SWISS EMBROIDERY

A way to replace Fair Isle. A quick and simple method to apply motifs on a finished garment. The shape embroidered just looks like a Fair Isle pattern and is also worked row by row and stitch by stitch following a chart.

With a bodkin and yarn of same thickness as the one used for the garment, we work on a stocking stitch base.

Begin at the top right of motif. 1st row:- Bring up bodkin to right side of work through stitch below 1st stitch to be worked ** Insert bodkin at right of stitch just above. Bring it up again on the left of this stitch.

Insert needle in stitch below ie. where it first emerged. Bring up needle in next stitch to the left. ** Repeat from ** to ** as many times as required.

2nd row:- After last stitch bring up needle through stitch below (ie. not through left stitch).

Turn work. Work from right to left as follows: Insert needle at bottom right of stitch below and bring it up again at left of same stitch. Insert needle through stitch above ie. where it emerged to begin this 2nd row.

After last stitch of 2nd row, bring up needle through stitch above and turn work. Continue repeating 1st and 2nd rows.

To work on a vertical line, begin at top of motif. Make 1 stitch and bring up needle for next stitch through stitch below. Repeat to bottom of motif.
