Introduction

Pick up your needles and knit some warmth for those you love!

This collection of **Hats, Mittens and Scarves** includes super styles for all! Edie Eckman has a definite talent for designing easy-to-wear knit accessories that are really fun to make. Create a whole wardrobe for yourself and gift sets for others. You'll come back to this collection time and time again, year after year—and you'll always find a design that will be perfect in a new yarn color to go with each new winter coat and jacket.

Many of the nine sets are sized for adults as well as children, so don't presume that if we've photographed them on children that they can't be made for a teen or adult.

General Directions

A Word about Our Sizes

Many of the patterns in this book include sizes for both children and adults. The child sizes are given in small, medium and large, with small being 2-4 years, medium 6-8 years and large 10-12 years.

A Word about the Yarns

These wonderful sets have been created using the following yarns: Coats & Clark Red Heart® Super Saver® and Classic® and Lion Brand® Yarns Wool-Ease®. Any yarns that achieve the specified gauges may be substituted.

An Important Word about Gauge

A correct stitch gauge is very important. Please take the time to work a stitch gauge swatch about 4" x 4". Measure the swatch. If the number of stitches and rows are fewer than indicated under "Gauge" in the pattern, your needles are too large. Try another swatch with smaller size needles. If the number of stitches and rows are more than indicated under "Gauge" in the pattern, your needles are too small. Try another swatch with larger size needles.

About Zeros

In patterns which include various sizes, zeros are sometimes necessary. For example, K0 (0, 1) means if you are making size Small or size Medium, you would do nothing and if you are making a size Large, you would K1.

Pompon Instructions

Cut two 1½"-diameter cardboard circles. Cut a hole in the center of each circle, about ½" in diameter. Thread a tapestry needle with 72" length of yarn, doubled. Then holding both circles together, insert needle through center hole, over outside edge, through center again (**Fig 1**) until entire circle is covered and center hole is filled (thread more lengths of yarn as needed).

The pompons photographed in this book used 5 to 8 yds of yarn each.

With sharp scissors, cut yarn between the two circles all around the circumference (**Fig 2**).

Using two 12" strands of yarn, slip yarn between circles and overlap yarn ends 2 or 3 times (**Fig 3**)—prevents tying knot from slipping, pull tightly and tie into a firm knot. Remove cardboards and fluff out pompon by rolling it between your hands. Trim evenly with scissors, leaving tying ends for attaching pompon to project.

Fig 3

Fringe Instructions

Cut a piece of cardboard half as long as specified in instructions for strands plus ½" for trimming allowance. Wind yarn loosely and evenly lengthwise around cardboard. When card is filled, cut yarn across one end. Do this several times, then begin fringing; you can wind additional strands as you need them.

Single Knot Fringe

Hold specified number of strands for one knot of fringe together, then fold in half. Hold afghan with right side facing you. Use crochet hook to draw folded end through space or stitch from right to wrong side (**Figs 4 and 5**), pull loose ends through folded section (**Fig 6**) and draw knot up firmly (**Fig 7**). Space knots as indicated in pattern instructions.

Special Technique

Weaving On Two Needles— Kitchener Stitch

Thread yarn into tapestry needle; with wrong sides together, work from right to left as follows:

Step 1:

Insert tapestry needle into first stitch on front needle as to purl (**Fig 1**). Draw yarn through stitch, leaving stitch on knitting needle.

Step 2:

Insert tapestry needle into first stitch on back needle as to purl (**Fig 2**). Draw yarn through stitch and slip stitch off knitting needle.

Step 3:

Insert tapestry needle into next stitch on same (back) needle as to knit (**Fig 3**), leaving stitch on knitting needle.

Step 4:

Insert tapestry needle into first stitch on front needle as to knit (**Fig 4**). Draw yarn through stitch and slip stitch off knitting needle.

Step 5:

Insert tapestry needle into next stitch on same (front) needle as to purl (**Fig 5**). Draw yarn through stitch, leaving stitch on knitting needle.

Repeat Steps 2 through 5 until one stitch is left on each needle. Then repeat Steps 2 through 4. Finish off.

Hint:

When weaving, do not pull yarn tightly or too loosely; woven stitches should be the same size as adjacent knitted stitches.

* An asterisk (or double asterisk **) is used to mark the beginning of a portion of instructions to be worked more than once; thus, "rep from * twice more" means after working the instructions once, repeat the instructions following the asterisk twice more (3 times in all).

— The number after a long dash at the end of a row or round indicates the number of stitches you should have when the row or round has been completed.

() Parentheses are used to enclose instructions which should be worked the exact number of times specified immediately following the parentheses, such as "(K2, P2) twice."

[] Brackets and parentheses () are also used to provide additional information to clarify instructions.
