The essentials

Learn the basics to get your started on your crocheting journey

HOLDING YOUR HOOK

OVERHAND (KNIFE GRIP)

This technique is also known as the knife grip, as you grip the crochet hook as if you're holding a knife. Place your hand over the hook, then support the handle in your chosen palm.

UNDERHAND (PENCIL GRIP)

For this technique, hold the hook like a pencil (hence the name pencil grip). Hold the thumb rest between your thumb and index finger and then let the handle rest on top of your hand.

HOLDING YOUR YARN

THE LOOSE-YARN HOLD

Holding the end of the yarn in your right hand and with your left palm facing you, weave the yarn in front of your little finger, behind your ring finger, in front of your middle finger and behind your index finger.

THE PINKY HOLD

Looping the yarn once around your little finger may help you to keep a secure grip. Follow the instructions for the loose-yarn hold, but begin by looping the yarn around your little finger clockwise.

MAKE A SLIPKNOT

MAKE A LOOP

Wrap the yarn once around two of your fingers on your left hand to form a loop, making sure to leave a tail of at least 10cm (or longer if your pattern calls for it).

DRAW UP A LOOP

Take the loop off the hook and grip between your thumb and fingers. Insert your hook from right to left, catch the working yarn and pull through to make a loop on your hook.

PULL TO CLOSE THE LOOP

Grip the tail and the working yarn and pull them tight to form a knot. Pull the working yarn to tighten the loop around your hook. It needs to be able to move up and down your hook so don't pull too tight.

CHAIN STITCH (CH)

YARN OVER & DRAW UP LOOP

Starting with a slipknot, move your hook underneath your yarn and pull this through the loop already on your hook.

KEEP GOING

Keep going to create a chain of the length needed in your pattern. Try not to make the stitches too tight as this will make it difficult when working subsequent rows. Keep the stitches even or you will get an uneven edge on your piece.

COUNTING CHAINS

To count the chains, identify the Vs on the side that's facing you. Each of these is one chain. The V above the slipknot is your first chain, but don't count the loop on your hook. This is the working loop and does not count as a chain. If you are creating a very long chain, it might help to mark every 10 or 20 stitches with a stitch marker.

SLIPSTICH (SS/SL ST)

INTO CHAIN

Insert your hook into the second chain from the hook. Yarn over (yo). Pull your hook back through the chain. There should be two loops on your hook.

PULL THROUGH

Avoiding the urge to yarn over, continue to pull the yarn through the second loop on the hook. You have completed the stitch and should have one loop on your hook.

LEFT HANDED?

All the tutorials in this book can be followed by left-handed crocheters. Simply reverse the instructions and hold the picture tutorials up to a mirror to see how you should be working.

So every time you see 'Right' replace it with 'Left' and every time you see 'Clockwise' replace with 'Counterclockwise' (and vice versa)

WORKING THE FOUNDATION CHAIN

FRONT OF THE CHAIN

Looking at the front side of your chain, you will see a row of sideways Vs, each with two loops - a top loop and a bottom loop.

BACK OF THE CHAIN

When you look at the back side of the chain, you will see a line of bumps in between the loops. These are called the back bumps.

METHOD 1: TOP LOOP

For this method, hook under the top loop only.

METHOD 2: TOP TWO LOOPS

Hooking under both the top loop and the back bump is sometimes referred to as the top two loops of the chain.

METHOD 3: TOP LOOP AND BACK BUMP

Turn over your chain so that the back bumps are facing you. Insert your hook under the back bump.

It doesn't matter which method you use as long as you are consistent when moving along the chain. Working under the top loop is the easiest method for beginners, but does not create as neat an edge as working under the back bumps.

UK and US terms

Confusingly, patterns can follow either UK or US naming conventions. To make things even more difficult, the same name is used to mean different stitches under either convention. Most patterns will state whether they are using US or UK terminology, but if not, checking the pattern's country of origin may be a good place to start. A handy trick to remember is that there is no stitch called a single crochet (sc) in UK terminology, so if you see this on the pattern, then you know it is using US naming conventions.

All patterns in this book use UK terminology.

INSERT HOOK

Working into your foundation chain, identify the second chain from your hook and then insert your hook.

DRAW UP A LOOP

Yarn over (yo), then draw up a loop. You will now have two loops on your crochet hook.

PULL TO CLOSE THE LOOP

Yarn over and then draw the yarn through both loops on the hook so you have one loop left on your hook. You have now completed the stitch.

TREBLE CROCHET (TR)

INSERT HOOK

Working into your foundation chain, identify the fourth chain from your hook. Make a yarn over (yo) and then insert your hook into the fourth chain from the hook.

YARN OVER AND DRAW UP A LOOP

Yarn over, then draw up a loop. There should now be three loops on your hook.

YARN OVER AND DRAW UP A LOOP

Yarn over, then draw the yarn through two of the loops on your hook. There should now be two loops on your hook.

COMPLETE THE STITCH

Yarn over and then draw the yarn through the two loops left on the hook. You have completed the stitch and should have one loop on your hook.

DOUBLE TREBLE CROCHET (DTR)

MAKE A LOOP

Working into your foundation chain, identify the fifth chain from your hook. Yarn over twice and insert your hook into the fifth chain from the hook. Yarn over and draw up a loop. There should be four loops on your hook. Yarn over, then draw the yarn through two of the loops on your hook. There should now be three loops on your hook.

DRAW UP A LOOP

Yarn over, then draw the yarn through two of the loops on your hook again. There should now be two loops on your hook. Yarn over, then draw the yarn through the two loops on your hook. There should now be one loop on your hook. You have completed the stitch.

HALF TREBLE CROCHET (HTR)

INSERT HOOK

Working into your foundation chain, identify the third chain from your hook. Make a yarn over (yo) and then insert your hook into the third chain from the hook.

YARN OVER AND DRAW UP A LOOP

Yarn over, then draw up a loop. There should now be three loops on your hook. Yarn over, then draw the yarn through all three loops on your hook. The stitch is now complete and there should be one loop on your hook.

IDENTIFYING STITCHES

There are two ways to count stitches: either by counting the Vs along the top of the work or by counting the posts. If you count the Vs, make sure you never count the loop that is on your hook. When counting either Vs or posts, you must take careful consideration when you come to the turning chain. If it is counted as a stitch in your pattern, then count it, but if not, leave it out.

WORKING ROWS

UNDER BOTH

Hooking under the front and back loops of the stitch is the most common way to work into a row. Use this method unless told otherwise.

INSERT YOUR HOOK

After the turning chain, insert your hook so that it goes in under both the front and back loops of the V.

FRONT AND BACK LOOPS ONLY (FLO AND BLO)

Sometimes a pattern will say to work into Front or Back loops only. Doing so will create ridges in your work, for example, you may use FLO/BLO to add ribbing to a hat. To work into Front loops only (FLO) identify the loop closest to you and work into the stitch as normal. For Back loops, use the loop farthest away from you.

JOIN A NEW YARN

THE LAST STITCH

When you think you don't have enough yarn left in your current ball, or you need to change colour, begin the last stitch of your current row with the old yarn, but stop before you reach the final step (yo and draw through all loops on hook).

DRAW UP A LOOP

Make a yarn over (yo) with the new ball of yarn and complete the stitch. Leave a tail of at least a 15cm (5.9in) on the new yarn. Continue crocheting with the new yarn, and drop the old yarn. You can hide the ends in the inside of your project.

CHANGING COLOUR

ALONG THE EDGE

When you're creating stripes by changing colour at the beginning of every row or so, you can leave the unworked yarn dangling at the edge. This way you can pick it up again when you need to. To do this, carry it loosely up the edge of the work in order to begin your new row. Adding an edge or border will hide the carried yarn strands.

OVER THE TOP OF THE OLD YARN

If you need to change colours regularly and mid-row, crocheting over the top of the yarn you're not currently using is a good way to keep it concealed and eliminates ends that would need weaving in. This technique is great when you are creating a reversible fabric, as it keeps both sides looking neat.

FLOATING STRANDS

If only one side of your final product will be seen, then you can carry the unused colours along the back of the work. Just drop the yarn you're not using, then pick it up again when you need it, loosely bringing it across the back of the work. This works best if the strands are only a few stitches long. If they are longer, cut the threads and weave in instead.

CUTTING THE YARN

If you are putting in a big block of one colour, it's best to cut the yarn and treat it like you're joining a new yarn, then weave in the ends of the yarn at a later stage.

Turning chains

Whenever you turn your work, you will need to create a turning chain to start your next row. When using anything but double crochet, the turning chain always counts as the first stitch (unless specified otherwise), and the next stitch should be created in the second stitch from the hook. Different stitches need different heights of turning chains, to match the height of the stitch about to be made.

Stitch (UK)	Number of turning chain sts
Double crochet (dc)	1
Half-treble crochet (htr)	2
Treble crochet (tr)	3
Double treble crochet (dtr)	4

INCREASE

INCREASING IN THE MIDDLE OF A ROW (TREBLES AS EXAMPLE)

Make a treble crochet in the next stitch. Make another treble crochet in the same stitch. You have increased your stitch count by one.

INCREASING AT THE START OF A ROW

As the turning chain normally counts as a stitch (except in dc), increasing at the start of a row is different. To increase, insert your hook into the first stitch at the base of the chain and make the stitch. The stitch you've just made and the turning chain count as two stitches, and you have made an increase.

DECREASE

DOUBLE CROCHET TWO STITCHES TOGETHER (DC2TOG)

Insert your hook into the next stitch, as if to make a double crochet. Draw up a loop. Without completing the stitch, insert your hook into the next stitch as if to make another double crochet. Draw up a loop. You should now have three loops on your hook. Yarn over (yo) and draw the loop through all three stitches on your hook. Having worked into two stitches, but only created one, you have decreased by one.

TREBLE CROCHET THREE STITCHES TOGETHER (TR3TOG)

Yarn over and insert your hook into the next stitch, as if to make a treble crochet. Draw up a loop, yarn over and draw through two loops on the hook. There should now be two loops on your hook. *Without completing the stitch, yarn over and insert your hook into the next stitch. Draw up a loop, yarn over and draw through two loops on the hook.* There should now be three loops on your hook. Repeat * to * into the next stitch. There should now be four loops on your hook, yarn over and draw the yarn through all four loops to complete the decrease.

STARTING IN THE ROUND

METHOD 1: SINGLE CHAIN START

Chain two. Now make a double crochet (dc) into the second chain from your hook. Make the rest of your doubles into the same chain stitch as your first double crochet.

METHOD 2: MULTIPLE CHAIN START

Make a short chain, depending on the pattern that you're following. Here we have shown five chains. Create a slip stitch (sl st) into the first chain that you created. Work your first round into the middle of the ring you have just made. Now either continue to work in a spiral or connect the last double crochet to the first with a slip stitch, create your turning chains and continue.

METHOD 3: MAGIC RING (MR)

Also called a magic circle (mc). To begin, create a loop (as if to create a slipknot), hold the yarn where the loop crosses over, with the starting tail in front, and insert your hook from front to back.

