How to check your tension

Before you knit these designs check your tension carefully. Take a pair of No. 10 needles, cast on 14 stitches and work in stocking stitch—1 row knit; 1 row purl—for 18 rows. Cast off; press lightly on wrong side. The tension should be 14 stitches and 18 rows to two square inches and the knitted square should measure 2 inches each way. If the square is bigger your work is too loose; try a size finer needle. If it is smaller your work is too tight; try a size coarser needle. If you knit to the correct tension in stocking stitch, you will **knit naturally** to the correct tension for any stitch in this booklet. If you alter the needles to obtain the **correct** tension in stocking stitch, corresponding alterations must be made to the **needles throughout**.

Washing instructions, see page 12.

Patons 101 Courtelle - washing by hand or machine

You can wash Patons 101 Courtelle by hand or machine (wool or delicate fibres cycle) with perfect satisfaction. Wash frequently to avoid over-soiling. Temperature 40°C or 104°F, comfortably hot to hand. Use washing agents in accordance with makers' instructions—fully dissolved. Rinse thoroughly - at least twice - adding a softener to the final rinse for perfect results. Remove excess moisture by squeezing or rolling in towel or spin-drying. Shape out and dry flat. Pressing should be unnecessary but if desirable use cool iron lightly on wrong side only when completely dry.
