NOTES

Instructions are given for 16 in or 40 cm, larger sizes are given in square brackets. Where only one figure is given this applies to all sizes. The yarn amounts stated are based on average requirements and are therefore approximate.

ABBREVIATIONS

K = knit; P = purl; st(s) = stitch(es); in = inches; cm = centimetres; mm = millimetres; rep = repeat; patt = pattern; beg = begin(ning); dec = decrease(ing); inc = increase(ing); cont = continue; foll = follow(ing); alt = alternate; rem = remain(ing); tog = together; Sl = slip one stitch; pssso = pass slipped stitch over; yfwd = yarn forward; yrn = yarn round needle; o = no sts or rows worked for this size; tbl = through back of loops; stst = stocking stitch (one row knit, one row purl).

TENSION

14sts and 18 rows to 2in or 5cm measured over stst on size 3¼mm needles or the size of needles to give correct tension.

DID YOU REALISE THAT...

If you have more sts and rows to 2in or 5cm your knitting is too tight, try again on a size thicker needle or your garment will be too small. If you have less sts and rows to 2in or 5cm your knitting is too loose, try again on a size thinner needle or your garment will be too big. Unless you knit to the tension stated your garment will not knit up to the correct size so you must measure your tension.