- Yarn over with the working yarn and pull up a loop back through to the front. Yarn over your hook again, this time from above the loop, and pull through to create a chain on your ring.
- To create your first dc, insert your hook into the ring, with both the loop and starting tail above your hook. Your stitches will now be created around both yarns. Yarn over and draw up a loop back to the front of the ring. Create your stitch as you would usually. Carry on until you have the number of stitches you need.
- Once you have created all of your stitches, keep your hook in the loop and hold it and your round in your dominant hand. Pull on the starting tail to close the gap.

WORKING IN THE ROUND

CONTINUOUS SPIRAL

To start each new round, work the first stitch into the top of the first stitch of the last round. Now add your stitch marker into this stitch by slipping it through the loops. Now continue to stitch the rest of your round as stated in the pattern until you reach the stitch before the marker. This is the last stitch of the round.

To start your next round, remove the marker, crochet the stitch as normal and then replace the marker into the stitch you have just created.

When finishing your spiral you will need to smooth out the jump in stitches between rows. To do so, slip stitch into the next stitch. For taller stitches, gradually crochet shorter stitches i.e. if you have used tr stitches you will end with a htr, dc, ss.

JOINED ROUNDS ROUNDS

Alternatively you can add a ss at the end of each row which gives the appearance of concentric circles rather than a spiral. If you do this, to create your next round, create a chain to the height of your stitch. One for double, two for half treble, three for treble and so on.

TURN YOUR WORK

When you create your next rows you have the choice of turning your work or continuing on around the circle (the same as a spiral stitch). Alternatively, you can turn your work at the end of each round, and it will create a slightly different look. After turning your work, you will continue to work each of the rounds the same way.

FASTENING OFF

SECURE YOUR WORK

When you've finished your project, cut the working yarn about 15cm (6in) from the last stitch (or longer if your pattern states). Yarn over (yo) with the tail. Pull the yarn through the loop on your hook, and keep pulling until the cut end goes through the loop. Grab the tail and pull it tight, to close the last loop. Your stitches are now secure.

FIXING MISTAKES

UNDO YOUR WORK

When you notice that things have gone awry, take your hook out of the working loop and grab hold of the working yarn. Pull on the working yarn to unravel the stitches one by one. This process is also known as frogging. Keep pulling the working yarn until you've unravelled the mistake, then simply insert your hook into the working loop and begin redoing the work you've just undone, but this time without the mistake!

JOINING

METHOD 1: WHIPSTITCH

Hold two pieces together with the wrong sides facing each other. Pass your needle through the V stitches on both pieces from front to back and pull the yarn through. Draw your needle back to the front and repeat. Using a whip stitch will leave a visible line on both sides of the piece. This won't be quite as obvious when you are using the same colour.

METHOD 2: MATTRESS STITCH

Lay your pieces side-by-side with the right sides facing you. Leaving a 15cm tail, insert your needle into the first edge stitch of the first piece and then down through the edge of the second. Insert your needle down through the first stitch of piece one and up through to the second stitch. Now repeat on piece two. Keep going and a loose 'ladder' will start to form. When you have done about 2.5cm, pull gently on the yarn to draw the two sides together. Repeat until you have reached the end, the seam will be almost invisible.

METHOD 3: SLIP STITCH OR DOUBLE CROCHET

Insert your hook through the first stitch on both pieces. Complete a slip stitch (or double crochet) and repeat, ensuring you match up the stitches as you go.

- A slip stitch seam is strong, and will be almost invisible from the other side of the work. Slip stitches do not allow for any give, so making them too tight will pucker the fabric.
- Using a double crochet will give a more pronounced edge, giving a more decorative seam. It is also stretchier than a slip stitch join.

METHOD 4: FLAT SLIP-STITCHED SEAM

Insert your hook from top to bottom through the back loop only on the right-hand piece of fabric. Do the same on your left piece, then yarn over (yo) and pull through both loops on the hook. Repeat until you reach the end. This seam produces a flat row of chain-looking stitches. It's a neat finish and adds a nice little detail to your seams.

To join amigurumi it is helpful to pin your pieces in place. Join using one of the methods above, inserting your needle from bottom to top of the piece you are attaching. Pull tight on the yarn for a seamless join.

Yarn weights

Yarn weight	Properties	Ideal for...
Lace, 2-ply, fingering	Extremely light, Lace yarn produces a very delicate texture on a 2mm (US 0) hook. Bigger hooks will produce a more open fabric.	Lace

WHICH HOOK?

Every ball of yarn comes with a recommended hook size, which is printed on the label. Use bigger hooks than this to make a more open stitch, and smaller ones to make a tighter, more compact fabric. We suggest using a smaller hook than recommended for amigurumi projects.

TENSION

Tension or gauge is the measure of how many stitches and rows you need to create a specific length and width of crocheted fabric. The size of your hook, weight of your yarn and your own tension while crocheting will all have an effect on any piece that you're creating. If you naturally crochet very tight or loose stitches, then the final product dimensions will be different to those provided in a pattern. Tension square patterns will sometimes be given with your pattern and allow you to work out how tight to make your stitches before you start. Usually these will be 10cm square.

When making things like children's toys or blankets, there is a bit more freedom when following a pattern. However, when creating garments to exact fitted measurements, tension squares are incredibly important.

With amigurumi a loose tension will show the stuffing between the stitches. It's difficult to be too tight with amigurumi, however you should still be able to work stitches reasonably easily. If needed, switch to a smaller hook for a neater finish.

BLOCKING

Blocking is a process you will use after making many of your flat projects. It sets the stitches in place, adds definition to lace pieces and strengthens any straight edges in your work.

PIN YOUR WORK

No matter which method you choose to use, you will need to pin the corners to the correct measurement for your final piece.

Next pin half way along the edge, and keep doing this until you are happy that the edges are all straight and even. If you are blocking any crocheted segments that are due to be joined, make sure you measure them out so they match when you come to sew them together.

For more refined edging, thread a blocking wire through each of the stitches or row ends along the straight edge of your project.

METHOD 1: SPRAY BLOCKING

Spray blocking is the easiest and quickest way of blocking your work. Pin and then take a spray bottle and give a few sprays of water until the surface of your work is evenly saturated. Gently pat the surface to help the water absorb into the yarn fibres. Leave your work to dry; this can sometimes take over 24 hours.

METHOD 2: STEAM BLOCKING

This method requires an iron or handheld steamer. Do not touch the iron to the yarn at any point. Man-made fibres will melt, and all your work and your iron will be damaged. Pin your work then hold an iron about 2.5cm (1in) from the surface of your project. Steam until the entire surface area is moist to the touch. Once done, pat the surface gently with your hands and leave to dry.

METHOD 3: WET BLOCKING (BEST FOR LACE WORK)

Fill your sink or bath with lukewarm water. You can add in no-rinse wool wash if you wish. Immerse your project in the water, until saturated. Leave it for 20 minutes then take your project out and gently squeeze out the excess liquid. Do not wring your project, as this will stretch it out of shape. Continue until you can remove no more water. Lay a towel on a flat surface and lie your garment flat. Gently roll up your towel to press out even more water. Pin your project to your blocking surface (a foam mat or mattress is ideal) and leave to dry. If working on a straight-edged lace garment you will need to use a lot of pins and/or blocking wire along the edge of to obtain a professional result. The edge will bow if you don't use enough pins and spoil the finish.

The side currently facing you is the right side. Fasten off

Fold the piece in half so that you can sew the rainbow shut

leaving a long end to sew the rainbow shut.

Turn piece over so the wrong side is facing you and sew in the ends, except for the last end indicated to leave long. For a tidy clean look it's important to sew the ends in on the wrong side.

Using the long end (with the wrong side still facing you), fold the piece in half so that you can sew the edge of row 1 to the edge of row 12. After you have the rainbow sewn shut you can sew in this end.

Stuff the rainbow and set aside.

Pull your beginning magic ring tight and sew in the end. Begin to stuff with fibrefill, and if you are using a rattle insert it should be added at this time.

“The vibrant rainbow colours will be sure to grab the attention of your baby”

Finish stuffing with fibrefill and use the long end to sew hole shut. Set piece aside and continue on to the side pieces.

DIFFICULTY

WHAT YOU NEED

- 4.5mm hook (US 7)
- Yarn needle
- Fibrefill stuffing
- A pair of 10mm black safety eyes
- You will need to use DK yarn in your chosen colour. Here we have used Deramores Studio DK in:
 - Colour 1: White (3 balls)
 - Colour 2: Grey (1 ball)

MEASUREMENTS

55cm (21¾in) diameter

TENSION

16 sts x 16 rows to measure 10x10cm (4x4in), over pattern using 4.5mm hook

SPECIAL STITCHES:

Bobble Stitch (bo): *Yoh, insert hook into stitch or space indicated, yoh and pull a loop through so you now have 3 loops on your hook. Yoh and pull through 2 loops. Repeat

this step from *, 4 more times in the same stitch or space, until you have 6 loops on your hook. Yoh and pull through all 6 loops.

Modified Bobble Stitch (mbo):

This is almost identical to the regular bobble stitch (bo), but it uses 4 unfinished tr stitches clustered together in the same stitch instead of the regular 5 (therefore having 5 loops on your hook before the final yoh).

Three Treble Crochet Cluster (tr3cl): 3 tr stitches in the same

stitch/space.

Corner 1: (1 tr, ch 2, 1 tr) in the same stitch (for round 3) or chain space (for rest of rounds).

Corner 2: (2 dc, ch 2, 2 dc) in the same chain space.

Dec: work a dc2tog as follows: insert hook in first st, yoh and pull a loop through, insert hook in next st, yoh and pull a loop through, yoh and pull through all 3 loops.

Hushabye sleeping bag

Reminiscent of 'granny' squares, this simple sleeping bag is perfect for newborn babies to snuggle up in

DIFFICULTY

WHAT YOU NEED

- 4mm hook (US G/6)
- 10 x 2.5cm (1 in) buttons
- You will need DK weight yarn in your chosen colours. We have used Sublime baby Cashmere Merino Silk DK in: safety eyes

- Colour 1: Pebble (250g)
- Colour 2: Vanilla (100g)
- Colour 3: Splash (50g)

TENSION

Tension is not critical for this project, but if you do not match it your sleeping bag will vary in size to that stated and you may need more yarn. 5 pattern repeats and 11 rows measure 10cm square, using 4mm hook

MEASUREMENTS

Sleeping Bag measures 37cm wide and 44cm long excluding hood. Hood measures approx 23cm from top of bag to point

SPECIAL STITCHES

Crab stitch/reverse dc: Yo and draw up a loop, making sure your hook faces left as it would usually. Complete the stitch as normal and then continue to work backwards along your edge. Make sure not to twist your hook!

PATTERN NOTES

- This project is sized for a newborn baby. It is simple to adjust the size to suit larger babies as well. To adjust the width add sts to the foundation chain in multiples of 3; to adjust length add rows. Don't forget you will need more yarn to make a bigger sleeping bag.

- For baby's safety it is important to ensure the bag is not so large they can slip down too far as this can cause them to get overheated. As with any bedding, their face should remain above the cover, which should tuck under their arms, and make sure they are placed with their feet at the end of their crib, Moses basket, pram etc.

