Knitting needles required - 3.25mm (UK10).

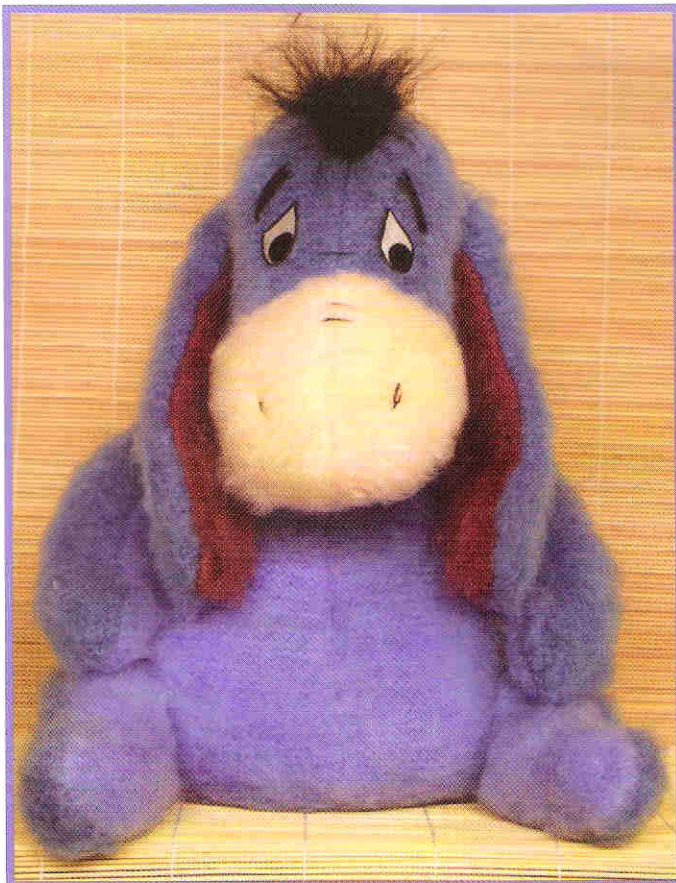

Tension/Gauge - On 3.25 mm (UK 10) ndls 25st x 49 rows = 10cm (4") square over g-st. For best results check your tension carefully. If you have more than 25sts to 10cm (4") your tension is too tight and you should change to a bigger needle. If you have less than 25sts your tension is too loose and you should change to a smaller needle.

EEYORE Worked in g-st on 3.25mm (UK10) ndls. Join all seams using a firm back st. To check the shape of your knitted piece please refer to the pattern pieces included for your convenience.

To create the unique fur effect each piece has to be brushed with a teazle brush before being stitched together. Where there are 2 pieces the same, one should be brushed on one side and the other pattern piece to be brushed on the opposite side creating a matching pair. Please use a gentle action when using the brush to avoid damaging your work.

NOTE

When working decs, work 1st in from edge

36. Measure approx 18cm down the centre back from the end of the mane. Over sew tail in place.
