BPdc (Back Post double crochet) Yarn over, insert hook from back to front to back again around post of indicated stitch, yarn over and draw up a loop, [yarn over and draw through 2 loops on hook] twice.

motif-join Remove loop from hook (if desired,

place loop on safety pin or stitch marker to ensure that it does not unravel), insert hook from front to back through center stitch (or one of two center stitches) of petal of neighboring flower, place loop back on hook and draw through the center stitch, yarn over and draw through loop on hook.

SPECIAL TECHNIQUE

adjustable ring method See page 90.

NOTES

1 The blouse is made in two pieces; the upper Flower Motif section and the lower Ribbed section. The Ribbing is worked side-to-side.

2 The Blouse shown used 17 of Flower 1, 24 of Flower 2, 39 of Flower 3, 20 of Flower 4, and 52 of Flower 5. You may need a different number, depending on the Blouse size you are making and how you arrange the Flowers.

3 Flowers are worked in joined rounds, with RS facing at all times.

BLOUSE INSTRUCTIONS

1 Make one Flower of each type.

2 Make several photocopies of each Flower and cut them out.

3 On a large piece of paper, draw the schematic for the desired size using the measurements specified in the pattern, or use a photocopier to enlarge the schematic.

4 Arrange the Flower copies within the schematic outlines, allowing the Flower petals to touch and leaving as little open space as possible. Arrange larger Flowers first, then fill in the spaces with smaller Flowers.

5 Beginning at lower edge of schematic and working from side to side, make one Flower at a time and join it to neighboring Flowers using the Join-As-You-Go technique (described below) when working the last round of each Flower, or make all the Flowers separately, arrange to fit schematic, and sew together.

FLOWER 1

Make an adjustable ring.

Round 1 (RS) Work 6 sc in ring; join with sl st in first sc—6 sc.

Round 2 Ch 1, 2 sc in each sc around; join with sl st in first sc—12 sc.

Round 3 Ch 5 (counts as dc, ch 2), sk first dc, *dc in next dc, ch 2; repeat from * around; join with sl st in 3rd ch of beginning ch—12 dc and 12 ch-2 sps.

Round 4 Ch 6 (counts as BPdc, ch 3), sk first

dc, *BPdc around next dc, ch 3; repeat from * around; join with sl st in 3rd ch of beginning ch—12 BPdc and 12 ch-3 sps.

Round 5 Ch 1, 5 sc in each ch-3 sp around (petal made); join with sl st in first sc—60 sc (12 petals).

Round 6 Ch 6 (counts as BPdc, ch 4), working behind sts of Round 5 and around sts of Round 4 only, *BPdc around next BPdc of Round 4, ch 4; repeat from * around; join with sl st in 2nd ch of beginning ch—12 BPdc and 12 ch-4 sps.

Round 7 Ch 3 (counts as dc), 6 dc in first ch-4 sp (petal made), 7 dc in each remaining ch-4 sp around; join with sl st in top of beginning ch—84 dc (12 petals).

Fasten off.

FLOWER 2

Make an adjustable ring.

Round 1 (RS) Work 6 sc in ring; join with sl st in first sc—6 sc.

Round 2 Ch 1, *sc in next sc, ch 3; repeat from * around; join with sl st in first sc—6 sc and 6 ch-3 sps.

Round 3 Ch 1, (sc, hdc, dc, hdc, sc) in each ch-3 sp around (petal made); join with sl st in first sc—30 sts (6 petals).

Round 4 Ch 1, insert hook from back to front in the sp between the last and first petal, sc BL in the sc of Round 2 between the petals, ch 4, *insert hook from back to front in the next sp between petals, sc BL in next sc of Round 2, ch 4; repeat from * around; join with sl st in first sc—6 sc and 6 ch-4 sps.

Round 5 Ch 1, (sc, hdc, 3 dc, hdc, sc) in each ch-4 sp around (petal made); join with sl st in first sc—42 sts (6 petals).

Fasten off.

FLOWER 3

Work same as Flower 2 through Round 3—30 sts (6 petals).

Fasten off.

FLOWER 4

Work same as Flower 1 through Round 5—60 sc (12 petals).

Fasten off.

FLOWER 5

Make an adjustable ring.

Round 1 [Sc in ring, ch 3] 5 times; join with sl st in first sc—5 sc and 5 ch-3 sps.

Round 2 Ch 1, work 4 sc in each ch-3 sp

around (petal made); join with sl st in first sc—20 sts (5 petals).
Fasten off.

JOIN-AS-YOU-GO TECHNIQUE

Join when working the last round of each Flower.

1 Work last round of Flower until you reach a petal that needs to be joined to a neighboring Flower.

2 Join Flowers, working the motif-join as described in Special Abbreviations:

Flower 1 (3 dc, motif-join, 4 dc)

Flower 2 (sc, hdc, dc, motif-join, 2 dc, hdc, sc)

Flower 3 (sc, hdc, motif-join, dc, hdc, sc)

Flower 4 (2 sc, motif-join, 3 sc)

Flower 5 (2 sc, motif-join, 2 sc)

3 Repeat steps 1 and 2 until all petals are joined.

4 Work remainder of last round.

RIBBING

Ch 39.

Row 1 (WS) Sc in 2nd ch from hook and in each ch across—38 sc.

Row 2 Ch 1, turn, sc BL in each sc across.

Repeat Row 2 until Ribbing measures approx 30 (34, 38, 42, 46, 50)"/76 (86.5, 96.5, 106.5, 117, 127)cm unstretched, or until piece fits comfortably around waist when slightly stretched.

Do not fasten off. Place a marker on each end of the 2nd to last row.

Buttonhole Band

Next Row (buttonhole) Ch 1, turn, sc BL in first 4 sc, ch 2, sk next 2 sc, [sc BL in next 5 sc, ch 2, sk next 2 sc] 4 times, sc BL in last 4 sc—28 sc, and five ch-2 sps (for buttonholes).

Next Row Ch 1, turn, sc BL in first 4 sc, 2 sc in next ch-2 sp, [sc BL in next 5 sc, 2 sc in next ch-2 sp] 4 times, sc BL in last 4 sc—38 sc.

Last Row Ch 1, turn, sc BL in each sc across.

FINISHING

Block pieces to schematic measurements. Sew together the front and back pieces, leaving 7.5 (8, 8.5, 9, 9.5, 10)"/19 (20.5, 21.5, 23, 24, 25.5)cm open on both sides for armholes.

Fold Ribbing widthwise, bringing the marked row to meet Row 1 and allowing the Buttonband to overlap the first few rows of the Ribbing. Place the Ribbing next to the lower edge of the Flower section with the Buttonband at the right edge. Sew the lower edge of the Flower section to the top edge of Ribbing, gently and evenly easing the Flower section to fit. With sewing needle and matching thread, sew buttons to Ribbing, opposite buttonholes.

