About the Projects

A crocheted hat can be a hip beanie that a teen wears everywhere, or a pastel baby hat with a curlicue on top. It can be a big-brimmed hat for summer or a furry hood for the coldest day of winter. It can be super-bulky or lacey mesh, pretty or sophisticated. You will find all these kinds of hooked hats and many more in *Hooked Hats*.

I have designed twenty hats that are all fun, fast, and in fashion. All are easy, even if you are a beginner. Several hats are made using only single crochet. A multi-textured, multi-colored yarn can turn the most basic, single-crochet hat into a work of art! Other hats feature textural stitches that are easy to learn.

Some hats are worked in the round, beginning at the crown and working down to the brim. Other hats are crocheted in rows and sewn together in the back. If you need to learn or review a stitch, just go to the basics section at the back, which has detailed, photographed instructions.

For each hat, I chose a yarn to complement the stitch and the style of the hat. Smooth cotton yarns are great for warm-

weather hats and caps. They show off the texture of the crochet stitches and are good for decorative stitches like shells or popcorn, and they make even single crochet look fascinating. Hats made with cotton yarns also wear and wash well. For the Silky Cloche, I used a beautiful smooth silk yarn that shimmers in the light. Highly textured novelty yarns give a hat special character, but the stitches don't show, so I use simple stitches and let the yarn take center stage. For the Hot Textures Hat, a lovely ribbon yarn is combined with a highly textured acrylic yarn in a single crochet ribbing pattern to make it not only fun and interesting but also warm.

The wonderful new yarns offer many choices. You can make a hat lightweight and airy or warm and wooly, thick or thin, in natural colors or all the colors of the rainbow.

Give your hats personality by adding a flower or two or a special hatband. Tassels on earflaps, corkscrews on crowns, pom-poms on ties—mix and match elements.

The materials lists will tell you the weight and type of each yarn, as well as the brands and colors I used. You can

substitute different yarns of the same weight and certainly choose your own colors.

While most crocheted hats have some "give" and will fit several sizes, it is still necessary to measure your head and check your gauge to ensure a good fit. For an accurate head measurement, place a tape measure across the forehead and, holding the tape snugly, measure around the full circumference of the head. Crochet a sample with your yarn and the hook size suggested to make sure your

gauge matches the gauge listed. If you do not get the proper gauge, try a larger or smaller hook. You can also change the hook size to make a particular hat a little smaller or larger.

If you are new to crochet, I hope this book will help you learn the stitches and inspire you to hook one hat after another. If you are already hooked on crochet, I hope that you will enjoy my ideas and patterns. Enjoy watching each hat take shape and become a thing of beauty that you will be proud to wear or give.

Margaret Hubert is also the author of Hooked Bags, Hooked Throws, Hooked Scarves, How to Free-Form Crochet, and six other books. She designs crochet projects for yarn companies and magazines and teaches at yarn shops, retreats, and national gatherings.

Silky Cloche

This is a classic cloche to wear spring through fall.

You can wear the brim down or flipped up on the

front, side, or all around. Add flair with a bright

flower or a hatband if you like (see Hat

Embellishments on page 26).

Hot Textures Hat

Chunky, stylish hats are easy to make with today's textural yarns. This hat has twice the texture, since it's made with a smooth ribbon yarn and a nubby acrylic yarn hooked together. For even more surface interest, the pattern creates a ribbed effect by working single crochet stitches through the back loop on every row.

The Newsboy

Extra, extra, read all about it! This is an urban look with lots of attitude. The Newsboy has a great ribbed texture. The reverse side of the stitches is actually on the outside (thanks to Johnny, who told me it looked cooler that way). The ribs are formed by front post double crochet stitches, and the double crochet stitches between the ribs are worked in the spaces rather than the stitches. The bill is worked with two strands of yarn for extra stiffness.

Row 1: Working tbl, sk first st, work 1 sc in each st across.

Rep row 1 for 84 rows, do not fasten off.

Still using A, pick up 72 sc, evenly spaced, along row ends (long side of band). This will be RS of your work. Ch 1, turn.

Change to 6/G hook and work patt as foll:

Foundation row: Sk first st, work 1 sc in next st, * 1 sc, 1 dc in next st, sk 1, rep from * across, ending 1 sc in tch, ch 2, turn.

Row 1: * Work [1 sc, 1 dc] in next st, rep from * 33 times, end 1 dc in tch (34 CL), ch 1, turn.

Row 2: Work 1 dc in same st as tch, * [1 sc, 1 dc] in next st, rep from * 34 times, end 1 sc in tch (35 CL), do not fasten off A, join B.

Rep rows 1 and 2, alternating A and B every two rows for 12 more rows, ch 1, turn. Fasten off B and complete top shaping with A as foll:

Row 1: * Sc in each of next 8 sts, sc2tog, rep from * across, end 1 sc (65 sts), ch 1, turn.

Row 2: Sk first st, sc in each of next 2 sts, sc2tog, * sc in each of next 5 sts, sc2tog, rep from * across, end 5 sc (56 sts), ch 1, turn.

Row 3: Sk first st, sc2tog, * sc in each of next 3 sts, sc2tog, rep from * across (45 sts), ch 1, turn.

Row 4: Sk first st, sc2tog, * sc in each of next 3 sts, sc2tog, rep from * across (36 sts), ch 1, turn.

Row 7: Sk first st, sc2tog across (12 sts), ch 1, turn.

Row 8: Sc2tog across row, fasten off, leaving long end for sewing.

