AN ASSORTMENT OF LITTLE BOOTEES

You should have several pairs to match baby's different outfits, so do not hesitate to knit the same pair in different colors. **1** - A good basic style, buttoning at side, in garter stitch and cable. Size birth-6 months. **2** - An easy to make style for beginners. Little slippers with straps, knitted in one piece in garter stitch and trimmed with a flower. Size birth-9 months.

mon tricot baby-knitting *What do you look for in a knitted layette? There should be plenty of variety, and the garments should not only be comfortable to wear, easy to care for and quick to make, but also pretty, and of course, fashionable. We had all these points in mind when composing this new layette album. In it, you will find a choice of models adapted to all ages, from the classic knitted tops of the first six months, to outfits for the first days at nursery school, and including dungarees, slip-overs, coats, items for the nursery, and even fashions for the mother-to-be.*

White is ever popular, often accompanied by blue, pink or brighter colors. Pastel shades tend to be salmon, turquoise or yellow, with ecru often in evidence. Bright, jolly colors such as red, buttercup yellow, navy blue and spring green are all finding their place.

If you like the contents of this album, then it is largely thanks to you, readers and mothers, because your letters are a very great help to us. They guide our choice, and keep us informed as to your likes and dislikes; so we hope that many more of you will write to us. We would like to know which items interest you, but also those you criticize; send us your suggestions, tell us of your difficulties, your new ideas, and what you would like to see in our editions. All your suggestions and criticisms will be carefully looked into, and borne in mind when compiling future Mon Tricot albums.

Models which are faced with N and M are realizable on a knitting machine. Before starting, knit a sample (about 40 sts. and 40 rows). This will help you to determine the regulating of your machine, then from this sample, you will be able to calculate the number of rows to be knitted according to the inches obtained with the sample.

MON TRICOT is published four times a year + two Baby-Knitting specials. Second class permit applied for in Long Island City and additional cities. RATES (including postage to North America and Canada): \$ 6 for 6 issues including Baby's — \$ 10 for 12 issues.

HOW TO KNIT WITH YO

Please read the following information very carefully, so that you will fully understand how to work the MON TRICOT patterns with your favourite yarn.

1° SELECT A COMPARABLE YARN

On the chart, all the yarns are listed in groups with needle size and gauge commonly used for that group. The yardage per skein is given for each yarn.

Equivalent MON TRICOT yarns are also listed by name and yardage.

2° CHECK THE GAUGE

THE GAUGE GIVEN IN EACH MON TRICOT PATTERN IS THE GAUGE YOU MUST USE, in order to get the same result as on the photo. Change to smaller or larger needles until you get the pattern gauge.

FOR CROCHET PATTERNS :

Use the size hook that gives you the **GAUGE SPECIFIED IN MON TRICOT PATTERN**.

HOW TO DETERMINE THE QUANTITY OF YARN NEEDED: Multiply the number of MON TRICOT skeins required by the yardage for that yarn. This gives you total yardage needed for that pattern. Divide this figure by the yardage of the yarn you wish to use. This will give you the number of skeins you will need.

Example: Pattern calls for 6 skeins Classique Crylor and a gauge of 6 sts and 8 rows. This tells you that Classique Crylor is comparable to Group B yarns, which give the same gauge on n° 5 needles.

6 Classique Crylor X 185 yards per skein = 1110 yards.

Allround is 215 yards per skein. Divide 1110 by 215 and you have 5, with 35 more yards needed, so 5 Allround would probably be enough.

Divide by Reynolds Classique yardage (170) and you will find that with 6 Reynolds Classique, 90 more yards will be needed and you might need the 7th ball.

5 hints for beginners

KNOW HOW TO READ OUR INSTRUCTIONS

1. We never mention selvedge stitches in our patterns, but they are always included in the measurements. You will therefore find it useful to add one or two stitches at each side (for fine seams) **and as many as three for thick yarn, and work these stitches in garter stitch.** The making-up will thus be much easier, and the seams much neater.

2. The stitches given **between two asterisks** are those which go to make up a repeat of a pattern, and are repeated in the same order as many times as possible to the end of the row.

Selvedge stitches and other stitches which it is sometimes necessary to add for the symmetry of the pattern, are given outside the asterisks, either before or after. These stitches are worked once only and should never be repeated.

