TO MAKE AN ATTRACTIVE CORD

Here is a simple method to make a really smart cord, which is much more attractive than the orthodox crocheted type.

Method: (Two people are required for step 2.)

1. Take two strands of yarn, each 2.5 times the length of the desired cord.
2. With each person holding an end, twist the yarn in opposite directions until a firm cord is obtained.
3. Double the cord, and with one person holding ends together, shake vigorously. The cord will then form a double twist.
4. Knot ends, leaving 2.5cm to comb out for tassels.
