FASHIONS TO KNIT & CROCHET

Designed To Fit A 14" Little DOLL BABY *by Martha Nelson Thomas*

Instructions to Make Over 25 Different Clothing Pieces

Little DOLL BABY™

by Martha Nelson Thomas

When Martha Nelson Thomas designed Little DOLL BABY, she had tradition in mind. Smaller than the Original DOLL BABY™, Little DOLL BABY is like the dolls you had fun dressing up when you were young. Little DOLL BABY fits easily in smaller hands — the perfect size for dressing in a variety of outfits. And with these knit and crochet occupational clothes, Little DOLL BABY can have many different personalities or become part of a unique collection children will always cherish. Martha also designed Little DOLL BABY to meet the needs of a child's ever-changing imagination. Dressing Little DOLL BABY as a cowboy, nurse or ballerina, children can create endless scenes of make-believe or simply dream of what they'll be when they grow up....

Special Note: The clothing in this book is specifically designed to fit a 14" Little DOLL BABY made only with the Little DOLL BABY body, available pre-sewn or using pattern book FCM 113.

Some shoes featured on dolls are sold separately. Look for them at a craft retailer near you.

Symbols

* An asterisk is used to mark the beginning of a portion of instructions which will be worked more than once; thus, "rep from * twice" means after working the instructions once, repeat the instructions following the asterisk twice more (3 times in all).

() Parentheses are used to enclose instructions which should be worked the exact number of times specified immediately following the parentheses, such as (k1, p1) twice. They are also used to set off and clarify a group of stitches that are to be worked all into the same space or stitch, such as (dc, ch 3, dc) in next st, and to provide additional information to clarify instructions.

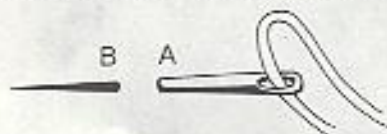

Gauge Note

In order for these garments to fit correctly, it is essential that you work to the exact gauge specified for each pattern. Before starting a pattern, work a gauge swatch with the hook or needle size specified; if you have more stitches per inch than specified, change to a larger hook or needle and try again; if you have less than specified, change to a smaller hook or needle.

Stitches

Turkey Stitch

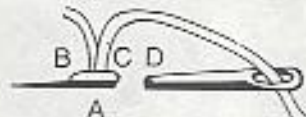

1. Stitch down at A and up at B (a short distance to the left), leaving yarn end (¼" long) on top of work.

2. With yarn below working line, stitch down at C and up at A (same hole) but at left of yarn end. Pull snug.

3. With yarn above working line, stitch down at D and up at C (same hole) but at left of yarn already there, leaving ¼" loop on top of work instead of pulling yarn through tightly.

4. With yarn below working line, stitch down at E and up at D, then pull snug.

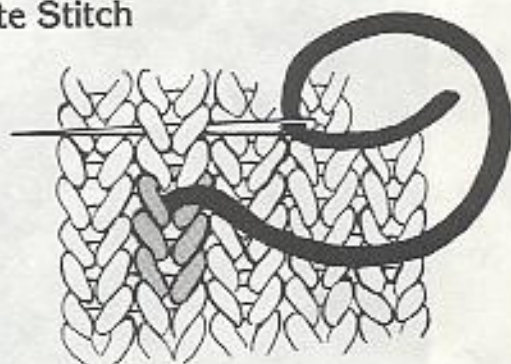

5. With yarn above working line, stitch down at next point and up back at previous point, leaving loop on top of work.

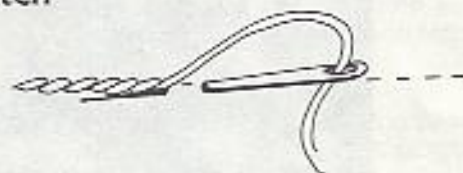

Continue in this manner, working small stitches evenly spaced, cutting and starting yarn anew as necessary.