3. When knitting, a row refers to the number of stitches gathered together on one needle. Working back on the wrong side forms the second row. When working with a circular needle or with four needles, one round is equivalent to one row. The casting-on of the stitches does not count as a row. Thus, the first row is that knitted with the cast on stitches, and is, unless otherwise stated, the first row on the right side. All un-even numbered rows are on right side of work and all even numbered rows are on wrong side of work.

4. We must stress the importance of the sample square, as it enables you to check whether your knitting corresponds with the gauge we give at the beginning of our patterns, and if necessary to make the correction which will permit you to follow the instructions without any problems and to make the garment to the size you have chosen. If your sample is smaller than ours, then you are knitting tightly. Work another sample using a size larger needles. If your sample is larger than ours, you are knitting loosely. Work another sample using a size smaller needles.

5. Before starting a pattern, read through the whole of the instructions very carefully, so that you understand all the different phases.

Practise with a sample any part of the instructions which seem a little complicated, such as decorative decreases, fancy stitches worked on a stockinette stitch background, and anything else which is not part of basic knitting technique.

Readers' Hints.

The bottom edge of a knitted coat always has the annoying habit of curling upwards. To prevent this, I sew grosgrain elastic (without stretching it) inside the bottom edge of the coat and the sleeves, taking great care to make the stitches invisible. I find that this holds the edges in place very well.

Mrs. Cade

This is my method for binding-off necklines, cardigan borders etc.: I replace the right hand needle with a crochet hook of the same size, and use it as a needle for knitting the stitches and as a hook for binding them off. Not only is this much quicker than the ordinary method, but it is also much more even.

Mrs. Cannon

We agree with this method for binding-off shoulders for instance, but have some doubts about using it for necklines as it gives very little elasticity.

You know how difficult it is to have a neat edge when knitting a scarf or the border of a garment in garter stitch: I get over this difficulty by putting the yarn to the front of work at the beginning of the row, slipping the first stitch purlwise, and then returning the yarn to back of work to knit the rest of the row. I start each row in this way, and it gives a neat, regular edge.

Mrs Curtis

I think you might be interested by my way of making neat buttonholes without having to stitch round them. At the place chosen for a buttonhole on a knit row I pass the yarn over the needle to make a stitch. On the purl row, I slip this made stitch and make another stitch in the same way. On the next knit row I knit together the first made stitch with the stitch before it, and the second made stitch with the stitch after it. This type of buttonhole is particularly suitable for layette garments.

Mrs. Moore

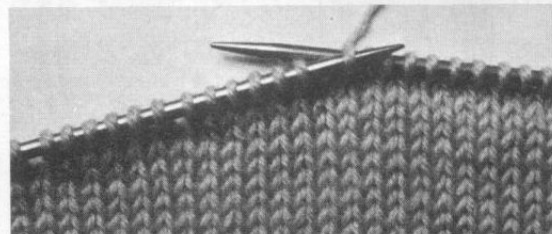

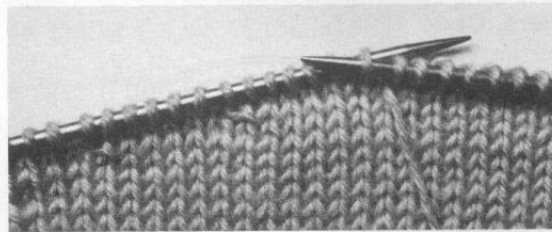

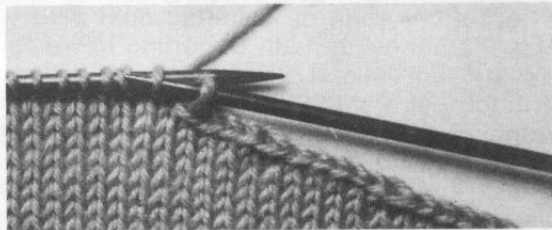

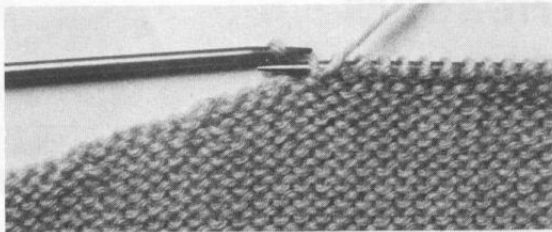

BINDING-OFF

Nothing is easier than binding-off stitches or finishing off, but it is a part of your work which requires great care. If you know all the different methods of binding-off and for which sort of work they are most suited, then your knitteds will be perfectly finished, in the same way as those which you admire in the fashionable boutiques.

bias binding-off

This method of binding-off avoids the "step" effect when binding-off groups of stitches, such as on shoulders and gives a very neat slope.