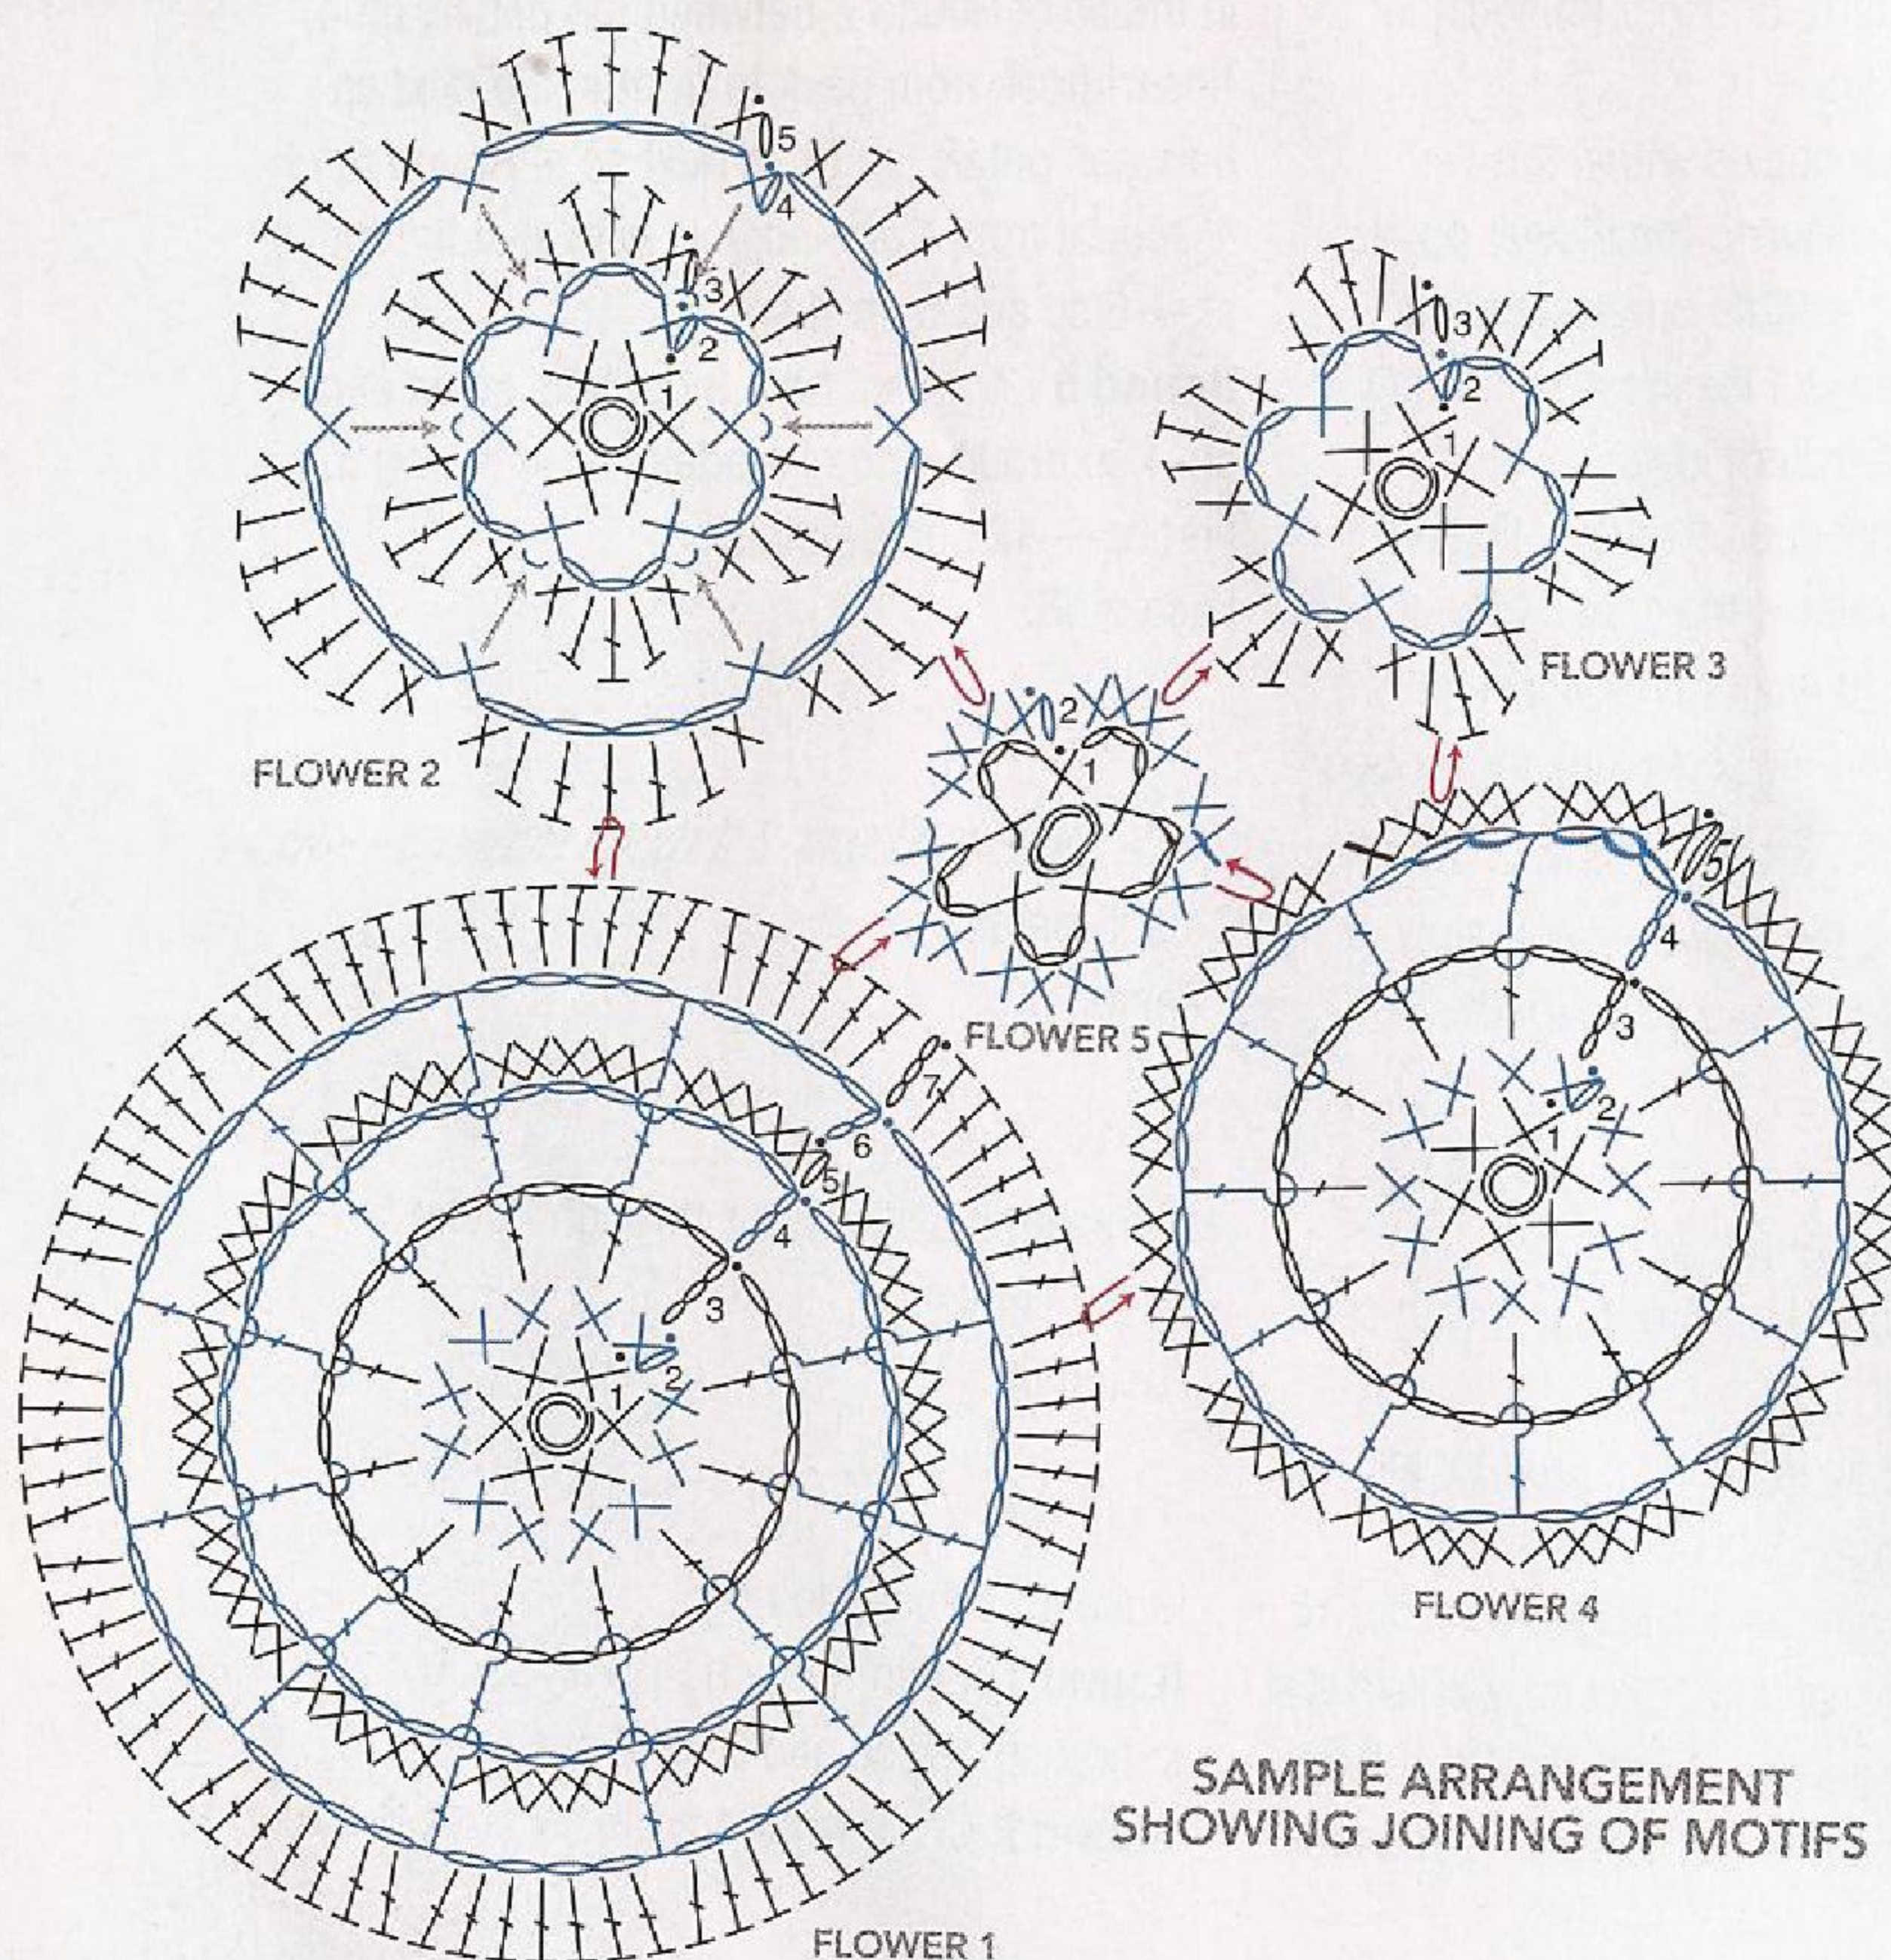

Weave in all ends. ☀

Rows 47 and 48 Repeat Rows 43 and 44. Fasten off, leaving a long tail for sewing back seam.

FINISHING

Use mattress stitch to sew back seam.

Lower Edging

With RS facing and smallest hook, draw up a loop in lower edge at back seam.

Round 1 Ch 1, sc in first dtr, ch 5, sk next 2 sts,

sc in next dtr, ch 5, sk next 3 sts, sc in next dtr, ch 5, sk next 2 sts, sc in next sc, ch 5, sk next 2 sts, sc in next dtr, ch 5, sk next 3 sts, sc in next dtr, *ch 5, sk next 3 sts, sc in next ch-1 sp (center of tall-dbl-fan), [ch 5, sk next 3 sts, sc in next dtr] 2 times, ch 5, sk next 2 sts, sc in next sc, ch 5, sk next 2 sts, sc in next dtr, ch 5, sk next 3 sts, sc in next dtr; repeat from * around to last 3 sts, ch 5, sk last 3 sts; join with sl st in first sc. Fasten off.

Waistband

Notes To make the Waistband tighter, use a smaller hook or work decreases on each round, removing no more than 5 or 6 stitches per round. To decrease more, work additional rounds of sc. The Waistband should fit over your shoulders so the skirt can be removed easily.

Round 1 (RS) With middle-size hook, draw up a loop of yarn in top edge of Skirt at seam. Ch 1, working in opposite side of foundation ch, sc in each ch around; join with sl st in first sc.

Round 2-4 Ch 1, sc in each sc around; join with sl st in first sc.

Fasten off.

