MAKE UP

With a slightly damp cloth and warm iron (unless stated otherwise on ball band), press lightly, taking care not to flatten patt. Using a flat seam, join leg and foot seam. Thread ribbon through holes at ankle. Turn back cuff. 🧵

FLAT SEAM

This method is sometimes used for knitted garments but more often for crochet garments. A flat seam may be worked from either the right or the wrong side of the work. Place the 2 pieces of fabric evenly together and sew stitch by stitch, always bringing the needle up from underneath to top though the centre of the stitch, then in same manner through corresponding stitch on second piece.

Note - Diagram shows knitted fabric, but method is the same for knitting or crochet. Always keep work elastic - there should be as much stretch in your seam as there is in the rest of your garment.

MAKE UP

KNITTING UP STITCHES

This is the method used for neckbands, armhole bands, etc. Hold work in left hand with right side facing you. Hold working needle and yarn in right hand. Insert point of needle through work from front to back. Wrap yarn round point of needle and knit a stitch. When working along a cast-off edge, insert needle under both loops of cast-off stitch, and knit up one stitch in each cast-off stitch. (Diagram A)

When working along side edge, insert needle inside one full stitch from the edge (i.e. behind 2 loops of stitch, not just the edge loop). (Diagram B)

You will find along this edge that there is alternately one long and one short stitch. If you require less stitches than there are rows along this edge, always knit up through the short stitches and omit some of the long stitches. (Diagram C)

Before commencing, always count the number of rows you have and compare it to the number of stitches you require, then you will be able to make any adjustments evenly along the length of the work.

If you find it difficult to knit up stitches neatly, try using needles 1 or 2 sizes smaller than those in the instructions - but do not forget to change back to the correct size for knitting the band.

Some knitters use a crochet hook to pull the stitches through, slipping them one at a time on to the needle.

MAKE UP

We do not recommend pressing this garment, owing to the textured patt. Turn in 3 sts along front edges and slip-stitch in position on wrong side to form facings. For

Lined Jacket – Place all knitted pieces on fabric and cut lining, allowing seams on all edges and marking position of coloured threads. For **Both Jackets** – Using back-stitch, join shoulder seams, then sew sleeves in position between coloured

threads. Join side and sleeve seams. Join back seam of hood, then sew hood in position, easing to fit neckline. For **Lined Jacket** – Sew completed lining in position, slip-stitching around all outside edges and also catching in position around neckline.

For **Unlined Jacket** – If desired, tape across shoulders and back neck to prevent stretching. For **Both Jackets** – Make 5 buttonloops evenly along right front edge and sew on toggles to correspond.

KNITTING STITCH EMBROIDERY

Interest can be added to garments with Knitting Stitch embroidery – this is very easy to do, especially if you do the embroidery before you sew up the garment. Knitting stitch is worked over each knitted stitch with a contrasting colour. It is necessary to use yarn of the same thickness as the knitted garment. Be careful not to pull the stitch too tightly and it will cover the existing stitch completely. A completed stitch looks like a “V”. Each square on the graph represents one stitch. It is a good idea, before beginning, to colour in the graph in the colours to be used.

Begin at lower edge of graph, on the right-hand side.

Using a tapestry or knitters needle, bring the needle from the back through the centre of the stitch below the one to be covered.

* Take needle from right to left under both strands of stitch above the one to be covered.

Bring needle back to the start of the stitch, take needle behind 2 strands in row below and across into the centre of next stitch. You have worked one knitting stitch.

Repeat from * following graph for required number of stitches. To finish, bring needle back to the start of the stitch and through to the back of the work.

To begin the second row – Bring needle from back to centre of stitch below the one to be covered. Working from left to right pick up both strands of stitch in row above the one to be covered.

Take needle back to beginning of stitch, pick up 2 strands which brings the needle across into centre of next stitch. When working stitch above one worked in the previous row your needle will come up in the centre of this worked stitch. Repeat this, following graph for number of stitches to be worked.

FRENCH KNOTS

Bring the thread out at the required position, hold the thread down with the left thumb and encircle the thread twice with the needle (A). Still holding the thread firmly, twist the needle back to the starting point and insert it close to where the thread first emerged. Pull thread through to the back and secure for a single French Knot, or pass on to the position of the next stitch (B).

TASSELS

To make a tassel, cut a piece of cardboard several centimetres long, to the width desired (i.e. the length of the tassel you wish to make). Wind the yarn round and round the cardboard – the number of times it is wound round the cardboard depends on how bulky you wish to make the tassel. Break off yarn, leaving an end several centimetres long, thread through needle. Slip needle through all the loops on the cardboard, and tie yarn tightly at one edge. Slip cardboard out and wind the yarn several times around the loops 1 cm from the fold. Draw the needle through the top, and attach the tassel where desired. Cut through the other fold and even off the ends.