DECORATION AND ASSEMBLY

Using the yarn needle and col 9, stitch the balloon panel design onto the balloon made with col 4. Start by stitching 6 small sections (3 sts long each) between rnds 3 and 4 (at the top), to form a circle. Then stitch the long vertical lines from the circle you just made all the way down to the bottom of the balloon. There should be 6 vertical lines, spaced evenly

You will end up with 4 'ropes' tethering your balloon to your basket

(about 3 sts apart from each other at the top and about 2 sts apart from each other at the bottom). For extra definition, stitch 6 small sections (2 sts long each) at the very bottom of the balloon between rnds 19 and 20, to form another small circle. Weave in ends.

Repeat this process to decorate the balloon made with col 5 using col 10. Then decorate the balloon made with col 6 using col 11 and the balloon made with col 7 using col 12 in the same manner.

To attach the basket, use the yarn needle and the long yarn tail left over from making the basket. Thread the tail through the base of the balloon, leaving a 2.5cm (1in) gap between the basket and the balloon. Make a small knot to keep everything in place. Then weave the yarn tail through the balloon base for a few stitches and then thread the tail back into the basket, a few stitches apart from where you started, leaving another 2.5cm (1in) gap. Knot to

secure and weave the yarn tail through the top of the basket for a few stitches. Repeat this process until you have 4 'ropes' tethering your balloon to your basket. Fasten off and weave in any remaining ends. Repeat this process until each balloon has a basket attached to it.

Repeat the decoration and assembly process for each balloon. Once all your mobile pieces are ready, thread a bit of matching yarn through the top of each piece and use it to attach each piece to your frame with the sun in the middle and one hot air balloon on each arm.

The balloons can be made in any colour combinations you prefer and will still look great. If you prefer a more uniform look, you can even make them all the same colour

MEASUREMENTS

The finished blanket measures approximately 80 x 90cm (31½ x 35½in) including border

TENSION

15.5 sts and 13 rows to measure 10 x 10cm (4 x 4in) over pattern, using 4.5mm hook

SPECIAL STITCHES:

Cluster – In this pattern the cluster stitches are made by joining 4 treble stitches together as follows: yarn over and work the first treble stitch but stop when you have two loops left on your hook. Leave these last two loops on your

hook and then repeat this process again, working a treble into the next stitch but leaving the last two loops on your hook (you now have 3 loops on your hook). Repeat over the next two stitches until you have 5 loops on your hook, yarn over and pull through all 5 loops. To work a cluster in the ch3 sp, you work all 4 stitches into the ch3 sp.

PATTERN

Using col 1, ch 117.

Row 1 (RS): 1 dc in 2nd ch from hook, *3 ch, cl over next 4 ch, 1 ch, 1 dc in next ch; rep from * to end, change to colour 2, turn.

Row 2: Ch 3, *1 dc in top of cl, 3 ch, cl in 3ch-sp, 1 ch; rep from * to last st, 1 dc in last st, change to colour 3, turn.

Row 3: Ch 3, *1 dc in top of cl, 3 ch, cl in 3ch-sp, 1 ch; rep from * to 3ch-sp at end, 1 dc in 3ch-sp, change to colour 4, turn.

Row 3 forms the pattern.

Rep row 3, changing colour at the end of each row until you have finished the colour repeat (cols 1-8). There are 8 repeats of this stripe sequence in the blanket pictured; if you are making a bigger blanket you will need to continue until you get to your desired size. Fasten off on the last row and weave in all ends before beginning the border.

BORDER

Rnd 1 (RS): Using col 8, with RS facing, join yarn in any stitch with a ss, ch2 (counts as a st), htr around the blanket edge, working (2 htr, 2 ch, 2 htr) in

each corner, ss in the top of the beginning ch2.

TIP: evenly space your htr stitches in Rnd 1 to prevent the blanket from warping.

Rnd 2: 1 ch, 1 dcbl in each st around the blanket edge and (2 dc, 2 ch, 2 dc) in each corner, ss in beginning ch and fasten off.

Rnds 3-7: Use colours in the following order: 5, 4, 3, 2 & 1. Attach yarn to any corner ch2-sp using a ss, 1 ch (does not count as a st), 1 dc in each st, all around blanket edge and (1

PATTERN NOTES

- To make a bigger blanket, you can adjust the starting chain – just ensure that the chain is always a multiple of 5+2.

dc, 2 ch, 1 dc) in corner spaces, ss in beginning ch, fasten off.

TIP: When working rnds 3 to 7, fasten off at the end of each rnd then start the next colour in a different corner. This gives a neater finish.

Rnd 8: Using col 8, join yarn in any corner ch2-sp, ch2, 1 htr in each st around blanket edge (2htr, ch2, 2htr) in each corner, ss in top of beginning 2 ch, fasten off and sew in ends.

TIP: Because you have worked several rounds of double crochets, the blanket may not sit completely flat. This can be rectified by gently pulling it flat and then blocking with water.

TASSELS

Using all colours held together and a piece of thick card, make 4 tassels and attach one to each corner.

“There is something rather charming about this little woodland creature”

PATTERN NOTES

- Most pieces are worked in a spiral, in continuous rounds. Using a stitch marker in the first stitch of each round is the easiest way to keep track of the start of each round.

- The neatest way to change colour is to complete the last step of previous stitch with the new colour, for example: if the last stitch before the change is a dc, the last yarn over hook and pull through 2 loops will be with the new colour.

Ketchup: 12cm (4¾in)

Mini hot dog: 10cm (4in)

Mini burger: 9cm (3½in)

Mini toast: 8cm (3in)

SPECIAL STITCHES

Crab stitch: worked as a regular dc stitch, but working into the stitch to the right of your hook, rather than the left.

Chain stitch (embroidery): Insert the embroidery needle from the back and pull thread through. * Re-insert the needle through the fabric as if to make one small running stitch (and bringing the needle out just a short distance along), then place the thread behind the needle. Pull the needle through to create a chain stitch (do not pull too tightly – leave the thread loose). To continue the chain, rep from *, each time inserting the needle back into same place and out again a little further along. Keep going as needed.

PATTERN MINI SODA FRESH COLA BOTTLE

Using col 3, make a magic ring.

Rnd 1 (RS): 6 dc in magic ring and pull ring tight to close. (6 sts)

Rnd 2: 2 dc in each st. (12 sts)

Rnd 3: (1 dc in next st, 2 dc in next st) 6 times. (18 sts)

Rnd 4: (1 dc in next 2 sts, 2 dc in next st) 6 times. (24 sts)

Rnd 5: (1 dc in next 3 sts, 2 dc in next st) 6 times. (30 sts)

PATTERN NOTES

- Most pieces are worked in a spiral, without joining each round. It may help to use a stitch marker to mark the first stitch of the round, and move it up as you work each round.

- To change colour in last st of rnd, work your stitch until there are two loops left on hook, drop yarn and work the last yoh in new colour and pull a loop through. New colour is on hook, ready to start next rnd in that colour.

PATTERN NOTES

• The Chain Loop Stitch is a wild-looking stitch that is deceptively easy to learn! In this pattern, the sheep's body is worked evenly with minimal increasing and decreasing, so you can just focus on learning the chain loop technique. The stitch is a great way to add texture to your crocheted work: use it to create fun fringe on garments, durable pom-poms, homemade dish scrubbies, hair for a doll, or other amigurumi animals (works great for hedgehogs)! Once you've become comfortable with the technique, try experimenting with varying chain lengths and spacing.

PATTERN NOTES

• This pattern is worked from the top down, in the round, with no joining. The eyes and tentacles are made separately and sewn on. Pictures shown here can give more details into the process. The finished puppet is one size, fitting child through adult, but if you wish to make it smaller for a smaller child to play with, simply tighten gauge or go down a hook size.

Depending on how you've sewn on the tentacles, the octopus will have a unique look

ASSEMBLE THE FACE

Insert 9mm safety eyes between rnd 13 and rnd 14 of the head and position them approx 8 sts apart. Stuff the head firmly.

Cut out a grey felt mouth using the template provided.

Sew a pink button nose in the centre of the mouth using a yarn needle and yarn. Referring to the photograph, position the mouth and

nose between the eyes.

Glue the mouth and nose to mouse's face using a hot glue gun.

ASSEMBLE THE BODY

Sew the body to the head

– note there is one extra decrease rnd on the head than on the body so the last rnd of the body (rnd 26) should be sewn around the second last rnd on the head (rnd 27).

Sew the arms to the body between rnd 25 and rnd 26 positioning them 6 stitches apart on the front.

Sew the legs to the body between rnd 8 and rnd 9 positioning them 2 stitches apart in the front.

Cut out two pink felt ears using the template provided. Glue felt to each crocheted ear using a hot glue gun. Sew the ears to the head between rnd 10 and rnd 14.

FRONT HAIR/FRINGE

Rnd 12 (transition to rows): 1 dc in each of next 6 dc, turn. (6 sts)

Row 13: ch 1, 1 dc in each dc. (6 sts)

Fasten off wig cap leaving long tail for sewing.

Sew cap at a slight angle to the back/top of the head, catching stitches around the edges of the cap, but not too tight as to distort the head shape.

Embroider a face onto your doll. For the nose, choose 4 sts in the centre of the face and slip stitch around them, pulling thread through with a needle.

Stitch a few strands of wool from the edge of the cap

towards back of head to give a hairstyle as in the picture, or use your imagination to copy the hairstyle of your chosen football character.

For a short style, attach individual cut strands at random by inserting the hook under a dc, doubling a cut strand and catching a loop, pulling it part-way through and then insert the two loose ends through the loop, pulling tight.

Weave these randomly into the cap until you it's covered. You can then cut and style the hair, but not too short otherwise the strands might pull through. Our doll is sporting a Gareth Bale hairstyle.

SHORTS

With doll held upside down and facing away from you, join with col 4 at back of doll's waist with ss to a loop from rnd 40.

Rnds 1-2: 1 dc in each loop around waist. (24 sts)

Rnd 3: (1 dc in each of next 2 dc, 2 dc in next dc) 8 times. (32 sts)

Rnd 4: (1 dc in each of next 3 dc, 2 dc in next dc) 8 times. (40 sts)

Rnd 5-6: 1 dc in each dc. (2 rnds of 40 sts)

FIRST LEG

Skip 20 sts. Ss between the legs into 21st st from previous rnd. This divides work into 2 and you will now work each leg of the shorts separately.

Rnd 7: ch 3, 1 tr into ss just made, 1 tr in each of next 19 dc. (20 sts)

Rnd 8: ch 3, 1 tr in each tr, join with ss. (20 sts)

Fasten off. Weave end to hide inside leg.

SECOND LEG

With doll still held upside down and facing away from you, rejoin col 4 with ss in st 40

from rnd 6 (at inside leg).

Rnd 7: ch 3, 1 tr in each of next 19 dc, 1 tr in joining ss from 1st leg. (20 sts)

Rnd 8: ch 3, 1 tr in each of next 20 tr, join with ss. (20 sts)

Row 3: ch 2, 1 htr in each of next 5 htr, 5 htr in ch-sp, 1 htr in each of next 10 htr, 5 htr in ch-sp, 1 htr in each of next 5 dc, turn. (30 sts)

Row 4-7: ch 2, 1 htr in each of next 30 htr, turn. (4 rnds of 30 sts)

Row 8: ch 2, (1 htr in each of next 9 htr, 2 htr in next htr) twice, 1 htr in each of next 10 htr, turn. (32 sts)

Row 9: ch 2, (1 htr in each of next 10 htr, 2 htr in next htr) twice, 10 htr, turn. (34 sts)

Row 10: ch 2, 1 htr in each htr. (34 sts)

Fasten off leaving long tail end.

