BOOK **836**

**PRETTY BABY?
PLACID BABY?
FAVOURITE BABY?
FUNNY BABY?**

How do you describe a baby? According to the dictionary, it's "a thing small of its kind." But you know they're more than that—They're a source of joy, exasperation, pleasure, trouble, beauty and love. For a baby is indeed a pretty thing. And a baby, especially your baby, deserves pretty handknits to suit all its moods and

moments—its impudence, charm and candour. Here are all the Pretty Baby handknits, deliciously fragile, soft and warm. You'll find them a joy to knit: snuggly jackets, demure dresses and two wonderful layettes. Knit them pink, knit them blue, or white. Knit them any colour and knit them pretty. For your Pretty Baby.

This romper set has panels of garter and lacy stitch on its straps and down either side of the front of the rompers. The waist is ribbed and there are elasticised bands around the legs and waistline. The matching jacket has a square neck and square set-in sleeves with the same panels of garter and lacy stitch down either side of the front. Style No. 8362. Instructions on page 11.

No baby (or mother) could resist the delicate charm of this simple dress. It's knitted in an all-over wave stitch and gathered onto a neckband. This is knitted in garter stitch on the bias and folded double. The sleeves are raglan, and it is closed at the back with press-studs. All the edges are finished with double crochet. Style No. 8363. Knitting instructions are on page 13.

ON THE FRONT COVER: Simplicity is the keynote of this charming layette, knitted in plain smooth fabric. The dress, matinee jacket and carrying coat are all bodiced, and edged with a crocheted shell trim in a contrasting colour. Each one has a three-buttoned opening down the front. The booties, mittens and cap are edged with the same crocheted trim; and the smart bonnet fastens with a chin strap. Style No. 8364. Instructions for knitting and crochet, on page 14.

IMPORTANT—DYE LOTS!

Always buy enough of the same dye lot at the one time for a complete garment, as a variation between dye lots can occur.

Retain ball bands until the garment is completely knitted, and, in the event of an enquiry concerning the purchase, submit all ball bands.

SUCCESSFUL RESULTS DEPEND ON CORRECT TENSION!

To knit garments you'll be proud of, always make a Tension Test. Correct tension brings out a further benefit of Patons exclusive Patonising process. You'll find your knitteds have maximum resistance to pilling as well as shrinkage. So you're sure of knitteds looking fresh and new through wash after wash.

Tension Test: Before you start knitting, take the yarn and needles specified in the instructions, cast on 20 stitches, work 20 rows in plain smooth fabric. Lightly press work. Check the tension by placing an inch tape across the stitches. Count the exact number of stitches to 2 ins. and compare with the tension given in the instructions. If your tension is too loose, try a size finer needle. If more than one size of needle is recommended in the knitting instructions, and you have altered your needles to correct the tension, corresponding alterations must be made to needles throughout the instructions.