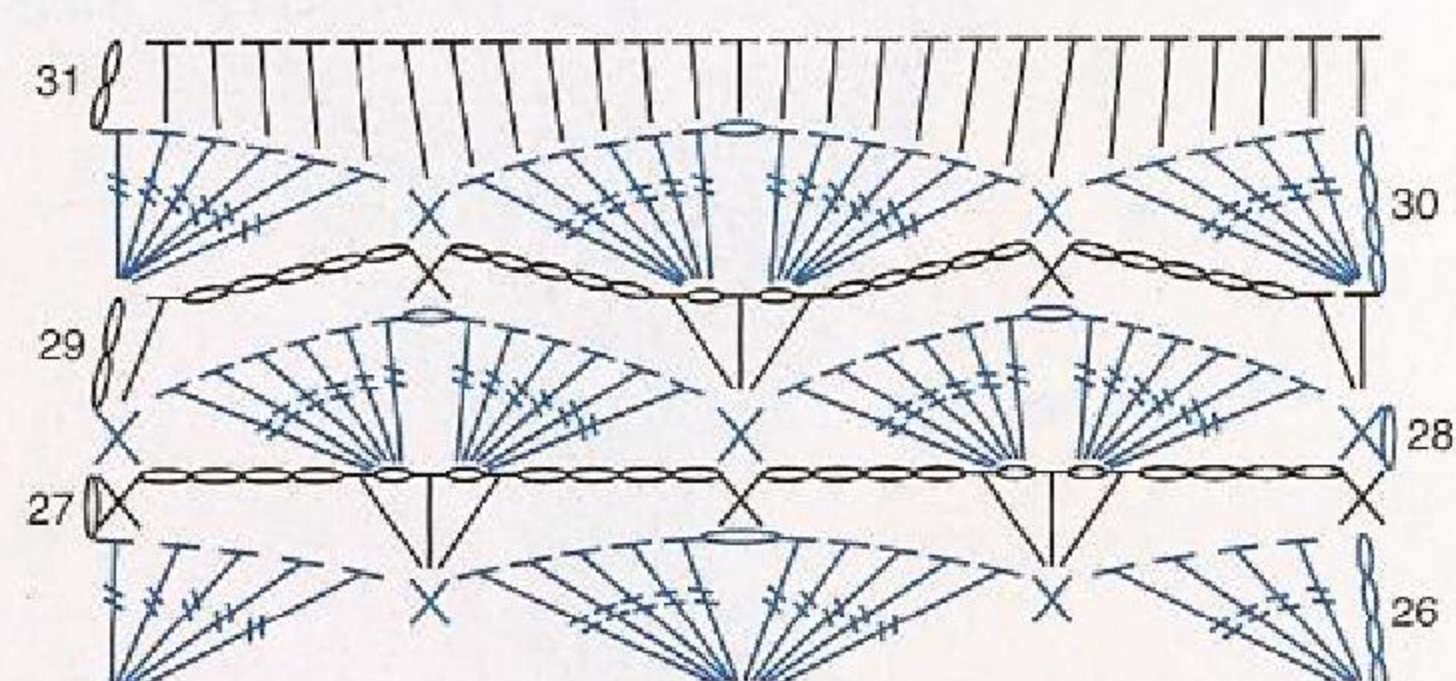

Blocking

Steaming is needed to flatten and soften the fabric. Set your iron to the highest steam setting and move it over a section of the Skirt, but do not touch fabric with the iron! With your hands, pat down each section and the back seam to flatten. To keep fabric tight and stretchy, do not steam Waistband.

One hairpin lace strip measures about 3.5"/9cm wide x 56"/142cm long after it is removed from the loom.

Remember to check gauge for best results!

NOTE

Shawl is made from 3 hairpin lace strips

that are crocheted together across the long edges. Standard crochet edging is worked around the entire outer edge. The top edging groups and twists the loops on the top hairpin lace strip to create broomstick lace loops. Several rows of Scallop Edging are then worked across the lower edge.

SHAWL

Hairpin Lace Strip

Set hairpin lace tool to 4"/10cm wide. Make 3 strips with 200 loops on each side of the strip's center. Remove each strip from the loom, taking care not to twist the center stitches. Do not weave in tails.

Place 2 strips side by side, with long edges together. NOTES

The Clutch is worked in the round (in a spiral) from the bottom (Body) to the top (Flap). The Bow is worked flat, in turned rows. The Bow is assembled separately and then stitched onto the Flap. The Bow edges are bound in satin ribbon. Plastic canvas slipped inside the self-lined purse flap adds stability.

CLUTCH

Body

Ch 46.

Round 1 (RS) Working in back bump of chs, sc in 2nd ch from hook and in each remaining ch across, rotate piece to work in free loops on opposite side of chs, sc in each ch across—90 sc.

Note Do not join, but work in a spiral. Insert a stitch marker in first st and move up to first st in each round as work progresses.

Rounds 2–30 Sc in each st around.

At end of Round 30, remove stitch marker. Sc in next 7 sts to compensate for slanting of sts (these sts do not count in st count). Do not fasten off.

Round 31 Sc in next st (move marker up to this new first st), ch 43, sk next 43 sts, sc in next 46 sts—90 sts (47 sc and 43 chs).

Round 32 Sc in next st, sc in back loop of next 43 chs, sc in next 46 sts—90 sc.

Rounds 33–51 Sc in each st around.

At end of Round 51, remove stitch marker. Sc in next 5 sts to compensate for slanting of sts.

Do not fasten off. Remove loop from hook. Place stitch marker in loop so work does not unravel.

Flap Assembly

Cut away one horizontal bar of plastic canvas where each prong should fit through

(because prongs of snaps are too wide to fit through holes in plastic canvas). Center of each snap should be approx 1"/2.5cm up from bottom edge of Flap and approx 2"/5cm in from side edges. After cutting away space for prongs on one side of plastic canvas, fold plastic canvas in half to make sure other side is cut out in same spot from edges. Make sure not to cut out snap area completely so prongs can be bent around something stable (leave plastic canvas intact between prongs). Slide piece of plastic canvas inside tube made in Rounds 31–51 to make a self-lined Flap. There should be one round of stitching past the Flap's edge. Attach one side of 2 snaps in place, sliding prongs through lining, then through plastic canvas only (but not through front of Flap). Bend prongs toward each other, fastening them securely in place. Attach other piece of snaps through front layer of Clutch Body. Remove stitch marker and place loop back on hook. With Flap lining facing, sl st bottom edge of Flap closed, working sl st in each of 45 sts across bottom edge (through both layers). Fasten off. Stitch other opening of Flap lining closed, being careful that stitches do not show on outside of Flap (top edge of Clutch).

Bow Finishing

Optional Ribbon Edging Fold ribbon in half lengthwise and press a long, centered fold line. Open ribbon back up and one side at a time, fold edge of ribbon to center fold line and press. Ribbon now has three equidistant fold lines pressed into it. Starting and ending approx .25"/.5cm from short edges of Bow Loops, pin ribbon to long edge of Bow Loops. The ribbon's edge should match up with the edge of the Bow Loops. Encase both long edges with ribbon, following How To below.