SLEEVES (crocheted around the armholes)

Insert hook in any st at the bottom of one of the armholes, ch 2 and begin working in rounds as follows. **Rnd 1:** 1 htr into same st, 13 htr evenly around armhole space (5 sts at top, 5 sts at bottom, 2 sts on each side). (14 sts).

Rnds 2-4: ch 2 (does not count as stitch), 1 htr into each htr. (14 sts)

Fasten off and weave in ends.

SECOND SLEEVE

Insert hook in any st at the bottom of second armhole, pull through loop of yarn, make ch 2.

Complete as for first sleeve, working rnds 1-4 above.

Thread tail inside cup, pull out to emerge one rnd down side of cup (top of handle).

Ch 12, fasten off and pull through cup to form handle. Secure to side by hooking tail round one more st, then across inside bottom of cup and out opposite side. Secure again round a st, then make ch 13, secure other end of handle near rim of cup. Weave in loose end. Use a needle and yarn to strengthen the handles if you wish.

PATTERN

Note: Be aware that when you work with the wrong side out the front and back loops of a stitch will be reversed. When you see instructions written as "flo (blo)" in this pattern, you will work what is before the brackets if you are crocheting with the right side out, and you will work what is in the brackets if you are working with the wrong side facing out.

BODY LINES

With the back of the body facing you, attach col 3 between rnds 17-16. (Fig 3) Begin to surface crochet by

slip stitching evenly around the body until you reach the point you started from. ss into first st and fasten off. Weave in all ends.

Repeat this for the remaining 4 lines starting with col 4 for between rnds 16-15, col 5 for rnds 15-14, col 4 for rnds 14-13 and col 3 for rnds 13-12.

MOUTH

Using 2.75mm hook and col 2, ss into the first unworked loop from rnd 22 of the body on the far right side. 1 dc into the same st, 1 htr in each st until the second to last st, 1 dc in next st, ss in the last st. Fasten off, weave in all yarn ends.

TOOTH

Cut a small triangle out of white felt and glue it with some craft or fabric glue so the lip of the mouth overlaps it.

FOOT AND LEG (MAKE 2)

Using 2.75mm hook and col 2, make a magic ring.

Rnd 1 (RS): 6 dc into the magic ring. (6 sts)

Rnd 2: 2 dc in each st. (12 sts)

Rnd 3: (2 dc in next st, 1 dc in next st) 6 times. (18 sts)

Stuff with fiberfill and continue stuffing as you go.

Rnds 8-15: 1 dc in each st. (8 sts)

Fasten off, leaving a long tail for sewing. Sew the feet to the bottom of the body on either sides of the body's magic ring.

HAND AND ARM (MAKE 2)

Using 2.75mm hook and col 2, make a magic ring.

Rnd 1 (RS): 6 dc into the magic ring. (6 sts)

Rnd 2: 2 dc in each st. (12 sts)

Rnd 3: (2 dc in next st, 1 dc in next st) 6 times. (18 sts)

Rnd 6: (dc2tog, 1 dc in next st) 6 times. (12 sts)

Rnd 7: (dc2tog) 6 times. (6 sts) Stuff with fiberfill and continue stuffing as you go.

Rnds 8-17: 1 dc in each st. (6 sts)

Fasten off, leaving a long tail for sewing. Sew the arms onto the body between the mouth and the top dark blue body line.

FINGERS

Using 2.75mm hook and col 2, attach your yarn onto one of the stitches on either side of the hand's magic ring. ch 2, work a 2 tr popcorn st in the same space. Turn your hook, and your work, so that you can dc back into the same stitch you started. Fasten off and weave in all yarn ends. Repeat this 3 more times.

ATTACHING THE EYES

With the yarn tail left over from making each eye you can now sew the eyes onto the head. Sew the entire back of the eye onto the body in a circle as this will be more secure. As you add more eyes they will begin to touch and you can sew the eye the ones adjacent to it, this will make the toy safer for young children. We recommend trying to keep two eyes the same size from being next to each other for a better final effect.

Little bunny

Use up leftover yarn to crochet a little bunny with fun, striped legs and a cute removable t-shirt!

TAIL

Using col 1, make a magic ring.

Rnd 1: 4 dc in magic ring. (4 sts)

Rnd 2: 1 dc in each st around. (4 sts)

Rnd 3: 2 dc in next st, 1 dc in each remaining st to end. (5 sts)

Rnds 4-22: As rnd 3. (24 sts after rnd 22)

Fasten off, leaving a tail for sewing. Stuff the tail and sew it onto the body.

NOTE: When you sew the tail to the body, do so by placing the body on a table and pinning the tail in place first. You want the tail to be attached to the body but touching the table in a completely horizontal position. If you try and sew the tail at an angle to the body you might find that the tail stops the legs from resting on the ground when you later sew them on.

FRONT LEGS
(MAKE 2)

Using col 1, make a magic ring.

Rnd 1: 6 dc in magic ring. (6 sts)

Rnd 2: 2 dc in each st around. (12 sts)

Rnd 3 (blo): 1 dcblo in each st around. (12 sts)

Rnds 4-8: 1 dc in each st around. (5 rnds of 12 sts)

Fasten off, leaving a long tail for sewing.

BACK LEGS
(MAKE 2)

Using col 1, make a magic ring.

Rnds 1-8: As given for Front Legs. (12 sts)

Rnds 9-10: 1 dc in each st around. (2 rnds of 12 sts)

Fasten off, leaving a long tail for sewing.

SEWING ON
THE LEGS

First stuff each leg firmly at the bottom, and less firmly at the top so that you can pinch the opening shut, folding it in half. Now find a spot on the side of the dinosaur where you want to attach the leg. Hold the body while you're doing this and position it above a table. You want the legs to give the

body enough lift off the table so that the stomach won't touch the table.

Thread your yarn and sew only the top half of the leg in place. Then sew one row down and continue sewing the rest of the leg in place. It should be very thin at the joint and may be awkward. Instead of fastening off, thread the yarn to the underside of the leg and begin sewing the leg to the body, one st at a time. Go down the leg about 3-5 sts until you see the bowed leg finally tighten up and line up straight with the side of the body. When you are happy with the leg fasten off, and weave the yarn end into the body.

Note: The stegosaurus has longer hind legs than front, so allow for this when attaching them. Always keep in mind how you want your dinosaur's finished position to be when attaching their legs.

SMALL SPIKE (MAKE 6)

Using col 2, make a magic ring.

Rnd 1: 5 dc in magic ring. (5 sts)

Rnd 2: 2 dc in each st around. (10 sts)

Rnd 3: (dc2tog) 5 times. (5 sts)

Fasten off, leaving a long tail for sewing.

Do not stuff the spikes.

LARGE SPIKE (MAKE 2)

Using col 2, make a magic ring.

Rnd 1: 5 dc in magic ring. (5 sts)

Rnd 2: 2 dc in each st around. (10 sts)

Rnd 3: (2 dc in next st, 1 dc in next st) 5 times. (15 sts)

Rnd 4: 1 dc in each st around. (15 sts)

Rnd 5: (dc2tog, 1 dc in next st) 5 times. (10 sts)

Rnd 6: (dc2tog) 5 times. (5 sts)

Fasten off, leaving a long tail for sewing.

Do not stuff the spikes.

FINISHING

Sew the spikes evenly spaced down the body and tail of the

Stegosaurus. Starting at the head, you will have two rows of spikes side by side in the following order, working from front to back: Small/Medium/Large/Medium/Small/Small.

The two rows maintain a little over a finger's width apart but narrow more as they reach the tail and head.

TOENAILS

Using col 3, cut a length of yarn about as long as your arm and attach it to the edge of the foot, ch 3, 1 dc back into the same st (one toenail made).

*Pull the yarn through as if you were fastening off, but instead thread a needle and move the yarn two sts to the left for the next toenail, ch 3, 1 dc back into the same st; rep from * once more to make the third and final toenail.

Fasten off, weave in all yarn ends.

TAIL SPIKES (MAKE 4)

Using col 3, make a magic ring.

Rnd 1: 4 dc in magic ring. (4 sts)

Rnd 2: 2 dc in next st, 1 dc in each remaining st. (5 sts)

Rnd 3: 1 dc in each st around. (5 sts)

Rnd 4: 2 dc in next st, 1 dc in each remaining st. (6 sts)

Rnd 5: 1 dc in each st around. (6 sts)

Fasten off, leaving a long tail for sewing. Do not stuff the spikes. Sew the spikes to the tip of the dinosaur's tail, two on each side.

Using col 2, cut a length of yarn about as long as your arm and attach it to the edge of the foot, ch 3, 1 dc back into the same st (one toenail made).

*Pull the yarn through two sts to the left for the next toenail, ch 3, 1 dc back into the same st; rep from * once more to make the final toenail. **Fasten off, weave in all yarn ends.****NAIL TIPS**

Using col 2, cut a short piece of yarn and pull the yarn through a st at the tip of a finger, ch 1, move the hook to a st to the left of the finger, 1 dc, ch 1, pull the yarn through and fasten off. Weave in the yarn ends gently to avoid distorting the ch 1 tip to the nail you just made.

FINISHINGFirst stuff each leg firmly at the bottom, and less firmly at the top so that you can pinch the opening shut, folding it in half. Now find a spot on the side of the dinosaur where you want to attach the leg. Hold the body above a table as far as you want it to stand when all the legs are sewn on. Go down the leg about 3-5 sts until you see the bowed leg finally tighten and line up straight with the side of the body. **Fasten off and weave in the yarn end.****Note:** To keep all legs even you need to attach each leg at the exact same row on the body.

(12 sts)

Fasten off, leaving a long tail for sewing.

SEWING ON THE LEGS

Hold the body while you're doing this and position it above a table as far as you want it to stand when all the legs are sewn on. You want the legs to give the body enough lift off the table so that the stomach won't touch the table when it is completely assembled.

First stuff each leg firmly at the bottom, and less firmly at the top so that you can pinch the opening shut, folding it in half. Now find a spot on the side of the dinosaur where you want to attach the leg.

Thread your yarn and sew only the top half of the leg in place. Then sew one row down and continue sewing the rest of the leg in place into this row. It should be very thin at the joint and may be awkward. Instead of fastening off, thread the yarn to the underside of the leg and begin sewing the leg to the body, one st at a time. Go

down the leg about 3-5 sts until you see the bowed leg finally tighten and line up straight with the side of the body. When you are happy with the leg, fasten off and weave the yarn end into the body.

NOTE: The triceratops has longer hind legs, and this helps to push its face closer to the ground, so make sure you attach the legs to different rows to make it even. Always keep in mind how you want your dinosaur's finished position to be when attaching their legs.

TOENAILS

Using col 2, cut a length of yarn about as long as your arm, and attach it to the edge of the foot, ch 4, 1 tr back into the same st (one toenail made).

