MAKING UP TIPS

Joining Single Rib

When joining two ribbed sections, it is easier if the edge stitch on each piece is a knit stitch, so that you can take half a stitch from each side enabling a knit stitch to be formed when the two pieces are drawn together.

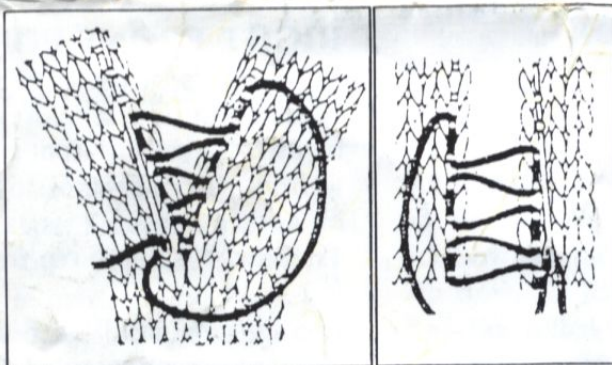

Mattress Stitch - Invisible Seaming

This method gives the neatest finish to a garment. Mattress stitch can be worked either one stitch in or half a stitch in from the edge.

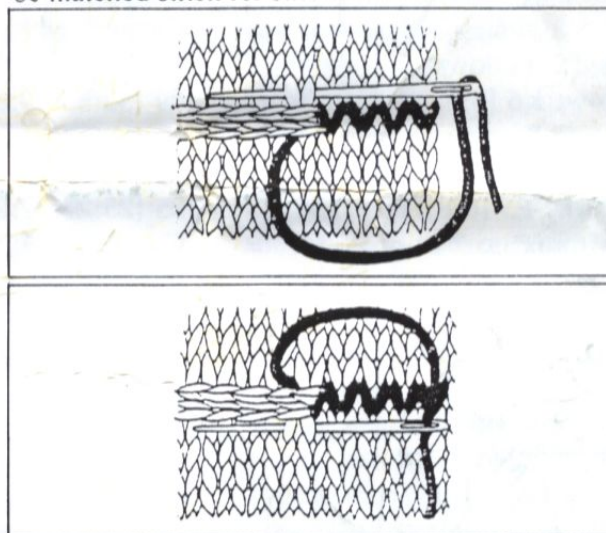

Where the knit side of the work is the right side, work under two rows at a time.

Where the purl side of the work is the right side, work under one row at a time.

Joining Two Cast Off Edges

When using mattress stitch two cast off edges can be matched stitch for stitch.
