PART 3

Crochet Techniques and Instructions

Before you get started with your first project, grab a cup of coffee and take a minute to read through these next few pages. In this section, I've compiled some important information about the projects in this book to ensure successful crocheting, including: tips on selecting your tools and materials, details on reading the instructions, and an explanation of basic crochet stitches and techniques. Find a cozy space, relax, and enjoy crocheting these colorful and contemporary designs!

Tools and Materials

Yarn

Selecting your yarn is one of the most important and exciting aspects of crocheting. You won't need expensive novelty yarns for the projects in this book. These designs utilize color to transform basic yarn. This book lists the amount of yarn and describes the suggested fiber content and yarn weight needed for each project. As you will be making these very special pieces by hand, we recommend using high-quality natural fibers, such as wool and mohair. When selecting your yarn, pay attention to yarn weight, which indicates the thickness of the yarn. The yarn's weight will influence the finished appearance of your project. The chart below provides more detailed information on yarn weight:

Yarn Weight Symbol and Category	Types of Yarn in Category	Crochet Gauge (# of stitches in 4"/10 cm)	Recommended Hook Sizes (U.S. and Metric)
 0 LACE	Thread, cobweb	32-42 stitches	B/1 (2.25 mm)
 1 SUPER FINE	Sock, fingering	21-32 stitches	B/1 to E/4 (2.25-3.5 mm)
 2 FINE	Sport, baby	16-20 stitches	E/4 to 7 (3.5-4.5 mm)
 3 LIGHT	DK, light worsted	12-17 stitches	7 to I/9 (4.5-5.5 mm)
 4 MEDIUM	Worsted, afghan, aran	11-14 stitches	I/9 to K/10 1/2 (5.5-6.5 mm)
 5 BULKY	Chunky, craft, rug	8-11 stitches	K/10 1/2 to M/13 (6.5-9.0 mm)
 6 SUPER BULKY	Bulky, roving	5-9 stitches	M/13 and larger (9.0 mm and larger)

*Guidelines Only: The above reflects the most commonly used gauges and hook sizes for specific yarn categories.

Hooks

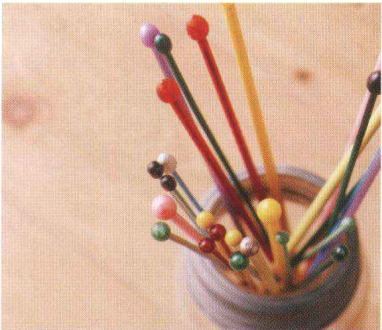

In addition to suggesting the yarn for each project, this book also recommends the specific size of crochet hook needed. Keep in mind that you may actually end up using a different size hook than recommended based on your yarn and your personal crochet tension.

Gauge

Most of the projects in this book specify the gauge, or the number of stitches and rows in a given area of crochet. It is important that your gauge is the same as the gauge stated in the project instructions. This will ensure that your project ends up with the correct finished measurements. In order to ensure accuracy, always make a gauge swatch to test your gauge before you begin a project.