*Pull the yarn through as if you were fastening off, but instead thread a needle and move the yarn two sts to the left for the next toenail, ch 4, 1 tr back into the same st; rep from * once more to make the third and final toenail. **Fasten off, weave in all yarn ends.**

MEASUREMENTS

20cm (8in) in diameter and 26cm (10¼in) in height

SPECIAL STITCHES

Blo: Only insert your hook underneath the back loop (the one furthest away from you)

Standing dc: This stitch replaces the usual start of a new round where you would start with a slip stitch and then make 1 chain. Instead, start with a slip knot on hook, insert hook into stitch indicated, yrh

and pull up a loop (2 loops on hook), yrh and pull through both loops on hook

Crab st: This stitch is worked the same as a regular double crochet but is worked in the opposite direction than you would usually work. Ch1 for the start of the round, then *insert hook in next stitch to the right of your hook (or to the left if you are working left-handed), yrh and pull loop through (2 loops on hook), yrh and pull through both loops to complete the crab stitch. Continue around, repeating from * to end. Note that when you insert your hook into each stitch you will need to twist your hand in the same direction as you are working, and point your hook downwards

PM: Place marker

YRH: Yarn around hook

PATTERN NOTES

- It is up to you how many rows you work after the thumb hole depending on your hands or the hands you are making for. The smaller size here (with 26 sts for hand) fits a small to average women's hand size with average to long finger length.

- To start, make a magic ring as follows: wind yarn around the index finger of your left hand to form a ring, insert hook into ring, yarn around hook and pull a loop through, 1 ch, (does not

count as a st), work rnd 1 into the ring, then pull end of yarn tightly to close the hole. Make sure that when you crochet into the ring, that you crochet over the twisted strands of yarn that sit to the left of your hook. Alternatively, you could make 2 ch then work Round 1 into the second chain from hook.

- To keep your circle nice and round, the increases are staggered on alternate rows.

- Work through both loops of stitches unless otherwise indicated.

PATTERN BASE

Using 2 strands of col 1, make a magic ring, or start with ch2.

Rnd 1 (RS): 6 dc in magic ring (or in 2nd ch from hook). (6 sts)

Row 49: Sk 1st st, 1 dcblo in next 5 sts, dc2togblo, 1 dcblo in next 5 sts, turn.

PATTERN NOTES

- Chains at the start of a round do not count as stitches.

- Keep stitches fairly firm to create a dense fabric with no gaps.

- To change colours, work the last yarn over of the previous stitch in the new colour.

- You can alter the depth of the stripes by changing the number of rows in each colour; changing colour at the end of an even-numbered row is best.

- Odd-numbered rows are the right side of the crochet; even numbered rows are the wrong side of the crochet.

TOP TIP

This pattern can be made using scrap cotton yarn.

Row 50: Sk 1st st, 1 dc in next 3 sts, dc2tog, 1 dc in next 3 sts, turn.

Row 51: Sk 1st st, 1 dc in next st, dc2tog, 1 dc in next st. **Fasten off.**

**** Using col 2, attach yarn to the back loop of the blue marked stitch. Rep rows 47-51 ****

Rep from ** to ** once more, but don't mark the stitch.

Using col 2, attach yarn to the last stitch of row 46 (pink marked stitch), ch 1, 1 dc into the end of each row along the top edge. Fasten off and weave in the ends.

BLOCKING

Blocking will give a neat, flat, even look to your project, while making it easier to keep the correct shape.

Place the crochet onto the ironing board wrong side up. Cover with a clean cloth and

gently steam. Leave flat until dry and cool.

FRINGE

Each fringe piece uses 2 strands of col 4.

Cut 134 strands at 33cm (13in) each. Fold 2 strands of yarn in half, forming a loop at one end. Take your hook and draw the loop through the st that you're attaching the fringe to. Draw the loose ends of the yarn through the loop. Gently pull the fringe to tighten.

Once all tassels are attached, iron fringe straight then trim into a V shape.

HANGING

Sew the crochet onto the dowel, looping the yarn through every 3rd st along the top edge. Weave in ends.

Attach a piece of yarn to either end of the dowel for hanging.

PATTERN NOTES

- The whole idea of the construction is to create the front and back of the dress as one solid piece sideways, leaving slits for the armholes. The body piece is then sewn to the neck piece, again leaving space for the armholes.

- The length of the dress, which uses the diamond motif, is always worked in multiples of $14 + 1$.

- On the neck piece, work the foundation double crochet stitch in the round. When joining to the first stitch, turn your work counter clockwise, and place the active yarn above your row. Make sure there are no twists in your work, and join to the first dc with a ss. Afterwards, you'll need to sew the beginning tail to the round and close up the joining seam.

- When working dc stitches along the side of the diamond motif, we worked 2 dc into the side of each tr stitch.

- Use a mattress stitch to sew the body to the neck piece.

Rows 31-31 (33): Repeat Rows 1-1 (3).

Split for Armhole, All Sizes:

Row 1: Work 1 tr in each st across. (57 sts)

Row 2: Work 1 slip st in each of next 51 (50, 49) sts, ch 8 (9, 10). Turn.

Row 3: Starting with 3rd chain from hook, work 1 tr in each st across (this is 1 tr in each of 6 (7, 8) chain sts then 1 tr in each of 51 (50, 49) body sts). Turn. (57 sts)

SECOND HALF

Rows 1-29 (31, 33): Beginning with Row 3 (5, 7), continue in pattern as established from First Half.

Row 30 (32, 34): 1 tr in each st across. Turn. (57 sts)

To seam the dress, bring the beginning edge up to align with Row 30 (32, 34). Starting from the bottom, mattress stitch up 51 (50, 49) sts to leave second arm opening. Fasten off and weave in ends.

Join yarn with a standing dc into the top of body piece (where the arm splits are), then work 62 (66, 70) dc evenly

across the top (1 st per row). Fasten off and weave in ends. Repeat for the other side of the body piece.

NECK PIECE

Work 64 (72, 80) foundation double crochet sts. Join to first double crochet st.

Row 1: Ch 1, starting in same st, work 1 dc in each st around. Join to first dc with ss. (64 (72, 80) sts)

Row 2: Ch 2 (does not count as st), starting in same st, work 1 tr in each st around. Join to first tr with ss. (64 (72, 80) sts)

Row 3: Ch 1, starting in same st, work 1 dc in each st around. Join to first dc with ss. (64 (72, 80) sts)

Row 4: Ch 1, starting in same st, work 1 dc in each of next 11 (13, 16) sts (armhole), (1 dc, ch 2) 20 (22, 23) times (neckline), 1 dc in each of next 12 (14, 17) sts (armhole), (1 dc, ch 2) 20 (22, 23) times (neckline), 1 dc in next st. Join to first dc with a ss. Fasten off and weave ends. (64 (72, 80) sts)

ASSEMBLY

Align the neckline portion of the neck piece with the

body and sew together with a whip stitch or a mattress stitch. You'll want to work the stitches evenly across and close together so you don't leave gaps in the connection. You can work into the dc of the body piece and into the chain spaces of the neck piece. Fasten off and weave in ends. Turn the dress around and repeat for the other side. Note: If you're unsure about the assembly, do the back side first to work out any issues, then work the front neckline cleanly.

BOTTOM SCALLOP BORDER

Row 1: Work a standing dc into the bottom of the dress by one of the seams, then work 124 (132, 140) dc evenly around the bottom of the dress. Join to first dc with ss.

Row 2: *Ch 6, sk 4 dc, 1 dc into next st, rep from * around. Join with ss into base of first ch-6.

Row 3: Work 1 ss into next 3 chains, *ch 6, 1 slip stitch into next ch-6 space, rep from * around. Join with ss into base of first ch-6. Fasten off and weave in ends.

PATTERN

Using col 1, make a slip knot and leave a long tail. Ch 44 [54].

Being careful not to twist the chain, join to the first ch with a ss to form a loop.

Rnd 1 (RS): Ch 1 (does not count as a st throughout), 1 dc (blo) in same ch as ss just made (place a stitch marker in this dc), 1 dc (blo) in each ch around until you reach the stitch marker. Do not join to this 1st dc with a ss. (44 [54] sts) Continue to work in a spiral

without joining.
Rnd 2: 1 dc (blo) in marked stitch (now move the stitch marker up to dc just made), 1 dc (blo) in each st until the end of the round (when you reach the stitch marker). Do not join to the 1st dc. (44 [54] sts)

FOR CHILD SIZE

Rnds 3-20: Rep rnd 2, change to col 2 on last st of rnd 20. (44 sts)

Rnds 21-40: Using col 2, rep rnd 2, change to col 3 on last st

TOP TIP

To make the scarf wider, adjust your starting chain by any number. Every 4 extra stitches will add approximately 2cm to the overall finished width.

Your finished product will be sure to brighten up any outfit

Fasten off and leave a long tail.

FINISHING

At both ends of the scarf, weave the tail in and out between the stitches of the first and last rounds. Pull tail to close up the hole and add a couple of whipstitches to secure each end.

Sew a pom pom at each end.

PATTERN NOTES

- The scarf is crocheted in the round to create a long tube.

- Instructions are given for the child size, with the adult size given in brackets: []

- At the end of each round, do not join to the previous round; continue working in a spiral.

- When changing colours, switch to the new colour on the last yarn over at the end of the round. Cut the yarn for the previous colour.

- The toe/foot section and ankle band are worked in the round.

- Join rounds with a slip stitch to the first stitch of the round.

- Weave ends as you work.

Cosy cobbles earwarmer

Keep your ears warm while staying on trend whatever your style

DIFFICULTY

WHAT YOU NEED

- 10mm hook (US N/15)
- Yarn needle
- Scissors
- Tape measure
- Super chunky (super bulky) yarn in your chosen colours. Here we have used approximately 70g of Stylecraft Special Chunky in Silver and Pale Rose.

(Other weights of yarn can be substituted but this may affect the starting chain.)

MEASUREMENTS

Chain length 49.5cm (19.5in) to fit average teen-adult.

TENSION

Approximately 13 sts to measure 10cm over pattern, using 4mm hook and super chunky yarn.

SPECIAL STITCHES

Double crochet into the back bump: when working the initial stitches into the chain, work your dc into the back bump of the chain (along the underside of the chain) rather than into the 'V'.

Double crochet back loop only (dcblo): rather than inserting your hook through both loops of the stitch as normal, insert your hook into the back loop only and complete your dc.

PATTERN NOTES

- The ch-1 at the start of each row does not count as a stitch.
- Stitches are worked into both loops as normal, unless stated otherwise.

Insert your hook into the back bump of the chain

TOP TIP

This earwarmer works up so quickly that it's perfect for making into a gift.

PATTERN

Leaving a long tail of approximately 25cm (10in), loosely ch 39.

(Always ensure that your starting ch is a multiple of 2 + 1 for the turning chain).

Row 1 (RS): 1 dc into the back loop only of the 2nd ch from hook and in each ch to the end, turn. (Stitch count should match your original chain minus the turning chain e.g. original chain length of 39 - 1 = 38 sts)

Row 2: Ch 1 (does not count as a st throughout), (1 tr in first st, 1 dc in next st) to end, turn. You should end on a dc. (38 sts)

Row 3: Ch 1, 1 dcblo in first st and in each st to end of row, turn. (38 sts)

Rep rows 2 and 3 respectively, twice more or until your earwarmer reaches your desired depth (ensure that you end after row 3). Fasten off, leaving a long tail of approximately 25cm (10in).

