Best results can only be achieved if you use the yarn recommended. When you buy your yarn, it is best to buy the full amount at one time to avoid variations in dye-lots.

How to check Knitting Tension

Before you knit these designs check your tension carefully.

Take a pair of No. 10 needles and some Patons 4 ply. Cast on 14 stitches and work in stocking stitch—1 row knit; 1 row purl—for 18 rows. Cast off; press lightly on wrong side.

The tension should be 14 sts. and 18 rows over 2 in. (5 cm) and the finished square should measure 2 in. (5 cm) each way.

If the square is bigger your work is too loose; try a size finer needle. If it is smaller your work is too tight; try a size larger needle.

If you knit to the correct tension in stocking stitch, you will knit naturally to the correct tension for any stitch in this booklet.

If you alter the needles to obtain the correct tension in stocking stitch,

corresponding alterations must be made to the needles throughout.

How to check Crochet Tension

Before starting garment, work a test piece of pattern to check your tension and adjust hook as required: use a size finer hook if fabric is too loose, or a size thicker hook if it is too tight.

When working designs using two or more colours, carry yarns loosely up side of work when not in use.

CROCHET is easy!

No one need be frightened of Crochet: it is so easy to do, and once you have got going after a little practise, you will want to make all sorts of things for yourself and family, and the home.

The yarn runs from ball round little finger and over first 2 fingers, and the work is held in your left hand between 1st finger and thumb: diag. 1.

To start: make a slip loop, several inches from end of yarn, and slip on hook (this loop counts as your first chain).

Continue making the length of chain stitches you require, i.e. catch yarn with the hook and pull it through loop already on hook: diag. 2.

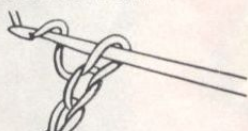

This is the **basic step** of Crochet and you can master it in a few minutes. It is best to practise with a fairly thick hook and yarn (about hook No. 4-00 mm (8) and Double Knitting).

For your next row, work a **Single Crochet** (or Slip Stitch) through each loop of length of chain, i.e. pull thread through next loop of chain then through loop on hook: diag. 3. (this leaves one loop on hook).

This is **Single Crochet** and

1. HOLDING WORK

2. CHAIN

3. SINGLE CROCHET

articles can be made in this stitch. **Note:** in crochet, the work always hangs by one loop on the hook.

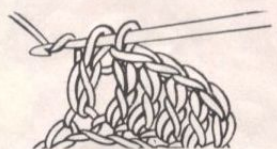

After the first row worked into the foundation length of chain, you will be working into the stitches of previous row.

All crochet stitches are developments of **Single Crochet**, making a longer stitch at each stage.

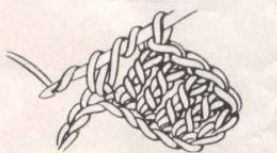

After **Single Crochet**, the next stage is **Double Crochet**: this is

4. DOUBLE CROCHET

5. TREBLE

6. DOUBLE TREBLE

simply **Single Crochet** with a 2nd loop pulled through to give a longer stitch, i.e. draw a loop through next chain or stitch (2 loops on hook), now draw a loop through both loops on hook: diag. 4. (this leaves one loop on hook).

Half Treble (not illustrated) is only a longer **Double Crochet**—yarn over hook, draw a loop through next stitch (3 loops on hook), draw a loop through 3 loops.

For **Treble**, yarn over hook, draw a loop through next stitch, draw a loop through first two loops on hook, then draw another loop through 2 remaining loops.

Double (or long) Treble—yarn twice round hook, draw a loop through next stitch, draw a loop through first 2 loops on hook, draw a loop through next 2 loops then draw a loop through remaining loops (1 loop left on hook).

Shapings in Crochet—instructions for Increasing and Decreasing are always given in the pattern. As a general rule, to **Increase**—work 2 stitches into one stitch, or 2 patterns into one space in fancy patterns.

To **Decrease**—you miss a stitch (or pattern) as stated in the instructions, e.g. miss out a complete pattern and work into the next stitch (the gap is usually crossed with 1, or more slip sts.).

Practise all these **Basic Stitches** until you have grasped the very simple principles of Crochet. At first, beginners have difficulty with beginning and ending rows, but the pattern you are following will give instructions for these.

The rule is broadly that you miss the 1st stitch (last stitch of previous row), and work over this as instructed. At the row ends, you turn with 1 or 2 chain as instructed, and this turning ch. usually counts as the 1st stitch of next row.
