TENSION

It is important to check your tension before commencing the garment.

21 sts. and 28 rows to 10 cm. (4 ins.) over main patt. on 4½ mm. Needles.

If there are too many stitches to 10 cm., then

your tension is tight and you will need to change your needle to a larger size. If there are too few stitches to 10 cm., then your tension is loose and you will need to change your needle to a smaller size.
