BASIC STITCHES

CHAIN

To work a chain stitch, begin with a slip knot on the hook. Bring the yarn **over** hook from back to front, catching the yarn with the hook and turning the hook slightly toward you to keep the yarn from slipping off. Draw the yarn through the slip knot (**Fig. 4**) (**first chain stitch made, abbreviated ch**).

Fig. 4

Method 1: Insert hook under top two strands of each chain (**Fig. 5b**).

Fig. 5b

Method 2: Insert hook into back ridge of each chain (**Fig. 5c**).

Fig. 5c

WORKING INTO THE CHAIN

When counting chains, always begin with the first chain from the hook and then count toward the beginning of your foundation chain (**Fig. 5a**).

Fig. 5a

Method 3: To form a beginning ring, work the specified number of chains and then join to the first chain made with a slip stitch (**Fig. 5d**).

GAUGE

Exact gauge is **essential** for proper size and fit. Before beginning your sweater, make the sample swatch given in the individual instructions in the yarn and hook specified. After completing the swatch, measure it, counting your stitches and rows or rounds carefully. If your swatch is larger or smaller than specified, **make another, changing hook size to get the correct gauge**. Keep trying until you find the size hook that will give you the specified gauge. Once proper gauge is obtained, measure width of garment approximately every 3" to be sure gauge remains consistent.

YARN

Each sweater in this leaflet was made using 100% Cotton Sport Weight Yarn. As with any 100% cotton fiber, some shrinkage will occur when laundered. For best results, follow the manufacturer's care instructions on your yarn label.