JOINING

Bring the two short ends together with the right sides (textured side) facing inwards.

Thread your needle with the tail from your starting ch and whip stitch the two ends together. Weave in your end and snip.

Turn your earwarmer inside out so the right side is now facing you.

DESIGN OPTIONS

Option 1: Simply weave in your other tail end of yarn, to leave a flat seam so that your earwarmer is the same thickness all the way around.

Option 2: Gather your earwarmer together along the seam and wrap your other tail end around it to create the cinch. We began wrapping from the back as this creates the neatest cinch, but do what works best for you. To secure the yarn in place, thread the end of the tail through the knot from the bottom to the top twice and then weave the end in on the wrong side. This option can be worn with the cinched section in the middle of your forehead or off to the side.

Horizon jumper

Make sure your little ones stay warm and snug

PATTERN NOTES

• There are instructions for five different sizes in this jumper: ages 2, 4, 6, 8 and 10. The stitch counts at the end of the rows will be written as follows: (2, 4, 6, 8, 10 sts).

• 5.5mm hook is used for jumper.

• 4mm hook is only used for neckband.

DIFFICULTY

WHAT YOU NEED

- 5.5mm (US I/9) hook
- 4mm (US G/6) hook
- Yarn needle
- You will need to use **aran (worsted weight) yarn** in a main colour. The amount needed varies, depending on the size you are making:
- Age 2: 500m
- Age 4: 600m
- Age 6: 700m
- Age 8: 800m
- Age 10: 950m
- You will also need 10m of 4 contrast colours.

MEASUREMENTS

Finished chest measurements are: 60 (68, 74, 80, 84)cm (23½ (27, 29, 31, 33)in)

Back length: 42 (44, 50, 55, 60)cm (16½, 17, 20, 23½)in)

TENSION

12 rows and 13 sts to measure 10x10cm (4x4in) over htr using a 5.5mm hook

SPECIAL STITCHES:

Bobble stitch (also called tr5tog): Yo and insert hook into stitch or space, yo and pull up a loop, yo and pull through first 2 loops (2 loops left on hook), *yo insert hook into same into the same stitch or space as before, yo and pull up a loop, yo and pull through first two loops only (3 loops

left on the hook), repeat from * 3 times more (6 loops now on hook), yo and pull through all those 6 loops. Stitch is complete.

Your next stitch after a bobble st will be the hdc.

For contrast colour bobbles, complete the stitch before the bobble in main colour in full, yo using contrast colour (CC) and, leaving a long tail to secure later, then insert into stitch and work the bobble stitch until you have 6 loops on your hook (1 loop in main colour and 5 loops in contrast colour), drop contrast colour and work a yo in main colour and complete the stitch in main colour.

PATTERN FRONT RIBBING

Chain 44, (48, 52, 56, 60) depending on the size you're making.

Row 1: 1 htr in 3rd ch from hook, 1 htr in each ch to end, turn. (42, 46, 50, 54, 58 sts)

Rows 2-3: Ch 2 (not counted as a st), (1 FPhtr around next st, 1 BPhtr around next st) to end, turn. (42, 46, 50, 54, 58 sts)

BODY

BOBBLE ROWS

MC – main jumper colour

Prepare your contrast colours for your bobble rows. You can use up to 4 different colours.

Note that if you are using different yarn weights to your MC or have a preference for less bulky bobbles work fewer partial treble crochets (i.e. tr4tog instead of tr5tog).

After each bobble stitch and htr in MC ensure that you pull CC strands to tighten

the bobble and avoid loose bobble loops.

Row 1: Ch 1, work 1 bobble in CC in next st, 1 htr in MC in next st, *1 bobble in CC in next st, 1 htr in MC in next st*, repeat from * to * to end, turn. (42, 46, 50, 54, 58 sts)

Row 2: Ch 1, using MC, 1 dc in each st to end, turn. (42, 46, 50, 54, 58 sts)

For the next 19 (20, 20, 20, 22) rows: Ch 1, 1 htr in every st to end, turn. (36, 40, 44, 48,

52 sts)

Final row neck shaping: Ch 1, 1 htr in the next 6 (6, 7, 7, 8) sts, htr2tog, fasten off. Reattach yarn to stitch 8 (8, 9, 9, 10) from the opposite side, ch 1, htr2tog, 1 htr in each stitch to end, fasten off.

BACK RIBBING

To add the ribbing to the bottom of your back piece, attach yarn to the side where the increase finishes (at row 5),

TOP TIP

To adjust the length of your jumper, add or subtract 2 or 4 rows BEFORE you create the sleeve indent on both the back and the front pieces.

ch 1 and 1 dc in next stitch.

Row 1: After this dc, htr evenly around the arch, and in each st along the bottom, and then evenly up the arch of the other side, finishing with 1 dc in the side of row 4 and ss in side of row 5 (from the back instructions), turn. (44, 52, 54, 58, 62 sts)

Row 2: Ch 1, sk current stitch, 1 dc around back post of next stitch (this is the dc), *1 FPhtr around next st, 1 BPhtr around next st*, repeat from * to * until you reach the starting dc from row 1, 1 dc around front/back post depending where you are up in the sequence, ss in next st, turn. (44, 52, 54, 58, 62 sts)

Row 3: Ch 1, ss into dc from previous row, keeping rib pattern correct, alternate between 1 FPhtr and 1 BPhtr across to dc stitch on other side, ss into dc and into next stitch, fasten off. (42, 50, 54, 56, 60 sts)

Note that your back piece will be longer than your front piece so that the bottom will dip below the ribbing for the front

SLEEVES (MAKE 2)

For your sleeves you will be increasing at both ends, for a few rows to begin with.

Ch 23 (25, 27, 29, 31).

Row 1: 1 htr in 3rd chain from hook, 1 htr in each ch across, turn. (21, 23, 25, 27, 29 sts)

Row 2: Ch 2 (does not count as st), (1 FPhtr around next st, 1 BPhtr around next st) to last st, 1 FPhtr around last st, turn. (21, 23, 25, 27, 29 sts)

Row 3: Ch 2 (does not count as st), (1 BPhtr around next st, 1 FPhtr around next st) to last st, 1 BPhtr around last st, turn. (21, 23, 25, 27, 29 sts)

Row 4: Ch 1, 2 dc in first st, 1 dc in each st to last st, 2 sc in last st, turn. (23, 25, 27, 29, 31 sts)

Row 5: Ch 1, 1 dc in first stitch, *ch 1, sk 1 st, 1 dc in next st*, repeat from * to * to end, (thus ending with dc), turn. (23, 25, 27, 29, 31 sts)

Row 6: increase row: Ch 1, (1 dc, ch 1, 1 dc) in first stitch, *ch 1, skip ch-sp, 1 dc in next st*, repeat from * to * to last ch-sp and dc, ch 1, skip ch-sp, (1dc, ch1, 1dc) in last dc, turn. (27, 29, 31, 33, 35 sts)

NOTE: includes ch-sp in stitch count

You will now be increasing every 4 (4, 4, 5, 5) rows

The following are instructions for size 2 (4, 6) only:

Row 7: Ch 1, 1 dc in first st, ch 1, skip ch-sp, *1 dc in next stitch

(into dc from previous row), ch 1, skip ch-sp*, repeat from * to * to last st, 1dc in last st, turn. (27, 29, 31, 33, 35 sts)

Rows 8-10: Repeat row 7.

Row 11: Repeat row 6. (31, 33, 35 sts)

Rows 12-13: Repeat row 7.

Row 15: Repeat row 6. (35, 37, 39 sts)

Rows 16-18: Repeat row 7.

Row 19: Repeat row 6. (39, 41, 43 sts)

From now on you will be increasing every 5 (5, 5) rows

Rows 20-23: Repeat row 7

Row 24: Repeat row 6. (43, 45, 47 sts)

The following are instructions for size (8, 10) only:

Rows 7-10: Repeat row 7.

Row 11: Repeat row 6. (37, 39 sts)

Rows 12-15: Repeat row 7.

Row 16: Repeat row 6. (41, 43 sts)

Rows 17-20: Repeat row 7.

From now on you will increase every 6 rows.

Row 21: Repeat Row 6. (45, 47 sts)

Rows 22-26: Repeat row 7. (49, 51 sts)

BOTH SIZES

Continue in pattern, increasing as per row 6, every 5 (5, 5, 6, 6) rows, keeping an eye on your length and width as indicated in the diagram. Once you reach the required width, continue in the pattern WITHOUT increasing (thus repeating row 7 only) until length is reached.

Approx final stitch count 45 (49, 57, 65, 71) sts, depending on tension/gauge.

MAKING UP

To sew together, use whip stitch with right sides facing.

Start by sewing shoulders together, then sew your sleeves to the sides where the indents are. Sew each side (leaving 'V' open at the bottom), and then sew sleeve seams.

NECKBAND

Using 4mm hook, join yarn onto neckline at shoulder seam, ch 1 dc evenly around neck opening, including 6 x dc2tog spread along the sides of the neckline as pictured (2 at either side of the neck front where the neckline slants, 1 at either side of back of neck where the neckline slants), ss to first dc, do not fasten off. (52, 56, 62, 66, 68 sts)

The neckband is now worked sideways around the neck edge, and is joined onto the main neckband with a ss after each alternate row:

Step 1: Ch 6, 1 dc in 2nd ch from hook, 1 dc in next 4 ch (5 sts).

You are now back at neckline. These 5 sts just worked create the depth/height of the neckband.

Step 2: Ss in each of next 2 sts of neckline, ch1, turn your work.

Step 3: Skip the 2 slipped sts just worked, 1 dcblo in each of the 5 sts of neckband, ch 1 turn, 1 dcblo in each of the 5 sts on neckband. Your hook is now at the neckline. Repeat Steps 2-3 all around the neckline then ss the seam together.

Final approximate row band count is 54 (58, 64, 68, 72) rows.

The boy on the left has blonde hair and is wearing a dark green knitted jumper with a horizontal band of colorful pom-poms in white, orange, and grey. The girl on the right has brown hair and is wearing a light grey knitted jumper with a similar horizontal band of colorful pom-poms in pink, green, orange, and grey. Both children are wearing blue jeans and are smiling at each other. The background shows a wooden fence and green foliage.

Crossed stitch fingerless gloves

Keep your hands fashionably warm in the cold weather

DIFFICULTY

WHAT YOU NEED

- 5.5mm hook (US J/10) for main body of glove
- 4mm hook (US H/8) for rib
- Yarn needle
- You will need to use approximately 80m of aran or chunky weight yarn in your chosen colour. Here we have used Drops Big Merino in:

Colour 1: Orange (1 ball)

MEASUREMENTS

These gloves fit an average woman's hand, but the pattern can be adjusted to fit other sizes.

TENSION

Tension is not critical but if you aim for approximately 13.5 sts per 10cm (4in) over pattern, you will achieve the measurements given.

SPECIAL STITCHES

Crossed half treble crochet:

Skip 1 st, 1 htr in next st, 1 htr back into skipped st, working in front of htr just made.

PATTERN WRISTBAND RIB

With smaller hook, ch 10.