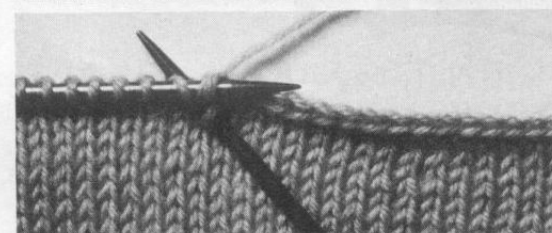

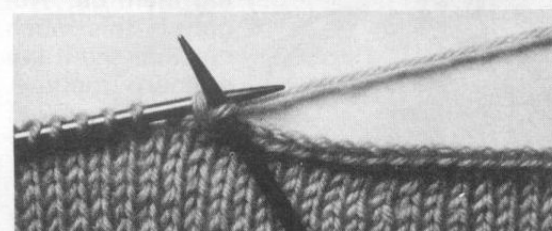

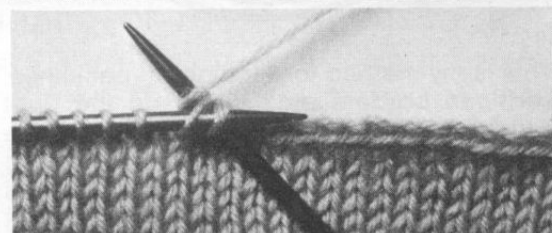

Do not work the last stitch of the row and turn work (1); slip the first stitch from left needle and pass over this stitch, the stitch left unworked (2). Now work the next stitch from left needle to continue binding-off in the normal way. This type of binding-off is worked on the wrong side for the left shoulder and the right side for the right shoulder.

another bias binding-off

This system avoids leaving holes at the turning point when groups of stitches have to be left on a stitch holder, and then knitted up all together later on to continue the work. (e.g. shoulder opening with a rib border).

On each alternate row, leave the necessary number of stitches on a stitch holder, bring yarn to front of work, slip one stitch (1.) take yarn back to back of work and slip same stitch back on to left needle without knitting it (2). Turn. When all the necessary stitches are on the stitch holder knit them all up together, or bind them off over one row.

english method of binding-off

This finish gives a slight relief effect and gives a firm final row. Use it particularly for seams edge of a yoke which has to be stitched in place.

Knit together the first two stitches thru back of loops. This gives one stitch on right needle. Place this stitch back on left needle and knit it together with next stitch thru back of loops as before. Continue in this way to end of row.

