MAKE UP

Using back-stitch, join body seam, leaving a small opening. Fill firmly and close opening. Join each arm seam, around thumb, and sides of fingers, leaving top of Arm open. Fill each finger and thumb firmly, then fill remainder of Hand and Arm. Position to Body sides and stitch in place. Stitch Boot to Sole, having purl side of sole facing outwards, and cast-on edge of Sole forming toe end. Join back seam of Boot and Leg, leaving top straight edge open. Join inner seams of Boot together. Fill Boot and Leg firmly and close opening. Position to lower body sides and stitch in place. **Shoe laces** - Using C6, make a 30 cm long twisted cord (see below). Thread shoe-lace through Boot and tie in a bow. With right sides together, join inside leg seams of Trousers, reversing seam on cuffs. Join crotch seam. Thread elastic through waist. Fold Trouser cuffs up and place Trousers and Coat on Humpty Dumpty. Using stranded cotton, embroider Humpty Dumpty eyes, nose and mouth, as pictured, using straight stitch and stem stitch. If desired, you can use white paint to paint the dot in centre of eyes. Using red pencil, colour in cheeks. **Hat** - Bring cast-on and cast-off edges of Brim together and join. Bring cast-on and cast-off edges of side pieces together and join. Bring inner edge of Brim to one long edge of side piece together and join. Join inner Top part edges together. Join outer Top part edge to side piece edge. Decorate Hat with band and embroider the initials H.D. to band.

TO MAKE A TWISTED CORD

Method requires two people. Take as many strands of yarn as required, approximately three times the length required for the finished cord. Knot each end and slip a pencil between strands. Each person holds yarn just below pencil with one hand and twists pencil clockwise with other hand, keeping yarn taut. When yarn begins to kink, catch centre over door-knob or back of chair. Bring pencils together for one person to hold, while other grasps centre of yarn, sliding hand down and releasing at short intervals, letting yarn twist. Knot ends to prevent unravelling.

Knitting Stitch embroidery

Interest can be added to garments with Knitting Stitch embroidery- this is very easy to do, especially if you do the embroidery before you sew up the garment. Knitting stitch is worked over each knitted stitch with a contrasting colour. It is necessary to use yarn of the same thickness as the knitted garment. Be careful not to pull the stitch too tightly and it will cover the existing stitch completely. A completed stitch looks like a "V". Each square on the graph represents one stitch. It is a good idea, before beginning, to colour in the graph in the colours to be used.

Begin at lower edge of graph, on the right-hand side.

Using a tapestry or knitters needle, bring the needle from the back through the centre of the stitch below the one to be covered.

* Take needle from right to left under both strands of stitch above the one to be covered.

Bring needle back to the start of the stitch, take needle behind 2 strands in row below and across into the centre of next stitch. You have worked one knitting stitch.

Repeat following graph for required number of stitches. To finish, bring needle back to the start of the stitch and through to the back of the work.

To begin the second row - Bring needle from back to centre of stitch below the one to be covered. Working from left to right pick up both strands of stitch in row above the one to be covered.

Take needle back to beginning of stitch, pick up 2 strands which brings the needle across into centre of next stitch. When working stitch above one worked in the previous row your needle will come up in the centre of this worked stitch. Repeat this, following graph for number of stitches to be worked.

FRENCH KNOTS

Bring the thread out at the required position, hold the thread down with the left thumb and encircle the thread twice with the needle (A). Still holding the thread firmly, twist the needle back to the starting point and insert it close to where the thread first emerged. Pull thread through to the back and secure for a single French Knot, or pass on to the position of the next stitch (B).

Mary had a Little Lamb

Mary had a little lamb,
Its fleece was white as snow;
And everywhere that Mary went
The lamb was sure to go.

It followed her to school one day,
Which was against the rule;
It made the children laugh and play,
To see a lamb at school.

LAZY DAISY STITCH

Work in the same way as Chain Stitch (A), but fasten each loop at the foot with a small stitch (B). This stitch may be worked singly or in groups to form flower petals.

BACK-STITCH SEAM

This is the method most commonly used for joining knitted garments. Hold the pieces together with right sides inside. The seam should be sewn one full stitch in from the end of each row so that all seams will be even. One stitch should be worked over every row. Darn in all ends of yarn **after** sewing seams.

SLIP-STITCH

This is the method used for turning up hems or stitching double neckbands in place. Work 1 stitch into each cast-on or cast-off stitch to be sure that the work will be elastic. Always be sure that the stitches follow up evenly and do not form a crooked line.

CHAIN STITCH

Bring the thread out at the top of the line and hold it down with left thumb. Insert the needle where it last emerged and bring the point out a short distance away. Pull the thread through, keeping the working thread under the needle point.

STRAIGHT STITCH

Work straight stitches closely together across the shape. Care must be taken to keep a good edge. Take care not to pull the stitches too tightly, to prevent puckering.

STEM STITCH

Work from left to right making small regular stitches. The thread should be kept to the right of the needle, which means it will always emerge from the left of your previous stitch.

PICTURE KNITTING USING THE WINDING YARN METHOD

This is a simple method of knitting in motifs. It must not be interchanged with Far Isle. When changing colours in the middle of a row, twist the colour to be used (on wrong side) underneath and to the right of the colour just used. As you begin each colour, give a gentle tug to even up loose stitches.

It is necessary to use a separate quantity of yarn for each section of colour. To minimise tangles, wind small amounts of yarn on to Susan Bates Yarn Bobs. Unwind only enough yarn to knit required stitches, keeping bob close to work.

You may find it helpful to colour in each section of your graph before beginning.