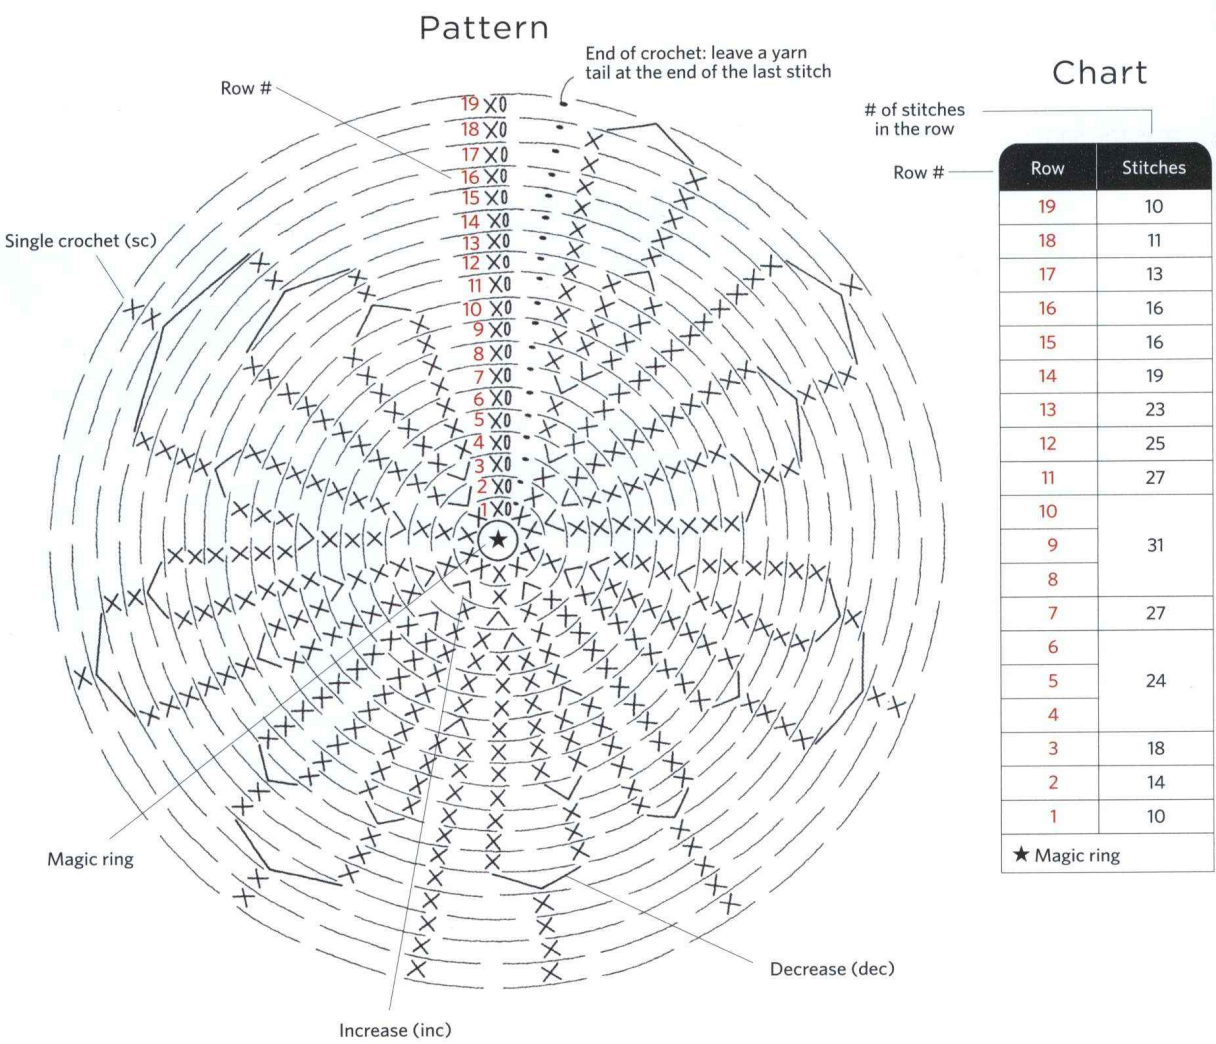

To make a gauge swatch, simply crochet a 5" (12.5 cm) square piece using the yarn, hook, and stitch specified in the project instructions. Lay the swatch on a flat surface and measure the number of stitches and rows within a 4" (10 cm) area. If you have more stitches than the instructions call for, try using a larger hook. If you have fewer stitches than the instructions call for, trying using a smaller hook. Continue making swatches until your measurements match the gauge listed in the project instructions.

Although making a gauge swatch may seem unnecessary, it is actually one of the most important steps in crocheting. Taking a few extra minutes to test your gauge will prevent endless frustration and will lead to well-fitting, perfectly sized finished products.

