Materials:

Yarn: Worsted weight in 3 colors:

Color 1 (Alien)

Color 2 (UFO seat, legs,
dome top)

Color 3 (UFO body)

Crochet Hook (Size G)

Tapestry needle

Felt for eyes and dots on UFO (or
your preferred type of eyes)

Fiberfill (or your preferred type of
stuffing)

Felt glue (optional)

Sewing thread to match Color 2.

All parts of the alien and UFO are
made in the spiral, there are no
joined rounds. Mark your rounds
with a stitch marker or safety pin.
Gauge is not important as long as
you keep your tension even through
the entire piece. Using a smaller yarn and hook will give you a smaller doll, as well as increasing the size of yarn and hook will give you a bigger doll.

Abbreviations:

st - stitch

sc - single crochet

inc - increase (place 2 stitches in next stitch)

sc2tog - single crochet 2 stitches together

Lines done in blue are stitches or special directions that are not repeated through out the pattern. Read through pattern before starting.

Alien:

Special note: If you have trouble fitting your alien in his UFO (he's a tight fit) then try making him with one size smaller hook than what you used for the UFO.

The top edge of the seat will fold over on its self, making a 'lip' at the top. Using a sewing thread that matches Color 2 (UFO seat, legs, dome top) sew bottom edge of fold (through back loops only) to main section of seat. Be sure to keep stitch marker in place as you sew the edge down to ensure a correct count when you resume crocheting and make your color change.

Slip stitch bottom edge of the body section to the seat. Attach to the loops on the bottom edge of the seat. Put hook through front loop of body section and then through the loops at the bottom of the seat section. You will have 3 loops on your hook, pull yarn through all 3 loops. Stuff as you slip stitch around. Fasten off and weave in ends.

Using color 2 (UFO seat, legs, dome top):

Slip stitch around edge of bottom for a bit more sturdiness. Fasten off, leave long tail for sewing. Sew to seat portion across 4 to 5 stitches. Weave in ends.

The end ☺.
