

Knitted Lace

TEDDY BEAR

*Available in
Pink or Blue trim*

Scout 60's Bag

This pack contains 2 balls of wool, 40 mtrs E28 knitting lace, ribbon for a bow, felt for the nose & pads, buttons for eyes and an instruction sheet.

You will also require No. 10 knitting needles (3.25mm) and 600 gms of Polyfill (or similar), Not included.

The Technique of KNITTING WITH LACE

First - READ THE PATTERN.

Normally, but not always, it will tell you to cast on and knit several rows before you come to the first Lace row. There are several laces that can be used for knitting - we will use the World of Lace "E 28" as shown in the diagrams for the demonstration, but once learned, the technique can be applied to any of the other types of eyelet lace.

Picture No 1

Start the stitch as normal by pushing the needle through the wool, - then,(as shown in Picture No 1) put the needle through the eye in the lace.

Picture No 2

The Wool is now wrapped around the needle(See picture No 2)

Picture No 3

and drawn back through the eyelet. (See Picture No 3) Continue along the row in the same way

until you reach the end and cut off the lace. * note When knitting the Coathangers it is a good idea to turn back the lace for the first and last stitches of a row and knit through two holes. This gives a neater finish.

Picture No 4

In some patterns you may be asked to knit into three holes, Picture No 4 demonstrates this, the result is a pleat. Remember that each stitch in a Lace Row knits into at least one hole of lace, - more when the pattern requires it.

Knitted Lace Teddy Bear

The height of the teddy is approximately 50cm (20 inches)

SIDE OF THE HEAD:

Commencing at the neck cast on 18 stitches, and moss stitch 3 rows.

 55th row - Decrease, Moss stitch 2, (Knit two together) Twice, Moss stitch 2, Decrease.
 56th row - Moss stitch.
 57th row - Cast off.

TO MAKE UP:

Make sure to sew in the ends of the lace, sew in the centre head inset between the two head pieces from the point of the nose to the back of the neck. Join the front head pieces to within 1/2 inch (12mm) of the nose then sew the short end of the head inset into the V thus formed. Turn to the right side, and fix the eyes.

Now stuff the head firmly using the polyfill stuffing and using only small pieces at a time so as to fill all the space.

Now join up the body. Sew up the side seam and across the base, leaving the top neck edge open to take the stuffing. Turn to the right side and stuff firmly.

Stitch the head to the body securely.

Stitch the arm seams together leaving the shoulder edge open, stuff firmly. Join the leg pieces together, leaving the foot edge open and stuff firmly.

Cut two round pieces of felt to fit the foot opening leaving a generous seam allowance. Tuck into foot and blanket stitch into place. Cut nose shape out of the felt and sew together the V sections as in the pattern. Turn the right side out and sew into place on the bears face.

Join two ear pieces together for each ear, turn right side out and sew into position on the head. Using a bodkin sew the arms and legs into position as follows:

Thread the elastic through the inner side of the top of the limb, take it through the body of the bear and then through the inner side of the opposite limb, then back through the body. Draw up very tightly and tie off securely. Repeat for the other limbs.

Tie a large ribbon bow around his neck. Trim and decorate to your own desire.
