yarn and hook will give you a bigger doll.

The blue teapot pictured in this pattern is smaller than the yellow one made with a G hook. I made the blue teapot with sport weight yarn and an E size hook.

Abbreviations:

st - stitch

sc - single crochet

inc - increase (place 2 stitches in next stitch)

hdc - half double crochet

sc2tog - single crochet 2 stitches together

Lines done in blue are stitches or special directions that are not repeated through out the pattern.

Pattern for personal use only. Not for retail or commercial use with out written permission from Amber Jolly.

- ☐ Row 3 - 5 stitches - chain 2, 4 dc across, turn

Fasten off weave in ends. For 'string' chain 10 with scrap of white yarn, make last chain through top edge of teabag 'paper'. Slip stitch back up chain. Fasten off, leave long tail for sewing. Sew into teapot or cups as you prefer.
