tension

On 4 mm needles, 29 sts and 30 rows to 10 cm (patt), 22 sts and 30 rows to 10 cm (stocking st).

It is important to check your tension before starting your garment. If there are too many stitches to 10 cm, your tension is tight and you should change to a larger size needle. If there are too few, your tension is loose and you should change to a smaller size needle.

caution

It is essential to work to the stated tension, and we cannot accept responsibility for the finished product if any yarn other than the specified yarn is used.

**Quantities of yarn are approximate as they are based on average requirements.
Check actual yarn colour – as printing may not match yarn exactly.**

U.S.A. Glossary

Cast off=bind off; tension=gauge; knit up=pick up and knit; stocking st=stockinette st; yarn forward, yarn over needle or yarn round needle=yarn over.

Instructions are given for the first size, with larger size(s) given in square brackets []. Where only one figure is given this applies to both (all) sizes.

Before starting to knit, read the instructions carefully and circle all figures relating to your size with a coloured pencil.