stretchable binding-off

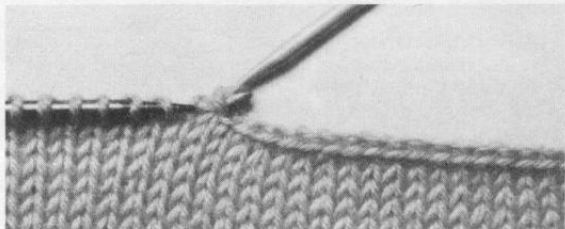

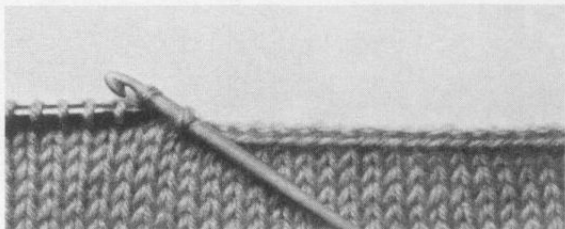

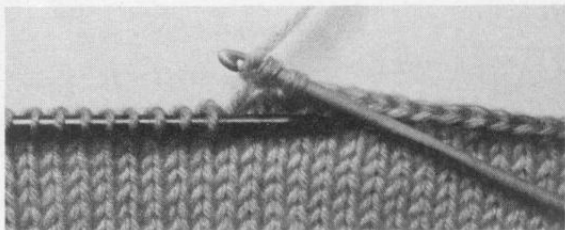

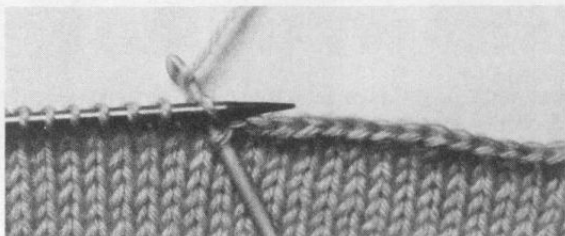

This method preserves the elasticity of the last row. Use it particularly for finishing off the edges of patch pockets, and for the neckbands of slip-overs etc.

Work 2 stitches then * pass 1st stitch over 2nd but keep it on the left needle (1). Work the next stitch and do not let the bind off stitch slip off the left needle until the new stitch is formed (2). Now repeat from *.

knitting and crochet binding-off

This gives a looser but very even chain stitch finish and should be used for decorative edgings such as on matinee coats.

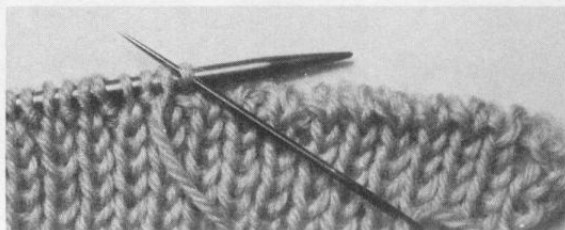

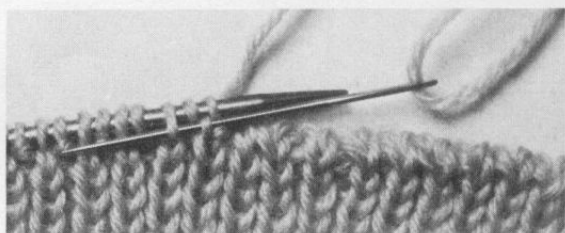

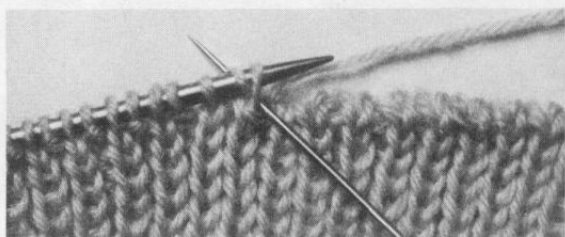

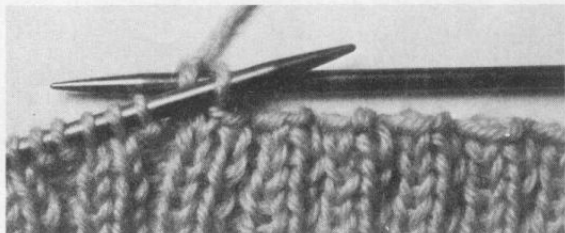

Insert the hook in the 1st stitch; $\circ\circ$ yoz, draw thru a loop, let the stitch drop from the knitting needle (1) $\circ\circ$, * insert the hook in next stitch, repeat from $\circ\circ$ to $\circ\circ$ once, yoh, draw thru the 2 loops on hook (2) * and rep. from * to *.

crochet binding-off

This method gives an extremely firm finish and is used when you do not want an edge to stretch e.g. for a thick coat.

Slip the first stitch onto a crochet hook * insert the hook in the next stitch, slip it off the knitting needle (1) and draw it thru the stitch already on the hook (2). This leaves one stitch on the hook. Repeat from *.

french method of binding-off

Use this finish particularly for rib as it gives a neat stretchable edge.

Work the first two stitches then pass the first over the second. This leaves one stitch on right needle. Work another stitch and pass the other stitch over it. Continue in this way to the end of the row, taking care to work the knit stitches knitwise and the purl stitches purlwise.

another stretchable binding-off

This type of binding-off is used for rib and even when stretched to the maximum, the edge does not go out of shape. Use it for neckbands and for the edge of roll collars.