With a slightly damp cloth and warm iron (unless stated otherwise on ball band), press lightly, taking care not to flatten patt. Using back-stitch, join seam, reversing for 3/4 of rib for brim. Press seam. Make a pompon (see page 20) and attach to top of cap. Turn up brim. 

HELPING YOU TO READ GRAPHS

A graph is like a picture of your work (looked at from the right side of the finished work), with each square representing a stitch. For Textured Patterns, different symbols are used to represent different stitches (knit, purl, slip, etc). You read the right-side rows from right to left and the wrong-side rows from left to right (unless otherwise stated). Some knitters are confused by the fact that the same symbol will be used for a purl stitch on a right-side row as for a knit stitch on a wrong-side row - the fact is that they both look the same from the right side, and the graph is a "picture" of your work from the right side.

When reading any graph, first look for your size on the edge where you are to begin, then work from this point across the row to where your size is marked on the other side. If there is a pattern repeat on the graph (usually marked by a bracket and the words "10 st rep" or similar), you must work these stitches as many times as necessary to get to the required distance from the end of the row (this is the same as saying, in a written pattern, "rep from * to last ... sts").

HELPFUL HINTS

Neatening of cast-off buttonholes. When working the cast-on row of buttonhole, before slipping the last cast-on stitch on to the left-hand needle, pass the yarn from back to front between the needles, then slip the stitch on to the left-hand needle and complete the row.

Alternatively, when working the row after buttonhole has been completed, with right-hand needle pick up purlways the loose thread, or threads, at base of buttonhole, slip it on to left-hand needle and work it together with the first stitch on left-hand needle.

HELPFUL HINTS

Neatening the side edge of your cast-on. Before slipping the last cast-on stitch on to the left-hand needle, pass the yarn from back to front between the points of the two needles, then slip the stitch on to the left-hand needle. This prevents a curved edge on the last stitch.

SLIP-STITCH

This is the method used for turning up hems or stitching double neckbands in place. Work 1 stitch into each cast-on or cast-off stitch to be sure that the work will be elastic. Always be sure that the stitches follow up evenly and do not form a crooked line.

KNITTING ABBREVIATIONS

K = knit; **P** = purl; **sl** = slip; **psso** = pass slipped stitch(es) over; **tbl** = through back of loop(s); **y bk** = yarn back - take yarn under needle from purling position into knitting position; **y ft** = yarn front - bring yarn under needle from knitting position into purling position; **y fwd** = yarn forward - bring yarn under needle, then over into knitting position again, thus making a stitch; **yon** = yarn over needle - take yarn over top of needle into knitting position, thus making a stitch; **yrn** = yarn round needle - take yarn right round needle into purling position, thus making a stitch; **"M1"** = Make 1 - pick up loop which lies before next stitch, place on left-hand needle and knit (or purl) into back of loop; **garter st** = every row knit; **stocking st** = 1 row knit, 1 row purl; **reverse stocking st** = 1 row purl, 1 row knit (purl side is right side).

When instructions read - "Cast off 2 sts, K2" (or similar stitches), the stitch left on the right-hand needle, after casting off, is counted as one stitch.

alt = alternate; **beg** = begin or beginning; **cont** = continue; **dec** = decrease, decreased, decreases or decreasing; **fol** = following or follows; **inc** = increase, increased, increases or increasing; **incl** = including or inclusive; **0** = no rows, stitches or times; **patt** = pattern; **rem** = remain, remains, remainder or remaining; **rep** = repeat; **st, sts** = stitch, stitches; **tog** = together; **cm** = centimetre(s); **mm** = millimetre(s); **ins** = inches.

POM-PONS

To make a pom-pom, cut two circles of cardboard, the diameter depends on the size of the pom-pom to be made, and should be equal to the size of the finished pom-pom plus approximately 1.25 cm for trimming, plus the diameter of the centre hole, e.g. for a pom-pom 4 cm across, the circles would be 4 cm, plus 1.25 cm, plus 1.25 cm for centre hole, equals 6.5 cm. Cut a round hole in the centre, the size of the hole is approximately a quarter of the finished pom-pom. Wind the yarn round and round the cardboard until the centre hole is completely filled up.

Place the point of a pair of scissors between the two circles of cardboard and cut around, keeping the scissors between the cardboard all the time. Using a double strand of yarn, wrap round between the two circles of cardboard, knot firmly, and take away cardboard. Trim pom-pom.

The colours of yarns illustrated have been reproduced as accurately as possible.