Rnd 1 (RS): 1 dc in 2nd ch from hook, 1 dc in next 8 sts, turn. (9 sts)

Rows 2-26: Ch1 (does not count as st), 1 dc in back loop only of next 9 sts, turn. (9 sts)
Note: If you need more width for your wrist, add two more rows.

Fold your cuff in half with wrong sides together, and slip stitch ends together to form the wrist (sl st through front loop only so that your back loops form a rib effect when turned inside out).

Turn your wrist piece right side in ready to crochet your first round of the body section.

PATTERN NOTES

- It is up to you how many rows you work after the thumb hole depending on your hands or the hands you are making for. The smaller size here (with 26 sts for hand) fits a small to average women's hand size with average to long finger length.

- Stitch counts are also included for a larger size – where patterns say 26/28 sts, this is 26 sts for smaller size and 28 sts for larger size.

CLOTHES

Switch to 5.5mm hook.

Rnd 2: Ch 1, skip st at base of beg ch 1, 1 htr in next stitch,

1 htr back into the skipped st (and working in front of the last htr), *skip 1 st, 1 htr into next st, 1 htr back into the skipped st; rep from * around, until you have 13/14 crossed sts, sl st in beginning ch 1. (26/28 sts)
Rnds 3-5: Rep rnd 2. (26/28 sts)

TOP TIP

CREATE THUMBHOLE: RIGHT-HAND GLOVE

CREATE THUMBHOLE: LEFT-HAND GLOVE

Rnd 6: Ch 1, skip 1st st, 1 htr in next st, 1 htr back into the skipped st to form 1 crossed htr, ch 4 loosely, skip 5 sts, 1 htr in next st, 1 htr back into

FOR BOTH GLOVES

Rnds 8-9: Rep rnd 2. (26/28 sts)

Rnd 10 (optional): Rep Rnd 2 but working crossed double crochets instead of htr, to add a fraction more length to your gloves if needed. (26/28 sts) Fasten off and weave in ends.

Find-your-rhythm beanie

With just one ball of chunky yarn, you can make a warm and cosy hat that is perfect for a last-minute handmade gift

DIFFICULTY

WHAT YOU NEED

- 6mm hook (US J/10)
- Stitch marker
- Pompom maker (optional as you can also use your hands to make a pompom)
- Yarn needle
- You will need to use **chunky weight yarn** in your chosen colour. Here we have used West Yorkshire Spinners Re:treat in:

 **Colour 1:** Bliss (0692)
(1 ball)

 **Colour 2:** Unwind (094)
(1 ball)

MEASUREMENTS

51cm (20in) circumference, but will stretch to fit up to a medium adult head size of 55cm (21¾in).

Depth is approximately 22cm (8¾in), but is adjustable and can be made longer by adding more rounds.

TENSION

12.5 sts and 10 rows measure 10 x 10cm (4 x 4in) over htr pattern, using 6mm hook.

SPECIAL STITCHES

Crab stitch: working in the opposite direction than a standard double crochet, insert hook into next stitch to the right of your hook if you are a right-handed crocheter

or to the left of your hook if you are a left-handed crocheter (you will need to point your hook downwards and into the stitch), yarn around hook and pull a loop through (2 loops on hook), yarn around hook and pull through 2 loops to complete your crab stitch.

TOP TIP
One ball of West Yorkshire Spinners Re:treat will make one hat and its matching pom pom!

PATTERN NOTES

- For rounds 18-20, you will only insert your hook into the back loop of each stitch. This leaves the front loop free, which creates a decorative line.

Note that if you would prefer a more slouchy beanie, you can add extra rounds here, by repeating the last round two or three times more (there is enough yarn for this).

After last round, sl st in next st (going under both loops).

PATTERN

Using col 1 and 6mm hook, make a magic ring.

Rnd 1 (RS): ch 1 (not counted as a st), 10 htr into the ring. (10 sts)

Continue to work in a spiral without joining each round or turning. Place a stitch marker in the first stitch of each round, moving it up as you work. This will help to mark the end of each round.

Rnd 2: 2 htr in each st to end of round. (20 sts).

Rnd 3: (1 htr in next st, 2 htr in next st) 10 times. (30 sts)

Rnd 4: (1 htr in each of next 2 sts, 2 htr in next st) 10 times. (40 sts)

Rnd 5: (1 htr in each of next 3 sts, 2 htr in next st) 10 times. (50 sts)

Rnd 6: (1 htr in each of next 4 sts, 2 htr in next st) 10 times. (60 sts)

Rnd 7: (1 htr in each of next 14 sts, 2 htr in next st) 4 times. (64 sts)

Rnds 8-17: 1 htr in each st around.

Rnds 18-20: 1 htr in back loop only of each st around.

Rnd 21: Border: ch 1 (not counted as a st), 1 crab stitch in each stitch around (see special stitches), sl st in first crab stitch to join.

Note that the crab stitch isn't essential; it simply provides a decorative edge. You could use a standard double crochet edge instead.

Fasten off and weave in ends. Add a pompom either using a medium or large pompom maker, or use your hands as follows:

TOP TIP

If you would like the brim of your beanie to feel snug, you could change down to a 5.5mm hook for the last few rounds.

Wrap chosen yarn around the palm of your hand, approximately 50-60 times. The more you wrap, the thicker your pom-pom will

be (you may need to wrap yarn more times if you use a thinner yarn from your stash). Carefully remove the wraps from your hand and tie a

length of matching yarn tightly around the centre. Snip the folded ends of yarn and shake your pom-pom before trimming into a

rounded shape. Use the tail ends of yarn to sew your pom-pom to your beanie at the centre top of hat.

PATTERN LINING

This goes inside the pyjama eater and is sewn onto the mouth. If you are a skilled seamstress you can make the lining from fabric instead.

The lining is crocheted in a round, so at the end of each round join to 1st st of the round (top of ch 3) with ss. The starting ch-3 of each round counts as 1 tr, so make your next tr in next available st. If the pattern directs you to make 1st tr at the bottom of ch-3, this is to increase the st count.

Using col 3 and 5.5mm hook,

ch 15.

Rnd 1 (RS): 2 tr in 4th ch from hook (skipped 3 ch counts as 1 tr), 1 tr in next 10 sts, 6 tr in last st, rotate your work and continue making the following sts along the bottom loops of the chain: 1 tr in next 10 sts, 3 tr in last st. (32 sts)

Rnd 2: Ch 3, 1 tr in bottom of ch-3 (in the place you joined), 2 tr in next 2 sts, 1 tr in next 10 sts, 2 tr in next 6 sts, 1 tr in next 10 sts, 2 tr in next 3 sts. (44 sts)

Rnd 3: Ch 3, 1 tr in next 43 sts. (44 sts)

Rnd 4: Ch 3, 1 tr in bottom of ch-3 (in the place you joined), 1 tr in next 20 sts, 2 tr in next 2 sts, 1 tr in next 20 sts, 2 tr in

next st. (48 sts)

Rnd 5: Ch 3, 1 tr in next 47 sts. (48 sts)

Rnd 6: Ch 3, tr2tog, 1 tr in next 18 sts, tr2tog, 1 tr in next 2 sts, tr2tog, 1 tr in next 18 sts, tr2tog, 1 tr in next st. (44 sts)

Rnd 7: Ch 3, 1 tr in next 43 sts. (44 sts)

Rnd 8: Ch 3, tr2tog, 1 tr in next 16 sts, tr2tog, 1 tr in next 2 sts, tr2tog, 1 tr in next 16 sts, tr2tog, 1 tr in next st. (40 sts)

Rnd 9: Ch 3, 1 tr in next 39 sts. (40 sts)

Rnd 10: Ch 3, tr2tog, 1 tr in next 14 sts, tr2tog, 1 tr in next 2 sts, tr2tog, 1 tr in next

TOP TIP

Use Intarsia crochet charts to incorporate motifs on the top; use a cross stitch technique to embroider them on; or sew on ready-made motifs.

14 sts, tr2tog, 1 tr in next st. (36 sts)

Rnd 11: Ch 3, 1 tr in next 35 sts. (36 sts)

Rnd 12: Ch 3, 1 tr in next 17 sts, 1 dc in next 18 sts. (36 sts)

FINISHING

Fasten off leaving around 76cm (30in) tail for sewing the lining to the mouth, once row 12 of the front part is completed. Weave in the starting tail securely. Lining size is 20cm (8in) wide (in the widest point) x 18cm (7in) high.

EYES (MAKE 2)

Eyes are crocheted in a round.

Using col 4 and 4mm hook,

make a magic ring or ch 2 and work into 2nd ch.

Rnd 1 (RS): Work 6 dc into the ring. (6 sts)

Join to 1st st and fasten off leaving about 20cm (8in) tail for sewing on the eyes. Tighten the magic ring and weave in the starting tail end securely. Finished eye's diameter should be around 1.7cm (3/4in).

ELEPHANT'S BODY - FRONT PART

The body is made out of 2 pieces (front and back) and joined together with ss. Both parts are made in rows. Turn at the end of each row. Ch 1 at the start of the row is a turning

chain and it doesn't count as a stitch, so always make the first stitch of the row in the first available stitch.

Using col 1 and 8mm hook, ch 8.

Row 1 (RS): 2 dc in 2nd ch from hook, 1 dc in next 5 sts, 2 dc in next st. (9 sts)

Row 2: Ch 1, 2 dc in next st, 1 dc in next 7 sts, 2 dc in next st. (11 sts)

Row 3: Ch 1, 2 dc in next st, 1 dc in next 9 sts, 2 dc in next st. (13 sts)

Row 4: Ch 1, 2 dc in next st, 1 dc in next 11 sts, 2 dc in next st. (15 sts)

Row 5: Ch 1, 1 dc in next 15 sts. Turn your work over and

mark sts number 6 and 10 with a stitch maker or piece of contrasting colour yarn. This is where you will sew on the eyes later. (15 sts)

Rows 6-7: Ch 1, 1 dc in next 15 sts. (15 sts)

Row 8: Ch 1, dc2tog, 1 dc in next 11 sts, dc2tog. (13 sts)

Row 9: Ch 1, 1 dc in 1st st, ss in next st, ch 9, sk 9 sts on the head and ss in

12th st, 1 dc in last st. (13 sts)

Row 10: Ch 1, 1 dc in 1st st, sk next st, 1 dc in back loops of next 2 sts, ss in back loops of next 5 sts, 1 dc in back loops of next 2 sts, sk next st, 1 dc in last st but when doing last yoh, pull up col 2 to start the next round with. (11 sts)

Row 11: Ch 1, 2 dc in 1st st and when working last yoh of 2nd st pull up col 1, 1 dc in next 9 sts and when doing last yoh of 9th st pull up col 2, 2 dc in next st. (13 sts)

Note: You can crochet over the yarn ends and the working yarn of the colour you are not currently using (but will need to pick up again in the same row). Alternatively, you can just leave the loose yarn from colour changes hanging on the WS, as they won't be visible.

Row 12: Ch 1, 2 dc in 1st st, 1 dc in next 11 sts, 2 dc in next st. (15 sts)

Place the eyes on the centre of marked sts 6 & 10 of round 5. Thread the yarn tail on to blunt ended yarn needle and sew on the eyes using whip stitch, inserting the needle through top of the sts on the eyes and catching the surface of the sts on the head (close to the edge of the eyes). Use remaining yarn to embroider the eyebrows over 2 dc sts (slightly on an angle), one row above the eye.