When the knitting is finished, leave the stitches on the needle. Thread a tapestry needle with a length of yarn approximately 4-5 times longer than the edge to be finished. Working on right side of work, insert the needle in first st. (knit st.) as if you were going to purl it; draw the yarn thru. Pass the needle behind the first stitch and into the second stitch (purl st.) * as if to knit it (1); draw thru the yarn, bring the yarn thru to front of work and insert needle again into first stitch from right to left under the back strand (2); slip this stitch off the knitting needle. Pass the tapestry needle in front of the 2nd stitch (purl st.) and insert it in the next knit stitch as if to purl it (2); draw the yarn thru and insert the needle again into the 2nd stitch (purl st.) as if to purl it (3); draw the yarn thru and slip this stitch off the knitting needle. Pass the needle behind the knit stitch and insert it in the next purl stitch and repeat from *.

THE SIMPLEST

14. Of knitted tops, crossed at the back and fastening with Velcro. Worked in one piece, baby can wear it all day long. You will have no difficulty in making it because:

- The stitches used, garter stitch and stockinette stitch are the easiest of all knitting stitches.
 - The shaping is worked from two basic operations: casting on stitches for the sleeves, and binding off stitches for the neck.
 - The making-up is reduced to a simple seam under each sleeve.
- Size birth - 6 mnths.

35 hammock

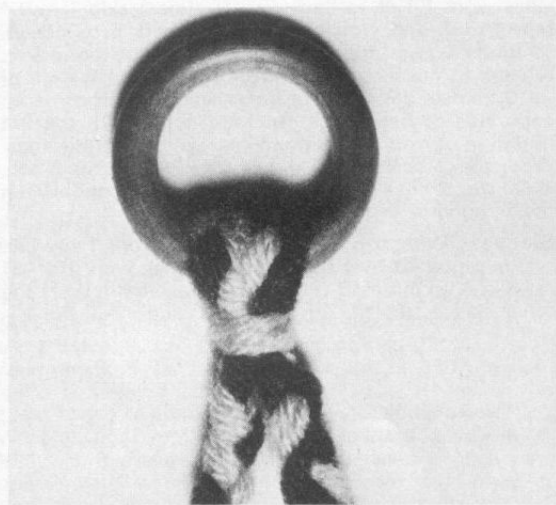

MATERIALS: Four 50 gr. balls TAPIS PINGOUIN: (bulky weight) yarn in Yellow (A) and four 50 gr. balls of same yarn in Brown (B). (For corresponding amounts of your favorite yarn see the interchangeable chart on page 6). Two lengths semi-circular wood $\frac{3}{4}$ " wide and $16\frac{3}{4}$ " long. Two wooden rings, $2\frac{1}{2}$ " in diam.

To make: Knot 28 lengths of yarn round one piece of wood, alternating 1 knot (A) and 1 knot (B). For each knot, cut a length of yarn $6\frac{2}{3}$ yds. long; fold it in half and wind the folded end round the wood then pass the two loose ends thru the loop of the fold, pull to tighten knot. At each end of the length of wood make a knot using two strands of the same col.; two of the loose ends of this knot will be used for the hanging strap and the other two for the macramé knots. Hold these two double knots in place with two small tacks on the wrong side of wood. Do not fasten down the other knots. Using the macramé technique work flat knots: on the first row use two strands of each col. for each knot and tighten them up against the wood. Cont. with rows of flat knots until you have worked 12 rows each $\frac{5}{8}$ " from previous row. Over the foll. 12 rows, gradually lengthen the distance between each row until you have $\frac{3}{4}$ " between each row. Work 17 rows with $\frac{3}{4}$ " between each row, then over foll. 12 rows gradually close the space until there is once again $\frac{5}{8}$ " between each row, and finish with 12 rows with this spacing. Now wind the ends of the yarn round the second length of wood to make the same knots as at the beginning, and again alt. 2 strands (A) and 2 strands (B). Knot together

