Quantities of yarn are approximate as they are based on average requirements.

Check actual yarn colour — as printing may not match yarn exactly.

Pair each 2¾ mm and 3 mm needles. Length of ribbon for Jacket, Mitts and Bootees. 4 Buttons.

Tension

On 3 mm needles, 30 sts and 38 rows to 10 cm (stocking st).

It is important to check your tension before starting your garment. If there are too many stitches to 10 cm, your tension is tight and you should change to a larger size needle. If there are too few, your tension is loose and you should change to a smaller size needle.

Caution

It is essential to work to the stated tension, and we cannot accept responsibility for the finished product if any yarn other than the specified yarn is used.

Abbreviations
