PATONS 101 COURTELLE

Washing by hand or machine

You can wash Patons 101 Courtelles by hand or machine (wool or delicate fibres cycle) with perfect satisfaction. Wash frequently to avoid over soiling. Temperature 40°C or 104°F, comfortably hot to hand. Use washing agents in accordance with makers' instructions – fully dissolved. Rinse thoroughly – at least twice – adding a softener to the final rinse for perfect results. Remove excess moisture by squeezing or rolling in towel or spin drying. Shape out and dry flat. Pressing should be unnecessary but if desirable use a cool iron lightly on wrong side only when completely dry.

CROCHET

is easy!

No one need be frightened of **Crochet**: it is so easy to do, and once you have got going after a little practise, you will want to make all sorts of things for yourself and family, and the home.

* * *

To start: make a slip loop, several inches from end of yarn, and slip on hook (this loop counts as your first chain).

Continue making the length of chain stitches you require, i.e. catch wool with the hook and pull it through loop already on hook: diag. 2.

This is the **basic step** of Crochet and you can master it in a few minutes. It is best to practise with a fairly thick hook and yarn (about hook No. 8 and Double Knitting.)

For your next row, work a **Single Crochet** (or Slip Stitch) through each loop of length of chain, i.e. pull thread through next loop of chain then through loop on hook: diag. 3. (this leaves one loop on hook).

This is **Single Crochet** and articles can be made in this stitch. **Note:** in crochet, the work always hangs by one loop on the hook.

After the first row worked into the foundation length of chain, you will be working into the stitches of previous row.

All crochet stitches are developments of **Single Crochet**, making a longer stitch at each stage.

After **Single Crochet**, the next stage is **Double Crochet**: this is simply **Single Crochet** with a 2nd loop pulled through to give a longer stitch, i.e. draw a loop through next chain or stitch (2 loops on hook), now draw a loop through both loops on hook: diag. 4. (this leaves one loop on hook).

1. HOLDING WORK

2. CHAIN

3. SINGLE CROCHET

4. DOUBLE CROCHET

5. TREBLE

6. DOUBLE TREBLE

The wool runs from ball round little finger and over first 2 fingers, and the work is held in your left hand between 1st finger and thumb: diag. 1.

* * *

Half Treble (not illustrated) is only a longer **Double Crochet** – wool over hook, draw a loop through next stitch (3 loops on hook), draw a loop through 3 loops.

For **Treble**, wool over hook, draw a loop through next stitch, draw a loop through first two loops on hook, then draw another loop through 2 remaining loops.

Double (or long) Treble – wool twice round hook, draw a loop through next stitch, draw a loop through first 2 loops on hook, draw a loop through next 2 loops then draw a loop through remaining loops (1 loop left on hook).

* * *

Shapings in Crochet – instructions for Increasing and Decreasing are always given in the pattern. As a general rule, to **Increase** – work 2 stitches into one stitch, or 2 patterns into one space in fancy patterns.

To Decrease – you miss a stitch (or pattern) as stated in the instructions, e.g. miss out a complete pattern and work into the next stitch (the gap is usually crossed with 1, or more slip sts.).

Practise all these **Basic Stitches** until you have grasped the very simple principles of Crochet. At first, beginners have difficulty with beginning and ending rows, but the pattern you are following will give instructions for these.

The rule is broadly that you miss the 1st stitch (last stitch of previous row), and work over this as instructed. At the row ends, you turn with 1 or 2 chain as instructed, and this turning ch. usually counts as the 1st stitch of next row.