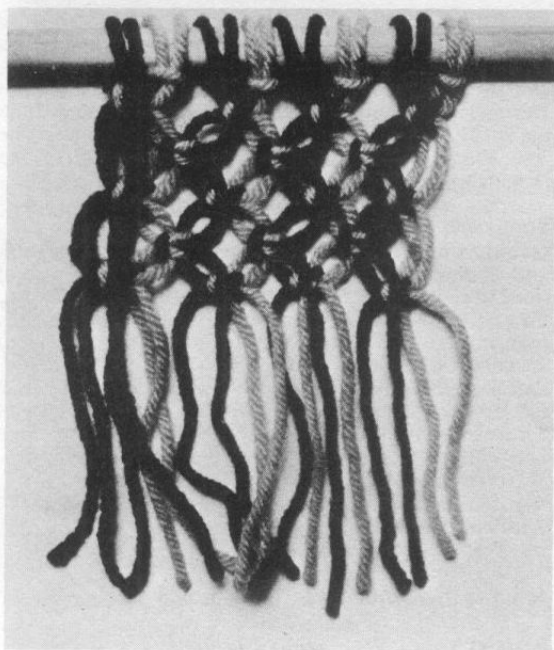

tightly the 2 strands of each col. behind the wood and then sew in ends hiding the yarn in the thickness of the knots. Leave the 2 strands at each end of wood free for the hanging strap. Along the sides of the hammock knot a length of yarn 1 yd. long into each arc between 2 rows of knots, using same technique as for knots on first length of wood and alt. 1 knot (A) and 1 knot (B). Using these strands work 6 rows of flat knots with $1\frac{1}{4}$ " between each row. After last row, leave ends free and trim to form a fringe 6" long. At each end of the first piece of wood, between the fastened down knot and the first loose knot, wind a double

strand of same col. yarn as fastened knot, round the wood; one end of this double strand will go to make the hanging strap and the other end is passed thru the 1st row of knots along the side edge of the hammock to draw this up so that there is 36" between the two lengths of wood, and is then wound round the second piece of wood and left free ready to make the hanging strap. Between this last knot and the fastened knot, knot a strand of contrasting col.; both ends of this

strand are used for the strap. There should now be 6 strands of yarn at each corner of hammock. Plait each group of 6 strands taking them 2 by 2 until plait measures 22" long. Cut rem. yarn and fasten off. Pass the two

plaits at one end of hammock thru a wooden ring and fasten them firmly under the ring. Sew in ends. Rep. at other end.

CROCHET CUSHION

Note: For each side first work a sample in the pattern in order to determine the gauge and from this calculate the number of stitches you will require to make a width of 12 ins. This will give you the basic ch. Make extra ch. as stated in each patt. for turning.

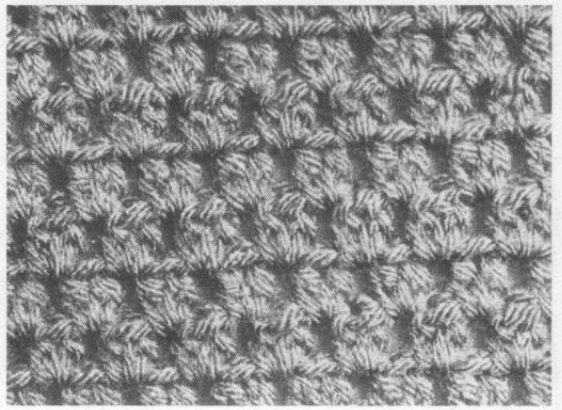

First side: Make the basic ch. plus 1 ch. for turning. On 1st row skip 1st ch., then work 1 s. c. into each ch., turn with 1 ch. On subsequent rows work 1 s. c. in each s. c. and turn with 1 ch. When work measures 12 ins. from beg. omit turning ch. and fasten off.

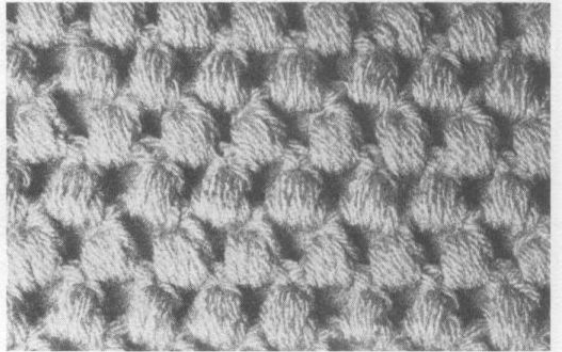

Second side: As for first side but on 2nd and subsequent rows work each s. c. in back loop only of the s. c. of previous row.

