(originally sold under the name APlusAmigurumi)

You need a little Android Robot friend sitting on your desk at work, don't you? He will entertain you when you're having a bad day, and motivate you when you're working hard. Most importantly, all your co-workers will be extremely jealous when they see this green guy hanging out with you all day.

What you will need:

2 colors of worsted weight yarn

Sizes C/2.5 mm and D/3.0 mm crochet hooks

Yarn Needle

Stuffing

~~Stitches you will need to know:~~

*Magic ring

Chain

Slip stitch

Single crochet

Increase

Invisible decrease

Back loop only single crochet

*I use the magic ring method for all pieces worked in the round. Feel free to use the chain 2 method if you are more comfortable with that.

Cut yarn, leaving a 6 inch tail. Pull the tail through the last loop on your hook, and pull tightly. Thread the tail onto your yarn needle and stitch in and out of each of the remaining 9 stitches on the bottom of your robot. Pull the yarn tight to close the hold. Weave in your tail.

Arms

Using green yarn and D/3.0 mm crochet hook. Make two.

1.) Sc 6 into magic ring (6)

2.) *Sc 1, inc. Repeat from * 3x (9)

Rounds 3-12.) Sc in each st (9) (10 rounds of even stitching)

Leave the arms unstuffed.

Cut yarn, leaving a 6 inch tail. Pull the tail through the last loop on your hook, and pull tightly. Thread the tail onto your yarn needle and stitch in and out of each of the remaining 9 stitches on the top of the arm. Pull the yarn tight to close the hold. Weave in your tail.

Legs

Using green yarn and D/3.0 mm crochet hook. Make two.

1.) Chain 9, turn, sc into 2nd chain from hook, sc in each of next 6 chains, sc 2 in last chain. Begin working on the other side of chains, sc in each of next 7 chains, sc 2 in last chain. (18)

Rounds 2-6.) Sc in each st. around (18) (5 rounds of even stitching)

Cut yarn, leaving a 9 inch tail. Pull the tail through the last loop on your hook, and pull tightly.

After crocheting both legs, use one of the yarn tails to sew the legs together on one side. Stuff both legs. The other tail will be used to sew both legs onto the bottom of your robot.

Antennae

Using green yarn and D/3.0 mm crochet hook. Make two.

1.) Sc 6 into magic ring (6)

Rounds 2-5.) Sc into each st around (6) (4 rounds of even stitching)

Leave the antennae unstuffed

Cut the yarn, leaving a 6 inch tail. Pull the tail through the last loop on your hook, and pull tightly.

Using the remaining yarn tails, sew both of these onto the head after crocheting.

Arm "Attachers"

Using white yarn and C/2.5 mm crochet hook. Make two.

1.) Sc 6 into magic ring (6)

2.) Sc in each st. around (6)

Leave the attachers unstuffed

Cut the yarn, leaving a 5 inch tail. Pull the tail through the last loop on your hook, and pull tightly. Using the yarn tails, sew the attachers just below the white rounds on the sides of your robot. Next, sew the arms to the attachers with a bit of scrap green yarn.

Eyes

Using white yarn and C/2.5 mm crochet hook. Make two.

1.) Sc 6 into magic ring (6)

2.) *Sc 1, inc. Repeat from * 3x (9)

Cut the yarn, leaving a 5 inch tail. Pull the tail through the last loop on your hook, and pull tightly. Using

the remaining yarn tails, sew the eyes into place on the front of your robot.
