Tension

7 sts and 9 rows= 1 inch square measured over st st on size 10 needles.

15 sts and 19 rows= 2 inches square measured over st st on size 11 needles.

It is essential to obtain the correct tension in the yarn used and a small test piece should be worked. If there are too many stitches to the inch use a thicker needle, if too few use a finer one.

Note

Figures in round brackets refer to the larger sizes. Figures or instructions in square brackets, [—], should be repeated as stated after the brackets.