How to Read Crochet Patterns and Charts

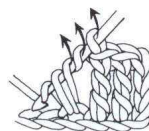

In this book, the crochet instructions are provided with the help of patterns and charts. The patterns contain symbols, while the charts list rows and stitch or color information. The diagrams below explain how to read and use these patterns and charts to crochet the projects.

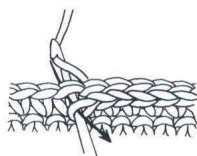

Basic Crochet Stitches and Symbols

Chain stitch (ch)

Triple crochet (tr)

Slip stitch (Sl st)

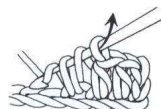

Decrease (dec)

Single crochet (sc)

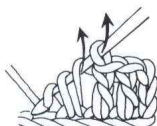

Bobble (dc 3)

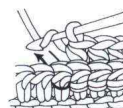

Half double crochet (hdc)

Front post stitch (fp)

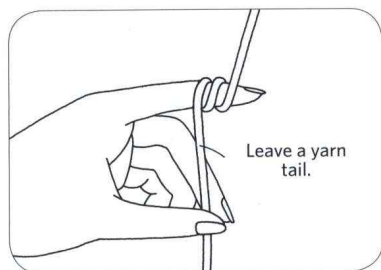

Double crochet (dc)

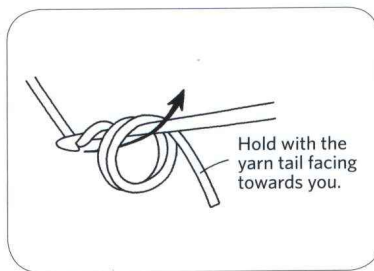

Back post stitch (bp)

Cast On Methods

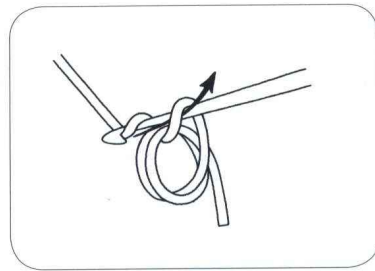

Magic Ring

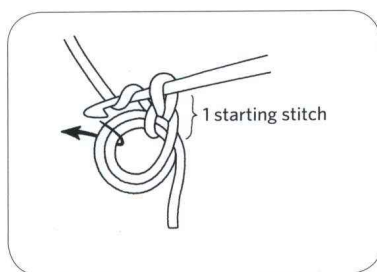

1. Hold yarn tail with thumb and middle finger and wrap yarn around index finger three times.

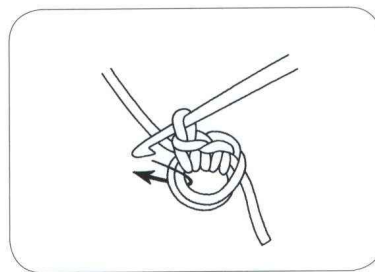

2. Insert hook in ring, hook yarn, and pull back through ring.

3. To make one chain stitch, wrap yarn over hook and pull through previous loop on hook as indicated by arrow.

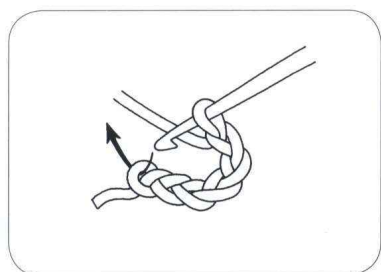

4. Make a single crochet by inserting hook in ring, wrapping yarn over hook, and pulling yarn back out.

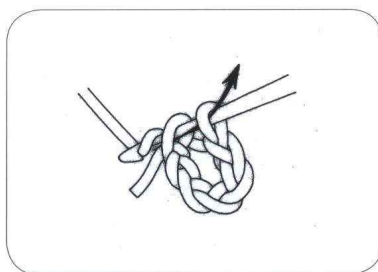

5. Continue crocheting the necessary number of stitches around the ring. When complete, pull the yarn tail to tighten the ring to close the hole.