Bow Assembly Fold short edges of Bow Loops to center so they are side by side. With yarn tail, stitch short edges together. With back seam of Bow Loops centered over front of Bow Loops, stitch through both layers. Wrap Bow Center piece around middle of Bow Loops and stitch short edges together. With yarn tail, stitch along both edges of Bow Center through all thicknesses. With RS facing, place Bow over Clutch Flap, with bottom edge of

Tip Cut out a few bars in the plastic canvas to make larger holes for the snap prongs.

Bow Center lined up with bottom edge of Clutch Flap, and stitch along Bow Center edges through all thicknesses of Clutch Flap. Stitch back side of Bow Loops in place (just inside outer folds of Bow Loops) through all layers of Flap.

FINISHING

Weave in all ends. ⦿

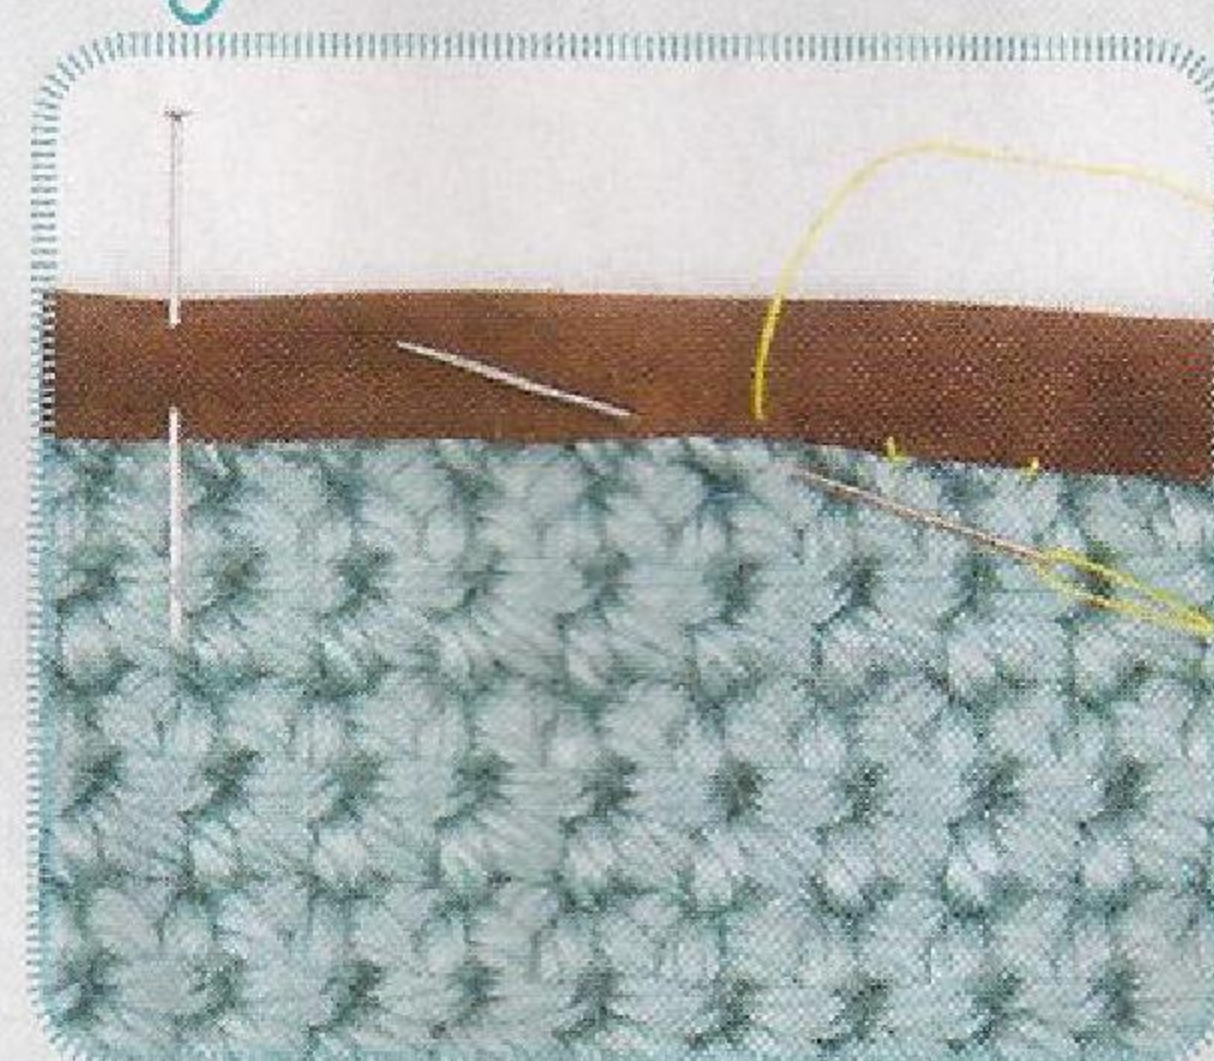

How to Sew a Ribbon Edge

Step 1 Line up edge of ribbon with edge of flap. With sewing needle and thread, stitch ribbon in place along top fold line.

Step 2 Wrap free edge of the ribbon around to the other side of the crocheted piece, fold under the edge, and pin in place.

Step 3 Sew ribbon down using a hidden stitch. Make a small stitch into the crocheted piece, then slide needle into the folded ribbon edge for approx 1/8"/.3cm.

SPECIAL TECHNIQUE

adjustable ring method See page 90.

NOTES

- 1 Blanket is worked in continuous rounds; do not join and do not turn at beginning of each round.
- 2 Color A stitches are always worked into color B stitches, and color B stitches are always worked into color A stitches.
- 3 To change color, work last stitch of old color to last yarn over. Yarn over with new color and draw through all loops on hook to complete stitch. Do not fasten off old color, carry it up WS of work until needed.
- 4 Each round is worked using both colors. The first half of the round is worked with one color, and the second half is worked with the other color. Each round begins with the same color that ended the previous round.

BLANKET

With larger hook and A, make an adjustable ring.

Round 1 (RS) Ch 2 (does not count as a st), 6 dc in ring; join B with sl st in ring, ch 2, 6 dc in ring; do not join, work in continuous spiral—12 dc. Pull on tail to tighten ring. Place marker in last dc made to indicate end of round. Move marker up as each round is completed.

Round 2 With B, 2 dc in each of next 6 dc; change to A, 2 dc in each of next 6 dc—24 dc.

Round 3 With A, [dc in next dc, 2 dc in next dc] 6 times; change to B, [dc in next dc, 2 dc in next dc] 6 times—36 dc.

