ONE DAY IN RED,

Today, the colour is red. Red for everyone, girls and boys because they can both look good in all these styles, except the little skirts, of course. The idea is a pair of dungarees with a jumper made specially to go with them. And to make it all the more fun we've added embroidery and braid along the sleeves, on the legs and even around the neck. Another thing these styles have in common: they're all very easy to make.

Gauge or tension

Before beg. work, k. a sample 10 × 10 cm (4" × 4") square and compare it to the gauge/tension given at the beg. of each pattern. If your sample is smaller than ours, then you are knitting tightly and should use larger needles than indicated. If your sample is larger than ours, then your knitting is loose and you should change to smaller needles.

Symbols used

Each side is marked by a distinctive symbol (▲, ●, ■, ★). If you decide to knit the size shown as ●, only follow the instructions accompanied by a ●. If no symbol is shown, the instructions apply to all sizes.