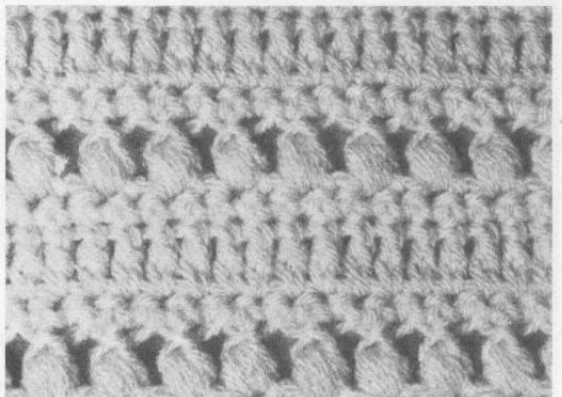

Third side: Work 1st row as for first side. **2nd row.** 3 ch. to stand as 1st dc., 1 dc. in same place, * skip 1 s. c. 1 ch., 2 dc. in next s. c.; rep. from * to end, turn. **3rd row.** 3 ch. to stand as 1 dc., 1 dc. in same place, * skip the dc. of previous row, 1 ch., 2 dc. in the 1 ch. space; rep. from * to end, turn. Fourth side: Work 1st row as for first side, then work in pineapple st. **2nd row.** 2 ch. to turn, * (yo., insert hook in next st. and draw a loop thru) 4 times in same st., = 9 loops on hook, yo. and draw thru 8 loops, yo. and draw thru remaining 2 loops, 1 ch., skip next st.; rep. from * to end. On subsequent rows make each pineapple in the 1 ch. space of previous row. Continue in this patt. until work measures just under 12 ins., then work 1 row of s. c. and fasten off.

Fifth side: Work 1st row as for first side. **2nd row.** 3 ch. to stand as 1st dc., then work 1 dc. in each s. c., turn with 1 ch. **3rd row.** Work in s. c. **4th row.** Work in pineapple st. These 4 rows form one patt. Continue until work measures 12 ins. ending with a row of s. c. Fasten off.

Sixth side: Work basic ch. of the length required and work in daisy patt. as follows: **1st row.** 3 ch. to turn, insert hook into 2nd ch., yo. and draw a loop thru; insert hook into 1st ch., yo. and draw a loop thru, then draw up a loop in next 2 ch. of basic ch., yo. and draw thru the 5 loops on hook, 1 ch., * insert hook in the center of the preceding daisy, yo., draw a loop thru; insert hook in the ch. st. of this daisy, yo. and draw a loop thru, then draw a loop thru next 2 ch., yo. and draw thru the 5 loops on hook, 1 ch.; rep. from * to end. **2nd row.** Work in s. c. 66 cot blanket

MATERIALS: Thirteen 50 gr. balls PINGOUIN SPORT (heavy weight yarn) in Red (A) and seven 50 gr. balls of same yarn in White (B) and also Orange (C). Pair no. 5 needles.

SIZE: Approx. 40 ins. by 60 ins.

GAUGE: 5 sts. and 6 $\frac{1}{2}$ rows to 1 in. over plain st. st.

First strip: Using (A). cast on 31 sts. and work 12 rows in g. st. Now work in the squared patt. with (A) borders, joining on small balls of colors as required to avoid carrying them across the center and always twisting wools round each other on wrong side when changing from one color to another to avoid leaving a hole. **** 1st row.** K. 6 A., 22 B., 3 A. **2nd row.** K. 3 A., p. 22 B., k. 6 A. Rep. last 2 rows 5 times more. **13th row.** K. 6 A., 8 B., 6 A., 8 B., 3 A. **14th row.** K. 3 A., p. 8 B., k. 6 A., p. 8 B., k. 6 A. Rep. last 2 rows 5 times more. Now rep. 49th and 50th rows 6 times more, then work 12 rows g. st. in A. Rep. last 96 rows 3 times more, then rep. from ** to **. Bind off.

