★ — work instructions following ★ as many **more** times as indicated in addition to the first time.

GAUGE

Correct gauge is essential for proper fit. Hook sizes given in instructions are merely guides and should never be used without first making a sample swatch approximately 4" square in the stitch, yarn or thread, and hook specified. Then measure it, counting your stitches and rows carefully. If you have more stitches per inch than specified, try again with a larger size hook; if fewer, try again with a smaller size. Keep trying until you find the size that will give you the specified gauge. **DO NOT HESITATE TO CHANGE HOOK SIZE TO OBTAIN CORRECT GAUGE.** Once proper gauge is obtained, measure width of garment approximately every 3" to be sure gauge remains consistent.

FRONT OR BACK LOOP ONLY

Work only in loop indicated by arrow (**Fig. 1**).

Fig. 1

POST STITCH

Work around post of stitch indicated in row below, inserting hook in direction of arrow (**Fig. 2**).

Fig. 2

BACK RIDGE

Work in back ridge of second chain from hook and in each chain across (**Fig. 3**).

Fig. 3

MARKERS

Rounds: Markers are used to help distinguish the beginning of each round being worked. Place a 2" scrap piece of yarn before the first stitch of each round, moving marker after each round is complete.

Right side: When instructed to place a marker to indicate the right side, loop a short piece of yarn around any stitch on the side facing, **before** the work is turned.

POM-POM

Cut a piece of cardboard 2" wide and as long as you want the diameter of your finished pom-pom to be.

Wind the yarn around the cardboard until it is approximately 1/2" thick in the middle (**Fig. 4a**).

Carefully slip the yarn off the cardboard and firmly tie an 18" length of yarn around the middle (**Fig. 4b**). Leave yarn ends long enough to attach the pom-pom. Cut the loops on both ends and trim the pom-pom into a smooth ball (**Fig. 4c**).