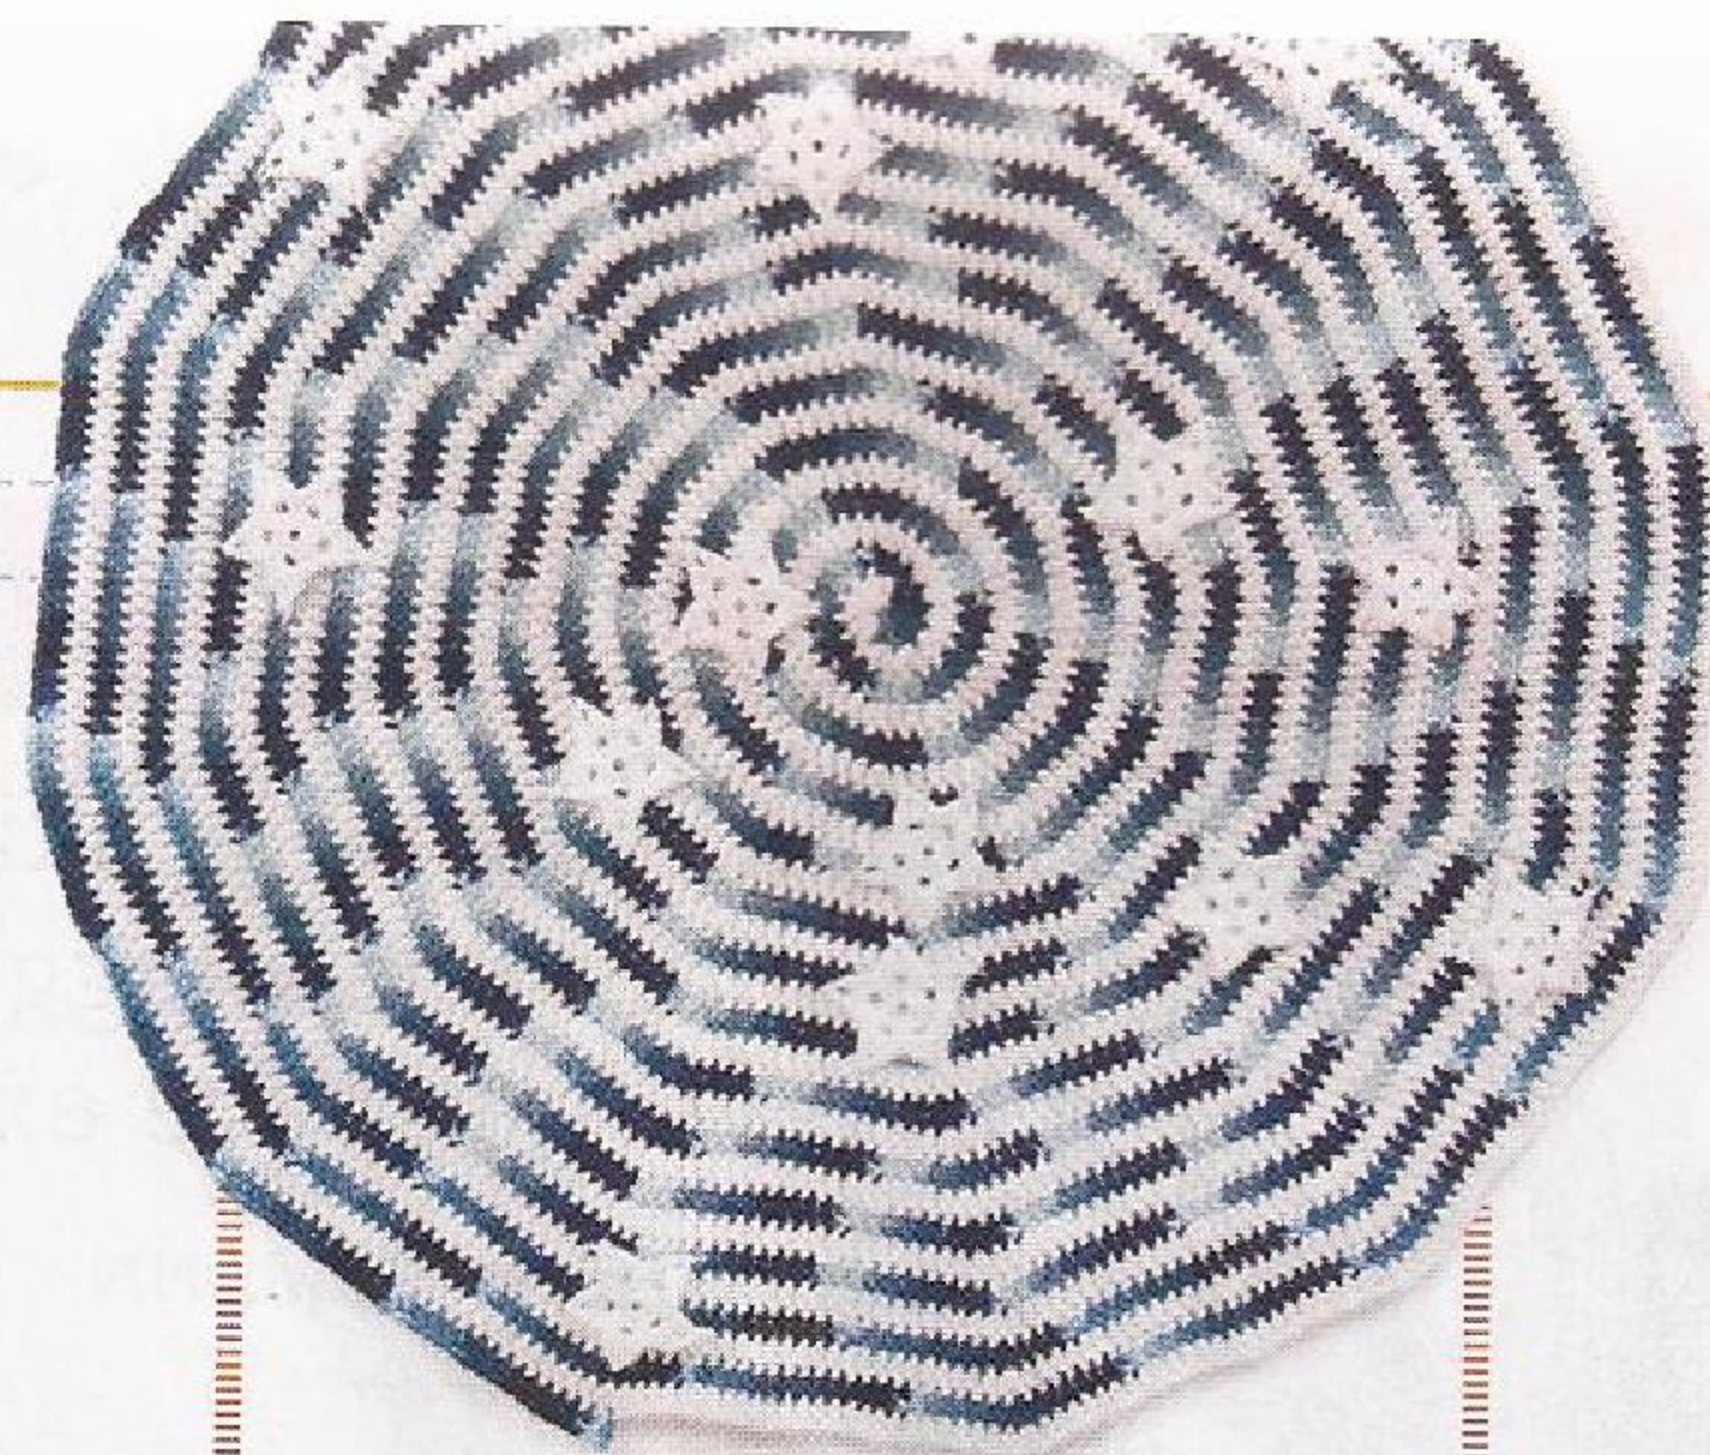

Round 4 With B, [dc in next 2 dc, 2 dc in next dc] 6 times; change to A, [dc in next 2 dc, 2 dc in next dc] 6 times—48 dc.