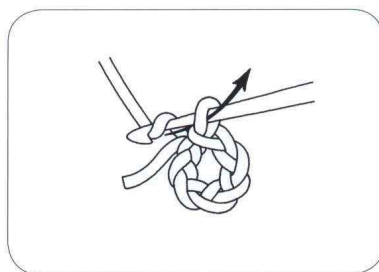

Foundation Ring

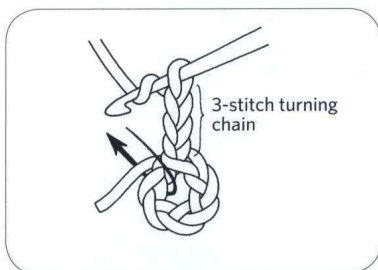

1. Make a slipknot. Chain the necessary number of stitches. Insert hook into the first chain stitch.

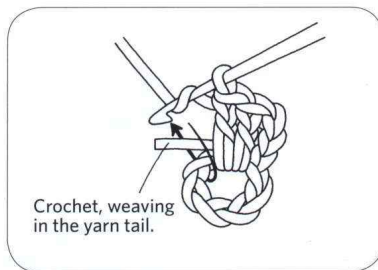

2. Hook yarn and pull through both stitches to join into a ring.

3. Make a turning chain by crocheting three stitches. This forms the first stitch of the new round.

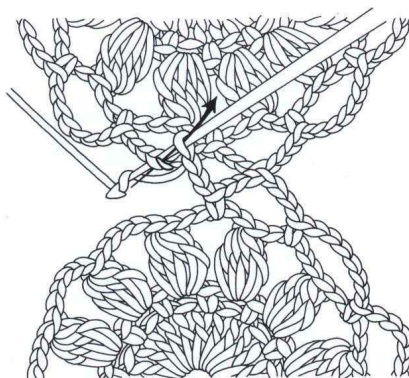

4. Continue crocheting, inserting the hook into the center of the ring. For the first round, stitches will be worked around the ring itself.

5. When first round is complete, join the last stitch to the first with a slip stitch.

How to Join Motifs

Crochet the first motif. For the subsequent motifs, replace the chain stitch on all the curves that will touch adjacent motifs with a slip stitch through both motifs in order to join the motifs together.

Girl's Scarf and Shrug, *Shown on page 48*

Materials

YARN

- 200 yards (102 g) of bulky-weight (#5 bulky) mohair in red for the scarf/shrug
- Small amount each of aran-weight (#4 medium) mohair in maroon, black, blue, dark blue, lavender, mocha, and pale brown for the flowers
- Small amount each of sport-weight (#2 fine) acrylic in orange, yellow, green, and pink for the flowers

TOOLS

- **Crochet hooks:** D/3 (3.25 mm), H/8 (5.0 mm), and I/9 (5.5 mm) or sizes to obtain gauge
- **Needle:** Yarn needle

Instructions

1. Using the largest hook, crochet the scarf/shrug following the scarf/shrug pattern, as shown on page 127. Sew the long edges together 9" (23 cm) in from each end. Using the middle-sized hook, crochet the edge motif around the neckline and sleeve openings, as shown on page 128.
2. Using the smallest hook, crochet the flowers, as shown on page 128. Note the color combinations listed in the chart on page 128. Sew the flowers to the scarf/shrug.

Note for knitters

Since this design is made from a simple rectangle, the scarf/shrug can also be knit. Using size 10 (6.0 mm) knitting needles (or size to obtain gauge), cast on 30 stitches and work in stockinette stitch until the piece measures 33 1/2" (85 cm). The gauge should be 13 stitches and 20 rows to 4" (10 cm) measured over the scarf/shrug pattern.

