## A Note From the Editor

Let me introduce myself: I am the new editor for *Crochet!* I am a lover of all things crochet and I have a weakness for yarn.

I like to quote Jean Leinhauser, past editor of *Crochet!*, who said, "Most of us who crochet are crochet addicts and share a series of syndromes: YAS (Yarn Acquisition Syndrome), HAS (Hook Acquisition Syndrome) PAS (Pattern Acquisition Syndrome) and MAS (Magazine Acquisition Syndrome)." I am proud to say I suffer from all of these syndromes!

My children have long since left the nest and their old closets are filled with boxes and bags of yarns of all colors, textures and weights. Not to mention drawers filled with hooks in all shapes, sizes and colors, and bookshelves filled with decades of pattern and magazine collections.

I freely admit that I am a "crochet addict," so you can imagine how excited I was when I was asked to be the editor of *Crochet!* I am honored to have this position and look forward to hearing your comments or suggestions.

This issue is filled with fashions and accessories to keep you warm and in style this winter, plus beautiful holiday home accessories and, of course, adorable little things for the baby in your life.

I hope you enjoy this issue as much as I enjoyed putting it together for you. Cheers, and happy crocheting! ☺

# Learn to Stitch TAPESTRY CROCHET

BY BRENDA BOURG

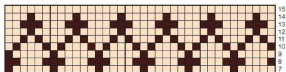

Tapestry crochet is made by working with two or more yarns to create geometric shapes.

Tapestry crochet is a fun and easy way to add colorwork to your crocheting. You can make a whole piece in tapestry crochet or just add a single chart to your project. The ideas are limited only by your imagination! This technique can be worked in rounds or rows but for this article we will be focusing on working solely in rounds.

Tapestry crochet is a very firm and warm fabric, which makes it perfect for bags, mitts and mittens! When making something wearable in this stitch, we want to be sure we use yarns that are a DK weight or lighter. Any thicker and the item becomes a bit too firm and heavy. We still want nice drape and some ease when working on wearable items.

When first beginning, charts can seem a bit intimidating but tapestry crochet charts are actually very simple to follow. Each square in the chart represents one stitch and each chart row represents one round of crochet. The charts are always read from bottom to top and right to left. Every round is started on the right side of the chart. There are hundreds, if not thousands, of knitting and cross stitch charts that you can use to make a design in tapestry crochet. The main difference between knitting the charts and crocheting them is that crochet has a noticeable slant to it

that must be factored into your project. Crochet stitches don't stack on top of each other as knit stitches do. Working in a spiral, which we still call a round, is an easy way to deal with that issue and the stitches line up nicely with the charts.

Fingerless Gloves  
Chart

We also need to use special graph paper to chart out our tapestry charts. These special charts have the slant factored in and allow us to see if our idea will work or if we will need to modify it.

Stitch markers are very important when learning tapestry crochet. Using stitch markers to mark the beginning of each chart repeat helps to cut down on any confusion, especially at the very beginning of the round. Be sure to only use locking markers—you want to be able to open and close them in order to move them up as you work. For ease of following the chart, always mark with a pen, pencil or sticky note the beginning of every round on your chart as well.

Keeping your yarns from becoming tangled can also be an issue when working with more than one ball of yarn. For this project just keep one ball of yarn on your left side and the other on your right side.

Doing that will really cut down on the yarns twisting together while you are working on the chart. When you move on to more colors you will need to get a bit more creative. You can use yarn bowls, plastic bags or even plastic tubs with holes drilled in them through which to feed the yarn. The key to keeping them from tangling is to prevent them from being side-by-side as you work!

One of the hardest parts of learning tapestry crochet is remembering how to change colors so they form a single stitch. To do this we simply close our single crochet stitch with the new color and then make the next stitch in the new color. We also don't need to weave in most of the ends; we can just crochet over them like we do when we are carrying the second color. We will need to weave in the very beginning end and the very last end.

You can use multiple yarns in tapestry crochet, but the added thickness will need to be taken into consideration for your piece. For our swatch, we will work into the cuff of our tapestry crochet mitt project. We will only be using two colors to learn our new technique. Color A is chocolate or dark brown and color B is ecru or cream. After completing the first 5 rounds of the project mitt pattern, we will start working on our chart. To begin our first stitch of the chart in round 6 with color

B, we will insert our hook into the first stitch (see *Photo 1*), yarn over and pull up a loop, yarn over and pull through the 2 loops on our hook.

Place a stitch marker in the first stitch (see *Photo 2*).

Insert our hook into the next stitch and pull up a loop, yarn over and pull through both loops, crocheting over color A as we work (see *Photo 3*).

