Introduction

ACCESSORIES ARE AMONG MY VERY FAVORITE THINGS TO CROCHET.

They're quick to make (hello, instant gratification!), require little yarn (which means they're easy on the wallet), and they're the perfect way to incorporate handmade pieces into any wardrobe.

When I began working on this book, I set out to compile a group of projects that would be my dream collection of accessories, created by my dream team of designers. I wanted to feature a wide variety of projects, ranging from simple basics that will never go out of style to snazzier pieces with a modern edge. To accomplish that, I reached out to some of the best designers in the crochet community and asked them to contribute—and not surprisingly, they all amazed me with their skills, creating some truly beautiful patterns.

I hope you'll enjoy the result! No matter what type of crochet accessory you're looking for, chances are there's something here for you. From hats and scarves to bags and jewelry, many of these projects can be completed in the time it takes to take the train from Chicago to St. Louis—and are travel-friendly enough to take anywhere. But there are a few more involved designs to sink your hooks into, too. If you're a crocheter who's ready to move beyond basics, lots of these projects are designed to help you build your skills—so you're guaranteed to learn a lot along the way. (And the experienced among you are sure to find some challenges here, too.)

I hope you'll enjoy this collection as much as I do. I was so inspired while working on this book that I've already made one project from it (Ellen Gormley's Saturday Beret on page 8; it turned out great!) . . . and I've got my eye on many others, too!

Happy stitching!

Saturday Beret

This beret is as cute to wear as it is easy to make.

Fold ribbon in a figure-eight, creating loops with 6" (15 cm) and 8" (20.5 cm) of ribbon. Flatten at centers to create bow, sew in place. Cut a 2½" (6.5 cm) piece of ribbon for center, place bow at seam of band, wrap center around bow and band, sew in place, turn seam to the inside. Place band around hat and tack in place. Fold under end of feather pick and wrap with floral tape. Slip under bow and sew in place.

Cabled Mitts

Keep your hands warm and your fingers free with these delicate cabled mitts. Worked in sock yarn, this set is guaranteed to be comfortable—and they're reversible, too, so you never have to worry which hand you put them on. The cables are worked only when the right side is facing you, making it easy to get the hang of the pattern. You won't want to stop at just one pair!

Kings County Pork Pie Hat

This unique cap is inspired by the pork pie hat that was popular during the Jazz Age and lately has come back into style with full force. This modernized crochet version, worked in Tunisian crochet, is soft and flexible enough to be thrown in a tote bag, yet still structured enough to keep its shape during even the wildest jam session.

Mixed-Motif Clutch

This sweet little clutch is created using two special techniques: first the body is wet-felted and then it is embellished with motifs that are attached by needle felting. The result is both beautiful and functional, and it's guaranteed to have folks asking, "How did you do that?"

Sedimentary Hat

Stitches of varying heights create a wave-like effect in this cap, for an effect that's reminiscent of the earth's layers. The result is a look that's understated enough to appeal to most men's taste, yet still interesting to stitch. It's the perfect understated gift for yourself or a special man in your life.

✧ DESIGNED BY DORIS CHAN ✧

STITCH GUIDE

Fsc (*Foundation single crochet*)

Start with a slipknot, ch 2, insert hook in 2nd ch from hook, yarn over and draw up a loop, yarn over and draw through 1 loop (the chain), yarn over and draw through 2 loops (the sc). The following stitch is worked under the forward 2 loops of the stem of the previous stitch (into the chain). *Insert hook into the face of the chain and under the nub at the back of the chain, yarn over and draw up a loop, yarn over and draw through 1 loop (the chain), yarn over and draw through 2 loops (the sc). Repeat from * for the length of foundation.

Sh (*Shell*)

3 dc in same sc as indicated.

Broomstick Technique and Tips

Broomstick lace is made with the use of a large-gauge knitting needle (stick) to hold all the loops in a row. Then, using a crochet hook, the loops are held together in groups and worked off the stick with regular crochet stitches. This pattern uses groups of 5 loops, with 5 sc in each group.

For this particular method of Broomstick technique, the stick is held to the left (for right-handed crocheters), and the two steps of this technique are made with RS facing. In the first step, you may need to snug up each loop after slipping it to the stick to keep all the loops as even as possible. Do not tighten the loops too much as the row of loops on the stick should slide freely to be easily worked off in the second step.

Note: To slip a loop from the crochet hook onto the stick, keep the loop seated in the same direction (in knitting terms that means slip as if to purl). Bring the hook to the tip of the stick, slip the loop across without twisting, so the strand that lies to the front of the hook ends up at the front of the stick.

Loop Row (RS): At the end of a regular crochet row, do not turn. Slip the last loop on hook onto the stick (counts as first loop). Moving from left to right (backward across the row of regular crochet), skip first sc, *insert empty hook through back loop only of next sc, yarn over and draw up a loop long enough to fit over the stick. Slip the loop onto the stick as described above, without twisting; repeat from * across the row as directed, do not turn.

Return Row (RS): Insert empty hook from right to left in the first 5 loops on stick, keeping loops seated in same direction. Holding the 5 loops in a group and working the group as one, slide the group off the stick. Pick up the feeder yarn from the back of the row, bring yarn loosely up to the level of the hook, yarn over and draw a loop through the group, ch 1 to lock the edge (1 loop on hook). This is the only place you will need to ch 1 before making a stitch. Working the group as one, make 5 sc in the same group. *Insert hook in next 5 loops on stick, slide group off the stick, 5 sc in group; repeat from *across, turn.

NOTES

- ✿ Capelet is roughly a half-circle, crocheted from the collar edge down, with increase shaping in stitch pattern to form the shoulders and flare the body.
- ✿ All increase shaping is done in the rows of regular crochet stitches. All Broomstick loop rows and return rows are straightforward and even.
- ✿ To alter the length of the capelet, you may omit or add repeats of the 8-row stitch pattern (Rows 11–18, alternating increase ch-sp rows with even ch-sp rows) as established.

Instructions