Round 5 With A, [dc in next 3 dc, 2 dc in next dc] 6 times; change to B, [dc in next 3 dc, 2 dc in next dc] 6 times—60 dc.

Note In the next round, place markers to indicate where increases are made. You may wish to use different colored markers for the increase locations and the beginning of the round. The last increase location and the beginning of the round are in the same (last) stitch.

Round 6 With B, [dc in next 4 dc, 2 dc in next dc, place a marker in last dc made] 6 times; change to A, [dc in next 4 dc, 2 dc in next dc, place a marker in last dc made] 6 times—72 dc.

Round 7 With A, [dc in each dc to next marker, 2 dc in next dc, move marker to last dc made] 6 times; change to B, [dc in each dc to next marker, 2 dc in next dc, move marker to last dc made] 6 times—84 dc.

Tip When working the Star points 2–5, pull up a little on the hook to see where the point wants to fall before choosing where to work the joining slip stitch.

Round 8 With B, [dc in each dc to next marker, 2 dc in next dc, move marker to last dc made] 6 times; change to A, [dc in each dc to next marker, 2 dc in next dc, move marker to last dc made] 6 times—96 dc.

Rounds 9–28 Repeat last 2 rounds 10 times—336 dc.
Fasten off.

STAR

(Make 15)

Note Stars are joined to the blanket while working Round 3. Place Stars randomly, as desired. With smaller hook and C, make an adjustable ring.

Round 1 (RS) Ch 1, work 10 sc in ring; do not join, work in continuous spiral—10 sc. Pull on tail to tighten ring. Place marker in last dc made to indicate end of round. Move marker up as each round is completed.

Round 2 Ch 1, [sc in next sc, ch 3, sc in next sc] 5 times; join with sl st in first sc—10 sc and 5 ch-3 sps.

Note Before beginning Round 3, decide where you would like to attach each Star to the Blanket. When instructed to "Join to Blanket," join to the around post or in top of stitch nearest to desired location of Star point.

Round 3 (Joining round) Ch 1, (sc, hdc, dc, ch 1, sl st in Blanket, ch 1, dc, hdc, sc) (point made) in each ch-3 sp around; join with sl st in first sc—5 points.

FINISHING

Weave in ends and wet block pieces.

Rocket Pillow

Fold fabric in half, with right sides together, and place Rocket Body in center of fabric. Trace around Rocket Body shape, remove Rocket Body. Draw another line 1"/2.5cm out from shape just traced. Following last line drawn, cut fabric. With both pieces of fabric together, beginning on bottom edge, approx 2.5"/6.5cm away from side edge, sew seam with .5"/1.5cm seam allowance around entire fabric piece, leaving a 6"/15cm opening on bottom edge for stuffing. Turn fabric inside out. Stuff fabric rocket with fiberfill, being careful to stuff fabric rocket very firmly as stuffing will settle over time. Joining of rounds should be at back of pillow. Hand stitch opening shut. Insert fabric pillow into Rocket Body and whipstitch bottom edge shut with B. Referring to the photo for placement, arrange Portholes as desired on front of Rocket Body and sew in place using yarn tails.