Single crochet stitches worked through the back loop create a "ribbed" bottom band.

Crochet Stitches

SLIP KNOT AND CHAIN

All crochet begins with a chain, into which is worked the foundation row for your piece. To make a chain, start with a slip knot. To make a slip knot, make a loop several inches from the end of the yarn, insert the hook through the loop, and catch the tail with the end **(1)**. Draw the yarn through the loop on the hook **(2)**. After the slip knot, start your chain. Wrap the yarn over the hook (yarn over) and catch it with the hook. Draw the yarn through the loop on the hook. You have now made 1 chain.

Repeat the process to make a row of chains. When counting chains, do not count the slip knot at the beginning or the loop that is on the hook **(3)**.

SLIP STITCH

The slip stitch is a very short stitch, which is mainly used to join two pieces of crochet together when working in rounds. To make a slip stitch, insert the hook into the specified stitch, wrap the yarn over the hook **(1)**, and then draw the yarn through the stitch and the loop already on the hook **(2)**.

SINGLE CROCHET

Insert the hook into the specified stitch, wrap the yarn over the hook, and draw the yarn through the stitch so there are 2 loops on the hook **(1)**. Wrap the yarn over the hook again and draw the yarn through both loops **(2)**. When working in single crochet, always insert the hook through both top loops of the next stitch, unless the directions specify front loop or back loop only.

SINGLE CROCHET TWO STITCHES TOGETHER

This decreases the number of stitches in a row or round by 1. Insert the hook into the specified stitch, wrap the yarn over the hook, and draw the yarn through the stitch so there are 2 loops on the hook **(1)**. Insert the hook through the next stitch, wrap the yarn over the hook, and draw the yarn through the stitch so there are 3 loops on the hook **(2)**. Wrap the yarn over the hook again and draw the yarn through all the loops at once.

SINGLE CROCHET THROUGH THE BACK LOOP

This creates a distinct ridge on the side facing you. Insert the hook through the back loop only of each stitch, rather than under both loops of the stitch. Complete the single crochet as usual.

REVERSE SINGLE CROCHET

This stitch is usually used to create a border. At the end of a row, chain 1 but do not turn. Working backward, insert the hook into the previous stitch **(1)**, wrap the yarn over the hook, and draw the yarn through the stitch so there are 2 loops on the hook. Wrap the yarn over the hook again and draw the yarn through both loops. Continue working in the reverse direction **(2)**.

HALF DOUBLE CROCHET

Wrap the yarn over the hook, insert the hook into the specified stitch, and wrap the yarn over the hook again **(1)**. Draw the yarn through the stitch so there are 3 loops on the hook. Wrap the yarn over the hook and draw it through all 3 loops at once **(2)**.

DOUBLE CROCHET

Wrap the yarn over the hook, insert the hook into the specified stitch, and wrap the yarn over the hook again. Draw the yarn through the stitch so there are 3 loops on the hook **(1)**. Wrap the yarn over the hook again and draw it through 2 of the loops so there are now 2 loops on the hook **(2)**. Wrap the yarn over the hook again and draw it through the last 2 loops **(3)**.

DOUBLE CROCHET TWO STITCHES TOGETHER

This decreases the number of stitches in a row or round by 1. Wrap the yarn over the hook, insert the hook into the specified stitch, and wrap the yarn over the hook again. Draw the yarn through the stitch so there are 3 loops on the hook. Wrap the yarn over the hook again and draw in through 2 of the loops so there are now 2 loops on the hook. Wrap the yarn over the hook and pick up a loop in the next stitch, so there are now 4 loops on the hook. Wrap the yarn over the hook and draw through 2 loops, yarn over and draw through 3 loops to complete the stitch.

DOUBLE CROCHET THROUGH THE BACK LOOP

This creates a distinct ridge on the side facing you. Wrap the yarn over the hook and insert the hook through the back loop only of each stitch, rather than under both loops of the stitch. Complete the double crochet as usual.

TRIPLE CROCHET

Wrap the yarn over the hook twice, insert the hook into the specified stitch, and wrap the yarn over the hook again. Draw the yarn through the stitch so there are 4 loops on the hook. Wrap the yarn over the hook again **(1)** and draw it through 2 of the loops so there are now 3 loops on the hook **(2)**. Wrap the yarn over the hook again and draw it through 2 of the loops so there are now 2 loops on the hook **(3)**. Wrap the yarn over the hook again and draw it through the last 2 loops **(4)**.

POPCORN STITCH 1

(Worked from the wrong side): Wrap the yarn over the hook, pick up a loop in the next stitch, yarn over and through 2 loops **(1)**. [Wrap the yarn over the hook, pick up a loop in the same stitch, yarn over and through 2 loops] 2 times. Wrap the yarn over the hook and draw it through all 4 loops on the hook **(2)**.

FRONT POST DOUBLE CROCHET

This stitch follows a row of double crochet.

Chain 3 to turn. Wrap the yarn over the hook. Working from the front, insert the hook from right to left (left to right for left-handed crocheters) under the post of the first double crochet from the previous row, and pick up a loop (shown). Wrap the yarn over the hook and complete the stitch as a double crochet.

Left-handed.

Right-handed.

FRONT POST TRIPLE CROCHET

Wrap the yarn over the hook twice. Working from the front, insert the hook from right to left (left to right for left-handed crocheters) under the post of the indicated stitch in the row below, and pick up a loop (shown). Wrap the yarn over the hook and complete the triple crochet stitch as usual.

Left-handed.

Right-handed.
