With the sewing needle and skin color yarn make a stitch on the inner side of the leg and pass the needle through the body from side to side, on round 8. Then make the same procedure for the other leg. Pull tightly in order to get the legs joined to the body. Repeat this procedure a couple of times in order to keep this union firm. This sort of couture will allow the doll to seat without problems, but if you prefer you can use plastic joints.

Sew the arms to each side of the body, following the same procedure that the one you have followed

for the legs, but this time you'll make the couture on round 28 of the body.