Assemble and Attach Fins

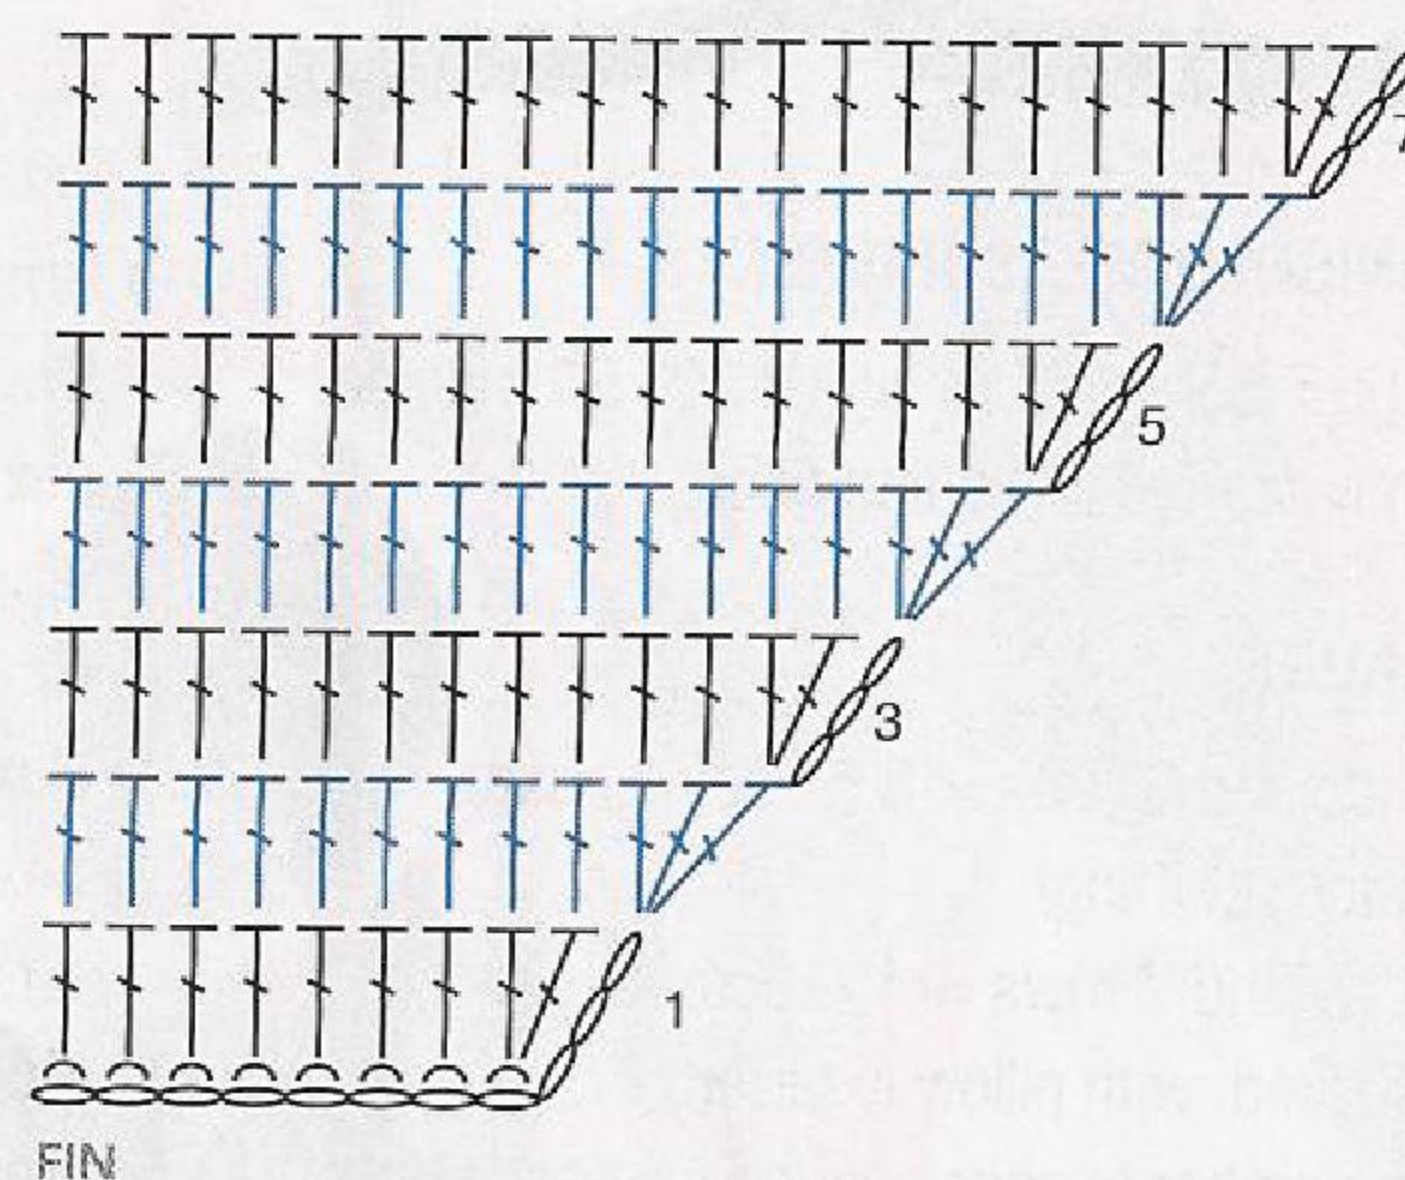

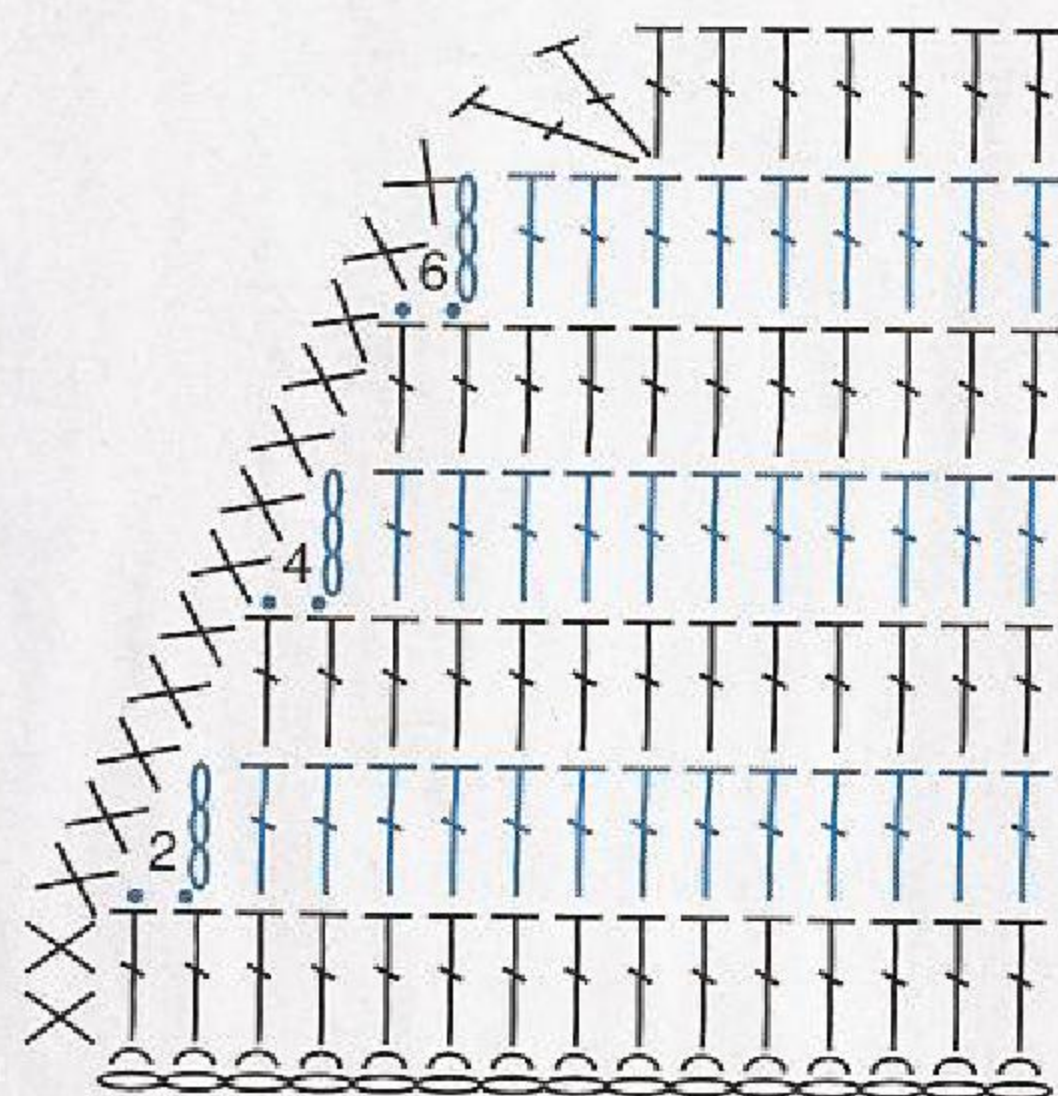

Stack two Fin pieces with edges aligned. Working through both thicknesses, join B with sl st in first st along bottom edge, evenly sc around entire edge of fin, stuffing fin lightly as you go; join with sl st

in first sc. Fasten off, leaving a long tail for sewing. Place Fin along long straight edge of Rocket Body, with bottom edge of Fin touching Rocket Body and

more pointed end at bottom, referring to photograph for placement. With yarn tail, whip stitch long bottom edge of Fin to Rocket. Repeat for second Fin. ☀

Tip Instead of crocheting the portholes, cut small pieces of felt and sew them onto the rocket.
