Skill Levels

The star (★) or stars (★★ or ★★★) after each pattern number help you choose the pattern suited to your ability.

★ **Beginner:** Basic stitches and finishing methods, simple shaping, how to change colors and introduction to embellishment.

★★ **Intermediate:** More pattern stitches or embellishment, working with additional color changes and shaping techniques.

★★★ **Advanced:** Intricate patterns, involved construction methods and higher level of concentration.

P The letter P after any star grouping suggests that an additional degree of patience is required.

Helpful Hints

Joining Yarn

Always join yarn at the end of a row. Crochet up to, but not including, the last step of the stitch; two loops will remain on the hook (a). With new yarn, complete the stitch by drawing a loop of new yarn through the two loops on the hook (b). To change colors, use the next color for step b.

Securing Yarn End

To secure the yarn end, cut the yarn 6 inches (15 cm) beyond the last stitch (a). Draw yarn end through the loop (b) and pull up tight (c). Finish yarn ends by weaving them into the stitches.

Finishing Yarn Ends

After project is completed, weave all yarn ends into a seam (if there is one). Using a large blunt-tipped needle and avoiding open or lacy areas, weave the yarn into the wrong side of the work for about 1 1/2 inches (4 cm). Slightly stretch the area where the weaving was done. Weave the yarn end 1/2 inch (2 cm) back on itself. Trim end close to work. For two yarn ends close together, weave in opposite directions. Make sure ends do not show on the right side of the project.

HOW TO CHANGE COLOR: In sc: Work to one st before required color change, draw up a lp in next st; drop color in use; with next color to be used yo and through 2 lps on hook — **sc-color change** made.

In dc: Work to one st before required color change, yo and draw up a lp in next st; yo and through 2 lps, drop color in use; with next color to be used yo and through 2 lps on hook — **dc-color change** made.

Whipstitched Seam (Also known as Overcast Seam)

The whipstitch seam produces a flat seam which is inconspicuous from the right side. It is used primarily to assemble motifs. To form a whipstitched seam, place sections **wrong sides together**. Using a large, blunt-tipped needle, make a few whipstitches in place. Then, whipstitch along the edge of the crocheted sections, catching the two **back loop** edges of the stitches. Stretch seam slightly every 4 inches (10 cm) to incorporate elasticity. End with a few whipstitches.

Helpful Hints

Joining Yarn

Always join yarn at the beginning of a row. Tie the new yarn to the old one using an overhand knot. Tighten the knot and move it up close to the work.

Finishing Yarn Ends

After the project is completed, weave all yarn ends into a seam (if there is one). Using a large, blunt-tipped needle and avoiding open or lacy areas, weave the yarn into the wrong side of the work for about 1½ inches (4 cm). Slightly stretch the area where the weaving was done. Weave the yarn end ¼ inch (2 cm) back on itself. Trim end close to work. For two yarns close together, weave in opposite directions. Make sure ends do not show on right side of the project.

Picking Up Stitches

Stitches are most frequently picked up around the neck or armholes so that a narrow band of ribbing may be added. To pick up stitches, hold the work with the right side toward you. Insert the needle in the first stitch, bring yarn around needle and draw loop through as if to knit making a stitch on first needle. Repeat along edge as shown until required number of stitches have been picked up within the space directed.

Backstitch Seam

To make a backstitched seam, place two sections right sides together. Pin perpendicular to the edges. Using a 20 inch (51 cm) length of matching yarn and a large, blunt-pointed needle, attach the yarn to the project with a few whipstitches (do not use knots). Working through both thicknesses, bring the needle and yarn out on the seam line, one-half to one inch from the edge. Take a stitch back about ¼ inch (.31mm). Bring the needle ¼ inch (.63 mm) forward. To continue, keep putting the needle in at the end of the last stitch and bring it out one stitch ahead. Work in a straight line. After each stitch, stretch the seam. End with a few whip stitches.
