**Boy or
girl ?**

Both these designs have a pretty eyelet yoke embroidered in pink for the girl or blue for the boy. The same design is continued on the hem of the dress and at the bottom of the trouser legs.

TABLE OF PHILDAR QUALITIES

Listed below are all the qualities of yarn currently produced by PHILDAR. The knitting pins quoted for each quality are given as averages for guidance only, and individual patterns for each quality may quote alternative sized needles to complement appropriately the needs of the patterns. Whilst it is possible to use alternative Phildar qualities to those quoted in our patterns, care should be taken to achieve the correct tension as required in the respective pattern. It is IMPORTANT to note that changing the quality of yarn used may affect the aspect, size and style of the garment, **and that ALTERNATIVE qualities may require DIFFERENT quantities of yarn.**

WE RECOMMEND always that you seek the advice of your Phildar retailer when choosing yarn.

SWISS EMBROIDERY

A way to replace Fair Isle. A quick and simple method to apply motifs on a finished garment. The shape embroidered just looks like a Fair Isle pattern and is also worked row by row and stitch by stitch following a chart.

With a bodkin and yarn of same thickness as the one used for the garment, we work on a stocking stitch base.

Begin at the top right of motif. 1st row:- Bring up bodkin to right side of work through stitch below 1st stitch to be worked ** Insert bodkin at right of stitch just above. Bring it up again on the left of this stitch.

Insert needle in stitch below ie. where it first emerged. Bring up needle in next stitch to the left.
** Repeat from ** to ** as many times as required.

2nd row:- After last stitch bring up needle through stitch below (ie. not through left stitch).

Turn work. Work from right to left as follows: Insert needle at bottom right of stitch below and bring it up again at left of same stitch. Insert needle through stitch above ie. where it emerged to begin this 2nd row.

After last stitch of 2nd row, bring up needle through stitch above and turn work. Continue repeating 1st and 2nd rows.

To work on a vertical line, begin at top of motif. Make 1 stitch and bring up needle for next stitch through stitch below. Repeat to bottom of motif.

MASTER THE ART OF STITCH BY STITCH

You will find that many of our patterns have neckbands, front bands and sometimes sleeves which are sewn on stitch by stitch in back stitch. This method, once it has been mastered, gives a very professional finish and is easier than picking up the stitches.

Before you attempt to work stitch by stitch on a garment, we suggest that you practise a small sample using your tension square to represent the garment and working the rib as follows:- Cast on 12sts in main yarn and work in K1, P1. rib for 6 rows, knit 1 row. Break yarn, leaving enough to work the stitch by stitch in back stitch.

Next row: Using an oddment of a different colour yarn, purl to end. Knit 1 row, purl 1 row, break yarn and remove the knitting needle. (Diagram 1).

Place the rib, right side up, onto the right side of the garment, stretch the rib to fit, then pin in place through the 3 rows of st.st. Make sure that the knit row (in your main yarn) is overlapping onto the garment. (Diagram 2).

Now thread a bodkin with the length of main yarn which you left at the end of your rib. You are now going to sew through the knit row of your main yarn. Take the needle to the underside of the work and come up through the centre of the 2nd stitch, go down through the centre of the first stitch and up through the centre of the 3rd stitch, back down through the 2nd stitch and up through the 4th stitch, back down through the 3rd stitch. Continue in back stitch until all the stitches are sewn into place, taking care not to pull the yarn too tightly. Look at Diagram 3 and make sure that your work looks the same, with each stitch caught down on both sides of its loop, fasten off.

The spare yarn (3 rows of stocking stitch) must now be unravelled, leaving you with your rib neatly attached to your garment.

You will see in the pattern Make Up instructions, that you are told to unpick the spare yarn as you sew the stitches into place. You may prefer this method, but for your first attempt we recommend that you follow the instructions on this page.
