As an editor, I must constantly evaluate the relevance of the types of projects that are produced in my publications. In our busy world, it is a valid question to ask: Do people still really do thread crochet? Surprisingly—even to me, the most ardent of stitchers—the crochet world is full of “threadies” who just can’t get enough.

Working with thread gives us the opportunity to go back to a time when life was simpler, when the wonder of creating beauty with just a hook and some thread was sometimes the only chance to experience the finer things of life. In these modern days, with instant gratifications galore available at a moment’s notice, taking the time to create a thing of beauty is still a lifesaver, a reminder that the skill of our hands can bring enormous pleasure and satisfaction.

There are projects here for the experienced and for the beginner, designs for long-term stitching and for a few evenings’ work. Some are vintage and some are new, some old standards, some new inspirations. If you are an old hand at thread work, we think you will find something new to add to your repertoire. If you have never tried working with thread before, we welcome you to the joyous world of thread.

Happy stitching!

A close-up photograph of a person's hands wearing light blue lace gloves. The gloves feature a delicate, intricate pattern of small, interconnected loops that form a pineapple-like design. The hands are positioned with fingers slightly curled, resting on a white, draped fabric. A single, vibrant pink rose with green leaves is placed in the lower right corner of the frame. The overall aesthetic is elegant and romantic, typical of wedding or formal event photography.

ASSEMBLY

PREPARATION

1. You will need 2 copies of Tree Section pattern, and 1 copy each of each Gift Bottom and Star patterns. Fold 2 tree patterns along centerline.
2. Cut 1 foam mounting board into four 10 x 15-inch pieces. Trim 15-inch edges of 3 pieces at an angle so that corners fit tog to form a tent shape.
3. Place 1 folded tree pattern on tent shape, being sure folded line of the pattern is lying across 1 corner of the tent, forming a "V" shape.

Rep for 2nd folded tree pattern using another corner of triangle. Cover these 2 tree patterns with plastic wrap, taping to secure. Lay 3rd tree pattern flat on the 4th piece of foam board. Cover with plastic wrap.

4. Wrap plastic foam pieces cut for gifts and tree base (see *Pattern Notes*) with plastic wrap, securing with tape.

5. Place copy of pattern for gift bottoms and star on unused area of plastic foam or foam board. Cover patterns with plastic wrap, secure with tape.

6. Cover working surface with newspaper to protect it. Put on plastic gloves to protect hands. Mix $\frac{1}{4}$ cup white craft glue with $\frac{1}{4}$ cup cold water. Stir thoroughly. Saturate all crocheted pieces, except Ribbons and Doily, in the glue. Squeeze pieces lightly (keep quite wet). Place in zip-lock plastic bag to prevent drying out as you work with pieces.

PIECE ASSEMBLY

GIFTS

1. Insert the plastic foam shapes into the crocheted Gifts according to shape. Adjust with fingers to fit, being sure corners and edges are straight. Pin into plastic foam as necessary to keep straight and even. Pin all around open side (bottom) on next to last row of crochet. The open side should have 1 row of crocheting above foam piece. Put 4 pins at each corner to make "legs" to hold each piece up during drying. Rep for each Gift.
2. Pin the Bottom (flat) pieces and Star to patterns, shaping according to the patterns. Set aside until thoroughly dry.
3. When Gifts are dry, remove all pins and flat pieces from patterns.

Gently remove shaped pieces from plastic foam shapes. If you have trouble removing the Gift pieces from the plastic foam shapes, carefully break up the plastic foam shapes with a knife to remove them.

4. If necessary, use a small clean paintbrush to gently brush crocheted pieces to remove any bits of the plastic foam or glue film that may rem on them.

5. Fold the last row of sts on the open side of the Gifts to the inside, forming a "lip" on which to glue the Bottoms. Run a very thin bead of the craft glue around the edge of the flat bottom piece for a Gift. Press gently into place on the "lip," matching ends and sides. Rep for all the Gifts. Set aside for glue to dry thoroughly.

TREE BASE

1. Pin Tree Base piece to 3-inch plastic foam circle following same procedure as for Gifts, but pinning open edge evenly along bottom edge of foam (not protruding above edge as for Gifts). Set aside to dry. When dry, remove plastic foam piece and brush gently as for Gifts.

RIBBONS

1. Cut two 3-inch pieces of crocheted floss Ribbon. Put a small dot of craft glue on cut ends to prevent fraying.

2. Form each 3-inch piece into a figure-8 shape for bow. Press into place with ends on bottom of figure-8 shape. Glue the 2 figure-8 shapes just formed across each other to form a bow.

3. Using rem Ribbon, starting at top of Gift, run a piece around the Gift, down the sides, across the bottom and up other side to form

the Ribbons. Cut to length needed. Glue in place, having ends meeting at top center. Rep for 2nd Ribbon on each Gift.

4. Glue bow to center top covering the ends of the Ribbons. Rep for each Gift. Set aside for glue to dry thoroughly.

TREE

1. Lay 1 crocheted Tree Section on the flat pattern. Pin into foam board, stretching and shaping to fit pattern.

2. Lay 1 crocheted Tree Section on a folded pattern on the foam-board tent shape. Be sure the midline of the Tree is on the corner of the tent, forming a "V" shape. Pin on midline to secure. Continue stretching, shaping and pinning the sides of the Tree Section into the foam board according to the pattern. Be sure the bottom line is very straight. Rep with rem Tree Section and the 2nd pattern.

3. When all Tree Sections are straight and pinned according to the patterns, set aside to dry.

4. When Tree Sections are thoroughly dry, remove all pins and crocheted pieces from the patterns.

5. If necessary, use a small clean paintbrush to gently brush crocheted pieces to remove any bits of the plastic foam or glue film that may rem on them.

6. Run a thin bead of craft glue on the fold line of 1 V-shaped piece of the crocheted Tree Section. Lay in place on the centerline of the flat Tree, lining up bottom and top. Hold firmly in place until glue sets up enough to keep in place.

7. Let dry a few minutes. Then, rep with 2nd V-shaped Tree Section, pushing it against the middle on the other side of the flat Tree. Hold firmly in place until glue sets up slightly. Set Tree aside on a flat surface for glue to dry thoroughly.

STAR

1. Insert piece of floral wire into space between points of Star at point where ch-4 "stem" protrudes. Fold wire in half and twist wire once around "stem." Insert wire and stem into top point of Tree, separating top of Tree slightly, if necessary, and then gluing back tog.

TREE, BASE & GIFT FINISHING TOUCHES

1. Insert pins as legs in bottom of Tree Base and Gifts. Using acrylic spray according to directions on the can, give the Tree, Base, and Gifts 2-3 coats of acrylic spray to help preserve them.

2. Using the gold thread, sew 1 gold bead to each side of center of Star. Using green thread, sew wire-wrapped beads to Tree-branch tips. Trim ends of thread to about 1/4 inch. Put a very small dab of glue on thread ends and press against Star and Tree.

DISPLAY DOILY

1. Draw 18-inch circle on 2nd foam mounting board. Rinse Doily in mild detergent to remove any oils that may have come from hands during crocheting. Pin damp Doily to the circle on foam board, shaping picots around edges to lay flat and even.

2. Spray damp Doily evenly with spray starch and set aside to dry. When dry, spray a 2nd time. Let dry.

3. Remove pins, turn Doily over and spray other side evenly with starch. Leave flat to dry. When dry, spray 2nd time. Let dry thoroughly.

CENTERPIECE ASSEMBLY SUGGESTION
