CASTING ON

SIMPLE CAST ON

Make slip knot, place on needle in right hand, with thread from ball wind clockwise round thumb, insert needle into front loop thus made, let loop drop off thumb and pull thread tight with left hand. Repeat as many times as necessary to obtain number of stitches required.

HOW TO FOLLOW STITCH DIAGRAMS/CHARTS

Border Stitch. This stitch is worked each end of a pattern row. It is not repeated within the pattern. Other symbols are explained with individual patterns.

GENERALLY

Read the chart from right to left for the RS, left to right for the WS (unless otherwise indicated).

To follow a stitch diagram begin with the row and stitch indicated for your size (this can vary from size to size), work to the end of the pattern repeat as shown and repeat these stitches until all stitches have been worked. NB – not always a complete pattern.

If you have a staggered pattern (ie a pattern repeat alternating – not in a straight line) start at the same stitch and follow the chart until the new pattern block begins, then repeat the pattern as required. Normally this is emphasised by a heavy line.

Where increasing or decreasing occurs within a pattern block discretion must be used to ensure continuity of pattern.

MASTER THE ART OF STITCH BY STITCH

You will find that many of our patterns have neckbands, front bands and sometimes sleeves which are sewn on stitch by stitch in back stitch. This method, once it has been mastered, gives a very professional finish and is easier than picking up the stitches.

Before you attempt to work stitch by stitch on a garment, we suggest that you practise a small sample using your tension square to represent the garment and working the rib as follows:- Cast on 12sts in main yarn and work in K1, P1. rib for 6 rows, knit 1 row. Break yarn, leaving enough to work the stitch by stitch in back stitch.

