### WEAVING TECHNIQUES

**1:** To **attach first end**, run first end of Weaving Chain from front through indicated grid opening, pull tail and 1/4" of Chain to back side; thread tail into weaving needle and take a tiny stitch on back side of Grid; run tail back through Chain to hide; remove needle. Thread weaving needle with other end of Chain.

**2:** To **lengthen Chain** if Weaving Chain is too short to complete the section, weave to about 6" from end of Chain; **lengthen Chain** as follows:

**A:** Insert crochet hook through last stitch of Chain, yarn over with new strand of same yarn, pull through chain stitch leaving a 6" tail at back.

**B:** Make chain stitches for about 8" more and remove

hook; **do not cut yarn.**

**C:** Thread needle with new tail hanging at back of work, take a tiny stitch at back of old Chain. Run both tails back through opposite Chains to hide.

**D:** Return hook to last chain stitch and make chain stitches to length needed or until about 40" more has been added. Fasten off leaving a 6" tail.

**3:** To **shorten Chain** if Weaving Chain is too long after section is completed, loosen fasten-off loop and pull tail back through loop, unravel chain stitches to desired length leaving 1/4" of Chain at back of Grid. Fasten off leaving a 6" tail.

**4:** To **secure last end** of Weaving Chain when finished weaving the section, run remaining end of Chain to back of work; shorten chain if needed. Thread tail into needle and take a tiny stitch on back of Grid; run tail back through Chain to hide. □□

For **each Chain** (make 50), using two strands black yarn held together, leaving a 6" tail, ch until piece measures 48". Leaving a 6" tail, **fasten off** (see *Basic Instructions* on page 3).

## GRID WEAVING

**NOTE:** Refer to *Basic Instructions* on page 3 for all weaving techniques.

**1:** For **horizontal row of Cross Stitches** at center of Rug, holding Grid with right side facing and row 1 next to you, **attach first end** of one black Weaving

Chain behind sixth opening on row 45 of Grid (see red dot on Zebra Rug chart); using Weave Cross Stitches (see *Stitch Guide*), weave rows 45–46 according to chart; when you come to end of Chain, **lengthen Chain** and continue weaving until row is complete; **secure last end**.

**2:** For **vertical row of Cross Stitches**, attaching behind 30th opening on row 6 of Grid, weave Cross Stitches vertically over rows 6–85 in same manner as horizontal row.

**3:** On **rows 46–85 of Grid**, for **border**, attaching in sixth opening on row 46 (see green dot on chart), using Diagonal Weave Stitches (see *Stitch Guide*), weave around edge of striped section on this half of Grid according to chart; when you come to end of Chain, lengthen Chain and continue weaving until first half of border is complete; **secure last end**.

**4:** For **stripes**, work each "zebra stripe" as follows: Attach first end of one Weaving Chain behind opening at beginning of stripe; using Diagonal Stitches and Weave Backstitches (see *Stitch*

*Guide*), weave stripe according to chart; **secure last end**.

**5:** To weave **rows 5–45 of Grid**, turn Grid around so row 90 is next to you; counting row 90 as row 1, skipping all Cross Stitches, repeat steps 3 and 4 over rows 5–45 of Grid.

## BEADED EDGING

**1:** With right side of Rug facing, work Beaded Edging across row 90 of Grid as follows:

**A:** Attach one end of one black Weaving Chain behind opening at corner on row 90 of Grid, take a Backstitch (see *Stitch Guide*) at top of opening (see chart); thread weaving needle with other end.

**B:** Thread one bead onto Chain. With Chain at back of work, counting from last stitch, skip next four openings and run needle from back to front through fifth opening, pull through so bead barely touches edge of Grid.

