Thanks Any questions about the pattern please email me at... cmsally@primus.ca

Materials Needed

I used worsted weight yarn in a terra cotta colour and dark brown for the dirt. I used "Bernat Satin light pink for the tulips, and a worsted weight green for the stems.

Size 4 mm crochet hook

Stitch marker I use a scrap of contrasting yarn

Yarn needle (large eyed)

Fiberfill

3 straws (they should be fairly thick and sturdy)

Notes

Finished flower pot measures approx. 5" x 5". The dirt measures 4" x 4", and each tulip measures 9".

A portion of this pattern is crochet in continuous spirals where the rounds are not joined. It will be stated if rounds are to be joined. When working in continuous rounds, place stitch marker at the beginning of each round.

Start by making 3 stem holders. They look like crochet test tubes and will hold up the tulips.

Stem holders use brown yarn

1. Ch 2, work 5sc in second ch from hook.
2. Work 2sc in each stitch =10sc.
3. Work 150sc in continuous rounds, bind off. See photo (left) below.

Now make the top piece of dirt that will connect the stem holders together.

1. Ch 2, work 6sc in second ch from hook.
2. Work 2sc in each stitch =12sc.

3. Work (1sc, 2sc in next stitch) x6 =18sc. Bind off.

Now you will connect the 3 stem holders to the top piece of dirt. See photo (right) on previous page.

1. Sc next 3 stitches of both the top piece of dirt and one stitch holder together.

2. Work 3sc into the top piece only.

3. Sc next 3 stitches of both the top piece of dirt and the next stitch holder together.

4. Work 3sc into the top piece only.

5. Sc next 3 stitches of both the top piece of dirt and the next stitch holder together.

6. Work 3sc into the top piece only. See photo (left) below.

7. (Work 2sc into each of the next 7 stitches of stem holder, 3sc into top piece) repeat for 2 remaining stem holders. See photo (right) above.

8- 10. Sc around =48sc. See photo (left) below.

11. Bind off leaving a 24" tail of yarn. Stuff firmly. Stuffing is a little tricky because of all the nooks and crannies. Stuff in and around the stem holders. See photo (right) above.

12. Attach needle to tail of yarn and sew the 2 dirt pieces together, catching only one loop from each piece. See photo next page.

Note: The top piece of dirt that the stem holders are attached to will not be round, but it does fit nicely to the edges of the dirt pot.

Dirt Assembly
