Gauge is not crucial with this pattern, however it will impact the size of the eyes you choose. I find that worsted weight yarn (approx 100-150 yds each, plus at least one additional color for facial features approx. 3-5 yds), and a size F hook, gives consistent results for a 6 inch doll that pairs well with 12mm glass or safety eyes. HINT: This doll is assembled from the top down in a continuous spiral, however I like to start with the arms... that way they're ready to attach when the head is done.

Make Bobble= *YO, insert hook into stitch YO and pull up loop* repeat* 4 more times, YO pull loop through all stitches on hook.

Even Rows 8-22: SC, DCR1 evenly over row (10 stitches after row 22)

Odd Rows 9-21: SC in every stitch

After the last row there should be 10 stitches. Stuff and set aside.

Row 3 to end: SC in each SC until tail measures 1 in. Switch to color A and continue SC for 1 more in. Set aside.

HEAD: Working in a continuous spiral

Row 1: The head starts with a magic circle, into which 6 SC are made. Pull tail to close loop on magic circle. (6 stitches)

Row 3: *SC in next stitch, 2 SC in next stitch*, repeat* 5 more times. (18 stitches)

Row 4: *SC in next 2 stitches, 2 SC in next stitch*, repeat* 5 more times. (24 stitches)

Row 5-11: SC, INCR 4 stitches evenly over each of the next rows, trying not to place increases in the same place row over row. Use a stitch marker to indicate the beginning/end of each row if you need to, I tend just to count my stitches as I go. (52 stitches)

Row 19 to end: *SC in next stitch, DCR 1*, repeat* 12 more times until there are 15 stitches

It's time to stuff the head and place the eyes. Eye size and placement is personal and can dramatically effect the look of your doll. For the felt eye detail, trace eye detail (figure C) onto your felt and cut out carefully. I prefer very small spring loaded snips for this job. If using safety eyes with posts, make a small slit in your eye details just large enough to fit the post through. Now you can begin postioning your eyes. Once you have choosen the best position, attach firmly.

BODY: Working in a continous spiral, continue from center back (Row 19) of the head.

Row 1: SC in each SC. (15 stitches)

Row 2: SC, INCR 3 evenly over row. (18 stitches)

Row 3: Starting at the center back of the head, *SC in next 2 SC, attatch arm (with toes pointing in toward body) by aligning 5 stitches of arm with next 5 stitches of body, SC through both layers of those 5 stitches, SC in next 2 SC* repeat* to attach second arm. (See figure A.)(18 stitches)

Row 4: *SC in next 2 SC, SC in the next 5 stitches of arm skipped in the previous row, SC in next 2 SC* repeat* to complete arm attachment (See figure B.)(18 stitches)

Row 5: SC, INCR 3 evenly over row. (24 stitches)

Row 11: Following the same technique as arm attachment, SC in 4 SC of tail skipped in previous row,

FINISHING:

Attach ears using whip stitch or ladder stitch and a single strand of yarn. Add nose and mouth detail with a single strand of contrasting yarn, embroidering "T" as seen in photos. Optional whiskers can be made placing three long stitches just to the outside of each eye using a single strand of contrasting yarn.

For the mane, start by indicating your intended hairline with a water soluble pen or a running stitch to be removed later. Next, attach the yarn to the head at the center forehead. The hairline, collar, and tail fur is made by surface crochet. SC 1 (by inserting hook under a stitch on the head), chain 4 and repeat around entire hairline. Once the hairline is complete, fill in the hairline with the long strands of the mane. Start along the hairline working in a spiral pattern towards the center top of the head. Work a slip stitch in the head by passing your hook under a single stitch. Chain 1, and pull up a long loop (about 3-4 inches). Pull that chain stitch tight to anchor the loop, and begin twisting the hook around in a clockwise motion. You want to do this about 12 times or until your loop is tightly twisted. Now pinch the loop in the center and fold the loop in half bringing the hook end down to the surface of your doll. When you let go of the loop it should twist up on itself leaving you with an adorable fringe. Continue these steps following your stitches on the head, changing color as you like. This technique takes some skill (and patience) but I do love the result!