OUR ADVICE

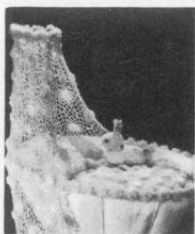

The wrong side of this cover will look much nicer if you use a small ball of yarn for each section of color, but you must remember to cross the yarn at each change of color.

Second strip: Using A. cast on 28 sts. and work 12 rows in g. st. Now work in patt. **1st row.** K. 3 A., 22 C., 3 A. Continue in patt. as given for first band but with 3 sts. g. st. at each end of row and also alternating colors so that first square is in C., and 2nd in B. and so on. When you have worked 12 rows g. st. in A. after ninth square, bind off. Work 4 more strips in same way as second strip, beg. and ending two of them with B. squares and two of them with C. squares.

Seventh strip: Work as for first strip but placing the narrow A. border at beg. of right-side rows and the wide A. border at end of right-side rows.

Completion: Pin strips together and join with flat seams. The wide border on first and last strips is at outer edge and the strips should be alternated so that

the second one has the C. squares at beg. and end, the third one the B. squares and so on. Press cover lightly on wrong side with warm iron and damp cloth.

67-69 crib curtain and cover

MATERIALS: Ten 50 gr. balls SUPER BEBE (light weight yarn) in Pink (A) and six 50 gr. balls of same yarn in White (A). (For corresponding amounts of your favorite yarn, see the interchangeable chart on page 6). One no. D/3 crochet hook. One round loom.

Cover: With the loom, make 32 flowers in col. (A) and 31 flowers in col. (B), passing the yarn 6 times round each peg for the outer petals and 5 times round each peg for the centre. Join these flowers tog. using col. (A) throughout, and working as follows:- **1st row** - take a flower col. (A) and insert hook thru the 6 loops of one petal (always take the 6 strands tog.) and work 1 s. c.; * 5 ch., 1 s. c. in next petal * 4 times; form the corner; 8 ch., 1 sl. st. in 3rd ch. from last s. c. to mark the corner, 2 ch.; * 1 s. c. in next petal, 5 ch. * to end of round finishing with 1 sl. st. in 1st petal. Fasten off. Take a flower col. (B), work 1 s. c. in 1 petal; * 5 ch., 1 s. c. in next petal * twice; then for corner, 5 ch., 1 sl. st. in the center ch. of corner loop of 1st flower; 2 ch., 1 sl. st. in 3rd ch. after last s. c. of 2nd flower, 1 sl. st. in 3rd ch. of 5 ch. loop after corner of 1st flower; * 2 ch., 1 s. c. in next petal of 2nd flower, 2 ch., 1 sl. st. in next ch. loop of 1st flower * twice; 2 ch.; * 1 s. c. in next petal, 5 ch. * 6 times; 1 s. c. in next petal; form corner; 8 ch., 1 sl. st. in 3rd ch. after last s. c. of 2nd flower to mark the corner; 2 ch., 1 sl. st. in 1st petal. Fasten off. Cont. in this way until 5 more flowers have been joined tog. to form 1st row, alt. 1 flower col. (A) and 1 flower col. (B), but at end of 7th flower (which is col. (A)) do not work the extra loop for the corner at the end of the round. **2nd row** - Take a flower col. (B) and attach it to the 7th flower of 1st row in the same way as indicated for the 2nd flower. Now take a flower col. (A) and work 1 s. c. in a petal; * 5 ch., 1 s. c. in next petal * twice; ** 5 ch., 1 sl. st. in same joining point as 1st joining point of 6th flower, 2 ch., 1 sl. st. in 3rd ch. after last s. c., 1 sl. st. in next loop, of 6th flower; * 2 ch., 1 s. c. in next petal 2 ch., 1 sl. st. in next loop of 6th flower * twice; 2 ch., 1 s. c. in next petal ** twice, inserting hook in foll. flowers, then 5 ch., 1 sl. st. in extra corner loop; 2 ch., 1 sl. st. in 3rd ch., 2 ch.; * 1 s. c. in next petal, 5 ch. * twice; 1 s. c., then for corner, 8 ch., 1 sl. st. in 3rd ch., 2 ch., 1 sl. st. in 1st petal and fasten off. Cont. in this way and attach 5 more flowers for the second row alt. the cols. as before, but when working the last flower, only work 2 corners fastened to the other flowers and leave 5 loops unattached.
