THREE IMPORTANT POINTS

- 1** Be certain to buy sufficient of the correct WENDY PETER PAN to complete the garment. You will then avoid any difficulty in obtaining an exact match.
- 2** The instructions for all PETER PAN designs are written, checked and re-checked by a highly qualified staff. Please follow them exactly and the success of your garment is assured.
- 3** *The key to successful crochet is correct tension.* The instructions for all garments are based on pre-determined tension. Before attempting to follow any instructions in this leaflet, make quite sure that *you can achieve the stipulated tension.*

The hook has been selected to give the required tension, but some workers may experience difficulty in obtaining *the correct number of stitches to the inch.* If you find that you obtain more stitches to the inch with the recommended hook, then use a larger size. If, however, you obtain less stitches to the inch with the recommended hook, then use a finer size.

Whatever size of hook you choose, *make certain that you obtain the tension stated for this garment.*

SPECIAL NOTE ON COURTELLE TENSION

When working in Courtelle it is most important to crochet a tension square. Using one size smaller crochet hook, No. 10 in place of No. 9. If correct tension is not achieved, adjust your crochet hook as in paragraph 3 of Important Points.

THE TENSION FOR THIS GARMENT IS: 1 pattern to 1 inch using No. 9 crochet hook, No. 10 Courtelle.

PRESSING

It is **important** to follow these instructions when making up the garment.

PETER PAN COURTELLE ONLY

Work over the right side of each piece of the garment with a cool iron. Taking a small area at a time stretch your crochet lengthways and sideways (pull hard) let it relax, then pat over with the iron, using no pressure. This evens out the crochet and sets it.

PETER PAN BRI-NYLON

With wrong side of work facing, pin out all pieces to measurements given. Using a warm iron and dry cloth press carefully.

MAKING UP

Armhole Edges

With right side of work facing, using No. 9 crochet hook, No. 10 Courtelle, rejoin yarn to side edge of underarm and work as follows:—

* 2 d.c., 2 ch., 1 d.c. into first of these 2 ch., rept. from * to end.

Join side seams by top sewing. Work 1 row d.c. round Back opening, working 3 loops evenly spaced for buttonholes. Sew on buttons to correspond with loops. Press seams and edgings lightly.

A FINAL WORD

You have taken a lot of care in working this Peter Pan Design. Your garment deserves equal care when washing. By following these instructions, you will find that the life, shape and softness of your garment will be preserved.

- (1) **NEVER USE HOT WATER.**
- (2) **Washing.** Place your garment in a well-dissolved solution of Soap Flakes and WARM WATER. Work the garment gently with the hands for approximately two minutes. **NEVER RUB** the garment and do NOT leave it to soak.
- (3) **Rinsing. EVERY TRACE OF SOAP MUST BE REMOVED.** Rinse in three changes of clean warm water, squeezing gently but **NEVER** wring the garment.
- (4) **Removing Water.** Place the garment between dry towels and squeeze without twisting.
- (5) **Drying.** Immediately spread the garment out to its original shape and size and **DRY FLAT** on a clean towel, **SLOWLY**, and in a warm place. **NEVER** hang up your garment to dry.

WASHING

SO EASY TO WASH AND CARE FOR

Treat your own crochet garments in Courtelle just as you would bought ones. That is, **WASH** by hand, as soon as they get slightly dirty. Use soapless detergent or soap flakes or powder dissolved in water comfortably hot to the hand. **RINSE** thoroughly. Squeeze lightly or roll in towel. Do not put through wringer. **DRY** flat.

Do not press with a damp cloth, instead, work over the right side of each garment piece with a **COOL** iron (set at Rayon temperature). Taking a small area at a time, stretch your work lengthways and sideways (pull hard), let it relax, then pat over it with the iron, using no pressure. This evens out the crochet and sets it.