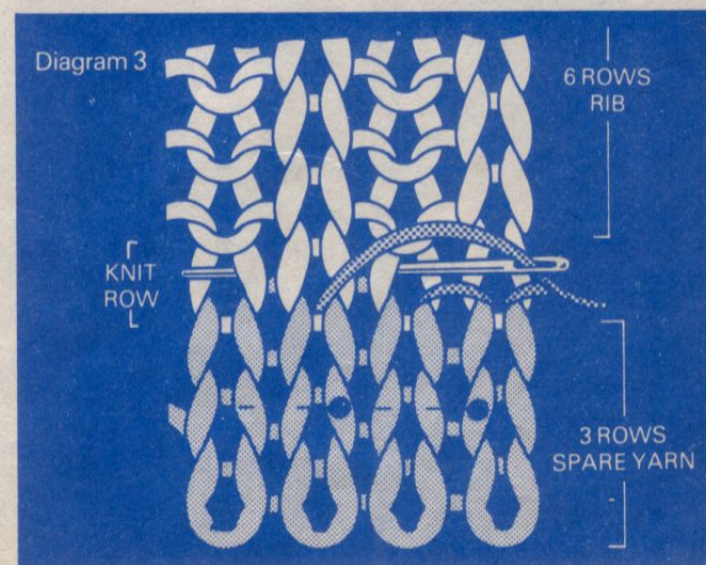

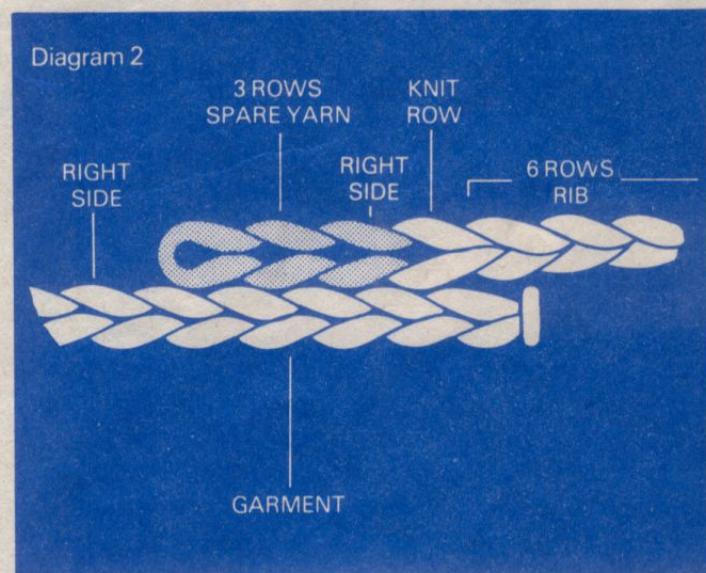

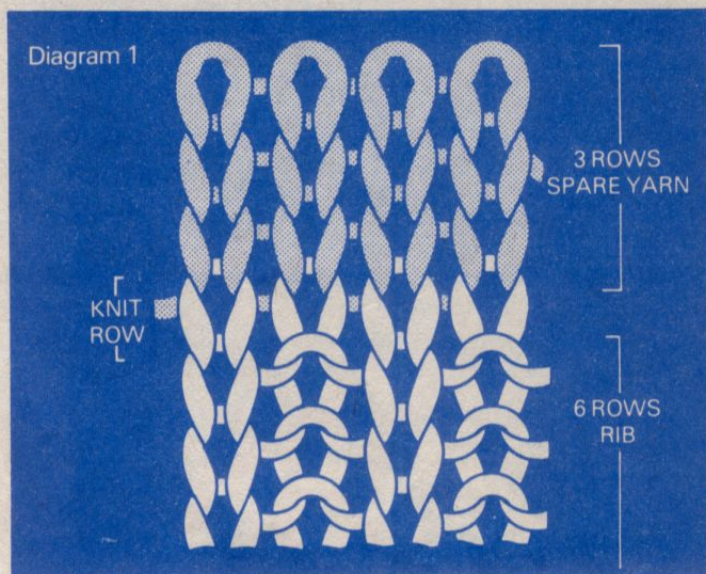

Next row: Using an oddment of a different colour yarn, purl to end. Knit 1 row, purl 1 row, break yarn and remove the knitting needle. (Diagram 1).

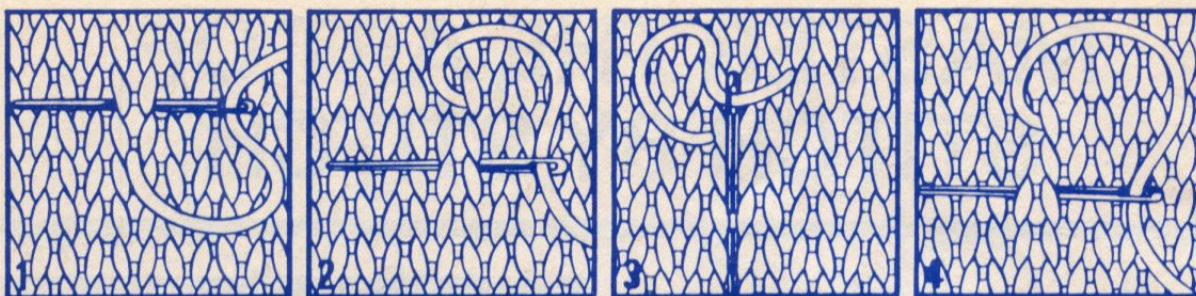

Place the rib, right side up, onto the right side of the garment, stretch the rib to fit, then pin in place through the 3 rows of st.st. Make sure that the knit row (in your main yarn) is overlapping onto the garment. (Diagram 2).

Now thread a bodkin with the length of main yarn which you left at the end of your rib. You are now going to sew through the knit row of your main yarn. Take the needle to the underside of the work and come up through the centre of the 2nd stitch, go down through the centre of the first stitch and up through the centre of the 3rd stitch, back down through the 2nd stitch and up through the 4th stitch, back down through the 3rd stitch. Continue in back stitch until all the stitches are sewn into place, taking care not to pull the yarn too tightly. Look at Diagram 3 and make sure that your work looks the same, with each stitch caught down on both sides of its loop, fasten off.

The spare yarn (3 rows of stocking stitch) must now be unravelled, leaving you with your rib neatly attached to your garment.

You will see in the pattern Make Up instructions, that you are told to unpick the spare yarn as you sew the stitches into place. You may prefer this method, but for your first attempt we recommend that you follow the instructions on this page.

SWISS EMBROIDERY

This stitch is worked from right to left.

Fig 1 Bring needle up at base of stitch to be worked, insert needle from right to left through stitch of next row above stitch.

Fig 2 Insert needle into base of first stitch and bring needle up in base of next stitch to the left. Rep Figs 1 and 2 to end of row.

Figs 3 and 4 Bring needle up in base of stitch below last row. Turn work and complete next row in the same way.
