8. Ch 1, turn, 14sc.
9. Ch 1, turn, 14sc. Bind off. Make 4 of these strips.
10. Now comes the fun part. It is a little tedious, but well worth the effort. Tip: I ironed my lattice pieces before sewing them together, makes them lay flatter and are easier to work with.

Note: To make it easier to sew the lattice stripes together leave a 6" tail of yarn when binding off each piece.

Lay out your strips so that the long ones are in the middle, the 2 medium length ones are on either side, then the 2 small ones on either side of that. Now weave in the remaining strips (under one, over the next) starting with the long ones in the middle and the medium length ones next, then the small ones. Now that you have all the strips in place you need to sew them all together, thus the tedious part.

You only need to sew the outside edge, using the tails of yarn where possible (photo left). Then sew the 4 corners together, this will make the pie crust rounded to fit over the berry filling (photo right).