**C:** For **Backstitch**, run needle from front to back through sixth opening, then to front through fifth opening (see

- chart), then again to back through sixth opening, ending with Chain at back of Grid.  
**D:** Repeat B and C eight more times across edge of Grid.  
**E:** Thread one bead onto Chain,

- skip next four openings and take a Backstitch at corner of last opening on Grid (see chart); secure last end.  
**2:** Working across row 1, repeat step 1. □ □

## GRID WEAVING

**NOTE:** Refer to Basic Instructions on page 3 for all weaving techniques.

**1:** Working in this order,

**First**—lattice border

**Second**—flowers, leaves, diagonal lattice lines

**Third**—tendrils, surface stitches on flowers and leaves

weave each **section of color** according to Trellis Rug First and Second Section charts as follows:

## A: Attach first end (see

Note above) of designated color Weaving Chain to back of Grid at beginning of first row of stitches in section (see Trellis Rug First and Second Section charts); thread weaving needle with other end of Chain.

**B:** Using Diagonal, Straight and Double Running Weave Stitches (see Stitch Guide), weave section according to chart; if Chain is too short, **lengthen Chain** and continue weaving until section is complete.

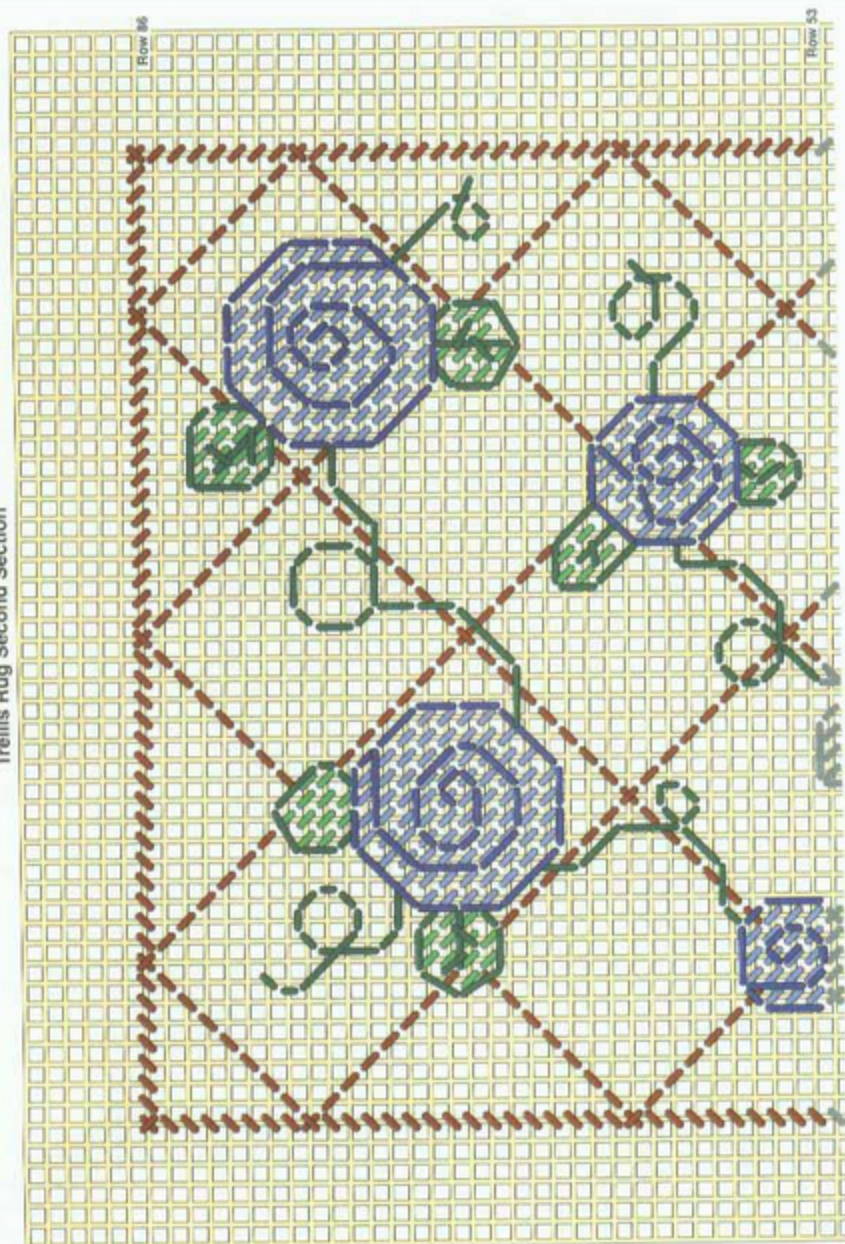

## C: Secure last end.

## FRINGE

For each Fringe, cut three strands taupe yarn each 6" long. Holding all three strands together as one, fold in half; insert hook from back to front through opening at edge of Grid, pull fold to back, pull ends through fold, pull snug. Fringe in each opening across each short edge of Grid.

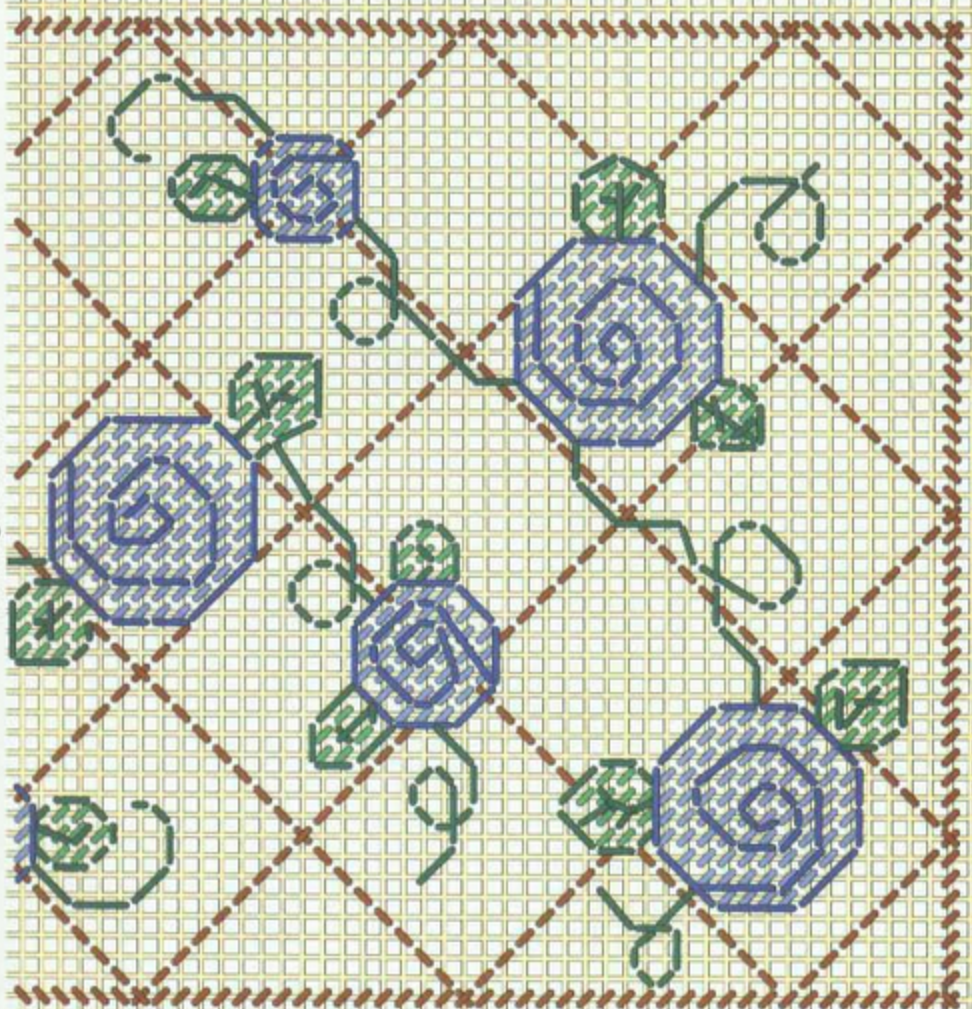

Trim all Fringe ends even. □□