We will work our single crochets with the color B two more times into the chain of our project pattern's thumb hole. Be sure to keep an even tension on the yarn you are crocheting over—if it's too tight, the project will pucker but if you carry it too loosely, it will poke through your work and be visible.

Next, we will yarn over with color B and pull up a loop, then yarn over in color A and pull through the 2 loops on our hook (see *Photo 4*).

Then we will insert our hook into the next stitch and yarn over with color A and pull up a loop, then yarn over in color B and pull through the 2 loops on our hook (see *Photo 5*).

Single crochet in the next stitch. Place the stitch marker in the first stitch of the new chart repeat (see *Photo 6*).

Continue following the chart repeats until we reach the second-to-last stitch of the round. Leaving 2 loops on the hook, we will yarn over

with color A and pull through both of the loops on our hook (see *Photo 7*).

Then we will single crochet in our next stitch. Insert the hook into the stitch with the marker in it, yarn over and pull up a loop, yarn over with color B and pull through both loops on hook (see *Photo 8*).

Move the stitch marker up into the first stitch of the new round just made (see *Photo 9*).

We will continue following the chart until our motif is complete.

Tapestry crochet is a beautiful way to bring colorful shapes and images to your projects. It's an easily mastered stitch that quickly becomes addictive as you see your pattern emerge! It's also a fantastic addition to your crochet toolbox! C!

**In Snowflake Pattern:** 13 stitches = 4 inches; 12 rows = 4 inches after steam blocking

**In Lace Rib Pattern:** 14 stitches = 4 inches; 10 rows = 4 inches after steam blocking

## PATTERN NOTES

Tunisian crochet rows consist of 2 passes per

row—a pick-up pass and a work-off or return pass. The right side of work is always facing.

Garment is worked flat, from the bottom-up.

Sleeves are joined to Body with decorative reverse single crochet, then side seams are sewn. Cowl is worked flat directly onto Neckline, then seamed up the side. When working Cowl, wrong side of Body is facing, so right side of the cowl folds over and is right-side out when worn.

Garment Front and Back steadily decrease in Snowflake pattern stitch.

Snowflakes are omitted from Neck shaping as they will not be seen under the cowl.

The first loop on your hook in Tunisian crochet counts as a stitch; it will not be referenced in the instructions, but is included in stitch counts.

When working foundation row into initial chain, work into the back bump of each chain, and do not skip the first chain. This creates a smooth beginning edge.

Weave in loose ends as work progresses.

At the last stitch of the row, insert hook under both vertical strands for a finished look.

# Snowflake Leg Warmers

DESIGN BY KAREN RATTO-WHOOLEY

Fingering-weight yarn makes these simple-to-make Fair Isle leg warmers light and stretchy to wear.

1 2 3 4 5 6 EASY

## FINISHED SIZE

Will fit up to 13-inch circumference when stretched.

## FINISHED MEASUREMENTS

Width: 5 inches

Length: 11 inches

Circumference: 10 inches, unstretched

## MATERIALS

- Fibra Natura Whisper Lace super fine (fingering) weight super wash wool/silk yarn (1¼ oz/440 yds/50g per skein):  
1 skein each #101 mallow, #111 ebony and #114 lapis
- Size C/2.75mm crochet hook or size needed to obtain gauge
- Tapestry needle
- Locking stitch marker

## GAUGE

24 sc = 4 inches; 22 sc rows = 4 inches

## PATTERN NOTES

Weave in loose ends as work progresses.

For a wider Leg Warmer, increase round 1 with 30 foundation double crochet stitches. Finished circumference will be about 15 inches.

Join with slip stitch as indicated unless otherwise stated.

Work Body in continuous rounds. Do not join unless otherwise stated. Place marker on first stitch and move up as each round is completed.

In the section with many color changes, the piece may seem to tighten. That is the nature of this color changing technique. As long as the fabric in this section stretches as much as the rest of the piece, the Leg Warmer is made correctly.

Follow Chart from the same side edge as your dominant (hook) hand.

As colors change within each round of the Chart, carry color not in use loosely across wrong side of piece until next needed. Encase these strands as single crochet stitches are worked in the next round.

Chain-3 at beginning of round counts as first double crochet unless otherwise stated.

# Palisade Throw

DESIGN BY LISA VAN KLAVEREN

Palisade is a word of French-origin referring to a fence or wall, which resembles this throw's knit-look ribbed texture. The afghan is reversible and features a lacy edging for a touch of elegance.

