work even — work without increasing or decreasing in the established pattern.

GAUGE

Correct gauge is essential for proper fit. Needle sizes given in instructions are merely guides and should never be used without first making a sample swatch approximately 4" square in the stitch, yarn, and needles specified. Then measure it, counting your stitches and rows carefully. If you have more stitches per inch than specified, try again with larger size needles; if fewer, try again with a smaller size. Keep trying until you find the size that will give you the specified gauge. **DO NOT HESITATE TO CHANGE NEEDLE SIZE TO OBTAIN CORRECT GAUGE.** Once proper gauge is obtained, measure width of garment approximately every 3" to be sure gauge remains consistent.

YARN

Each item was made using Baby Fingering Weight Yarn. Any brand of Baby Fingering Weight Yarn that lists gauge on the label as 7 sts = 1" in Stockinette Stitch may be used. It is best to use the yardage to determine how many balls or skeins to purchase. Remember, to arrive at the finished size, it is not the brand of yarn that matters, but the **GAUGE** that is important.

ZEROS

To consolidate the length of an involved pattern, Zeros are sometimes used so that all sizes can be combined. For example, P 0{1-0} means size Small would do nothing, size Medium would P1, and size Large would do nothing.

INCREASES

Increases are made by working into the front **and** into the back of the same stitch.

YARN OVERS

After a knit stitch, before a knit stitch

Bring the yarn forward **between** the needles, then back **over** the top of the right hand needle, so that it is now in position to knit the next stitch (*Fig. 1a*).

Fig. 1a

After a purl stitch, before a purl stitch

Take yarn **over** the right hand needle to the back, then forward **under** it, so that it is now in position to purl the next stitch (*Fig. 1b*).

Fig. 1b

DECREASES

Fig. 6

SLIP 2, KNIT 1, PASS 2 SLIPPED STITCHES OVER

(abbreviated slip 2, K1, P2SSO)

Fig. 7b

ADDING NEW STITCHES

Insert right needle into stitch as if to **knit**, yarn over and pull loop through (**Fig. 8a**), insert left needle into loop just made from **front to back** and slip onto left needle (**Fig. 8b**). Repeat for required number of stitches.

Fig. 8a

Fig. 8b

PICKING UP STITCHES

When instructed to pick up stitches, insert the needle from the **front to the back** under two strands at the edge of the worked piece (**Figs. 9a & b**). Put the yarn around the needle as if to **knit**, then bring the needle with the yarn back through the stitch to the right side, resulting in a stitch on the needle.

Repeat this along the edge, picking up the required number of stitches.

A crochet hook may be helpful to pull yarn through.

Fig. 9a

Fig. 9b

WEAVING SEAMS

With the **right** side of both pieces facing you and edges even, sew through both sides once to secure the seam. Insert the needle under the bar **between** the first and second stitches on the row and pull the yarn through (**Fig. 10**). Insert the needle under the next bar on the second side. Repeat from side to side, being careful to match rows. If the edges are different lengths, it may be necessary to insert the needle under two bars at one edge.
