PRAM SET FOR BOY OR GIRL

(Ages Birth/3 months and 3/6 months)

To obtain a perfect reproduction of the garments illustrated on the front cover of this leaflet you **MUST** read and follow the instructions laid down in the paragraphs numbered 1 and 2. These instructions are the work of an expert knitter and if followed carefully satisfactory results cannot fail to be achieved.

No. 1

TENSION

This paragraph is most important — read it carefully before commencing your garments.

You have obtained the correct SIRDAR WOOL, you have obtained the correct Needles, but **TO OBTAIN THE CORRECT MEASUREMENTS** it is essential that you work to the tension stated. The one-inch rule at the side of this page indicates the number of stitches to the inch and is for your guidance. **PLEASE USE IT.**

We suggest you work a small sample in this stitch before commencing the garments, then place the one-inch rule across it and see if your tension corresponds.

If you are unable to obtain the correct tension, proceed as follows :—

If you have less stitches than the number stated use a finer needle.

If you have more stitches than the number stated use a coarser needle.

The tension for these garments is 8 sts. to one inch.