## 123456 EASY

### FINISHED MEASUREMENTS

**Width before edging:** 40 inches

**Length before edging:** 60 inches

**Edging:** 5 inches

### MATERIALS

- Bernat Satin medium (worsted) weight acrylic yarn (3½ oz/200 yds/100g per ball):  
14 balls #4045 grey mist heather
- Size K/10½/6.5mm crochet hook or size needed to obtain gauge
- Tapestry needle

### GAUGE

14 hds1 = 4 inches; 14 rows = 4 inches

### PATTERN NOTES

Weave in loose ends as work progresses.

Join with slip stitch unless otherwise stated.

### SPECIAL STITCHES

**Half double slip stitch (hds1):** Yo, insert hook where indicated, yo, pull up lp through fabric and through both lps on hook.

**Shell:** (Sc, 3 hdc, sc) in indicated st.

### THROW

**Row 1:** Ch 201, **hds1** (see *Special Stitches*) in 2nd ch from hook and in each ch across. Ch 1, turn. (200 hds1)

**Row 2:** Working in **back lps** only (see *Stitch Guide*), hds1 in each hds1 across. Ch 1, turn.

**Row 3:** Working in **lower lps** (see *Designer Tip*) only, hds1 in each hds1 across. Ch 1, turn.

**Rows 4 & 5:** Rep row 2.

**Row 6:** Rep row 3.

**Rem rows:** Continue in pattern, rep rows 4–6, until Throw reaches desired width.

Do not fasten off.

### EDGING

Worked in short rows around entire blanket.

#### Side 1

Work along short end.

**Row 1:** [Ch 3, dc in 3rd ch from hook] 4 times. Turn. (4 ch-3 lps)

**Row 2:** **Shell** (see *Special Stitches*) in center of each ch-3 sp across. [Sl st in next st or in end of next row at blanket edge] twice. Turn. (4 shells)

**Row 3:** Working in back lps only, shell in center hdc of each shell across. Turn.

**Row 4:** Working in back lps only, shell in center hdc of each shell across. [Sl st in next st or in end of next row at blanket edge] twice. Turn.

**Rem rows:** Rep rows 3 and 4 until you have edged the entire first side of the Throw. End with a rep of row 3.

#### Side 2

Work along long edge exactly as per side 1, beg with row 1. This will create the height for the edging along side 2 of the blanket and will also create the first corner of the blanket. As you work the first few edging rows along the edging of Side 1, place your joining sl sts as follows: [Sk 1 st, sl st in next st] twice. When the corner rows are finished and you are again joining directly to the edge of side 2 of the blanket, work the joining sl sts again exactly as written for side 1.

#### Side 3

Rep Side 2 along next short edge.

#### Side 4

Rep Side 2 along next long edge.

To complete the 4th corner, continue to work the edging rows along the opposite side of

row 1 of the edging (Side 1), placing your joining sl sts as follows: [Sk 1 ch, sl st in next ch] twice. End with a rep of row 3 to complete the 4th corner.

Fasten off. C!

**tip** The half double slip stitch in this pattern is not commonly used, but it is easy to work and can be used to create a beautiful knit-look fabric. Practice this stitch until you have mastered it and it will soon be one of your favorites. A half double slip stitch is similar to a half double crochet in that it has 3 loops that you can see when looking at the completed stitch. There are the front and back loops at the top of the stitch, but there is also what I term a "lower loop," which lays on the wrong side of the stitch. As you are working back across a row of half double slip stitch, you will find this lower loop positioned on the face of your work, directly below the front loop. When working in back loops only across a row of half double slip stitch, the front and lower loops will remain unworked and create the knit-look ribbing on the side facing you. When working in the lower loops only across a row of half double slip stitch, the front and back loops will remain unworked and create the knit-look ribbing on the side facing away from you.

## POMPOM

Use pompom maker, or cut 2 cardboard circles with 2½-inch diameter. Cut a hole in the center of each circle, about ½ inch in diameter. Thread a tapestry needle with a length of yarn doubled. Holding both circles tog, insert needle through center hole, over the outside edge, and through center again (see Fig. 1 of illustration below) until entire circle is covered and center hole is filled (thread more length of yarn as needed).

With sharp scissors, cut yarn between the 2 circles all around the circumference (see Fig. 2). Using 2 12-inch strands of yarn, slip yarn between circles and overlap yarn ends 2 or 3 times to prevent knot from slipping (see Fig. 3), pull tightly and tie into a firm knot. Remove cardboard and fluff out Pompom by rolling it between your hands. Trim even with scissors; leave the tying ends for when attaching Pompom to project. ❧