Take your hook off the loop and enlarge it (so it doesn't unravel) before sewing the lining to the mouth opening (gap between rows 9 & 10). Thread the yarn tail from the lining onto a yarn needle and sew the lining to the WS using whip stitch. There are a total of 18 sts around the mouth and twice as many (36 sts) on the lining, so attach every 2 sts of the lining to each 1 st of the mouth. Proceed sewing all 18 tr sts to the 9 sts of the top lip, then sew on remaining 18 dc sts to the 9 sts of the bottom lip. Note: Insert the needle under both loops on the lining and only under the front loop on the mouth. Fasten off and weave in remaining end in the lining. Insert your hook back in the working loop of the front part and tighten in. Proceed to make the rest of the front. (See Fig 1.)

Rows 13-15: Ch 1, 1 dc in next 15 sts. (15 sts)

Row 16: Ch 1, 2 dc in 1st st, 1 dc in next 13 sts, 2 dc in next st. (17 sts)

Rows 17-18: Ch 1, 1 dc in next 17 sts. (17 sts)

Row 19: Ch 1, 2 dc in 1st st, 1 dc in next 15 sts, 2 dc in next st. (19 sts)

Rows 20-21: Ch 1, 1 dc in next 19 sts. (19 sts)

Row 22: Ch 1, dc2tog, 1 dc in next 15 sts, dc2tog. (17 sts)

Rows 23-24: Ch 1, 1 dc in next

17 sts. (17 sts)

Row 25: Ch 1, dc2tog, 1 dc in next 13 sts, dc2tog. (15 sts)

Row 26: Ch 1, 1 dc in next 15 sts. (15 sts)

Row 27: Ch 1, (dc2tog) twice, 1 dc in next 7 sts, (dc2tog) twice. (11 sts)

Row 28: Ch 1, (dc2tog) twice, 1 dc in next 3 sts, (dc2tog) twice. (7 sts)

FINISHING CROCHETING A BORDER

Do NOT cut off the yarn but continue making dc sts around the entire front part of the body (with RS facing). Make 1 dc in each side of the row until you get to the head part made in col 1. You should end up with 17 dc. When doing last yoh of the 17th st, pull up col 1 through last 2 loops on hook. Continue working dc around the head; you should have 27 sts in col 1. When doing last yoh of the 27th st, pull up col 2 through last 2 loops on the hook. Continue working dc in col 2 until you get to the point where you started. You will end up with further 17 sts on the side of the rows and 7 sts at the bottom (on top of row 27). To summarise you will have 68 dc around the entire front part of the body (17 in col 2 + 27 in col 1 + 24 in col 2). Fasten off and weave in the ends inside the sts of the same colour on the WS.

ELEPHANT'S BODY - BACK PART

Using col 1, ch 8.

Row 1: 2 dc in 2nd ch from hook, 1 dc in next 5 sts, 2 dc in last st. (9 sts)

Row 2: Ch 1, 2 dc in 1st st, 1 dc in next 7 sts, 2 dc in next st. (11 sts)

Row 3: Ch 1, 2 dc in 1st st, 1 dc in next 9 sts, 2 dc in next st. (13 sts)

Row 4: Ch 1, 2 dc in 1st st, 1

dc in next 11 sts, 2 dc in next st. (15 sts)

Rows 5-7: Ch 1, 1 dc in next 15 sts. (15 sts)

Row 8: Ch 1, dc2tog, 1 dc in next 11 sts, dc2tog. (13 sts)

Row 9: Ch 1, dc in next 13 sts. (13 sts)

Row 10: Ch 1, dc2tog, 1 dc in next 9 sts, dc2tog (when working last yoh of the decrease, pull up col 2). (11 sts)

Row 11: Ch 1, 2 dc in 1st st, 1 dc in next 9 sts, 2 dc in next st. (13 sts)

Row 12: Ch 1, 2 dc in 1st st, 1 dc in next 11 sts, 2 dc in next st. (15 sts)

Rows 13-28: Repeat rows 13-28 of front part. (7 sts)

FINISHING

Do not fasten off but crochet a border in the same way as on the front part. Do NOT cut the yarn after you finish the border, so you can continue joining front and back together in the next step. Before you start joining the 2 parts together, weave in all the yarn ends from chaining the colours on the WS (WS of the back should be the same as the WS of the front part).

JOINING FRONT PART TO BACK

Continue where you left off and start joining the back part to the front part of the body by working ss through both parts at the same time, sewing them at the same time. Make sure the WS of each part is facing each other. You could choose to insert your hook underneath both loops on each part (total 4 loops on top of the hook) or just through 2 closest loops (back loop of back part and front loop of front part). The second option will result in a flatter seam. Alternatively, you can sew parts with needle and whip stitch, which will give the

Fig 1

flattest seam.

When you get to the head part made in col 1, switch the colour by pulling col 1 when making a previous ss. Then switch back to col 2 when you get to the end of the head in the same way. About 10 sts before you completely close the body, stuff the head of the pyjama eater with fibrefill. Join the remaining sts and on the end, ss to the first st and fasten off. Weave in all the ends.

EARS

Start by leaving around 30cm (12in) tail before the slip knot for sewing the ears to the body. Ears are worked in rows.

RIGHT EAR:

Using col 1 and 8mm hook, ch 7.

Row 1 (RS): 1 dc in 2nd ch from hook, 1 dc in next 4 sts, 2 dc in next st. (7 sts)

Row 2: Ch 2 (does not count as st), 1 htr in next 3 sts, 1 dc in next 4 sts. (7 sts)

Row 3: Ch 1, 2 dc in 1st st, 1 dc in next 3 sts, 1 htr in next 2 sts, 1 tr in next st. (8 sts)

Row 4: Ch 2 (does not count as st), 1 htr in next 3 sts, 1 dc in next 4 sts, 2 dc in next st. (9 sts)

Row 5: Ch 1, 1 dc in next 3 sts, 1 ss in next 3 sts, 1 dc in next 2 sts, 1 ss in next st. (9 sts)

Fasten off and weave in the end tail inside the ear. Leave the starting tail for sewing.

LEFT EAR:

Using col 1 and 8mm hook, ch 7.

Row 1 (RS): 2 dc in 2nd ch from hook, 1 dc in next 5 sts. (7 sts)

Row 2: Ch 1, 1 dc in next 4 sts, 1 htr in next 3 sts. (7 sts)

Row 3: Ch 2 (does not count as st), 1 tr in first st, 1 htr in next 2 sts, 1 dc in next 3 sts, 2 dc in next st. (8 sts)

Row 4: Ch 1, 2 dc in 1st st, 1 dc in next 4 sts, 1 htr in next 3 sts. (9 sts)

Row 5: 1 ss in 1st st, 1 dc in next 2 sts, 1 ss in next 3 sts, 1 dc in next 3 sts. (9 sts)

Fasten off and weave in the end tail inside the ear. Leave the starting tail for sewing. Each ear should measure around 9cm (3½in) wide x 10cm (4in) high at the widest points.

ATTACHING EARS TO THE HEAD

Thread the starting tail of the left ear on to a yarn needle. Start counting from the point where the colourful top finishes and the head starts on the left-hand side (facing front of the toy). Skip 1st 2 sts on the head and start sewing on the left ear by making whip stitches through the starting chain of the ear and 6 following ss of the seam on the head. Skip next 10 ss on the head and sew on the right ear using starting

tail to the following 6 sts. Fasten off and weave in the ends securely inside the ears.

TRUNK

The trunk is crocheted in a spiral round.

Using col 1 and 8mm hook, make a magic ring or ch 2 and work into 1st ch.

Row 1 (RS): Work 6 dc in the ring or into 2nd ch from hook. (6 sts)

Row 2: 1 dc in back loop of next 6 sts. (6 sts)

Row 3: 1 dc in next 6 sts. Flip to WS, tighten the magic ring and weave in the starting tail, flip back to RS. (6 sts)

Row 4: 1 dc in next 2 sts, 2 dc in next 2 sts, 1 dc in next 2 sts. (8 sts)

Row 5: Dc2tog, 2 dc in next 4 sts, dc2tog. (10 sts)

Row 6: Dc2tog, 1 dc in next st, 2 dc in next 4 sts, 1 dc in next st, dc2tog. (12 sts)

Row 7: Dc2tog, 1 dc in next 10 sts. Do NOT cut off the yarn. (11 sts)

Do NOT fasten off yet. Attach the next 3 sts of the trunk to the middle 3 sts on the top lip of the elephant's mouth with ss (detailed instruction below). Trunk is around 8cm (3in) long.

ATTACHING TRUNK TO THE HEAD

Insert crochet hook in the FLO of next st on the trunk. Skip 1st 3 sts on the top opening of the mouth (facing the legs of the elephant) and insert your hook in the FLO of the 4th st, yoh and pull through both sts finishing the first joining ss. Make another 2 joining ss through following 2 sts on the trunk and the top lip. Once you joined all 3 sts together, cut the yarn leaving around 38cm (15in) tail and pull your hook all the way up unravelling

the working loop. Thread the yarn end on to the needle and proceed with sewing the rest of the trunk to the head (just underneath the eyes) by making overcast sts through front loops of the trunk and catching the surface of the sts on the head. Around half way through, stuff the trunk with around 2-3 grams (0.07-0.1 oz) of toy stuffing. Once you get to the starting point, weave in the remaining end inside the trunk. (See Fig 2.)

LEGS (MAKE 4)

The legs are crocheted in a spiral round.

Using col 1 and 8mm hook, make a magic ring or ch 2 and work in 1st ch.

Rnd 1 (RS): Work 6 dc into the ring or into 2nd ch from hook. (6 sts)

Rnd 2: 2 dc in next 6 sts. Flip to WS, tighten the magic ring and weave in the starting tail, flip back to RS. (12 sts)

Rnd 3: (Dc2tog, 1 dc in next 2 sts) 3 times. (9 sts)

Rnd 4: (Dc2tog, 1 dc in next st) 3 times. (6 sts)

Rnd 5: 1 dc in each st. (6 sts)

Fasten off leaving around 30cm (12in) tail. Stuff each leg with around 1g (0.04oz) of the toy stuffing. Thread the yarn tail on yarn needle and close the opening of the leg flat, by making 3 overcast sts. Keep the remaining end for sewing the legs to the body. Each leg should be around 6cm (2½in) long. (See Fig 3.)

ATTACHING LEGS TO THE BODY

Thread the yarn tail on yarn needle and sew on each leg to the joining seam of the body by using whip stitch. Start counting from the point where the head finishes and the colourful top starts. Skip 1st 2 sts and sew on

the first leg to next 3 sts, skip next 9 sts and sew on the 2nd leg to next 3 sts, skip next 7 sts and sew on the 3rd leg to next 3 sts, skip another 9 sts and sew on the 4th leg to next 3 sts. Weave in the remaining ends in the legs.

HAIR

Cut 4 to 5 pieces of col 4, around 5cm (2in) long. Thread each piece of yarn through a needle then through the seam on the top of the head in various places, close to each other. Tie two ends of each piece of yarn into two knots to secure them. (See Fig 4.)