Gauge

Scarf/Shrug: 12 stitches and 9 rows to 4" (10 cm) measured over scarf/shrug pattern

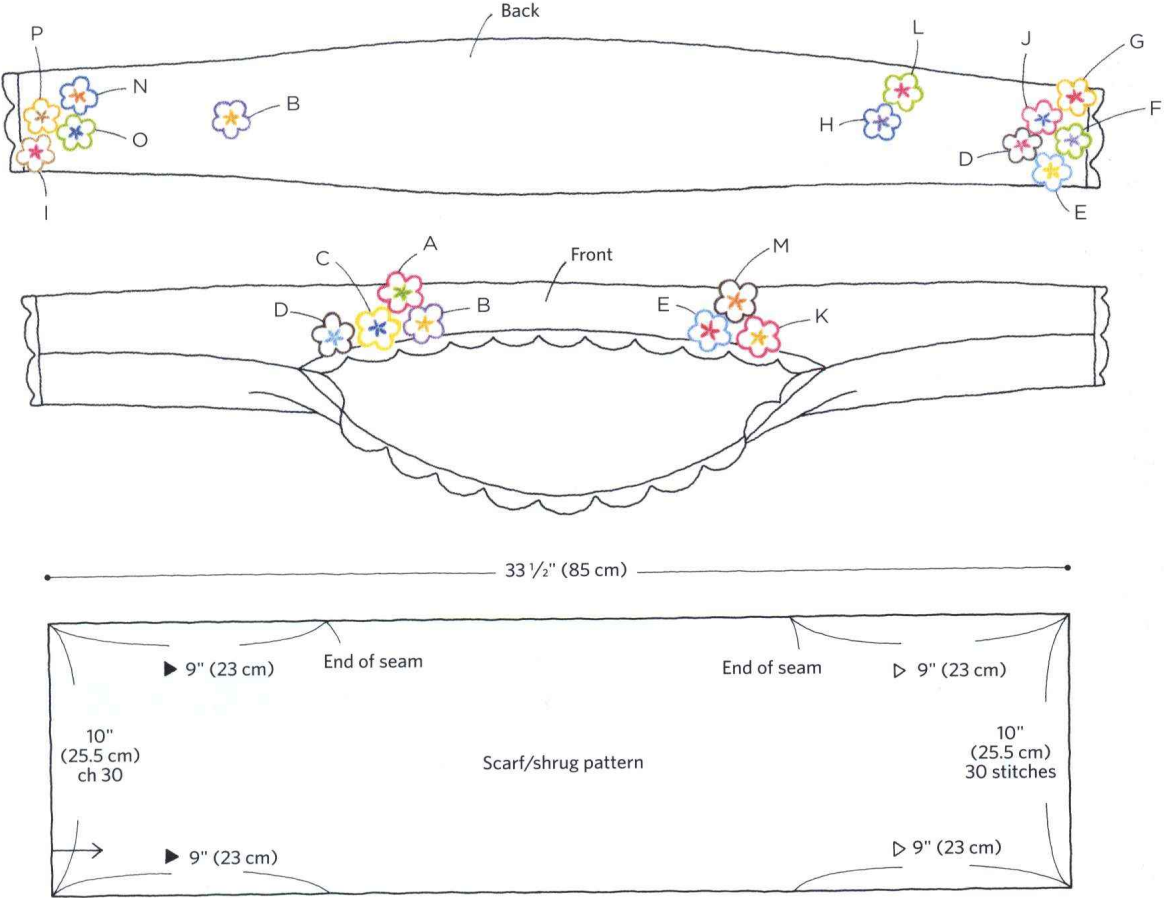

Flowers: About 1 1/2" (4 cm) in diameter per motif

Finished size

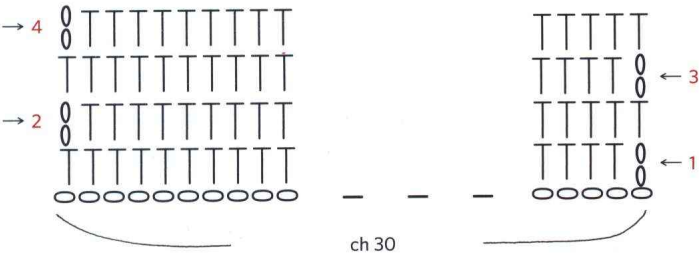

10" (25.5 cm) wide x 25" (89 cm) long

See page 55 for basic crochet stitches and symbols.
